The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Reform Flour Mills (P) Ltd., and their workman Shri Ajit Kumar Ghosh, to this Tribunal under its order No. 8639 I.R., dated 8th November 1969, for adjudication of the matter under section 10 of Industrial Disputes Act, on the following issue:

Issue

Quantum of bonus payable to Shri Ajit Kumar Ghosh for the year 1967.

I received this reference on 18th November 1969.

Usual notices were served upon the parties and pursuant to such notices both the parties entered appearance and filed their respective written statements. The workman concerned filed its written statements on 23rd December 1969 and after taking several extensions of time to file written statement, the management filed its written statement on 25th February 1970. Documents were filed and I took up hearing of the reference on 30th April 1970 and hearing lasted for 2 days and it was concluded on 2nd May 1970.

This is a very short case and the case of the workman concerned is that he was a Stenographer under the management. On 13th September 1967 he resigned and since his resignation he did not attend his office and on 1st October 1967 his resignation was accepted. In 1968, for the year 1967, the management declared 12½ per cent bonus and thereafter on 3rd September 1968 the workman concerned approached the management and requested the opposite party to settle up his bonus for the year 1967. He was offered only 4 per cent. bonus instead of 12½ per cent. bonus. From that position the contretemps between management and the employee started. The latter claimed that as 12½ per cent. bonus was declared, he is legitimately entitled to it and the management resisted it on the ground that there was no allocable surplus.

The contention of the management is two fold -- firstly, it resists the claim of the workman concerned on the ground that the reference itself is not maintainable and secondly, it takes its stand on merits. On the first point its contention is that it is an individual dispute and as such this dispute cannot come within the ambit of Industrial Disputes Act and on the second point its contention is that 12½ per cent. bonus was declared on the basis of the agreement entered into by and between the employees and the management on 7th June 1968 and as Shri Ajit Ghosh, workman concerned, was not a party to such agreement, he cannot claim the benefit thereunder. It is argued that there was no allocable surplus as such for the relevant year that is to say for 1967 and so why 4 per cent. bonus (minimum) was payable to Shri Ajit Ghosh.

Shri Ajit Ghosh, P.W. 1, himself deposed. He said in cross-examination that he did not make any enquiry whether the Company made any profits or not. He claimed 12½ per cent. bonus because others got it for that particular year. He conceded that he did not refer the matter to the Union although there was a union. On behalf of the management Shri Pabitra Roy, O.P.W. 1, deposed. He said amongst other things that there was no available surplus for payment of bonus for the year 1967.

I first of all want to take up the preliminary objection as agitated by Mr. Satish Sen on behalf of the management. Mr. Sen argued that in such a case an individual cannot ask for a reference and for that he referred to me section 21 of the Payment of Bonus Act. His argument is that section 21 provides for recovery of bonus due from an employer under settlement or under an agreement and in the instant case bonus was declared under an agreement to which Shri Ajit Kr. Ghosh wants to participate at the rate claimed by him. He should have made an application to the appropriate government for the recovery of the money due to him and it is not the proper forum to agitate such a question. Mr. S. Sen also refers to section 22 of the Payment of Bonus Act which starts with the following words :—

"Where any dispute arises between the employer and his employees with respect to the bonus payable under this Act or with respect to the application under this Act.................." and by that he contends that the word "employees" under section 22 as against "employee" under section 21 makes all the difference. Mr. S. Sen contends that section 22 envisages a case where there is a collective bargaining and when the employees enmasse claim for bonus then only a dispute arises under section 22, but section 21 deals with individual dispute on payment of bonus under an agreement. I cannot reconcile myself with the said argument of Mr. Sen. Firstly, Shri Ajit Ghosh does not claim for the bonus under a settlement or under an agreement as such. Mr. Sen himself has argued that he was not a party to the agreement which has been made an Ext. A in this case. Therefore, in this case section 21 of Payment of Bonus Act does not apply ; if Mr. Sen's argument was correct that whenever there is more than one employee section 22 would come into operation, it will give rise to an anomaly. In this reference if there were two employees, then the section would have been attracted if the argument of Mr. Sen is to be accepted. The Tribunal cannot import any new meaning to a section which is not there and plain reading of the section 22 and the reasonable and workable interpretation of section 22, to my mind, draws within its ambit an individual employee as well. The word "employees" include a single employee as well ; otherwise the result would have been incongruous.

In the premises, I hold that one particular person could have raised a dispute under Payment of Bonus Act. Mr. Sen further argued that regarding the case of an individual dispute, only section 2A of Industrial Disputes Act is the only section and that the section 2A refers to dismissal, retrenchment or termination of service of the workmen. To my mind, in this case, section 2A has got nothing to do. The reference has been made under section 10 of Industrial Disputes Act read with section 22 of Payment of Bonus Act. Therefore, provisions of Payment of Bonus Act will apply in this case and only by legal fiction it is contemplated in section 22 of Payment of Bonus Act itself that such a dispute under Payment of Bonus Act will be deemed to be an industrial dispute within the meaning of Industrial Disputes Act, 1947. In the Payment of Bonus Act itself, there is no specific bar that an individual cannot raise any dispute regarding the payment of bonus. So, in my opinion, the preliminary objection as raised by Mr. Sen, has no force.

Apropos of the merits, Mr. Sen argued that as there was no allocable surplus, Shri Ajit Kr. Ghosh was entitled only to 4 per cent. bonus and he cannot claim to participate to the bonus at the rate agreed upon by and between the management and its employees, when he ceased to be an employee. For this it is necessary to refer to the agreement itself (Ext. A). The agreement followed a charter of demands, which was made long before Shri Ajit Ghosh resigned. The said charter of demands included bonus payable in 1968. Payable in 1968 means bonus for the year 1967 payable in 1968. Clause L of the agreement is the relevant clause which deals with the payment of bonus.

The said clause runs like this— It is agreed that in full and final settlement of all claims of bonus of all types and in lieu of bonus under the Payment of Bonus Act, payable during 1968 and 1969, the employees will be paid 12½ per cent. of their earnings from salaries in the respective accounting year. This settlement will be within the meaning of section 32(vii)(b) of Payment of Bonus Act". Another clause (Q) is also relevant for this purpose. It runs as follows:—

"It is agreed that this settlement is in respect of only the head office of the abovenamed Companies and their existing employees (underlined by me) covering.....................as mentioned in the title covering head of this settlement.

Mr. M. P. Sen on behalf of the employee argued "existing employees" means the employees who were there at the relevant year that is to say during the year 1967. I am not inclined to accept his contention. The word 'existing' means to continue to be ; therefore the agreement purports to cover only those who continue to be employees. But then can there be any discrimination of payment of bonus between one employee to another by such an agreement because one is not a member of the Union, because one has not come through Union, because one has left service before the agreement was entered into, and so be deprived of his dues. The legislature is always inclined to bestow upon all men same treatment in every field of life unless on some valid necessity some discrimination has to be made. Our Constitution envisages that there should not be any discrimination between one and the other in the same field. Section 8 of the Payment of Bonus Act says that every employee shall be entitled to be paid by his employer bonus for the accounting year in accordance with provisions of Bonus Act, provided he has worked in the establishment for not less than 30 working days. In the Act itself no provision has been made for such a case where after resignation of some employees (as it is here) Union has come into a settlement with the management for having a bonus higher than it was due to them as in this case 12½ per cent. instead of 4 per cent. Social justice demands that such distinction should not be made and industrial tribunals are expected to rationalise the law according to principles of social justice unless there is a specific bar in the law itself.

The coverage clause (Q) of the agreement cannot clinch the issue for this reason—the agreement purports to settle many disputes, e g., Saturday working, tiffin allowance, dismissal of the employees, transfer, service rules, etc. Therefore, it has got to say who are the employees to be governed by such an agreement in an omnibus manner. Every agreement has got to be given a reasonable meaning. So far bonus is concerned every employee must participate equally in the bonus declared and there cannot be any difference of rates between one employee and the other, otherwise the situation would be anomalous. Some persons who are not members of the Union might have left service before bonus is declared or some employees although members of the Union left service before the bonus is agreed upon and in those cases can the Company say that there will be different rates of bonus ? After all by whatever mode it may be bonus was declared at a certain rate and every person whether he is a party to the agreement or not will participate in such declared bonus at the declared rate. Any interpretation contrary to that, in my opinion, is unacceptable. Mr. S. Sen on behalf of the management cited to me a judgment (National Carbon Co. V. Gan and others) reported in 1958 (II) LLJ. P-472 and he referred to me at page 479 of the said report. But there, the facts of the case are different from the present one under consideration. There it was contended on behalf of the employees that the Tribunal was wrong in not considering the quantum of bonus paid by other engineering concerns for the relevant year, but in the present case under consideration, particular quantum of bonus was declared by whatever mode it may be and the employee concerned is claiming bonus at that rate and as such the facts of the case are distinguishable from the judgment cited above.

In my view, subject to what has been stated before, the employee concerned is entitled to bonus at the rate of 12½ per cent for the reasons following :—

(1) It is admitted that he is eligible for bonus : only dispute is at what rate he will get the same, (2) Rate of declared bonus is 12½ per cent. : there is no other declared bonus, at least there is no evidence to that effect, as such the employee concerned is entitled to get bonus at the declared rate, (3) Moreover, as a measure of social justice too there should not be any distinction of rate for payment of bonus and if the matter is viewed generally by rationalising all points of view, I think both equitably and legally the workman concerned is entitled to 12½ per cent. bonus. The law does not prohibit specifically such a payment. If there is inconsistence between law and the rate of bonus I am going to award, the question of social justice could not come in and principles of law would have prevailed. In this case, as there is no contrary legislation to that effect, there is no bar for giving bonus to the employee concerned at the rate of 12½ per cent., which was arrived at by the Union and the management.

Under the circumstances, I think the employee concerned is entitled to bonus at the rate of 12½ per cent. Hence, I award that Shri Ajit Kumar Ghosh is entitled to 12½ per cent. bonus for that particular year. He will get the said bonus prorata for that year (1967) calculated upto the period he actually worked. Management will pay this amount within one month of the publication of the award in the official gazette.

This is my award.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Makhanka Oil Mill, 27 Lockgate Road, Calcutta-2 and their workmen represented by North Calcutta Oil Mill Guchcutta Mazdoor Union, 33 Manicktolla Main Road, Calcutta-54, to this Court by its order No. 3244-I.R./IR/15L-6/69, dated the 15th May 1969, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issues:—

Issues

1. Whether the dismissal of the following workmen is justified? What relief, if any, are they entitled to?

   (i) Shri Badri Narayan Singh, (ii) Shri Ramgarib Yadav, (iii) Shri Gogai Kurmi, (iv) Shri Baburam Ahir, (v) Shri Baburam Yadav, (vi) Shri Biswanath Yadav, (vii) Shri Sidhyeswar Sadhukhan, and (viii) Sm. Parul Bala Singh.

2. Whether the refusal of employment to the following workmen is justified? What relief, if any, are they entitled to?

   (i) Shri Mangru Gossain, (ii) Shri Bosowan Yadav, (iii) Shri Daroga Yadav, (iv) Shri Ramballi Yadav.

The case of the Union is that Shri Badri Narayan Singh and 7 other workmen as mentioned above have been wrongfully dismissed from service. Their further case is that Shri Mangru Gossain and 3 other workmen as mentioned above have been wrongfully refused employment and that as such they pray for reinstatement in service and recovery of backwages.

This case is not contested by the Company. It appears from the record that notices were served on both sides. 21st July 1969, was fixed for appearance by the parties and for filing statement by the Union. Since 21st July 1969, the Company was absent. As found from order No. 12, dated 10th April 1970, the case was fixed for hearing on 14th May 1970. On 10th April 1970, the Company was absent. On the previous several dates the Company was absent. In such circumstances the case has been heard ex parte.

On the side of the Union Sidyeswar Sadhukhan has been examined. From his evidence it is found that there was dispute between the Union and the Company regarding payment of overtime wages. Sidyeswar Sadhukhan in his evidence says that they formed a Union for recovery of overtime wages, that after forming the Union they put forward their claim for overtime wages, that as they put forward such a claim some of the workmen were retrenched, that the Union took up the cause of the said retrenched workmen with the Labour Commissioner, that when such a dispuate was pending the Company declared lock-out, that after declaration of lock-out by the Company the Union referred the matter to the Labour Commissioner, that there was a conciliation proceeding and the dispute regarding lock-out was settled and the terms of settlement was embodied in an agreement marked Ext. 1, that it was settled that all the workmen of the Company will join their work by 1st June 1968, that the workmen went to join their work but the Company did not allow them to join their work on that date, that the matter again was referred to the Labour Commissioner and the Labour Officer, Government of West Bengal, wrote to the Company asking it to allow the workmen to join their work, that inspite of it, the Company did not allow the workmen to join their work, that thereafter charge-sheets were issued to all the workmen of the Company, that the workmen submitted explanation to the charge-sheets, that an enquiry was held, that the workmen attended the enquiry, that they went to the enquiry with their witnesses, but the evidence of their witnesses was not taken, that there was no enquiry in respect of the workmen named Mangru, Bosowan, Daroga Yadav and Ramballi Yadav, that no charge-sheet was also issued to these 4 workmen, that letters of dismissal were also issued to these workmen. This witness on behalf of the workmen prays for recovery of wages with effect from 1st June 1968, and for reinstatement in service.

It is true that an enquiry against Shri Badrinarayan Singh and 7 other workmen as mentioned above was held. But it is in evidence that they went to the enquiry with their witnesses but the evidence of their witnesses was not taken in support of their case. Accordingly I find the enquiry as against those workmen has not been legal. So dismissal of the said 8 workmen has been illegal and is not justified.

From the evidence on record it is also found that there was no enquiry in respect of the workmen named Mangru Gossain and 3 others an mentioned above and no charge-sheet was also issued to them. In such circumstances it is found that refusal of employment to these 4 workmen has been illegal and is not justified.

Accordingly it is found that all the workmen mentioned above should be reinstated in service and they should also recover back wages with effect from 1st June 1968, as prayed for by the Union.

The Company is, therefore, directed to reinstate all the workmen mentioned in the order of reference in their service and to pay them their back wages with effect from 1st June 1968, within 30 days of the date of publication of this award is the "Calcutta Gazette".

This is my award.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Corrugating & Paper Processing Co. (P) Ltd., and their workman Shri Nemai Ch. Das, under section 10 of Industrial Disputes Act for adjudication of the matter on the following issue:

Issue

Whether the dismissal of Shri Nemai Chandra Das is justified? What relief, if any, is he entitled to?

I received this reference on 29th November 1969.

Pursuant to usual notices, both the workman concerned and the management entered appearance. Thereafter I fixed 20th January 1970, as the date for filing of the written statement by the workman and adjourned the matter till 18th February 1970. On 18th February 1970, none on behalf of the workman appeared. However, on 19th March 1970, an application was filed on behalf of the workman for time to file written statement and time was allowed till 8th April 1970. On 8th April 1970 too none appeared on behalf of the workman. I fixed the matter on 22nd April 1970 and again on 6th May 1970 but none appeared on any one of these days.

It appears to me that the dispute between the workman and the employer has ceased to exist; if it were otherwise, the workman concerned would be present and take steps in the proceedings. This continued absence of the workman concerned from 8th April 1970 and manifest lack of interest of the part of the parties lead me to presume that the lis between the management and the workman concerned as it was referred to me has either been squared up or adjusted and/or in any event it has ceased to exist.

Under the circumstances, I hereby pass a "no-dispute" award.

This is my award.

The industrial dispute between Messrs. Auto Distributors Ltd., and their employee Shri Shyam Bahadur Khare has been referred to this Tribunal for adjudication by order No. 7549-I.R./IR/10L-367/69, dated Calcutta, the 24th September 1969, of the Government of West Bengal, Labour Department, with the following issue:

Issue

"(1) Whether the termination of service of Shri Shyam Bahadur Khare is justified? To what relief, if any, is he entitled?".

The Company in its written statement raised the preliminary issue that the order of reference was bad in law inasmuch as the workman concerned did not make any grievance in writing or otherwise about the termination of his employment to the management and that the workmen did not at any time directly raise with the management any industrial dispute relating to the termination of his employment. This preliminary point was first taken up for hearing.

The case of the workman is that the workman being aggrieved by the letter of termination of his service prayed to the accountant of the Company for his re-instatement who gave the workman hope of re-instatement but ultimately that assurance did not materialise.

At the time of hearing both parties adduced evidence. Rajendra Kumar Jalan, Manager of Auto Distributors Ltd., deposed on oath that the workmen did not write to him questioning the termination of his service. He further deposed that neither the workmen wrote to the Company disputing the correctness of the termination of his service. The workman himself deposed that in his deposition he did not controvert the deposition of Rajendra Kumar Jalan to the effect that the workman did not raise any dispute over the termination of his service either with the Company or with the manager. The only thing the workman deposed is that he raised a dispute in writing with Mr. Damani regarding his dismissal. Mr. Damani was the accountant of the Company but the workmen did not file the copy of the letter to show that he raised any such dispute even with the accountant. Neither the workmen called for from the Company's original letter raising dispute over the termination of his service. In the circumstances, it must be held that there is no evidence to show that the workman concerned raised any dispute with the management of the Company over the termination of his service. This case is therefore, hit by the ruling reports in A.I.R. 1968 S. C. page 529 where their Lordships of the Supreme Court laid down that in order to constitute an industrial dispute the employee should raise the dispute with the employer. There was therefore no industrial dispute which the Government could refer to this Tribunal and as such this Tribunal has no jurisdiction to adjudicate over the dispute.

This is the award of the Tribunal.

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Issue

Whether the discharge of Shri Lakshman Ch. Jana is justified? What relief, if any, is he entitled to?

On receipt of this reference notices were issued to the parties. It appears from order No. 2, dated 20th January 1970 that the notice was served on the Company and the Company filed an authority in favour of Shri A. K. Sarkar, Advocate, to present the case. It appears from order No. 3, dated 30th January 1970, that the notice which was issued to the Union was also served, and 19th February 1970 was fixed for filing written statement. On 19th February 1970 the Union did not file written statement and as such 20th March 1970 was fixed for filing written statement. On 20th March 1970 the Presiding Officer of the Court was on leave and as such 13th April 1970 was fixed for order. It may be mentioned here that on 19th February 1970 and 20th March 1970 the Union was absent. On 13th April 1970 both the parties were absent and 27th April 1970 was fixed for orders. On 27th April 1970 both the parties were also absent and 8th May 1970 was fixed for orders. Today (8th May 1970) both the parties are found absent. In such circumstances I have reason to believe that the dispute between the parties has ceased to exist. Accordingly a 'No dispute' award is passed in this case.

This case disposed of accordingly.

Instructions regarding submission of applications

(3) Applications are to be made in the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply in any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own hand writing.

Those who intend to submit applications personally should do so between 10-30 a.m. and 3-15 p.m. on full working days and between 10-30 a.m. and 12-15 p.m. on Saturdays.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the School Final or equivalent certificate.

In the case of a female candidate whose age is not recorded in the School Final or equivalent certificate, any of the following evidences of the age is accepted by the Commission:

(1) A certificate from the Headmistress of the school, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a Gazetted Officer, who must have known the candidate and her family indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

(5) Candidates must enclose with their applications a fee of Rs. 5 (Rs. 1.25 for candidates belonging to Scheduled Castes or Scheduled Tribes) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal".

Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Orders, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal".

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

Except under certain special circumstances, fees paid with the applications are not refunded.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1969.

A candidate claiming such exemption must furnish besides evidence required under paragraph (1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he/she is not in a position to pay the prescribed fee.

For a Gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by the candidate will be refunded afterwards. For a non-Gazetted post such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Castes or Scheduled Tribes must furnish with his/her application a certificate in original from a Gazetted Officer or from a Member of Parliament or State Legislature belonging to the Scheduled Castes or Scheduled Tribes specifying the particular caste or tribe to which the candidate belongs.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service. Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not, however, be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

LABOUR DEPARTMENT

ORDERS

No. 4694-I.R./IR/11L-433/69.—10th June 1970.—Whereas under the Government of West Bengal, Labour Department, order No. 4829-I.R./IR/11L-433/69, dated 7th July 1969, the industrial dispute between Messrs. Indian Battery Mfg. Co. (P) Ltd., 1 Acharya Jagadish Bose Road, Calcutta-20 and their workman Shri Kshitish Chandra Sarkar, 86-A Tiljala Road, Calcutta-39, regarding the issue mentioned in the said order being a matter specified in the Third Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute,

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the Annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Indian Battery Mfg. Co. (P) Ltd., 1 Acharya Jagadish Bose Road, Calcutta-20, and their workman Shri Kshitish Chandra Sarkar, 86 Tiljala Road, Calcutta 39. (Case No. 253 of 1969.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Company: Shri Kiran Chandra Mitra, Advocate.

Present for the Workman: Shri Rupendra Nath Mitra, Advocate.

By the Government of West Bengal, Labour Department, order No. 4829-I.R./IR/11L-433/69, dated the 7th July 1969, this industrial dispute between Messrs. Indian Battery Mfg. Co. (P) Ltd. and their workman Shri Kshitish Chandra Sarkar was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Whether the termination of service of Shri Kshitish Chandra Sarkar is justified? What relief, if any, is he entitled to?

Notices were duly served on the parties, and they made appearance and filed their respective written statement. The workman filed documents with lists. On 16th February 1970, the date fixed for hearing of the case, both the parties appeared and filed a joint petition stating that a talk of compromise between the parties was on progress, and that they prayed for an adjournment for the materialisation of the negotiation for an amicable settlement of the dispute. The prayer was allowed. Subsequently another adjournment was granted on the same ground. Ultimately, on 2nd March 1970, both the parties appeared and joint petition of compromise embodying therein the terms of settlement.

The terms of settlement, in brief, are as follows:—

(a) The workman accepts the termination of service as valid.

(b) The Company shall pay Rs. 615 to the workman in two instalments in full and final settlement of all claims of the workman against the Company.

(i) Out of Rs. 615 the Company has already paid Rs. 325 to the workman by cheque and the workman received the same by granting receipt therefor.

(c) The Company shall pay the balance Rs 290 to the workman by way of second instalment on or before the 30th April 1970 in presence of the Tribunal.

(d) In case the Company failed to pay the amount of second instalment within the date fixed, and in case the cheque issued by the Company in respect of the first instalment proved dishonoured, then the Tribunal would pass an award directing the Company to pay the full amount of settlement, i.e., Rs. 615, to the workman In case the cheque is found to be genuine, the Tribunal would direct payment of Rs. 290 only.

The Tribunal fixed 30th April 1970 for final orders.. Neither the Company nor the workman appeared on that date and took any steps. The Tribunal suo motu waited for some days but to no purpose.

The workman does not report that he could not encash the cheque granted by the Company. So it is presumed that he received the first instalment amounting to Rs. 325.

In the circumstances, according to the joint petition of compromise, I direct that the Company shall pay Rs. 290 to the workman Shri Kshitish Chandra Sarkar within one month from the date of publication of this award in the "Calcutta Gazette".

AWARD

By the Government of West Bengal, Labour Department, order No. 6777-I R./IR/11L-193/68, dated the 1st September 1969, an industrial dispute existing between Messrs. Shree Gopal Trading Co., 8/1 Harduttarai Chamaria Road, Howrah and their workmen represented by West Bengal Confectionery and Food Products Mazdoor Union, 90 Lower Chitpur Road, Calcutta-7, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether termination of services of Shri Nageswar Cooly is justified? To what relief, if any is he entitled?

On receipt of the reference, usual notices were issued to the parties fixing 9th October 1969 for their appearance. On 9th October

1969, the parties were found absent. The notice issued to the Company was duly served. But the service of the notice upon the workman could not be ascertained by that date and 7th November 1969 was fixed for awaiting service of notice upon the workman. On 7th November 1969, the notice issued to the workman was received back unserved with the postal remark "always absent in my time" and the case was ordered to be put up on 21st November 1969 for orders. On 21st November 1969 and also on the subsequent dates fixed, i.e., 1st December 1969, 26th December 1969 and 30th January 1970 both the parties were found absent. But ultimately, the Union appeared and filed written statement in triplicate on 19th March 1970 and 17th April 1970 was fixed for orders. Even on 17th April 1970, the Company was found absent and 7th May 1970 was fixed for hearing. On 7th May 1970 also, the Company was found absent but the workman was present. In such circumstances, the case was heard ex parte in the absence of the Company. In the ex parte hearing, the workman examined two witnesses (P.Ws. 1 and 2) including himself and exhibited several documents [Exts. 1 to 2(C)]

The case of the workmen in brief runs as follows :—

The workman Shri Nageswar Cooly was an employee under the Company Messrs. Shree Gopal Trading Co., for about 4 years on permanent basis. But suddenly the management terminated the service of the workman on and from 11th December 1968 verbally without any notice or without showing any reason. The workman then himself approached the management for reinstatement. But his request was turned down. This termination of the workmen's service is illegal and unjustified. Upon this grounds, the workman claims reinstatement with full back wages. The workman P.W. 1 has clearly proved that he was working under the Company for about 4 years on a permanent basis, that the employer refused employment to him with effect from 11th December 1968 without notice and without showing any reason and further that his request to allow him to continue in service was turned down. The P.W. 2 Shri Ram Chandra Pandey, the Assistant Secretary of the Union, has proved that on the basis of the information supplied by the workman, the Union wrote a letter to the Company of which Ext. 1 is the copy and that the Company did not give any reply thereto and that only after all these, the workman had to approach the Labour Commissioner, Government of West Bengal and further that the Company did not attend conciliation meetings arranged by the Labour Commissioner. These two witnesses have not been cross-examined or challenged and I also do not find any reason for which I should disbelieve them. The evidences of these P.W. 1 and 2 and the Exts. 1 to 2(C) prove beyond any reasonable doubt that the service of the workman has been terminated with effect from 11th December 1968 illegally and without any justification as alleged. Accordingly, I am of opinion that the termination of the workman's service is not justified. The first part of the issue is thus disposed of.

With regard to the second part of the issue namely, whether the workman is entitled to any relief, it has been found above that the workman's service has been illegally terminated with effect from 11th December 1968 and that this termination is unjustified. Accordingly, the workman is well entitled to reinstatement with effect from 11th December 1968 with full back wages. This disposes of the second part of the issue.

This is my award. This disposes of the instant reference.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Pashupati Singh, C/o Shri Madan Singh, 87/2 Girish Ghosh Road, Belur, Howrah, against Messrs. Grand Smithy Works, 5 G. T. Road, Belur, Howrah, arising out of the G. O. No. 337-I.R./IR/11L-353/67, dated 20th January 1969 (Case No. 28/69 under section 33A.)

BEFORE THE EIGHTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Shri B N. MAITRA, H.J.S., Judge,
Eighth Industrial Tribunal.

Appearances :

Present for the Company : Shri K. K. Maitra, Advocate, assisted by Shri Shivajee Singh, Labour Officer.

AWARD

The present application was filed by one Shri Pashupati Singh according to the provisions of the section 33A of the Industrial Disputes Act. He has alleged that an industrial dispute is pending between the Company and its workmen. He had been working as a permanent lorry driver of the Company on a monthly salary of Rs 160. Subsequently he became a member of the Howrah North Engineering Mazdoor Sangh. The Company adopted all sorts of unfair labour tactics with a view to wrecking the Union. On 21st May 1969, one Saha Babu, who notes the attendance and looks after the vehicle department, called the applicant and informed him that Shri Ramji Sharma, Manager of the Company, had called him. After being so informed, he went to Shri Sharma, who told him to put his signature or thumb impression on a letter which contained statements that he had no grievances against the Company, he was not a member of the Union and he had no dispute pending before the Tribunal. He refused to sign the same. On 29th May 1969 he was illegally refused employment. Hence the prayer is for reinstatement with full back wages.

The Company has filed a written statement stating that Pashupati Singh was never an employee of the Company. He is absolutely a stranger and there is no relationship of master and servant between the parties. The case is not a true one and so he is not entitled to any relief.

The learned Lawyer appearing on behalf of the petitioner has contended that the Tribunal should believe the oral evidence given by the P.W. 1 Pashupati Singh (applicant) and his other witnesses. Reliance has been placed on the provisions of section 114 of the Evidence Act. It has been contended that the evidence of the Company's witnesses shows that it has many employees but the Company has not produced the entire documentary evidence to show that Pashupati Singh was never a driver of the Company. For such non-production of the documentary evidence, the Tribunal should draw an adverse inference against the Company and that the petitioner's version is the true one.

The learned Advocate appearing on behalf of the Company has contended that the case is absolutely false. The oral and documentary evidence adduced by the Company will establish that Pashupati was never a driver or employee of the Company. The oral evidence adduced by the other side cannot be depended upon. So the Tribunal should dismiss the application.

So the point to be considered is whether the petitioner was ever a driver of the Company and whether he can get any relief. The P.W. 1 Pashupati Singh is the petitioner. He merely says that he worked as a driver of the Company, and he wanted to support his version. But he is an interested witness. It is worthy to note that he was smiling when vital question was put to him by the other side in cross-examination. He has not produced any documentary evidence to show that he was ever an employee or driver of the Company in question. He says that he and the other employees and drivers of the Company drew salary by putting their signatures or thumb impressions in the wage registers. Strange to say, he did not call for the attendance register or the wage register or any documentary evidence from the Company. So there was no legal obligation on the part of the Company to produce any document. Hence no adverse inference can be drawn against the Company according to the provisions of the section 114 illustrated (g) of the Evidence Act for non-production of all the documents by the Company as alleged. Law is that a Tribunal has to consider the point that a party must succeed on the strength of his own case. It should be seen whether the petitioner has succeeded on the strength of his own case.

It has already been pointed out that the evidence given by the P.W. 1 Pashupati is far from satisfactory. He examined two other persons, viz., the P.W. 2 Bholanath Jadav and the P.W. 3 Haribans Singh to say that he worked as a driver of the Company. But none of them has produced any documentary evidence to show that Pashupati Singh ever worked as a driver of the disputed Company. So the oral evidence given by the aforesaid 3 witnesses cannot be accepted. It is thus clear that the petitioner could not succeed on the strength of his own case.

The petition itself contained some contradictions. In the first line of the paragraph 8 of the application it has been stated that Pashupati Worked in the Company up to 28th May 1969. In the next paragraph it has been stated that on the 28th May 1969 he was refused employment. Such statement has been repeated in the paragraph 11 of his application.

Further in the paragraph 11 of his application it has been stated that Pashupati Singh was asked by Shri Ramji Sharma to sign on a letter which contained the statement that he had no grievance against the Company, he was not a member of the Union and he had no dispute pending before the Tribunal. But the P.W. 1 Pashupati made a completely different statement both in his Chief and in his cross-examination by saying that he had been asked by Shri Ramji

Sharma, Manager of the Company, to sign on a blank sheet of paper. Such material discrepancy cannot be brushed aside by this Tribunal.

Let us now consider the evidence given by the other side. As stated before, the version of the petitioner is that he had been asked by Saha Babu to see the Manager. The O.P.W. 2 Ganesh Chandra Saha has clearly stated that he never saw Pashupati Singh working as a driver of the Company and on 21st May 1969 he did not tell Pashupati to see Shri Ramji Sharma and at that time the latter was on leave. The O.P.W. 1 Ajoy Kumar Bhattacharjee, time keeper of the Company, says that in the attendance registers Exts. A, A/1, and in the salary sheets Exts. B series, there is no name of Pashupati Singh as a driver of the Company. It is important to point out that the P.W. 1 Pashupati Singh has stated that he also used to draw salary by putting his thumb impression in the wage registers, as indicated previously. But the wage registers Exts. B series do not show that he was ever a driver of the Company or he ever drew any salary from the Company by putting his thumb impression on the wage sheet. So such documentary evidence wholly goes against the petitioner.

The O.P.W. 3 Shri Ramji Sharma is the Works Manager of the Company. He says that on 21st May 1969 he was not in the factory because he was on leave from 11th May 1969. This statement is corroborated by the Company's attendance registers Exts. A series. This witness further says that on 21st May 1969 he did not tell Saha Babu to call Pashupati Singh and he never told Pashupati Singh to sign on a paper and he does not even know Pashupati Singh. There is nothing to disbelieve the evidence given by Shri Ramji Sharma on this.

The oral and documentary evidence adduced by the Company be accepted. Thus from the aforesaid discussion, the submissions made on behalf of the applicant cannot be sustained. The petitioner has completely failed to establish that there was any violation of the provisions of the section 33 of the Industrial Disputes Act. So this Tribunal finds that Pashupati Singh was not a driver of the Company, that on 28th May 1969 or on 29th May 1969 there was no refusal of employment to him by the Company as alleged, that there was no relationship of master and servant between the parties and that in the circumstances, he is not entitled to any relief whatever.

This is the award of this Tribunal.

AWARD

By the Government of West Bengal, Labour Department, order No. 7719-I.R./IR/10L 318/69, dated the 29th September 1969, an industrial dispute existing between Messrs. Ramesh Prosad Kali Prosad Pvt. Ltd., 2 Belur Road, Liluah, Howrah and their workman Shri Ananta Kumar Mitra, 19 Tamer Lane, Calcutta-9, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

> Whether the termination of service of Shri Ananta Kumar Mitra by way of refusal of employment to him, is justified? To what relief, if any, is he entitled?

On receipt of the reference, usual notices were issued to the parties fixing 18th November 1969 for their appearance. On 18th November 1969, the workman made his appearance but the Company was found absent though the notice upon the Company had been duly served. Accordingly, 4th December 1969 was fixed for filing written statement by the workman. On 4th December 1969, neither of the parties was present and 18th December 1969 was again fixed for filing written statement by the workman. On 18th December 1969, the workman filed written statement in triplicate but the Company was absent and the case was ordered to be put up on 17th January 1970 for orders. But on 17th January 1970 and also on the subsequent date, i.e., 27th February 1970, the Company was found absent and 24th April 1970 was fixed for hearing. On 24th April 1970, the workman was present but the Company was found absent and in the circumstances, the case was heard ex parte in the absence of the Company.

In this case, the workman has examined himself as P.W. 1. His case is that he was an employee as a Typist-cum-Clerk under the Company, Messrs. Ramesh Prosad Kali Prosad Pvt. Ltd., that the Company on 4th December 1967 illegally refused employment to the workman without any reason or notice, that the workman then made a representation to the Management but the Management did not care to reply to the said representation and that the workman ultimately, had to approach the Labour Commissioner but the Management did not care to attend the conciliation meetings arranged by the Labour Commissioner. Upon these grounds, the workman contends that the termination of his service by way of refusal of employment is illegal and unjustified and claims reinstatement with full back wages. The workman P.W. 1 says that he was an employee of the Company for about 11 years on a monthly salary of Rs. 130 per month, that the Company refused employment to him with effect from 4th December 1967 without notice or reason and that the workman has not committed any misconduct or wrong. This P.W 1 who has not been cross-examined and whom I do not find any reason to disbelieve has clearly proved the above case of the workman. It appears from the evidences on record that the Company has terminated the service of the workman with effect from 4th December 1967 arbitrarily and without any justification. Accordingly, I am of opinion that the termination of the workman's service by way of refusal of employment is illegal and unjustified. The first part of the issue is thus disposed of.

With regard to the second part of the issue, namely, to what relief, if any, the workman is entitled, it has been found above that the workman's service has been terminated with effect from 4th December 1967 and that this termination is unjustified. Accordingly, the workman is entitled to reinstatement with effect from 4th December 1967 with full back wages.

This is my award. This disposes of the instant reference.

Issue

Is Shri Prohlad Bhuiya entitled to production bonus in accordance with the Company's existing bonus scheme ? If so, what would be the total amount due to him on this account ?

After the filing of the written statements by the Union and the Company and after all the preliminary steps were taken by them, the case was fixed on 21st November 1968 for hearing. On that date the Company prayed for an adjournment and thereafter also several adjournments were taken by the parties on various pleas. Then the case was fixed on 12th February 1970 for hearing, and on that date the Company filed a petition for the first time stating that a talk of settlement was going on between the parties and praying for some time to finalise that talk. Time was allowed for that purpose and the case was fixed on 27th February 1970 for reporting compromise. But no settlement was arrived at between the parties on that date and the case was again adjourned to 25th March 1970 for hearing. Thereafter again some adjournments were taken by the parties for effecting a compromise and also on other grounds and ultimately on 26th May 1970 a joint petition was filed by the parties together with a copy of a Memorandum of Settlement. In that joint petition it has been stated that the dispute between the parties has been amicably settled in terms of the aforesaid Memorandum of Settlement and a prayer has been made for passing an award accordingly. The joint petition is duly signed by the representatives of the parties and so also the Memorandum of Settlement. I have perused the joint petition of compromise and also the Memorandum of Settlement and find that the terms thereof are fair, reasonable and lawful. B. **Representing the Company**

Shri P. R. Guha, Labour Welfare Officer.

C. **Representing the Workmen**

(1) Shri R. K. Bhadury, Secretary, NISCO Karmachari Sangha.

(2) Shri Prahlad Bhuia.

1. **Short recital of the case**

Shri Prahlad Bhuia was taken in temporary employment of the Company on an agreed consolidated pay in the year 1962 and the Company terminated his employment in February 1965. On his termination he demanded reinstatement of services and D.A., over the consolidated pay and also production bonus of the department in which he was working prior to the date of his termination of employment. The Company contended that as his employment was on the basis of consolidated pay, the claim for Dearness Allowance and/or production bonus could not arise in view of his terms of employment and declined to reinstate him as there was no suitable job for him subsequent to his retrenchment. The West Bengal Labour Department by its order No. 474-I R./IR/10L 91/66, dated 7th February 1966, referred to the Third Industrial Tribunal the abovementioned claim and Shri Prahlad Bhuia filed a case before the authority under the Payment of Wages Act being P.W.A. case No. 194 of 1966 and both are pending. After protracted negotiations the parties referred to above arrived at a mutual settlement relating to the said pending matters before the learned Third Industrial Tribunal as well as the authority under the Payment of Wages Act whereby it is mutually agreed between the parties as follows.

2. **Terms of Settlement**

(i) Shri Prahlad Bhuia accepted his termination of services and will not claim for his reinstatement in his old service and he will not be raising any dispute before any Court or Authority for his reinstatement in services or any compensation for such termination and settle both the abovementioned pending disputes before the learned Third Industrial Tribunal, West Bengal, in respect of the said Government order No. 474-I.R./IR/10L 91/66, dated the 7th February 1966, as well as the said P.W.A. case No. 194 of 1966 before the authority under the Payment of Wages Act.

(ii) Shri Prahlad Bhuia accepted the Company's contention that prior to the date of his retrenchment he was employed on a consolidated pay and as such no dispute exists with regard to D. A. and/or Production Bonus till the date of the present settlement and/or disputes pending before the said Third Industrial Tribunal and authority under the Payment of Wages Act are settled and in the circumstances stated above and in consideration of the present settlement either or both the parties shall be entitled to file necessary petition before the said Court and authority disposing of the said pending cases in terms of the present Memorandum of Settlement.

(iii) As a consideration of the present overall settlement including the alleged claim relating to production bonus, the Company has agreed to pay to Shri Prahlad Bhuia a lump sum of Rs. 2,700 (Rupees Two thousand and seven hundred) only in full and final settlement of all his up to date claims and/or legal dues against the company including the claim for reinstatement and/or re-employment and no further claim and/or dispute shall be raised in future either personally by the said Shri Prahlad Bhuia or any Trade Union on his behalf. It is further agreed between the parties that the said lump sum amount shall be paid to Shri Prahlad Bhuia in the following instalments :—

(a) On or before 26th May 1970—	Rs. 300.00
(b) On or before 29th May 1970—	Rs. 200.00
(c) On or before 1st July 1970—	Rs. 2,200.00
Total—	Rs. 2,700.00

The industrial dispute between Messrs. S. A. E. (India) Ltd., and their Drivers represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly has been referred to this Tribunal for adjudication by order No. 8512-I.R./IR/11L-332/69, dated 5th November 1969, of the Government of West Bengal, Labour Department with the following issues:

Issues

(1) Grades and Scales.
(2) Dearness Allowance.
(3) Tiffin Allowance.
(4) Gratuity Scheme.

The Company has raised the preliminary objections that the reference is incompetent and that this Tribunal has no jurisdiction to adjudicate over the referred dispute on three grounds.

The first ground is that in this case the workmen concerned did not raise any dispute with the management and as such the reference is incompetent as laid down by their Lordships of the Supreme Court in the case of Sindhu Resettlement Corporation Ltd., reported in A.I.R. 1968 S. C. page 529, as well as in 1968 Vol. I, LLJ. 834. The second ground is that no proper conciliation proceedings was held in this case as the notices of the conciliation meetings reached the management after the dates expired and as such the failure report of the conciliation officer was bad in law and no reference should have been made to this Tribunal on the basis of such report. The third ground is that the Union which has espoused the cause of the drivers is an outside Union of which the majority of the workers of the Company are not members and as such the Union has no representative character to raise the industrial dispute. I shall deal with these objections one by one.

So far as the first objection is concerned, it is to be noted that in this case the Union raised a dispute with the management regarding the issues referred to this Tribunal for adjudication (vide Ext. A). It has been contended by the learned Lawyer for the Company that the workmen themselves should have raised this dispute and not the Union as laid down by their Lordships of the Supreme Court in the case of Sindhu Resettlement Corporation Ltd., reported in 1968, I, L.L.J., page 834. This contention of the learned Lawyer is not correct. At page 839 of the report their Lordships of the Supreme Court observed as follows:—

> "Thus, both respondents, in their claims put forward before the management of the appellants, requested for payment of retrenchment compensation and did not raise any dispute for reinstatement. Since no such dispute about reinstatement was raised by either of the Respondents before the management of the appellants, it is clear that the State Government was not competent to refer a question of reinstatement as an industrial dispute for adjudication by the Tribunal."

Now one of the Respondents was the workmen (Respondent No. 3). Respondent No. 2 was the Union (vide the copy of the judgement). It is clear from above that their Lordships were of the opinion that if the Union would have raised the dispute regarding reinstatement with the management, then the reference would have been competent.

In the Ruling "Management of Bangalore Woollen Cotton and Silk Mills Co. Ltd., versus Workmen and another" reported in A.I.R. 1968, Supreme Court, page 585, their Lordships of the Supreme Court, at page 594 of the report have said that it will always be open in proper case for the Union to raise an "industrial dispute" as that expression is defined in section 2(k) of the Industrial Disputes Act, and if such a dispute is referred by the Government concerned for adjudication, the Industrial Tribunal will have jurisdiction to adjudicate upon the same. So the first contention of the Company is overruled.

Regarding the second objection, the learned Lawyer for the Company relied on the ruling, "Pradip Lamp Works, Patna, versus Workmen of Pradip Lamp Works, Patna and another" reported in 1970, I, L.L.J., page 507 and argued that as there was no proper conciliation meeting in this case, the report of the conciliation officer which formed the basis of this reference was bad in law and as such the present reference is bad and incompetent. The question which was mooted before their Lordships of the Supreme Court in the ruling referred is given by their Lordships as follows :—

> "The contention which counsel for the management argued before us was that there were no conciliation proceedings before the conciliation officer, and that therefore, the failure report made by him to the Government was not true. Consequently there was no valid report before the Government which could be the basis of the reference in question."

Their Lordships of the Supreme Court found on fact that there was valid conciliation proceedings in that case and and as such rejected the contention of the learned Counsel for the management. So their Lordships did not express any opinion as to the correctness or otherwise of the contention raised by the learned Counsel for the management in that case.

In this case, facts show that there was no conciliation proceedings. The Labour Officer wrote the letter Ext. B to the Company on 26th August 1969 requesting them to send a competent representative to attend the conciliation meeting to be held on 29th August 1969 at 4-30 p.m. The date stamp of receipt on this letter shows that the Company received it on 1st September 1969 and the letter Ext. C/1 shows that the Company informed the Labour Officer that they could not take any action as they received the letter Ext. B on 1st September 1969. The Labour Officer by Ext. B/1 requested the Company to send a competent representative to attend conciliation meeting to be held on 13th August 1969. The date stamp of receipt on Ext. B/1 shows that the Company received it on 14th August 1969 and the letter Ext. C shows that the Company informed the Labour Officer that they could not take action as the letter Ext. B/1, was received by them on 14th August 1969. In the circumstances, on facts, it must be held that there was no conciliation proceedings in this case. The question is whether on this ground it may be held that the present reference is incompetent.

The importance of the report of the conciliation officer will appear from sub sections (4) and (5) of section 12 of the Industrial Disputes Act, 1947. The two sub sections run as follows ;

> "(4) If no such settlement is arrived at, the conciliation officer shall, as soon as practicable after the close of the investigation, send to the appropriate Government a full report setting forth the steps taken by him for ascertaining the facts and circumstances relating to the dispute and for bringing about a settlement thereof, together with a full statement of such facts and circumstances and the reasons on account of which, in his opinion, a settlement could not be arrived at.
>
> (5) If, on a consideration of the report referred to in sub-section (4) the appropriate Government is satisfied that there is a case for reference to a Board (Labour Court, Tribunal or National Tribunal) it may make such reference. Where the appropriate Government does not make such a reference, it shall record and communicate to the parties concerned its reasons therefor."

It is clear from above that the report of the conciliation officer is the material before the Government for forming an opinion as to whether there is a case for making a reference to the Tribunal under section 10(1) of the Industrial Disputes Act, 1947. In the present case there was no conciliation proceedings and consequently no material before the Government for forming an opinion as to whether there was a case for making this reference under section 10(1) of the Industrial Disputes Act, 1947. The present reference has, therefore, been made in violation of section 12 sub-sections (4) and (5) of the Industrial Disputes Act, and is without basis and incompetent.

Regarding the third objection the facts of this case which were elicited in the depositions of the witnesses are as follows :

At the head office of the Company situated at 2-B Victoria Terrace, Calcutta, about 200 workers are employed. Of these, there were only six drivers at the relevant time. There is a Union of workers at 2-B Victoria Terrace, Calcutta Branch of the Company but the drivers are not members of that Union. The Union which raised the present dispute is admittedly an outside Union. There is no separate Union of the drivers in the Company. So the drivers of the Company working at 2 B Victoria Terrace, Calcutta, became members of this outside Union known as Motor Workers' Union, Calcutta, Howrah 24-Parganas and Hooghly. The question is whether the support of this outside Union can convert the dispute raised by the six motor drivers working at the head office of the Company at 2 B Victoria Terrace, Calcutta, into an industrial dispute In the Ruling Workmen of Indian Express Newspaper (P) Ltd., versus Management of India Express Newspaper (P) Ltd., reported in A.I.R. 1970 S.C., page 737, their Lordships of the Supreme

Court after reviewing the earlier cases laid down the law in this respect as follows :

> "......................lastly, that there the workmen of an establishment have no Union of their own and some or all of them have joined a Union of another establishment belonging to the same industry, if such a Union takes up the cause of the workmen working in an establishment which has no Union of its own, the dispute would become an industrial dispute if such a Union can claim representative character in a way that its support would make the dispute an industrial dispute."

In the present case the workmen of the Company numbering about 200 working at 2-B Victoria Terrace, Calcutta, have a Union of their own. The outside Union is joined by only six drivers working at 2-B Victoria Terrace, Calcutta, who do not make a substantial number of workmen working at 2 B Victoria Terrace, Calcutta. So the outside Union in the present case can have no representative character to convert the dispute raised by six drivers into an industrial dispute in view of the Ruling quoted above. In this case, therefore, there is no industrial dispute and as such this Tribunal has no jurisdiction to adjudicate over the dispute referred to it for adjudication.

This is the award of the Tribunal.

AWARD

By Labour Department, order No. 8940-I.R./IR/10L-140/68, dated 16th December 1968, the Governor was pleased to refer the instant dispute between Messrs. Purban Private Ltd., 37 Dharmatala Street, Calcutta-13 and their workmen represented by West Bengal Engineering Workers' Union, 48 Dharmatala Street (First Floor), Calcutta-13, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

Issue

Whether the dismissal of the following workmen is justified ? To what relief, if any, are they entitled ?

1. Shri Ashoke Kumar Bistu.
2. Shri Saral Kumar Dey.
3. Shri Madan Dutta.
4. Shri Pradip Kumar Dey.
5. Shri Gouranga Debnath.

On receipt of the reference usual notices were issued on both the parties. The Union filed its written statement on 9th May 1969 and the Company filed its written statement on 19th July 1969.

Admittedly the 5 workmen concerned were workmen of the Company. It is also admitted that a domestic enquiry was being held against Shri Madan Dutta, workman No. 3 in the list. 27th July 1967 was fixed for hearing of that proceeding. Shri S. N. Ghosh, Foreman of the Company, was one of the witnesses on behalf of the Company. The Company allege that as Shri Ghosh was boarding the Company's car 5 (five) workmen concerned conjointly pushed Shri Ghosh out of the car and severely assaulted him. So on 19th July 1967, 5 (five) charge-sheets were issued on the 5 workmen concerned. There were 4 domestic enquiries against the 5 workmen concerned. Shri P. K. Dey, workman No. 4 in the list and Shri G. Debnath, workman No. 5 in the list were proceeded against in a joint domestic enquiry. Shri A. K. Bistu, Shri S. K. Dey and Shri M. Dutta were proceeded against in 3 separate domestic enquiries. In course of the said enquiries the Company examined its witnesses and the delinquents were given opportunity to cross-examine the Company's witnesses and also to examine defence witnesses. They cross-examined some of the Company's witnesses and some of them examined defence witnesses. The enquiring officer found the 5 workmen guilty of misconduct and by letter, dated 7th October 1967, the 5 (five) workmen were dismissed with effect from 28th July 1967.

The workmen allege that their dismissal with retrospective effect is invalid. They also contend that the domestic enquiry was inviolation of the principles of natural justice are that the Company's witnesses were not examined in their presence; that they were not given opportunity to examine the Company's witnesses and that they were not allowed to examine defence witnesses.

By order No. 18, dated 3rd December 1969, it has been held that the dismissal of the workmen will take effect not from 28th July 1967 as proposed in the letters of dismissal and not also from 7th October 1967 on which date these letters of dismissal were signed but from the date or dates on which these letters were received by the 5 (five) workmen concerned or were tendered to and refused by them. The only question that remains to be decided is whether the domestic enquiries held against the delinquents were inviolation of the rules of natural justice.

As has already been pointed out that 3 (three) separate domestic enquiries were held against Shri Asoke Bistu, Shri Saral Kumar Dey and Shri Madan Dutta and a joint domestic enquiry was held against Shri Pradip Kumar Dey and Shri Gouranga Debnath. I shall take up these 4 (four) domestic enquiries one by one.

Shri Ashoke Kumar Bistu, the workman No. 1 in the list, has examined himself as P. W. 2. His allegations are that in the domestic enquiry he was not given opportunity to cross-examine the witnesses of the Company and on the proceeding being read over to him he found that the recording was not to his satisfaction. He also found that his statement was not correctly recorded. In cross-examination he says that though he was given opportinuty to cross-examine the witnesses of the Company he was not given full liberty to cross-examine these witnesses. He further adds that the enquiring officer dictated the way in which he was to cross-examine the Company's witnesses. Lastly he says that subsequently their Union sent a written complaint to the Company that he was not given full opportunity to cross-examine the Company's witnesses. The Company has examined Shri P. K. Mukherjee who held the domestic enquiry. He says that all the delinquents were given full opportunity to cross-examine the Company's witnesses. Though Shri Bistu says that their Union sent a written complaint to the Company that he was not given full opportunity to cross-examine the Company's witnesses. Curiously that letter has not been produced. The proceeding in respect of the domestic enquiry against Shri A. Bistu is Ext. A. The main witness on behalf of the Company in this proceeding was Shri S. N. Ghosh. It appears from pages 5 and 6 that Shri Bistu cross-examined Shri S. N. Ghosh in details. It may be that the enquiring officer disallowed irrelevant cross-examination of Shri S. N. Ghosh but that does not vitiate the proceeding. It further appears that the second witness Shri Jagadish Ram and the third witness Shri Mahabir Singh were also cross-examined by Shri Ashoke Bistu. Shri Bistu also examined his witness Shri Biswanath Sardar and also made his own statement. I see nothing irregular and I do not think that the proceeding against Shri Bistu was inviolation of the principles of natural justice. Ext. A1 is the finding of the enquiring officer in respect of the domestic enquiry against Shri Ashoke Bistu. It is a lengthy piece of document and the finding is supported by reasons. Next comes the workman No. 2 Shri Saral Kumar Dey. Shri Dey has examined himself as P. W. 3. He admits that there was a domestic enquiry against him. According to him the last date of enquiry was 28th September 1967 but no enquiry was held on that day and he was asked to see the Manager in the Head Office. The next date of enquiry was not intimated to him when he reached the Head Office he was asked to sign the statement accepting the truth of the allegation made in the charge-sheet on condition that he would be reinstated but he refused to sign that statement and was told that he would be informed later. He lastly says that the witnesses of the Company were not examined in his presence. He admits in cross-examination that before 28th September 1967 he attended the domestic enquiry on 2/3 occassions and could not attend it on 2 other occassions. He says that he does not know if the Company's witnesses were examined before 28th September 1967. He denies that the Company's witnesses named Mr. D. Creix, Shri S. N. Ghosh, Shri J. Ram and Shri M. Singh were examined in his presence. In cross-examination he denies the allegation that though he was given opportunity to examine defence witnesses he did not examine any. Shri P. K. Mukherjee says in examination-in-chief that Shri S. Dey stated that his only witness was his wife. But as Shri Dey did not bring his wife, the enquiring officer told him that the enquiring officer was not in a position to wait. In page 2 of the proceeding against Shri Dey (Ext. D) it appears that the enquiring officer rejected the prayer of Shri Dey to produce his wife as a witness. The finding against Shri Dey is Ext. D 1. Shri P. K. Mukherjee admits in cross-examination that Shri Dey wanted to examine his wife as a witness but he refused to examine her because the incident took place inside the factory. But Saral's wife was then in his house and as such she could not have any knowledge of the incident. This step of the enquiring officer is totally unjustified. Admittedly the incident took place near the offce of the Company. It is also admitted that the wife of Shri Dey lives in his house. But it cannot be said that there was any prohibition against the wife of Shri Saral Dey coming near the office of the Company. It might also be that if examined the wife of Shri Dey could have stated that at the time of the alleged incident namely the assault of Shri S. N. Ghosh, her husband Shri Dey was in his house and nowhere near the factory. So when the enquiring officer thought that as the incident took place near the office of the Company and as the wife of Shri Dey used to live in the house of the latter she could not have any knowledge of incident, the enquiring officer not only prejudged but misjudged as to what the wife of Shri Dey would have deposed. It is apparent, therefore, that Shri Dey was not allowed to examine his witness in his defence. That being so, the proceeding against Shri Dey was in violation of the rules of natural justice. The dismissal of Shri Dey is, therefore, illegal.

Then comes the case of Shri Madan Dutta, the workman No. 3 in the list. Shri Dutta has examined himself as P.W. 1. His case is that his dismissal is an instance of victimisation and unfair labour practice. According to him he took an active part in the workmen joining the Union formed by the workmen of the Company in May 1967 and for taking this active part in the Union activities the Company falsely implicated him in the incident alleged to have taken place on 27th July 1967. His next allegation is that though he took his witnesses to the domestic enquiry his witnesses were not allowed to enter into the place of enquiry. He adds that he sent a letter to the Company naming two witnesses and requesting the Company to grant leave to those witnesses so that they might depose. But the Company did not grant leave to those 2 witnesses. Lastly he says that he was not given opportunity to cross-examine the witnesses of the Company and his statement was not read over to him after it was recorded and that there were some blanks in the proceeding. It is also alleged by him that he wanted a copy of the proceeding but was not given any. It appears from the documents that Shri Dutta named two witnesses namely Shri K. P. Chakraborty and Shri K. S. Dey. It further appears from the proceeding of the domestic enquiry against Shri Dutta (Ext. B) that those two witnesses were examined on his behalf. He has not produced any document to show that he was a protected workman. It further appears from Ext. B that Shri Dutta cross-examined Shri D. Creix, Shri S. N. Ghosh and Shri J. Ram examined on behalf of the Company. From the proceeding (Ext. B) it further appears that the statements of the witnesses were read over in presence of the witnesses and Shri Dutta and an independent observer namely Shri B. Maitra. Shri Dutta refused to put his signature below the statements recorded. It may be that Shri Dutta wanted a copy of the proceeding but was not granted any. Non supply of the copy of the proceeding will not invalidate the domestic enquiry. I do not believe that the Company's witnesses were not examined in presence of Shri Dutta. As a matter of fact Shri Dutta cross-examined all the Company's witnesses. In cross-examination he admits that he has nothing in writing to prove that there were blank spaces in the proceeding. I have carefully gone through the proceeding and I have not found any blank space in it. The enquiry against Shri Dutta appears to be valid.

Lastly comes the joint enquiry against Shri Pradip Kumar Dey and Shri Gouranga Debnath. Shri P. K. Dey is P.W. 4. His only allegation is that the witnesses of the Company were not examined in his presence. Shri G. Debnath is P.W. 5. He says that he was not allowed to enter the place of enquiry and the Company's witnesses were not examined in his presence. Ext. C is the proceeding against Shri G. Debnath and Shri P. K. Dey. From it we see that both Shri Debnath and Shri Dey declined to cross-examine Mr. D. Creix examined on behalf of the Company. The next witness of the Company Shri S. N. Ghosh was cross-examined both by Gouranga and by Pradip. The cross-examination of the third witness of the Company Shri J. Ram was declined both by Gouranga and by Pradip. The 4th witness of the Company Shri Mahabir Singh was cross-examined by Pradip. The allegation of Gouranga and Pradip that they were not allowed to cross-examine the witnesses of the Company is not true.

The learned Lawyer for the Union argues that the findings of the enquiring officer in all these proceedings are perverse, because the enquiring officer was biased as he put the onus on the delinquents to prove their innocence and because the enquiring officer came to his conclusion on materials which are absolutely unsatisfactory. I have very carefully gone through the proceedings. It does not appear that the enquiring officer put the onus on the delinquents to prove their innocence. From the evidence adduced by the Company's witnesses the enquiring officer has come to the conclusion that the 5 delinquents assaulted Shri S. N. Ghosh on 27th July 1967. It has been laid down in the decision reported in 1958(1) LLJ. 260 that a Tribunal can interfere only (1) when there is want of good faith, (2) when there is victimisation or unfair labour practice, (3) when the management was guilty of a basic error or violation of a principle of natural justice and (4) when on the materials the finding is completely baseless or perverse. As the Tribunal is not an appellate authority over the findings in the domestic enquiry it can interfere only on the above 4 circumstances. The learned Advocate appearing for the Union alleges that there was want of good faith on the part of the Company, as the enquiring officer was biased and put the onus on the delinquents. I have found that this allegation is not true. The learned Lawyer for the Union next argues that so far as Shri M. Dutta is concerned his dismissal is an instance of victimisation and unfair labour practice. He submits that as Shri Dutta took a leading part in making the workmen of the Company to join the Union formed for the workmen of the Company in May 1967 the Company falsely implicated him in the alleged incident. There is nothing to prove that Shri M. Dutta took a leading part in persuading his co-workmen to join their newly formed Union. Moreover, from the evidence in the domestic enquiry it is found that he has been rightly held to have participated in the assault on Shri S. N. Ghosh on 27th July 1967. So the dismissal of Shri Madan Dutta cannot be said to be an instance of victimisation or unfair labour practice. Thirdly it has been held that the proceeding against Shri Saral Dey is invalid as Shri Dey was not allowed to examine his witness by the enquiring officer who thus violated a principle of natural justice. The dismissal of Shri Dey is not valid. Lastly it is argued by the learned

Advocate for the Union that the findings of the enquiring officer in all these proceedings are based on very slender and as such, very unsatisfactory evidence. The Tribunal can interfere only if the finding is baseless in otherwords interference by the Tribunal is possible only when there is no evidence to sustain the charge. The Tribunal cannot sit in judgement over the finding of the enquiring officer on the ground that the evidence is slender or unsatisfactory. There is a difference between a finding not supported by any legal evidence and a finding which may appear to be not supported by sufficient or adequate or satisfactory evidence. The allegation that the findings are not supported by adequate or sufficient evidence is no justification for the Tribunal to interfere. It can interfere only when there is no evidence at all in support of the finding. But in this case there is sufficient evidence to sustain the charges against all the delinquents.

In view of the above findings the dismissal of all the delinquents except Shri Saral Kumar Dey is sustained. Their dismissal will take effect from the dates on which the order of dismissal was served on them or the dates on which the said order was tendered to and refused by them. So far as Shri Saral Kumar Dey is concerned his dismissal is set aside. The Company is directed to reinstate Shri Saral Kumar Dey and pay him his back wages up to the date of reinstatement. So far as other delinquents are concerned the Company is directed to pay their wages up to the date or dates on which their dismissal takes effect. The Company must implement the above award within one month from the date of its publication of the "Calcutta Gazette".

GOVERNMENT OF INDIA

MINISTRY OF LAW

(Legislative Department)

New Delhi, the 9th July, 1970/Asadha 18, 1892 (Saka).

The following President's Act enacted on the 8th July, 1970, is published for general information:—

THE CALCUTTA TRAMWAYS COMPANY (TAKING OVER OF MANAGEMENT) AMENDMENT ACT, 1970.

No. 15 of 1970.

Enacted by the President in the Twenty-first Year of the Republic of India.

An Act to amend the Calcutta Tramways Company (Taking over of Management) Act, 1967.

In exercise of the powers conferred by section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1970, the President is pleased to enact as follows:— 17 of 1970.

Short title. **1.** This Act may be called the Calcutta Tramways Company (Taking over of Management) Amendment Act, 1970.

Amendment of section 3. **2.** In section 3 of the Calcutta Tramways Company (Taking over of Management) Act, 1967 (hereinafter referred to as the principal Act), in sub-section (*2*),— West Bengal Act XVI of 1967.

(*i*) for the words "three years", the words "four years" shall be substituted;

(*ii*) in the proviso, for the words "three years", the words "four years" shall be substituted.

Amendment of section 6. **3.** In section 6 of the principal Act, for the words "three years", the words "four years" shall be substituted.

V. V. GIRI,
President.

N. D. P. NAMBOODIRIPAD,
Jt. Secy. to the Govt. of India.

Reasons for the enactment

The operation of the Calcutta Tramways Company is governed by the Calcutta Tramways Act, 1951, but in 1967, on the ground that the Company had not been managing its affairs properly, the State Government enacted the Calcutta Tramways Company (Taking over of Management) Act, 1967.

2. Under section 3(*1*) of the Act of 1967, the State Government took over the management of the Undertaking. Any order issued under section 3(*1*) of the Act can remain in force for a period of three years from the date of its publication in the *Official Gazette*. The period of three years will terminate on the 19th July, 1970. If the Act is not extended, the Government management will terminate and the management of the Undertaking will revert to the Company. Under the Calcutta Tramways Act, 1951, it is open to the State Government to purchase the Undertaking on the 1st January, 1972 after giving one year's notice or on 1st January of any subsequent year after giving two years' notice. As it is not intended that the management should revert to the Company, it is necessary to continue the present arrangements for the administration of the Undertaking. The West Bengal Government have accordingly proposed that a President's Act may be enacted for the extension of the period of the present management.

3. The proposed Bill, *viz.*, the Calcutta Tramways Company (Taking over of Management) Amendment Bill, 1970, to amend the 1967 Act has been framed to give effect to the extension of the management for a further period of one year, with effect from the 19th July, 1970, for the present.

4 The Committee constituted under the proviso to sub-section (*2*) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1970 (17 of 1970), has approved the enactment of this measure as a President's Act.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Optical Manufacturing Co., and their workmen represented by Optical Workers Association, to this tribunal by its Order No. 4868-IR, dated 8th July 1969, under section 10 of the Industrial Disputes Act for adjudication upon the matter on the following issues:—

Issues

(1) Grades and Scales of Pay, (2) Dearness Allowance, (3) Permanency of workmen, (4) Whether Sarbashri (a) Rajmoni Sharma, (b) Biswanath Paul and (c) Paresh Nath Singh should be treated a permanent workmen? To what relief, if any, are they entitled? (5) Whether reduction of wages of Shri Paresh Nath Singh is justified? To what relief, if any, is he entitled?

This tribunal received the aforesaid reference on 14th July, 1969.

Pursuant to usual notices respective parties appeared and filed their written statements. Thereafter, list of documents were also filed by the respective parties and the matter was taken up for hearing on 23rd February 1970. There were several issues, but at the outset Mr. Chatterjee appearing on behalf of the Union on 23rd February 1970, that is to say, on the day the case was taken up for hearing represented to this tribunal that he would not press for issue No. 4 and issue No. 5 and the fact was recorded in the order-sheet. By such abandonment only 3 issues were left to be adjudicated upon and they are (1) Grades and Scales of Pay, (2) Dearaness Allowance and (3) Permanency of Workmen.

Before I deal with the merits of the case issuewise, it will not be inappropriate to refer to the respective written statements of the Union and the management. The Union has said that the company is a highly prosperous concern and the workmen are ill-paid. On 15th November 1968 a charter of demands was filed but the company did not take any action on such demands. The matter went up before the conciliation officer ultimately, but in the meantime the company tried to break the Union and did certain acts which were prejudicial to the interest of the workmen but ultimately the present issues were sent for reference. In paragraph 16 the Union has suggested a scale of pay as Rs. 100—5—150—7—220 and it has also suggested that before fixing such grades and scales of pay, the workmen should be given an increment at least 25 per cent. of the wages. It has also demanded Rs. 50 per month as D.A. and so far rules of permanency is concerned it has suggested that on completion of 3 months' services everybody should be made permanent.

The company in its written statement has raised a preliminary objection in paragraph 2 as well as in paragraphs 3 to 7 of its written statement. The preliminary objection of the management is firstly regarding jurisdiction of this tribunal to adjudicate upon the matter. Its contention is that the company entered into a bipartite agreement with the workmen which became effective on 1st April 1969 and as the same continued to be binding upon the parties for a period of 2 years, this order of reference is barred by the provisions contained under section 19 of the Industrial Disputes Act. Secondly, it contends that the Optical Workers' Association has no locus-standi to raise any industrial dispute on behalf of the workmen of the company as there is no substantial number of workmen in the said Association.

From paragraphs 9 to 12 it deals with regard to the matter relating to grades and scales of pay and D.A. and in paragraph 13 it deals with the question of permanency of workmen. From paragraph 2 of Part 2 onwards of its written statement it denies and disputes the contention of the Union that it is a prosperous concern and further asserts that the company is running at a loss. In paragraph 7 it states that there is a rule relating to permanency of workmen as it is stated in paragraph 13 of Part 1 of the written statement that if a workman completes 240 days' continuous service he is made permanent. In paragraph 9 of Part II of its written statement, it says that wages of the workmen in question is no less than the wages of the workmen of other comparable industries. It has granted liberal increment to all the workmen according to its financial ability. It also refers to the bipartite settlement once again and reiterates that by such bipartite agreement the company has afforded an increment of Rs. 6/7 to every workman per month. So far D.A. is concerned it takes the stand that it is paying consolidated wages to the workmen and demand for pay scale and the demand for separate D.A. is not maintainable.

Firstly, I want to take up the preliminary objection which is argued by Mr. Arah appearing on behalf of the company resisted by Mr. Chatterjee appearing on behalf of the Union—discussion of which is bound to bring in its trail the discussion of evidence both oral and documentary on ground of merits too. Mr. Arah's argument is that the present reference was made on 8th July 1969 and a bipartite settlement was effected by and between the management and the workmen on 17th March 1969, that is to say before the date of reference which was to be implemented and which was in fact implemented on and from 1st April 1969. The said bipartite agreement provides for increment of wages by revising wages. It also includes within its ambit the question of D.A. and there are many other items too in the said agreement which is more comprehensive than the issues in the present reference and it also touches (in clause E of the said memorandum of settlement marked Ext. A) the rule relating to permanency of the workmen concerned. As it is so, the ills between the management and the workmen was squared up and/or adjusted in accordance with the terms of settlement entered into by and between the parties rendering issues Nos. 1, 2 and 3 of the present reference incomplete.

In order to decide upon this question it is necessary to look into the evidence as adduced by the parties to ascertain under what circumstances the said agreement was entered into, who were the parties to the said agreement and whether by such agreement matters involved in this reference can be said to be adjusted and/or settled. It has come out in evidence that it is a small concern having on its muster roll only 32 workmen at the material time. Witnesses called by the Union have virtually denied that there was any such agreement. Each and every workman including Shri S. Roychowdhury, P.W. 8, President of the Association, has denied that there was any such agreement between the management and workmen on 17th March 1969, but that there was an agreement on 17th March 1969 by and between several workmen and the management has been proved and the said agreement has been marked Ext. A. The said agreement may not be a valid settlement within the meaning of Industrial Disputes Act, but the management and quite a considerable number of workmen were adament regarding the matter contained in the Ext. A—there is no doubt. Shri Dilip Kr. Bose who has been working under the management for last 10 years has also identified the agreement to be correct. He was a signatory to the said agreement and he stated that all the workmen excepting seven in number did not consent to such settlement. Under section 19 of Industrial Disputes Act, a lawful settlement once arrived at would be binding for such period as is agreed upon by the parties and in this case it was agreed to be continued for 2 years. Section 2(b) of Industrial Disputes Act defines Settlement. According to the provision of section 2(b) a Settlement includes written agreement between the employer and the workmen arrived at and signed by the parties thereto in such a manner as may be prescribed and a copy thereof has been sent to (an officer authorised in this behalf) by the appropriate government and the conciliation officer. It is well-known principle that when a mode of settlement has been provided for in the Act itself or in the rules having the sanctity of Act or under the provisions of the Act itself, the settlement will be of no value if the rules are not complied with. According to Rule 68 of West Bengal Industrial Disputes Rules, 1958, a Settlement shall be signed in the case of workmen either by the President or Secretary of a Union or by 5 representatives of the workmen duly authorised in writing in this behalf by a representative meeting of the workmen held for this purpose and the settlement should be sent to the Assistant Secretary to the Government of West Bengal, Labour Department and the Conciliation Officer concerned and according to Form J to the Labour Commissioner, Government of West Bengal. It is an admitted fact that no copy of this agreement was sent to the Assistant Secretary, West Bengal. The memorandum of settlement also is not signed by 5 representatives. It is signed only by 3, nor is there any satisfactory evidence on which this tribunal can rely upon that representatives of the workmen who signed the same were duly authorised in writing in this behalf by a representative meeting of the workmen held for this purpose. Mr. Arah sought to argue that those rules are only procedural and non-compliance of some of them is a mere irregularity and does not go to root the matter to vitiate the whole agreement. I am not inclined to accept his argument for reasons following:—

The rule as it stands is a highly technical one and it appears that it wanted to safeguard the interest of the workmen concerned so that by any hurried method the workmen may not be the likely or possible victims of unfair labour practice by the management in the guise of a Settlement. So each and every provision is to be observed before a settlement can be binding upon the workmen concerned in order to make it applicable to them. As it prima facie appears that the copy of the agreement was not sent to the Assistant Secretary. Although it was said that a representative meeting of the workmen was held, the evidence in that regard is none-too-convincing so as to accept it. Scanning the evidence I am inclined to hold and I hold that the agreement was not a valid one to be binding in order to oust the jurisdiction of this tribunal. So the preliminary objection on that ground is not sustainable.

Secondly, Mr. Arah also sought to raise an objection stating that only a fraction of the workmen was resisting such an agreement and that 23 workmen out of 32 are willing to the said terms and as the Union does not represent majority of the workmen but only a fraction of them (only 7 or 8), I should not adjudicate upon this reference. I also cannot accept this argument. It appears that quite a few of the workmen has come before me and deposed in support of the issues concerned. True, majority of them, as it appears, is not agitating the instant issues but 7/8 workmen out of 32 cannot be said to be a negligible minority to oust the jurisdiction of this tribunal. If I ignore them I would go just contrary to the provisions of the spirit of Industrial Disputes Act. The stand taken by the majority, the agreement itself which is otherwise invalid to oust the jurisdiction of this tribunal may be relevant for ultimate determination of the issues but that cannot itself clinch the issues themselves.

Mr. Arah appearing on behalf of the company, however, subject to the preliminary objection argued on merits. His contention is that if I reject the preliminary objection, on the merits too he has a formidable case. I may summarise here very shortly what is the case of the management to resist the claims of the workmen concerned about the grades and scales of pay and D.A. and permanency of the workmen. The contentions are (1) that the management is experiencing severe financial jolt in the market and it cannot bear any additional burden, (2) it pays to its workmen consolidated wages as such the question of D.A. does not arise, (3) there is no sufficient evidence on the basis of which the tribunal can lay down a scheme of grades and scales of pay, (4) the company is a very small concern and (5) the Union has not adduced any evidence regarding categorisation of workmen on the basis of which a scheme of grades and scales of pay can be introduced and lastly there is already a rule relating to permanency and therefore, the question of framing a rule of permanency cannot arise.

Permanency of Workmen

First of all I take up the issue relating to permanency of workmen. Shri Sushil Kr. Binani O.P.W. 1 has stated in examination-in-chief that if any workman completes 240 days' work he is made permanent. He further states "at least all the workmen of our concern are permanent". In cross-examination he stated "we do not issue any letter of permanency to the workmen". By his evidence and also from the evidence of the other workmen called by the management, it has successfully proved that on completion of 240 days a workman becomes permanent and on that question no cross-examination follows. Therefore, I can take it for granted that the company has a rule of permanency of workmen and that rule is—if a workman completes 240 days of work he is made permanent and on the evidence of O.P.W. 4 I also find that at the present moment all the workmen of the company are permanent.

Mr. Chatterjee on behalf of the Union did not ultimately dispute the fact that a workman becomes permanent on completion of 240 days, but what he contended is that 240 days is a very long period and it should be reduced to 6 months to make one workman permanent. I cannot accept his contention for the reason that when once a rule has been made which is not very high handed or arbitrary that rule should not be upset and secondly so far the present workmen are concerned nobody would be prejudiced because it is the admission of the management that each and every workman at the moment is permanent. But it appears to me—at least it does not come out in evidence that there is a firm rule to that effect and so I answer the issue in the following manner:—

A workman will be made permanent after completion of 240 days of continuous service. It is also further recorded herein that at present all the workmen (besides trainees) working in the company are permanent.

Grades and Scales of pay and D.A.

I propose to deal with the other two issues together for the sake of convenience. There is evidence that the company is carrying on business at least for 12 years. Mr. Chatterjee also in course of his argument represented to me that the company was carrying on business for a period of 12 years or so. It is also in evidence that this is a partnership concern carried on by 3 partners. It is also in evidence that the number of workmen is in the region of 32. There is no evidence that the workmen concerned can be graded as highly skilled, skilled, semi-skilled or unskilled which was very material for the purpose of framing a scheme for grades and scales of pay. As a matter of fact, evidence of such categorisation was hinted at but could not be answered by any of the witnesses. It was suggested to the witness No. 2 Shri N. Panja of the Union about skilled or unskilled workers. His answer was "I do not know the meaning of the term 'skill' or 'unskill' and therefore, I cannot answer the question "and he was unable to answer the question even after explaining to him in Bengali the purport of the meaning of the term "skilled" or "unskilled" worker. Not a single witness proved what are the grades of workmen in such a none-too-large concern. I find that there is difference of wages varying from Rs. 85 to Rs. 235 per month and as such there must be some grades between the workmen, but there is no evidence on such gradation. Shri Satindra Roychowdhury also could not enlighten about it. Besides, it appears from the evidence that the company is not making much profit. The company has produced one balance-sheet showing considerable loss but the balance-sheet of other previous years which were expected to be produced were not produced, but Mr. Arah represented to this tribunal that there was a profit of Rs. 12,000 only in the last year. In order to lay down a scheme of grades and scales of pay, it is to be seen whether company is a very prosperous concern, whether limited concern or partnership concern or proprietory concern, area over which it does its business, number of workmen employed and consistent earning of profit. Apart from the balance sheet which shows a considerable loss, and oral representation by Mr. Arah that there was meagre profit of Rs. 12,000 last, there is same oral evidence too that the company was not doing brisk business. The evidence of O.P.W. 2 in cross-examination is that in November 1968 financial condition of the company was much better than the present moment. Previously company's position was sound. He goes on to say "if we work for one day we sit idle four days". It is a very spontaneous and candid statement and the tribunal cannot disregard it and this statement, it may be mentioned, has come out in cross-examination specially having regard to the fact that he is himself a workman. Another witness O.P.W. 3 says that financial condition of the company is not bright. There is keen competition in the market and the cost of raw materials is increased. So company is not in a position to take any further additional financial liability. No cross-examination has been directed to this witness on this point. Another witness O.P.W. 6 stated "we have got no other claim against the management after the settlement" presumably referring to Ext. A. He further stated that 7/8 persons did not sign the settlement. This much talked of settlement may not be a valid one within the meaning and scope of Industrial Disputes Act, but as a piece of evidence, it goes to indicate that most of the workmen was satisfied with the terms and conditions of the settlement and they agreed to this settlement because they know that the company was facing keen competition in the market and as such they remain satisfied with the increment of 25 P. and 30 P. per day. Now as per evidence it is established that financial condition of the company is not a bright one. The present workmen who are on the verge of retrenchment but not retrenched have to sit idle for want of work. If I impose a grades and scales of pay it might have shattering effect upon the financial position of the company. There is no evidence adduced by the union relating to categorisation of workmen nor has there been any issue relating to the age of retirement. In such background coupled with the fact that the financial position of the company is none-too-bright, to form the scheme of grades and scales of pay would be inadvisable.

At the same time it cannot be disputed that the present rate of wages of the workmen is none-too-high. It has ample scope for betterment and increase but in the absence of any evidence of categorisation and lack of evidence of the nature of work of different workmen concerned and absence of any issue regarding retirement of age, I refrain from laying down a scheme of grades and scales of pay as it is, but however, there must be some impetus for the workmen for their certain period of continuous work—some better provision for the faithful workmen who are attached to the concern and I propose to escalate the rate of daily wages on the basis of this aspect of continuity to ensure a sort of inducement for serving the concern. There should at least be some benefit one can legitimately aspire for giving a continuous faithful service and I lay down the following increment:—

Those who have completed or will complete 10 years of service in this company will get an ad hoc increment of 30 P. per day; those who have completed or will complete 7 years of service will get an ad hoc increment of 25P. per day; those who have completed or will complete 5 years of service will get an ad hoc increment of 20 P. per day and those who have completed or will complete 2 years of service will get an ad hoc increment of 15 P. per day. This will be in addition to the present pay allowed to the workmen under Ext. A, not in substitution of that.

The management will pay the enhanced pay which they introduced on and from 1st April 1969 to those who declined to accept the same and they will continue to receive the same as with the other workmen.

I find, however, from the Annexure A of Ext. A that there are 4 persons who get below Rs. 2 per day and I am told that they are trainees which fact has not been disputed. One cannot be kept under training for an indefinite period. Any training period cannot be more than in any event 2 years and on completion of such training period he will be taken as a permanent hand and a trainee during the training will get a minimum daily wages at the rate of Rs. 2 per day.

So far Dearness Allowance is concerned it has been proved that the management has been paying a consolidated wages to its workmen. A large section of workmen numbering 23 out of 32 acceded to such consolidated wages as it appears from the Agreement Ext. A and that agreement may not be a valid agreement of all the workmen as contemplated under Industrial Disputes Act, but that agreement throws a great deal of light of the attitude of the workmen towards the nature of the pay they are receiving. Furthermore, consolidated wages inclusive of D.A. as it appears from the evidence is not foreign to this type of trade. Even P.W. 8 in cross-examination conceded that in Binani Optical and Maharaja Optical there is no separate D.A. Their wages are consolidated but he hastens to say that Optical Mfg. Co. is a bigger concern than Binani Optical, but I find from his own evidence that Optical Mfg. Co. is not much bigger concern than Binani Optical because Binani Optical as per evidence of P.W. 8 has 25 workmen on its muster roll. He further concedes that in Binani there is no system of grades and scales of pay.

On the other hand a host of witnesses, themselves being workmen came to the witness box and deposed before this tribunal that excepting 7/8 workmen each and everybody accepted the agreement which provided for consolidated wages inclusive of D.A. There was a suggestion by Mr. Chatterjee appearing for the Union that I should make a break up of the wages and D.A. separately; but if I do that at this stage against majority wishes of the workmen, not only it will upset the entire scheme of payment of wages but it will break the morale of the majority of the workmen who, as I find from the evidence accepted the system of consolidated wages without any grudge and dissatisfaction. All these facts and circumstances, namely, consolidated wages is paid by other comparable concerns, majority of the workmen accepted such consolidated wages inclusive of D.A. as it is evident by the document marked Ext. A, evidence of many of the workmen pointing out that they are willing to accept such consolidated wages, not much protest by the Union itself regarding such consolidated wages, the comparatively smallness of the concern with only 32 workmen, individually and also combined together lead me to think that such break up of basic wages and D.A. would be at the moment inappropriate. So I hold that the system of consolidated wages will continue and no separate amount should be fixed by way of dearness allowance. I set down the answers issue-wise herein below:—

(1) **Grades and Scales of Pay:** The workmen who have completed or would complete 10 years of continuous service will get an ad hoc increment at the rate of 30 P. per day; the workmen who have completed or would complete 7 years of continuous service will get an ad hoc increment at the rate of 25 P. per day; the workmen who have completed or would complete 5 years of continuous service will get an ad hoc increment at the rate of 20 P. per day; the workmen who have completed or would complete 2 years of continuous service will get an ad hoc increment at the rate of 15 P. per day.

The aforesaid ad hoc increment would be in addition to the present pay allowed to the workmen under Ext. A and not in substitution for that.

Trainees will get an enhanced pay of Rs. 2 per day.

The management will pay the enhanced pay which they introduced on and from 1st April 1969 to those who declined to accept the same and they will continue to receive the same as with the other workmen.

(2) **Dearness Allowance:** The workmen will receive and the management will pay the consolidated wages as at present as stated hereinbefore. No separate D.A. is allowed.

(3) **Permanency of Workmen:** A workman will be made permanent after completion of 240 days' continuous service. It is recorded that at present all the workmen (besides trainees) working in the company are permanent.

(4) Whether Sarbasri (a) Rajmoni Sharma, (b) Biswanath Paul and (c) Paresh Nath Singh should be treated as permanent workmen? To what relief, if any are they entitled?—Not pressed.

(5) Whether reduction of wages of Shri Paresh Nath Singh is justified? To what relief, if any, is he entitled?—Not pressed.

The management will implement the award within one month of the publication of the award in the Official Gazette.

This is my award.

AWARD

The Government of West Bengal, Labour Department, by Order No. 4110-I.R./IR/11L-96/67, dated the 23rd August 1967, referred an industrial dispute between Messrs. Bird & Co. (Private), Ltd., Labour Department, 16 Coal Berth, Kidderpore, Calcutta-23 (Regd. Office—Chartered Bank Buildings, Calcutta-1) (hereinafter referred to as the Company), and their workmen represented by Bird and Company Labour Union of Calcutta, 48 Dharamtala Street, Calcutta-13 (hereinafter called the Union), to this Tribunal for adjudication on the following issue:—

Issue

Is the retrenchment of the following workmen justified? What relief, if any, are they entitled to?

Sarbashri (i) Bhaguram, (ii) Khiro Dhan, (iii) Sridhari, (iv) Phagu, (v) Furdin, (vi) Ramballi, (vii) Muneswar, (viii) Somau, (ix) Dhanuk Dhari, (x) Gunai, (xi) Khusial, (xii) Khun Khun, (xiii) Ramaut, (xiv) Ram Pirit, (xv) Ramsukh, (xvi) Deonaragan Ahir, (xvii) Befan, (xviii) Bhaganoo, (xix) Ram Sree, (xx) Ram Subodh Singh, (xxi) Naresh, (xxii) Akbal Khan.

After the receipt of the order of reference, notices were issued. Both parties appeared and filed their respective written statements.

The case of the Union is that Messrs. Bird & Co. (Private) Ltd. is a leading concern and over 100 years old. The Company serve as a labour contractor of Messrs. Balmer Lawrie & Co. Ltd., and other concerns who are exporters of tea and shipping masters. The Company carries on business as handling contractor for tea chests on behalf of Messrs. Balmer Lawrie & Co., Ltd., and other leading firms. The Company has many work centres of labour contract work at different places. The Company employs directly a number of workmen in different jobs and categories. The Company in order to deprive the workmen of the benefits granted to permanent workmen engages through alleged sub-contractors a large number of workmen to do the regular and normal jobs of the Company. The service conditions of the workmen were highly unsatisfactory and the workmen organised themselves into a genuine trade union in 1950-51 in the name of Bird and Company Labour Union of Calcutta. The Company in order to sabotage any united effort by the workmen, has a pet Union since long in the name of Bird & Co. Mazdoor Union. The said Union has not enjoyed the support of the workmen and is manned by some chosen henchmen of the Company. In 1955, there was a direction in the award of Shri G. Palit, the then Fifth Industrial Tribunal, West Bengal, asking the Company to reduce the employment of contractors' labour and to absorb them gradually in its permanent strength so that in course of time the contract system may be done away with. In spite of the said direction by the said Tribunal, the Company has always been trying to move in the opposite direction, i.e., to reduce the permanent and direct employees and to increase the number of workmen under the so-called contractors. The Company could never accept the emergence of a genuine and sincere trade union of the workmen and has all through pursued a policy of victimisation against the members of the Union. The Labour Union, however, after long struggle has been able to obtain some measure of success in getting better grades and scales, more leave and holidays and it has also been able to get permanency for a number of workmen. The Company implemented the awards grudgingly and planned to frustrate those awards by reducing the number of direct employees. The Company on the alleged and untrue ground of surplus age pretended to retrench a good number of workmen and thereafter the Company pretended to terminate the services of a large batch of workmen on the plea of superannuation. The Company also adopted the policy of alleged transfer of workmen to distant places with ulterior motive that most of them would resign in the face of such transfer. As a result of communal disturbance in Calcutta, many Muslim workers, mostly in the categories of coopers, left Calcutta out of fear and many also left India. The Company took advantage of the resultant vacancies and never filled the said vacancies. The Company taking advantage of the Indo-Pak conflict in 1965 issued notices to another batch of permanent workmen on 29th October 1965 pretending to lay-off the said workmen from 1st November 1965 on the pretext of standstill position in work due to the said Indo-Pak conflict. The 23 workmen were ultimately thrown out of employment by the Company on the plea of retrenchment with effect from 31st December 1965. While the said dispute regarding the pretended retrenchment of the said workmen was pending the Conciliation Officer, the Company again issued notices, dated 15th February 1967, to the workmen named in the present order of reference pretending to terminate the services of the workmen with immediate effect on the alleged basis of an alleged memorandum of settlement, dated 10th February 1967. The workmen concerned were never offered the sums mentioned in the notices. Immediately on the next day, the President of the Labour Union addressed a registered letter to the Company informing that the workmen concerned were members of the Labour Union and they were not bound by any agreement with third party. Retrenchment was not justified and the notice of retrenchment should be withdrawn and the workmen concerned should be taken back. The provisions of section 25F of the Industrial Disputes Act have not been observed. The Assistant Labour Commissioner, West Bengal, intervened in the matter and called a joint conference on 4th March 1967. The Company refused to attend the said conference. Another joint conference was called by the Assistant Labour Commissioner on 9th March 1967. Thereafter several joint conferences were convened by the Assistant Labour Commissioner as conciliation officer, but his effort to arrive at an amicable settlement during the conciliation proceedings failed due to the extremely adamant and unreasonable attitude of the Company. The pretended retrenchment of the workmen named in the order of reference is not bona fide, and it is unjustified and improper, inasmuch as, amongst others, there was no real surplusage. The retrenchment is illegal, unjustified and an instance of gross unfair labour practice and by way of victimisation, to crush the said Union. The Company is getting the work so long done by the retrenched workmen through new hands engaged by the contractors of the Company. The retrenchment of the workmen named in the order of reference is illegal, unjustified and inoperative in the eye of law as the Company did not comply with the mandatory provisions of section 25F of the Industrial Disputes Act. The Union prays that the Tribunal should be pleased to hold that retrenchment of the 22 workmen listed in the order of reference is illegal, unjustified, mala fide and void and inoperative. The Company should be directed to reinstate the said 22 workmen with full back wages.

The Company in its written statement denies the material allegations of the Union. The contention of the Company is that the Company has been carrying on various types of business, one of such types being labour contract that is undertaking the loading and unloading, stacking, etc., of goods of various parties at different places by engaging labour either directly under the Company or through labour sub-contractors. Messrs. Balmer Lawrie & Co., Ltd., and Messrs. River Steam Navigation Co., Ltd., are principal and important customers. The labour contract business of the Company is a separate and distinct undertaking and its principal places of work at the relevant period were at the ghats of the Ganges, namely, Jagannath Ghat, Armenian Ghat, etc., where goods carried on by steamer are required to be handled and the tea godowns, primarily known as tea sheds, in South Calcutta at Kidderpore and Hide Road. Twenty-two persons mentioned in the order of reference and whose cases have been referred for adjudication were monthly paid, i.e., muster gang labourers. They were unskilled manual workers. Originally when the Company had labour contract with the Port Commissioners, it was felt necessary to keep a number of such manual unskilled labourers in the direct employment of the Company for executing the special and ad hoc jobs entrusted by the Port Commissioners to the Company. In 1948 Port Commissioners abolished the contract system. On the abolition of the contract with the Port Commissioners, these workmen became surplus to the requirements of the Company in executing the works to be performed in connection with the contract with other customers, viz., Balmer Lawrie, River Steam Navigation, etc. The Company, however, retrenched most of them from service pending final decision regarding them. After the abolition of the contract with the Port Commissioners, the Company employed these muster gang men to do miscellaneous types of work which are usually light manual works. In consequence of the hostilities between Pakistan and India, all river transport business through Pakistan was seriously disturbed and then completely stopped with the result that the volume of work required to be done in accordance with the contract with Balmer Lawrie & Co. and River Steam Navigation Co. and other customers was considerably reduced. The Company was not in a position to provide any work to a large number of workers and the Company decided to reduce the number of workmen by not only retrenching the direct employees but also stopping employment of a large number of contract labour.

In 1955 when Mr. Palit gave his award, the muster gang labourers were treated as casual workmen and were paid minimum pay of Re 1 per day. They were employed in performing some miscellaneous jobs which could not be provided every day with the result that they very often remained idle for a good many days in a month. Mr. Palit, however, considered various factors and put them on a monthly rate. In view of this award, the Company put them on monthly rate and tried to provide them with work as constantly as possible by putting them on odd manual jobs. After the recession of employment on account of hostilities between India and Pakistan, the Company found that it was not in a position to provide these men with the work to which they were employed. Some of them, however, were put in the work of office peons and were ultimately absorbed as such. Twenty-five muster gang labourers could not be provided with any work whatsoever. The Company, therefore, took up the matter with the recognised Union, namely, Bird & Co. Mazdoor Union. This Union is not a pet Union and it was in existence long before the Labour Union came into the picture. The Company placed the case of the muster gang labourers before this recognised Mazdoor Union and there was prolonged discussion and at the request of the Mazdoor Union, retrenchment of the 25 muster gang labourers was delayed. Utlimately, however, Mazdoor Union was convinced about the necessity and reasonableness of the Company's decision to retrench the muster gangmen and an agreement was arrived at on 10th February 1967 whereby the Mazdoor Union agreed to the Company's retrenching the workmen in question. In pursuance of the said agreement, notice of retrenchment was issued to these 22 persons mentioned in the order of reference amongst others. The necessary formalities as required under rule 77 of the West Bengal Industrial Disputes Rules were followed. The retrenchment of these 22 persons was just, proper and legal. On 15th December 1957 notice was issued to these workmen in question. Money in question was kept ready for disbursement to the workmen concerned, but they refused to take them when offered. The retrenchment in question is just, proper and legal and the workmen concerned are not entitled to get any relief.

Bird & Co. (P.), Ltd., has been carrying on various types of business and one of such types being labour contract, i.e., undertaking the loading, unloading, stacking, etc., of goods of various parties at different places by engaging labour either directly under the Company or through Labour subcontractors. The Company has its principal places of work at the Ghats of the Ganges, viz., Jagannath Ghat, Armenian Ghat, etc., where goods carried on by steamer are required to be handled and at tea godowns (known as Tea Sheds) at Kidderpore and Hide Road. Twenty-two workmen mentioned in the order of reference were muster gang labourers and their services were terminated by the Company with effect from 15th February 1967. The learned Advocate for the Company has contended that after the abolition of the contract with the Port Commissioners in 1948 the Company engaged these muster gangmen to do miscellaneous types of work. In 1965 the River Transport business through East Pakistan ceased on account of the hostilities between India and Pakistan and as a result the volume of work required to be done by the Company in accordance with the contract with Balmer Lawrie & Co. and River Steam Navigation Co. and other customers was considerably reduced. The learned Advocate has argued that the Company could not provide work to these muster gang labourers. The position was also accepted by the Mazdoor Union, the Union recognised by the Company and there was a Memorandum of Settlement on 10th February 1967. The learned Advocate for the Company has argued that these muster gang labourers were discharged in accordance with terms of the settlement contained in Ext. D. The learned Advocate for the Company has argued that the retrenchment compensation was offered to these workmen in accordance with the provisions of section 25F of the Industrial Disputes Act, but the workmen refused to accept the same. The retrenchment had to be effected on account of the diminution of work and the retrenchment is justified both in fact and in law.

The learned Advocate for the Union has contended that none of these workmen mentioned in the order of reference was a member of the Mazdoor Union, and they are thus not bound by the settlement with the Mazdoor Union. It has been argued that though the River Transport business through East Pakistan ceased, there was no diminution in the work, as tea chests used to come by other routes. The learned Advocate for the Union has argued that the Company engaged sub-contractors after the retrenchment of the muster gangmen and had the work done by these men. It has been further argued that retrenchment was invalid as the provisions of section 25F(b) of the Industrial Disputes Act have not been complied with. The workmen are thus entitled to reinstatement with all back wages, as the retrenchment is not justified.

The persons mentioned in the order of reference are muster gang labourers. In his evidence, O.P.W. 1 Shri Sushil Kumar Guha has stated that originally the muster gang people used to do stray jobs at the Port Commissioners and they were casual workers, and from 1955 the muster gang people have been working for the Company and there was an award under which the pay scale of these people was fixed. The award (Ext. B), dated 3rd June 1955, shows that muster gangmen were employed for doing miscellaneous works. The muster gangmen used to turn the chests round for inspection of the brokers and they used to pick these chests up and put them in their parent stock. The award mentions the duties of the muster gangmen and the award also lays down the method for fixing their scale of pay. P.W. 5 Shri Ram Suk has stated that he belongs to muster gang and their duty was not only to sort out damaged tea chests, but also carry tea chests and stack them. P.W. 2 Shri Fagu Ram has stated that after his retrenchment, he had been to Hide Road Warehouse and he found that the type of work that they used to do is still being done there by contractors' men. P.W. 3 Shri Ram Subodh Singh has also stated that at present work is being done in the tea warehouse by contractors' labourers. P.W. 4 Shri Befan has stated that the work that he used to do in the tea warehouse is still being done by contractors' men.

Let us consider the question whether the retrenchment compensation was paid to the workmen at the time of retrenchment as required under section 25F of the Industrial Disputes Act O.P.W. 1 Shri Sushil Kumar Guha has stated that the muster gang people used to get their pay from his office at 16 Coal Berth and he had kept the money ready for payment of retrenchment compensation to the muster gang people. O.P.W. 1 has admitted that he did not tell anyone personally that the money was ready and the retrenched men could collect the money.

The retrenchment notices were issued on 15th February 1967 and the retrenchment was effected on the same date. Some of the notices are Exts. 1 to 8. There is no mention in these notices that the amount mentioned therein was to be paid on the said date. P.W. 1 Shri Khusial Jaswara has stated that the Company did not offer him any money before his retrenchment on 15th February 1967. P.W. 1 has further stated that he received a notice from Sahib and the Sahib told him that if he went to the head office at Coal Berth he would be paid, but he did not ask him to go to the head office that very day. P.W. 2 Shri Fagu Ram has stated that the Company did not offer him any money for retrenchment. P.W. 3 Shri Ram Subodh Singh has stated that the Company did not ask him orally to accept money on 15th February 1967. P.W. 4 Shri Befan has stated that he received a notice on 15th February 1967 from Guha Sahib of the Company but he was not told by the Sahib about collecting money from the office. P.W. 5 Shri Ram Suk has stated that Sharma Sahib gave him the notice, but no officer of the Company on that day told him anything about money. P.W. 6 Shri Igbal Khan has stated that nobody read the contents of the letter which he received from the Company and he was not told by any officer of the Company that he would be paid money. P.W. 7 Shri Khirodhan has stated that the letter (Ext. 4) was given to him by Abner Saheb and the Saheb did not tell him anything about the money. P.W. 8 Shri Ram Naresh has stated that he received the letter (Ext. 5) from Sharma Saheb, but Sharma Saheb did not tell him anything about his being paid. P.W. 9 Shri Ram Bali has stated that he received the notice from Sharma Sahib and Sharma Sahib did not read over the notice and did not tell him anything about the money. P.W. 10 Shri Gunai has stated that the notice (Ext. 7) was given to him by Abner Sahib and the Sahib did not tell him anything about the money matters. P.W. 11 Shri Muneswar has stated that he received the letter (Ext. 8) from Sharma Sahib and Sharma Sahib did not tell him anything about his being paid. Sharma Sahib and Abner Sahib have not been examined. O.P.W. 1 Shri Sushil Kumar Guha did not personally tell anyone that the money was ready and the retrenched men could collect the money. There is no satisfactory evidence to show that at the time of retrenchment on 15th February 1967 the workmen were offered the retrnechment compensation as required under section 25 of the Industrial Disputes Act. It has been held in 17 F.I.R., 423 (State of Bombay & Ors. versus Hospital Mazdoor Sabha and Ors.) that the requirement prescribed by section 25F(b) of the Industrial Disputes Act is a condition precedent for the retrenchment of the workers. Failure to comply with the said provision renders the retrenchment invalid and inoperative.

It is in evidence that the Labour Union is in existence from before 1952. P.W. 2 Fagu Ram has stated that he became a member of the Labour Union in 1950. Bird & Co. Labour Union was a party to the reference which gave rise to the award (Ext. B) and also to the reference which gave rise to the award (Ext. C). The mere fact that the Mazdoor Union was a Union recognised by the Company does not lead to the inference that these workmen mentioned in the order of reference are to be bound by the settlement (Ext. D). There is no evidence that these workmen retrenched on 15th February 1967 as a result of the settlement (Ext. D) were members of the Mazdoor Union. It cannot thus be said that these workmen are bound by the settlement.

The learned Advocate for the Company has argued that even if it be held that the retrenchment compensation was not offered at the time of retrenchment, the workmen should not be reinstated as evidence shows that there has been diminution of work and it is not possible to offer them any job. The learned Advocate for the Company has argued that the only relief available to the workmen is thus adequate compensation according to the circumstances of the case. In this connection he has referred to the decision reported in 1960(1) LLJ, 587, 1965 (II) LLJ, 324 and 1966 (I) LLJ, 381. In 1960(I) LLJ, 587 (Assam Oil Co., Ltd., and its workmen) it has been held that there is no doubt that the normal rule is that in cases of wrongful dismissal, the dismissed employee is entitled to reinstatement, but there can be cases where it would not be expedient to follow this normal rule and to direct reinstatement. There were special circumstances in that case which necessitated a departure from the normal rule and it was held that in the special circumstances of the case it would not be fair either to the employer or to the employee to direct reinstatement. In the instant case, however, there are no such special circumstances. In 1966(I) LLJ, 581, it has been held that section 25F of the Industrial Disputes Act creates a two-fold right in the workmen in case he is retrenched without payment of compensation. The first right is to challenge the order of retrenchment itself as null and void and to seek reinstatement. This he could do only by approaching the Industrial Tribunal but the right to get compensation can also be taken to have arisen and if he does not want to ask for any reinstatement then he does have the right to get compensation and get the same computed from a Labour Court. In the instant case, the workmen have resorted to the first right to challenge the order of retrenchment as null and void and the case is before the Industrial Tribunal. Hence there can be no bar to order reinstatement. In 1965(II) LLJ, 324, it was found by the Tribunal that the payment of compensation being a statutory condition precedent for retrenchment, the workmen were entitled to be reinstated after annulling the retrenchment. Nevertheless, in view of the circumstances of the case, the Tribunal treated the workmen as retrenched on the date of actual payment of the statutory compensation and directed that they, except one, should be paid their wages for the intervening one month. The said direction was challenged by the Company before the Hon'ble High Court. His Lordship held that the requirement of section 25F(b) of the Act is a condition precedent to the retrenchment and that where the compensation money has not been paid prior to the time of retrenchment, the retrenchment becomes invalid and inoperative. His Lordship further held that the contention of the Company had no substance inasmuch as the additional payment had been ordered by the Tribunal in lieu of reinstatement which would have logically followed from the finding that section 25F(b) had not been duly complied with. It appears that unless retrenchment compensation be paid as required under section 25F(b), the retrenchment order is invalid and inoperative and the workmen concerned are entitled to reinstatement. In special circumstances, however, where reinstatement would not be fair to either party, the Tribunal would have jurisdiction to direct payment of compensation. In the instant case, I do not think there should be payment of compensation in lieu of reinstatement. There is no satisfactory evidence that the muster gang labourers had no work after the Indo-Pakistan conflict. As a matter of fact, in the Memorandum of Settlement (Ext. D) there is no mention that because of the diminution of work on account of the hostilities between India and Pakistan which stopped river transport, the muster gang labourers had to be discharged. Exhibit D mentions that attempts were made by the management to neutralise the services of the surplus workmen in other jobs after the termination of the contract with the Calcutta Port Commissioners and the management contemplated in January 1966 to retrench some of the workmen. In the instant case, on a consideration of the materials on record, I do not find any reason to depart from the normal rule of ordering reinstatement as the provisions of section 25F(b) of the Industrial Disputes Act have not been complied with.

In my opinion, the retrenchment of the 22 workmen mentioned in the order of reference is not justified and they are entitled to reinstatement with back wages.

This is my award. The reference is thus disposed of.

AWARD

The Government of West Bengal, in its Labour Department, Order No. 1966-I.R./IR/11L-128/69, dated the 26th March 1969, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. The Central Rubber Works (Private) Ltd., 20/B Tangra Road, Calcutta-15 and their workman Shri Krishna Kanto Biswas, 141/1/2-A South Sinthee Road, Calcutta-50, to this Tribunal, for adjudication on the following issue:—

Issue

Whether termination of services of Shri Krishna Kanto Biswas by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

The Company has not taken any steps. Only the workman has put in a petition stating that he has received his entire dues from the Company in full and final settlement of the claim and hence he does not want to proceed further with the case. He has asked for passing a "No-dispute" award. So it is clear that the case has been amicably settled. A "No-dispute" award is therefore passed by this Tribunal.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Jharia Firebricks and Pottery Works (P) Ltd., 3 Princep Street, Calcutta-13, and their workman Shri Lakshmi Narayan, represented by Motor Vehicles Drivers' Congress, West Bengal, 4-B Madan Mohan Burman Street, Calcutta-7, to this court by its Order No. 5302-I.R./IR/11L-459/69, dated 19th July 1969, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue:—

Issue

Whether the termination of service of Shri Lakshmi Narayan is justified? To what relief, if any, is he entitled?

After service of notice on the parties they appeared in this case and were present on 19th September 1969. On that date 3rd October 1969 was fixed for filing written statement by the Union. The Union filed written statement on 4th December 1969 and on that date 3rd January 1970 was fixed for filing written statement by the company. On 3rd January 1970 the company prayed for time for filing written statement and 10th January 1970 was fixed for filing written statement. On 30th January 1970 the company did not file written statement and 21st February 1970 was fixed for filing written statement by the company although they did not make any prayer for time for filing written statement on that date. On 21st February 1970 the company did not take any steps and as such 9th March 1970 was fixed for orders. On 9th March 1970 the company did not take any steps and 25th March 1970 was fixed for orders. On 25th March 1970 the company was absent and 30th April 1970 was fixed for hearing of this case. On 30th April 1970 the company was absent and on the prayer of the Union the hearing of the case was fixed to-day (5th June 1970). To-day the company is also absent and as such the case has been heard ex parte.

The case of the Union is that the workman concerned was a permanent workman of the company, that he joined the service of the company in February 1966 and served there creditably, that the company without any justification whatsoever terminated the service of the workman concerned on and from 2nd December 1968 and no reason whatsoever was assigned for termination of his service and no charge-sheet was also issued to him, that in the circumstances the termination of the service of the workman concerned has been unjust, unfair and illegal and in the circumstances the workman is liable to be reinstated in service and recover back-wages.

From the side of the Union the workman concerned Shri Lakshmi Narayan has been examined. He says that he joined service in February 1966, that he served there for 3 years, that he was dismissed from service in December 1968, that there was no reason for dismissing him from service, that he went to join his work and he was told that his service would no longer be required, that he was not paid any money and no notice was also issued to him when he was dismissed from service.

From the evidence of the workman concerned it is found that the termination of his service has been unjustified and illegal. In such circumstances he is liable to be reinstated in service and to recover back wages.

Accordingly the company is directed to reinstate the workman in service and to pay him his back-wages within 30 days from the date of publication of this award in the "Calcutta Gazette".

This is my award.

The industrial dispute between Messrs. Issue

"Whether termination of employment of Shri Hari Singh by way of refusal of employment to him is justified? To what relief, if any, is he entitled?"

After the case was registered notices were issued to the parties and they appeared. The Union filed written statement on 22nd October 1969. The Company did not file any written statement and after taking several adjournments the parties filed a joint petition of compromise on 21st May 1970.

I have gone through the terms of compromise. The terms of compromise are legal. The compromise be recorded (for the power of the Industrial Tribunal to record compromise vide the unreported decision of the Supreme Court in Civil Appeal Nos. 414 and 427 of 1967). The case is, therefore, disposed of in terms of the petition of compromise which do form part of the award.

Third Industrial Tribunal.

AWARD

By order No. 3516-I.R./IR/10L-35/69, dated the 27th May 1969, the Government of West Bengal Labour Department, referred an industrial dispute existing between Messrs. Union Engineering Works, 352 G. T. Road (North), Salkia, Howrah and their workmen represented by Union Engineering Works Sramik Union, 16/1 Sitanath Bose Lane, Salkia, Howrah, to this Tribunal, unde section 10 of the Industrial Disputes Act, 1947 for adjudication on the following issue:

Issue

Whether the refusal of employment to Shri Tarun Mukherjee is justified? To what relief, if any, is he entitled?

On receipt of the order of reference, usual notices were issued to the parties by this Tribunal fixing 24th June 1969 for their appearance. On that date both the Union and the Company appeared before this Tribunal and the Union was directed to file its written statement by 15th July 1969. The Union thereafter took some adjournments for that purpose and filed its written statement on 2nd September 1969. But the Company did never file any written statement in the case.

So, the case was initially fixed on 13th February 1970 for ex parte hearing. But on that date the Union prayed for an adjournment which was allowed and the case was again fixed on 30th March 1970 for ex parte hearing. On 30th March 1970 also there was another prayer for adjournment on behalf of the Union and the case was again adjourned to 26th May 1970 for ex parte hearing. But on that date none appeared for the Union and no steps were taken on behalf of the Union. So, it can be legitimately inferred that neither the Union nor the Company is any more interested in the case and that no dispute exists any longer between them and accordingly I pass a "no dispute" award in the case.

AWARD

By Labour Department, order No. 9293-I.R./IR/13L-38/68, dated 31st December 1968, the Governor was pleased to refer the instant dispute between Messrs. Shri Shri Kali Press, 65 Sitaram Ghosh Street, Calcutta-9, and their workman Shri Manik Samanta, 174/2 Ramesh Dutta Street, Calcutta-6, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

Whether the terminaton of service of Shri Manik Samanta is justified? To what relief, if any, is he entitled?

On receipt of the reference usual notices were issued asking the parties to appear on 5th February 1969 to take necessary direction for filing written statements. Both the parties appeared on the date fixed. The workman filed his written statement on 19th April 1969 and the Company filed its written statement on 5th July 1969. Preliminary steps having been taken evidence was recorded on 11th May 1970 and argument was heard on 20th May 1970.

Admittedly the workman concerned Shri Manik Samanta was a workman of the Company named Shri Shri Kali Press. The workman says that on 13th April 1967 the proprietor of the Press paid him only 15 days wages at the rate of Rs. 103.64 paise per month and did not pay him 1½ months pay in spite of demands. Over this there was a quarrel between him and the proprietor. On the next day he went to the Press to resume his duties but was not allowed to do so. He was also not paid his due wages. The proprietor told him that he would get written intimation in this respect. Though subsequent to 14th April, he tired to resume his duties on several occassions he was unsuccessful. He did not receive any letter from the proprietor prior to 18th July 1967. The letter, dated 18th July 1967, was received by him and he denied the allegations contained therein by a letter sent by registered post. In that letter he demanded reinstatement and back wages. As the proprietor did not pay any heed to his request for reinstatement and back wages he sent a complaint to the Labour Commissioner on 14th November 1967. There was exchange of letters between him and the Labour Commissioner on the one hand and Labour Commissioner and the proprietor of the Press on the other. The conciliation proceeding having failed this reference was made. The workman prays for reinstatement and back wages.

The employer admits that on 13th April 1967 the workman concerned was paid only 15 days wages though on that day two months' wage was due to him. But there was no quarrel between him and the workman over this failure to pay full wages due. Since that date, that is, 13th April 1967, the workman did not attend his work. So on 26th April 1967 the proprietor sent a post card to the workman alleging that the workman was absenting himself since 1st Baisak, 1374 B.S., corresponding to 14th April 1967 and requesting him to resume his duties immediately. Even on receipt of that letter the workman did not resume his duties. So by letter, dated 18th July 1967, the workman was intimated that his continued absence without leave and without intimation resulted in termination of his service. It is admitted by the proprietor that no charge-sheet was served on the workman, there was no domestic enquiry against him and as a matter of fact his services were not terminated. In short the case of the employer is that the workman abandoned his service.

In the decision of N. A. Hakim versus Asia Publishing House, Bombay, reported in 1964 F. L. R. (9), page 66, it has been laid down that abandonment or relinquishment of service is always a question of intention, and, normally, such an intention cannot be attributed to an employee without adequate evidence in that behalf. In the decision of Buckingham and Carnatic Company Ltd. and Venkatayya and another reported in 1963 (2) LL.J. 638, the Supreme Court has held that it is true that under common law an inference that an employee has abandoned or relinquished service is not easily drawn unless from the length of absence and from other surrounding circumstances an inference to that effect can be legitimately drawn and it can be assumed that the employee intended to abandon service. In order to establish that an employee abandoned the service the employer must adduce evidence sufficient to lead to that conclusion. In other words, the onus of proving that the employee abandoned or relinquished the service is on the employer. In order to discharge this onus the proprietor of the Press has examined himself and has also examined one of his employees. The proprietor of the Press, P. W. 1, Shri A. Sinha, says that since 14th April 1967 Manik stopped attending his Press. So on 26th April 1967 he sent a post card addressed to Manik complaining that the latter had been absenting himself since 1st Baisak 1374, corresponding to 14th April 1967, without any notice and requesting him to resume his duties immediately. P. W. 1 further says that even on receipt of this letter Manik did not resume his duties and so by letter, dated 18th July 1967, Manik was informed that his continued absence without notice had resulted in termination of his service. In other words as Manik did not attend his duties for a long time without any notice the Company treated that he abandoned the service of the Press. P. W. 1 has to admit in cross-examination that he cannot say if Manik received the post card, dated 26th April 1967. He further admits that he did not personally post that post card. He adds that he had the post card posted through either Bisweswar or another employee. Bisweswar is O. P. W. 2. He says in examination-in-chief that he posted a post card addressed to Manik 25 or 26 days after Manik left work. Admittedly Manik ceased to attend his work since 14th April 1967 and the post card is alleged to be dated 26th April 1967. In no case it was posted 25 or 26 days after Manik ceased to attend to his work. P. W. 1 wants us to believe that he does not maintain any register of letters issued from his Press. But Bisweswar says that they maintain a file regarding letters issued by their Press. Curiously that file has not been produced. Next it appears that in the letter, dated 18th July 1967, Shri Sinha alleged that by his letter, dated 26th April 1967, he requested Manik to join his duties. In reply to this letter Manik alleged in his letter (Ext. 1) that the allegation made by Shri Sinha in his letter, dated 18th July 1967, were untrue. This letter was posted on 4th September 1967 and was received by Shri Sinha on 6th September 1967 as proved by the postal receipt Ext. 3 and the acknowledgement, Ext. 4, respectively. Shri Sinha did not sent any reply to this letter of Manik. In the circumstances I do not feel inclined to believe that Shri Sinha sent any card to Manik on 26th April 1967. Shri Sinha says that after 13th April 1967 Manik never attended his Press. Manik on the other hand says that he attended the Press on 14th April 1967 and on several other occassions thereafter. But he was neither allowed to resume his duties nor was paid his dues. Manik has examined himself in support of his allegation. It is admitted that on 13th April 1967 two months' wage was due to Manik. It is also admitted that on that day Shri Sinha paid only 15 days' wage to Manik. Manik says that as the proprietor did not pay him his full wages there was an altercation between him and the proprietor. Shri Sinha denies this allegation. Manik is a low paid workman and he used to draw only Rs. 103.64 paise per month. If in these hard days such an employee is paid only 15 days wages when two month's wages are due to him it is natural for the workman to demand payment of full wages. Shri Sinha admits that he could not pay full wages to Manik and other employees on 13th April 1967 as he was short of funds. In the circumstances it is only natural that there would be an altercation between the employer and the workman over non-payment of the wages. In these days of acute unemployment it is very difficult to believe that after 13th April 1967 Manik did not attend the Press of Shri Sinha on any day because by his absence Manik ran the risk of not only losing his job but also of losing his wage for 1½ months. Nobody will believe that after 13th April 1967 Manik did not met Shri Sinha. I, therefore, believe that after 13th April 1967 Manik tried to resume his duties. But Shri Sinha did not allow him to resume his duties because on 13th April 1967 there was an altercation between him and Manik over non-payment of wages due to Manik. The story of Shri Sinha that Manik absented himself continously for a long period without leave and without notice cannot be believed. On the other hand I believe that after 13th April 1967 Manik tried to resume his duties on several occassions but was not allowed to do so. So the story of abandonment or relinquishment of service as propounded by the employer, has no legs to stand upon. It is evident that the employer terminated the service of Manik illegally.

The learned Lawyer for the employer argues that this reference is not maintainable. His contention is that there was no legal industrial dispute culminating into this reference. His allegation is that before complaining to the Labour Commissioner Manik did not demand reinstatement to Shri Sinha. This allegation is not true. By his letter (Ext. 2) Manik demanded reinstatement and back wages. According to Manik this letter was posted by registered post. The postal receipt is Ext. 3. It shows that this registered letter addressed to Shri Sinha was posted on 4th September 1967. The acknowledgement for this letter is Ext. 4. It bears the signature of Shri Sinha, dated 6th September 1967. Shri Sinha does not deny his signature on Ext. 4. Manik complained to the Labour Commissioner on 14th November 1967 as proved by Ext. 5. It is apparent, therefore, that before complaining to the Labour Commissioner Manik demanded reinstatement and back wage from Sinha. This preliminary objection to the reference is, therefore, not maintainable.

In view of what goes above it appears that the workman Shri Manik Samanta has been illegally dismissed by Shri Shri Kali Press. He is, therefore, entitled to reinstatement and back wages. In this connection it may be stated that the learned Lawyer for Manik has given up 50 per cent. of the back wages due to Manik. The Press, namely, Shri Shri Kali Press is, therefore, directed to reinstate Manik and to pay him 50 per cent. of his back wages up to his date of reinstatement. The award must be implemented within one month from the date of its publication in the "Calcutta Gazette".

AWARD

By the Government of West Bengal, Labour Department, order No. 442-I.R./IR/11L-159/67, dated the 27th January 1969, an industrial dispute existing between Messrs. Rank Film Distributors of India Ltd., Lighthouse Cinema Building, 1 Humayun Place, Calcutta-13 and their workman Shri L. V. Ramseshan, 25B Lansdowne Terrace, Ground Floor, Calcutta-26, was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue:

Issue

Whether the termination of service of Shri L. V. Ramseshan is justified? What relief, if any, is he entitled to?

Pursuant to the notices, the parties appeared and filed their respective written statements and the case was ultimately, fixed on 24th March 1970, for hearing. On 24th March 1970, however, both the parties prayed for time for filing compromise petition. The record was, therefore, directed to be put up on 6th May 1970, for hearing failing compromise. The parties, however, filed a joint petition of compromise on 6th May 1970. I have looked into the petition of compromise carefully and perused the terms of settlement as embodied therein. The terms of settlement appear to me to be lawful, just, fair and convenient. I find no conceivable reason to disallow the said joint petition of compromise. I, accordingly, pass an award in terms of the said joint petition of compromise which shall form part of the award. This reference is thus disposed of.

AWARD

By the Government of West Bengal, Labour Department, order No. 2622-I.R./IR/11L-178/68, dated the 6th May 1968, an industrial dispute existing between Messrs: Monoharlal & Co., 36 Dharamtala Street, Calcutta-13 and their workman Sk. Showkat Ali, 108 Bediadanga Road, Calcutta 39 was referred to this Court under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

> Whether the termination of the services of Sk. Showkat Ali is justified ? To what relief, if any, is he entitled ?

On receipt of the reference, usual notices were issued to the parties, who then appeared on 29th May 1968. The workman filed written statement on 12th June 1968 and the Company filed written statement on 5th August 1968. Thereafter several dates were fixed for filing lists and copies of documents. But neither of the parties filed any list or copy of documents and thereafter the case has been heard on contest. The workman has examined himself as P.W. 1 and the Company has examined two witnesses P.W. 1 and P.W. 2. The parties have not exhibited any document in this case

The issue framed for adjudication in this reference is as follows :-

> "Whether the termination of the services of Sk. Showkat Ali is justified ? To what relief, if any, is he entitled ?"

The case of the workman, Sk. Showkat Ali, in brief runs as follows :-

The workman joined as a Filing Clerk the service under the Company Messrs. Monoharlal & Co., a well established and highly prosperous concern, in their show room and office at 36 Dharamtala Street, Calcutta, with a monthly salary of Rs. 125. At the time of his joining the service, the workman was given to understand that within a month from his joining of service, his salary would be increased to Rs. 150. But the Company failed to keep the promise inspite of repeated request from the workman. In March 1967, the father of the workman became seriously ill and it was detected that he was suffering from Cancer. The attending doctor advised immediate hospitalisation of the workman's father for which the workman took leave on 2nd March 1967, for arranging his father's admission into the Chittaranjan Cancer Hospital, and then he took leave for one week from 2nd March 1967, for the purpose. But as the workman's father could not be admitted in the said hospital for dearth of seat, the workman had to take two days' leave by extension for making arrangements for this admission and ultimately he succeeded in getting his father admitted into the Chittaranjan Cancer Hospital and then on 11th March 1967, the workman went to resume his duty as the usual hour but to his shock and surprise he found another person, a new employee working in his place. The Manager of the Company asked the workman not to come to the office stating that his service had been terminated. The workman was not also given anything in writing either before or after the alleged termination of service. The Company in this way illegally and arbitrarily terminated the service of the workman since 11th March 1967, without issuing any charge sheet, without holding any enquiry and without giving any retrenchment compensation to the workman. Upon these grounds, the workman alleges that the termination of the workman's service is illegal and not justified and claims reinstatement with full back wages with effect from 11th March 1967.

The case of the Company as made out in their written statement briefly stated runs as follows :—

The workman was appointed by the Company on trial and temporary basis with the condition that if his work was found to be satisfactory, he would be given appointment and confirmation. The workman joined the service on 5th August 1968. After working for about four days, the workman took a "French" Leave and remained absent for nine days without any application, notice, leave or permission. After he worked with the Company for some time, it was found that he was very inefficient, incompetent, irregular and lethergic. His behaviour was not normal and accordingly he was asked to find out work somewhere else as the Company would not be able to keep him in its employment. The applicant accordingly wanted some time to find out job elsewhere, and the Company, out of sheer compassion, allowed the workman to continue in service till he found out an alternative job. Then in February 1967, the workman represented that he had secured some alternative job with effect from 1st March 1967 and he left the Company. The workman did not come to the Company's office to resume duty on 11th March 1967, or on any other date after February 1967. As the workman in this way left the Company's service of his own accord, there has been no termination of his service at all. As there has been no termination of the workman's service by the Company, any such question whether this termination is justified or not, does not arise at all.

In view of the above respective averments and denials of the parties, the first and foremost question that requires to be decided is whether the service of the workman has been terminated by the Company as alleged by the workman or whether the workman himself voluntarily left the service as alleged by the Company. As already pointed out above, neither of the parties has exhibited any document in support of their respective cases. The workman has examined only himself as P.W. 1 and the Company has examined two witnesses, i.e., Shri W. C. Chakraborty, the Manager of the Company, as O.P.W. 1 and Shri Monoharlal Aurora, the Partner of the Company as O.P.W. 2. That the workman Sk. Showkat Ali joined the service of the Company in August 1966 on a monthly salary of Rs. 125 and that he continued in service at least up to the end of February 1967 are fully admitted. The workman P.W. 1 says that in 1967, his father was suffering from Cancer and was advised to be hospitalised, that the workman had to take leave for one week with effect from 2nd March 1967, for arranging his father's admission in the Chittaranjan Cancer Hospital, that as he could not complete this arrangement within this period of one week, he had to take two days' leave in extension for the purpose and ultimately, got his father admitted into the said hospital. The workman has further stated that he prayed for this leave verbally and Monohar Babu and Govinda Ram Vatia, Partner No. 2, granted this leave verbally as is the practice in that Firm. He has further said that after the expiry of this leave, he went back to resume duty on 11th March 1967, but he was surprised to find that another man, i.e., the nephew of the Manager was working in his place at his seat and further that the Manager Mr. Umesh Chandra Chakraborty told him that he was no longer in service and asked him not to do any duty. These statements of the workman, in the circumstances of the case appear to be quite reasonable and believeable. The workman has been cross examined at length and this long cross-examination totally fails to discredit the workman in any way. I do not find any reason whatsoever for which I should disbelieve the workman. In course of his cross-examination, the workman was asked whether he had anything in writing to show that on 11th March 1967 he was asked not to resume his duty and the workman has admitted that there is nothing in writing to show that he was asked not to resume duty on 11th March 1967. Referring to this admission of the workman, the learned Lawyer of the Company has argued that as there is nothing in writing to show that the Company terminated the service of the workman or asked him not to resume duty, it cannot be held that the workman has been refused employment or that his service has been terminated by the Company. This argument, I think, fails to carry any wright. The Company did not admittedly issue any appointment letter to the workman. According to the Company, the workman also did not tender resignation in writing when he allegedly left the job with effect from 1st March 1967. Therefore, in the circumstances, the absence of any written order of the Company asking the workman not to resume duty does not in any way prove that there has been no such refusal of employment to the workman or any termination of his service or that the workman himself voluntarily left the job Also the statement of the workman that he on 11th March 1967, found the nephew of the Manager working in his place at his seat has not been denied or challenged in any way. This also clearly indicates that the Management was eager to remove the workman concerned from his post in order to accommodate the nephew of the Manager in his place.

As against the above allegations of the workman, the Management has come forward with the story that as the workman was found to be inefficient, incompetent, irregular, lethargic and abnormal, he was asked to find work somewhere else, that in the month of February 1967 the workman represented that he had secured some alternative job and that with effect from 1st March 1967, the workman left the Company of his own accord. But in view of the evidences on record and also in the circumstances of the case. this seems to be a cock and bull story which it is extremely difficult to believe. If the workman had actually represented in February 1967 that he had secured an alternative job and would not work under the Company with effect from 1st March 1967, the Company could have, and also ought to have obtained some resignation letter from the workman. But the Company did not do anything like that. The Manager of the Company (O.P.W. 1) says that on 1st March 1967, Showkat Ali came and told him that he had secured a better job elsewhere and left. Thus according to the Manager Showkat Ali disclosed only on 1st March 1967, that he had secured better job elsewhere. But the O.P.W. 2, one of the partners of the Company says that as early as in February, 1967, Sk. Showkat Ali told him that he had secured a better job. The O.P.W. 1 at one place says that on 1st March 1967, Sk. Showkat Ali came and left saying that he had secured a better job elsewhere and that after that he no more came to their office. But at another place, this witness says that on 11th March 1967, the workman again came to their office and took payment of his dues. But at the same time, this statement of the Manager proves the workman's case that the workman attended office up to 1st March 1967 and that he also came to the office on 11th March 1967.

Also the Company's story that the workman left the job of his own accord appears to be quite improbable and unbelieveable in the circumstances of this particular case. That the workman's father was for a long time suffering from Cancer, that his condition became serious in March, 1967, that he was ultimately admitted into the Chittaranjan Cancer Hospital on 14th March 1967 and that he ultimately died there only after two days i.e., 16th March 1967, as stated by the workman P.W. 1 have nowhere been disputed or challenged. Thus on the one hand, the workman's story that he had to take seven days' leave at the first instance and then two days' extension for hospitalising his ailing father in the Cancer Hospital and further that he was granted this leave by the Company appear to be quite reasonable, probable and believeable. On the other hand the Company's story that the workman voluntarily left the job during this period of crisis when his father was at death bed is quite improbable Of course it has been suggested to the workman that he voluntarily left the job only because he had secured a better job elsewhere. But the workman has emphatically denied this suggestion. Mere suggestion, if not admitted, is no proof at all The Company has not also been able to adduce the least satisfactory evidence to show where or how the workman during this period of trouble get an alternative employment or whether he actually worked elsewhere and so on. The workman has also emphatically stated that he, a Graduate, is still unemployed since 11th March 1967, and there is no reason for which I should disbelieve this statement. In view of all these, I find it extremely difficult to accept the Company's story that the workman himself voluntarily left the job with effect from 1st March 1967.

The O.P.W 1, the Manager of the Company, has said that on 11th March 1967, the workman came to the Company's office and took payment of his dues. Referring to this, the learned Lawyer for the Company has argued that this fact that the workman received his arrear dues proves that he voluntarily left the job. But I failed to accept this argument. The mere fact that the workman, being refused employment, received his arrear dues does not in any way by itself prove that he voluntarily left the job. Also the fact that the workman received his arrear dues does not estop him from challenging the legality and reasonableness of the Company's refusal of employment to him.

The workman has admitted in cross-examination that some day after 11th March 1967, he took two testimonials from the Company. The learned Lawyer for the Company referring to this has submitted that the fact that the workman received testimonials from the Manager goes a long way to show that the workman voluntarily left the job. But this argument also fails to impress me. It is quite natural for the workman who has been refused employment to take testimonials from his employer in order to try to secure employment elsewhere by production of such testimonials. But it cannot be said that simply because the workman took testimonials from the Company's Manager, it is to be presumed that he voluntarily left the job. The further suggestion put to and denied by the workman is that he took these testimonials only for procuring job elsewhere. The Company's Manager O.P.W. 1 says that on 23rd March 1967, the workman came and took certificate from their Company regarding his past service, whereas the Company's case has sought to be made out in the Company's written statement and also as stated by the Company's Partner (O.P.W. 2) is that as early as in February, 1967, Showkat Ali told the O.P.W. 2 that he had secured a better job and, in that view of the matter the suggestion that the workman took testimonials on 23rd March 1967 only for procuring job elsewhere is inconsistent.

The Company alleges that after the workman worked with the Company for some time, it was found that he was very inefficient, incompetent, irregular and lethargic. But it is to be noted that the Company has not adduced the least satisfactory evidence to prove all these allegations against the workman. Also admittedly no charge-sheet was ever issued to the workman questioning his efficiency, competency or the like. In the next place, it is not understood why all these allegations have been imported in this particular case. It is not the Company's case that the Company terminated the service of the workman on grounds of his inefficiency, incompetency or the like. On the other hand, the Company's definite case is that the Company did not at all terminated the workman's service and that on the other hand the workman himself voluntarily left the job. In view of such a stand taken by the Company the question whether the workman was actually efficient or inefficient, competent or incompetent do not at all arise in this particular case. In view of all above, it is held that the Company has terminated the service of the workman by way of refusal of employment with effect from 11th March 1967. The next important question is whether this termination of the workman's service is justified or not. As has already pointed out above, there is nothing in writing to show that the Company made any allegation against the workman. Also admittedly no charge-sheet was ever issued to him and also no notice was served upon him before or after the termination of his service. On the other hand, when the workman went to the Company's office to resume duty on 11th March 1967 on the expiry of his leave, he was not allowed to resume his duty and was told that he was no longer in service. In the circumstances, the termination of the workman's service is clearly arbitrary, illegal and unjustified.

The learned Lawyer for the Company has raised the objection that the workman before writing to the Labour Commissioner did not make any demand before the employer and also did not raise any dispute with the Company and that there existed no industrial dispute whatsoever and as such the reference itself is not maintainable. But this objection is untenable. The workman (P.W. 1) has clearly stated that after 11th March 1967, he on many occasions requested the Management to take him back in service, but they refused. This clearly shows that the workman made demand and raised dispute with the Management before approaching the Government. Making oral demand for reinstatement is sufficient to raise dispute with the Management. From the evidences of the O.P.W. 1 and the O.P.W. 2 also it is quite clear that the workman actually went to the Company's office on and after 11th March 1967. It is therefore quite clear that the workman raised dispute with the Management before approaching the Government in the matter of this industrial dispute.

In view of all above, I am of opinion that the termination of the workman's service is unjustified and the first part of the issue is thus disposed of in favour of the workman.

With regard to the second part of the issue namely, to what relief, if any, the workman is entitled, it has been found above that the service of the workman has been terminated with effect from 11th March 1967 and that this termination is unjustified. Accordingly, the workman is entitled to reinstatement with effect from 11th March 1967 witn full back wages.

This is my award. This disposes of the instant reference.

Present for the Companies: Shri P. P. Ginwala, Counsel.

Present for the Union: Shri Patit Paban Pathak, an Officer of the Union.

By the Government of West Bengal, Labour Department, order No. 6446-I.R./IR/10L-465/67, dated the 12th December 1967, this industrial dispute between (1) Messrs. Agarpara Company Limited, (2) Messrs. B. N. Elias & Co. Private Ltd. and (3) Messrs. West Bengal Power Supply Company Ltd. on the one hand and their workmen represented by B. N. Elias & Co. (P) Ltd Employees' Union on the other, was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below.

Issue

Whether the employees of Messrs. Agarpara Company Ltd. (Head Office), Messrs. B. N. Elias & Co. (P) Ltd. (Head Office) and Messrs. West Bengal Power Supply Company Ltd. are entitled to additional bonus, i.e., over 4 per cent. as paid by the Company, under the Payment of Bonus Act, 1965? If so, what should be the additional quantum of bonus?

On receipt of notice both the parties, viz., the Companies and the Union made appearance and filed their written statements separately. The case passed through several adjournments on various grounds. After compliance with the requirements necessary for the hearing of the case, the case was taken up for hearing on 11th May 1970. In the beginning the Company raised a preliminary legal objection regarding maintainability of the reference The Union prayed for time to give reply to the Company's objection. Time was allowed, and 23r May 1970 was fixed for argument on preliminar objection of the Companies. On that date th representatives of the Companies and the Union submitted their argument before the Tribunal. Th order was kept reserved.

Decision

It appears that the dispute is between Messrs Agarpara Company Limited, Messrs. B. N. Elia & Co. Private Ltd. and Messrs. West Bengal Powe Supply Company Ltd. on the one side and thei employees on the other, in respect of bonus. It i submitted on behalf of the Companies that ther cannot be a single industrial dispute in relation t bonus between several employers and their respectiv employees and, as such, the reference is not maintainable. The learned representative for the Unio submits that the reference is maintainable and, i support of his contention, he cited the case reporte in 1967(II) L.L.J. p. 23 in which it has been hel that a common order of reference relating to severa employers and their respective employees is maintainable. In my opinion the principle enunciated in th abovementioned case does not apply to the facts an circumstances of the present case. It has bee found in that case that there was commonalty o interests so far as industrial disputes were concerne between the employers and employees. It has bee held in that case that if wages, the dearness allowance or benefit of gratuity or leave rules were alter in one without affecting the others, the industria peace and harmony in the other establishments wer bound to be disturbed. The workmen of all the fou concerns were so closely associated that it woul be asking for trouble if the conditions of employment in one concern were varied to the benefit of the workmen of that particular establishment, leaving the conditions of service in the other three concerns undisturbed. In the present case I find that the dispute is with regard to bonus only. An omnibus reference can be held to be maintainable when the dispute arises with regard to general condition of service of employees, such as employees in jute industries, engineering industries, etc. But in the present case we are not concerned with any dispute relating to general condition of service of employees. There is no question that uniform wages should be fixed in respect of all employees of the three concerns in the present reference. There is no question that gratuity scheme should be introduced by these establishments. The dispute is with regard to bonus only. The employees of Agarpara Company Ltd. are not interested in the matter of bonus payable to the employees of Messrs. B. N. Elias & Co. Private Ltd. or bonus payable to employees of West Bengal Power Supply Co. Ltd. similarly the employees of Messrs. B. N. Elias & Co. Pvt. Ltd. are not in any way connected with bonus payable to employees of Agarpara Co. Ltd. or employees of West Bengal Power Supply Co. Ltd. There is no common dispute between the employers and employees of the concerns in the present reference. That being so, I am of the opinion that the reference is not maintainable. There should be separate references in respect of the different companies.

In this connection it may be mentioned that Messrs. B. N. Elias & Co. Private Ltd. ceased to be Managing Agents of the Agarpara Company Ltd. long before the present reference was made.

I also find that the order of reference is defective. The Tribunal cannot go beyond the order of reference. But in the order of reference there is no mention of the year in respect of which bonus is to be calculated. It may be that the parties know that the dispute is with regard to bonus for the year 1966-67. But that is not sufficient for the purpose. The order of reference must specify the year for which bonus is to be calculated. If the specific year is not mentioned in the reference, the Tribunal cannot be in a position to adjudicate upon the matter.

In this view of the case also I find that the reference is not maintainable. The reference is, therefore, rejected.

On that day the workman concerned Shri Nirapada Mondal was examined and cross-examined and the matter was adjounrned till 1st June 1970 at the request of Mr. Srimani. On 1st June 1970 Shri Pronoy Krishna Paul Chowdhury, O.P.W. 1, was examined and cross-examined and arguments of the respective parties were also heard on that day.

The case of the employee concerned as made out in the written statement is that he was a Pilot of M. V. Radharani owned and possessed by Sm. Indumati Paul Chowdhury. On 26th February 1969 his service was terminated on the alleged plea that the motor launch was laid up and he lodged a protest to the employer against such illegal action. He thereafter referred the matter to the Assistant Labour Commissioner and thereafter to the Labour Officer, Barrackpore, who called upon the management to settle up the matter amicably, but no conciliation proceeding was held and after that the matter was referred to this Tribunal. In paragraph 8 it is stated on behalf of the workman concerned that the termination of service was capricious, illegal, arbitrary and wholly unjustified. Principles of natural and social justice were violated.

Shri Nirapada Mondal P.W. 1 in course of his evidence stated that his service was terminated in the month of February, 1969 and he did not know what was the reason of such termination. He admitted that M. V. Radharani was berthed in the dock for repair in the month of February, 1969, when Pronoy Krishna Pal Chowdhury, O.P.W. 1, told that his service was no longer required and he suggested that he should go on leave and he would be called back when the launch would be repaired. Accordingly he saw the management as suggested but he was not taken back. In cross-examination he admitted that he was not a single person working in the motor launch, there were other employees too. He admitted Ext. A to which I shall refer to presently. He also admitted that he took up his Sareng Certificate which was deposited with the employer on 26th February 1969. He further conceded that on termination of service, certificate was to be returned. It also comes out in evidence that round about the date when it is alleged that his service was terminated, he was married and the place of work was 10 hours' journey from the place of marital home. Pronoy Krishna Pal Chowdhury, O.P.W. 1, in course of his evidence stated that Shri Mandal voluntarily left the service and when he left the service he took away all his dues. He further proved that other employees too were paid their salaries in a regular manner when M. V. Radharani was berthed for repair. He further stated that he (P.W. 1) took away his Sareng Certificate because he left the service and that was the system. that is to say, when a Sareng is engaged for work he deposits his certificate with the employer and when he leaves he takes it back. He stated in course of his evidence which is not very much disputed either that the salaries the other workmen were paid on the 10th day of next month and the fact that Nirapada Mondal took it on 26th February 1969 amply goes to show it is argued by Mr. Sanyal and not without force that he left the service on 25th February 1969 and so why he was paid as he was leaving for good.

Let me now analyse the short oral evidence and a few documents which have been proved in this matter. It is to be seen whether Nirapada Mondal's service was wrongfully terminated with the false hope that he would be taken back again. In this matter his written statement is not very illuminating and helpful for him either. It rather runs counter and militates against his oral evidence. In the written statement his case is that he was capriciously and illegally discharged from his service. But here in course of evidence he rather takes somewhat different stand the fact by stating that O.P.W. 1 told him to go on leave and he would be called back when the ship would be repaired. Secondly, Ext. A which is an admitted document does not either support the case of Nirapada Mondal. The tenor of the said letter, date of the said letter and the circumstances under which the said letter was written, if viewed with the context and sequence of fact, then it leaves very little doubt in my mind that the case of Nirapada Mondal has not the supposed character as sought to be made out. Ext. A runs as follows :—

> "I have performed the act of Sareng in the motor launch M. V. Radha Rani which belongs to you and I give you hereby a receipt for the month of February 1969. I have got no other dues from you. My certificate which I deposited with you is taken back by me".

There is no rancour, no ill-will, a peaceful receipt with a tenor that he worked with the employer and now he was leaving the employer with full settlement of dues along with the certificate that was deposited with him. Ext. A undermines his case as made out in his written statement that his service was terminated in wanton, capricious and arbitrary and unjustified manner in gross violation of the principles of natural justice Thirdly, his case is that as the launch was berthed for repair temporarily his service was suspended but that case is also belied by Ext. B to some extent. Fourthly, it appears that the Union took up this case and if it were capricious and wanton discharge, it is expected that the Union or he himself at least would have sent a letter of protest to the employer against such wanton dismissal. Such a letter is also conspicuously absent.

Judging the circumstances, sifting the evidence and considering the exhibits, I am inclined to hold and I hold that the case of Nirapada Mondal is not sustainable. He voluntarily left his service and therefore he is not entitled to any relief in this case.

I answer the issue in the following manner:—

Shri Nirapada Mondal voluntarily left the service and as such, the question of termination of service by way of refusal of employment does not arise. He is not entitled to any relief.

This is my award.

N. D. P. NAMBOODIRIPAD,
Jt. Secy. to the Govt. of India

Reasons for the enactment.

The problems of *bargadars* (share-croppers) in West Bengal have been engaging the attention of the State Government for quite sometime. The existing provisions in the West Bengal Land Reforms Act, 1955 relating to rights of *bargadars* are not considered to be adequate for safeguarding the interests of *bargadars*. Pending enactment of a comprehensive legislation with regard to *bargadars*, the proceedings for termination of cultivation by a *bargadar* were *temporarily* stayed by promulgation of an Ordinance in June, 1969, which was subsequently replaced by an Act of the State Legislature for continuation of the stay of proceedings up to 4th August, 1970. In the interest of agricultural production as well as of the continuity of cultivation by a *bargadar*, it seems more appropriate to make alterations in the grounds for termination of cultivation by a *bargadar* rather than to extend the period of the interim provision for the stay of proceedings of termination of cultivation. It is also considered equitable to provide for the continuous cultivation by a *bargadar* and, in the event of his death, by his lawful heirs, in respect of at least a minimum area with a view to enabling him to make improvements of durable nature and at the same time to permit small holders to resume cultivation of land for *bona fide* personal cultivation in specified cases. In conformity with the pattern adopted in other States it is proposed to reduce the owner's share of the produce from 40 per cent. to 25 per cent. in cases where the owner does not supply cattle, plough and other inputs. An opportunity has also been taken for making certain other modifications for ensuring smoother implementation of the Act. The present measure is being enacted to achieve the above objectives.

2. The Committee constituted under the proviso to sub-section (2) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1970 (17 of 1970), has been consulted before enactment of this measure as a President's Act.

AWARD

The Government of West Bengal in the Labour Department by order No. 7139-I.R./IR/11L-406/68, dated 20th September 1968, referred under section 10 of the Industrial Disputes Act to this Tribunal an industrial dispute relating to the under-mentioned issues existing between the Durgapur

Club, P. O. Durgapur-4, and their workmen represented by Durgapur Club Workers' Union. C/o. Roy & Co., Nachan Road, Durgapur-4, for adjudication of the same :

Issues

(1) Whether closing down of the Club from 27th November 1967 and termination of services of all the employees resulting in break of services are justified ? To what relief, if any, are the employees entitled ?

(2) Whether termination of services of Shri G. Das and Shri Azizul Hoque is justified ? To what relief, if any, are they entitled ?

(3) Whether suspension of Shri Sripat Harijan with effect from 1st March 1968 and his subsequent conversion from monthly-rated to daily-rated are justified ? To what relief, if any, is he entitled ?

On getting the reference this Tribunal issued notice to both parties and they duly appeared and filed their respective written statements. On 15th July 1969 the Durgapur Club filed a petition raising a preliminary objection that the Club is not an industry and its employees are not workmen within the definition of Industrial Disputes Act and as such the reference is not maintainable and the Tribunal has no jurisdiction, and it prayed for hearing on this point first as preliminary point. This prayer was allowed. The Union thereafter took adjournments—after adjournments and ultimately evidence on this point was taken on 12th February 1970 and 27th May 1970. On both the dates the Union was present and contested the matter. But ultimately on the date of argument, i.e., on 29th May 1970 the Union did not advance any argument though its representatives were present in the Tribunal. This matter has been discussed by me in details in my order No. 22, dated 29th May 1970. The Union has examined one witness, namely, P.W. 1 Shri Gopal Chandra Sarkar, who was cross-examined by the Club and the Club examined one witness, namely, O.P.W. 1 Shri I. G. Ittyerah, who was cross-examined by the Union.

The Union has alleged in its written statement that the functioning of the Club and its activities will show that it is not merely a Club and it runs just like a business organisation similar to Co-operative Organisation. It also asserts that the various activities of the Club would reveal that the underlying motive is profit making. The Union contends that the Club has a Bar and it sells alcoholic drink and also caters food to outside organisation and rents its own space to various organisations and persons.

In its written statement the Durgapur Club denies all the allegations of the Union. It asserts that its functions and activities are similar to any other membership club. The rules and regulations of the club distinctly prohibit the sharing of profits, if any, by its members and the club does not make any profits for any of its members. In pursuance of the objects of the club, the club, provides indoor and outdoor games to its members and runs a Bar where wines and alcoholic drinks are available for the members. The club does not run any restaurant but caters snacks, lunch and dinner for its members from the kitchen maintained by it. The facilities of the club including that of the kitchen and the Bar are restricted to the members and their families only. The members may bring any guest on certain days during certain times in accordance with the rules of the club, but no outsider is entitled to any facilities of the club. The club denies that it caters food to outside organisation or rents its space to outsiders. Any member of the club could, with the permission of the Managing Committee, reserve the space like the club hall for his exclusive use during a particular time and date, and such use of the club is permitted by the Managing Committee free of charge or at such charges as may be fixed by the Managing Committee ; but such occasions are rare in the Club and do not exceed 3 to 4 a year.

O.P.W. 1 Shri I. G. Ittyerah is a member of the Managing Committee of the Durgapur Club and he is at present acting as the Secretary of the Club. He has produced the rules and bye-laws of the club, namely, Ext. A. He says that the members are allowed to sign for the facilities of the club and guests are not allowed to sign and that there are restrictions for their entries in the club. It is also his positive statement that the Catering Department of the club does not cater for outsiders and that the club does not rent out space to outsiders. In cross-examination this witness says that a member of the club can take a guest with him and with the specific permission of the Committee a member can take any number of guests. The club maintains a Bar and a Bar License. With the specific permission of the Committee a member can give party to outsiders provided that the Committee is satisfied that the member concerned has taken the responsibility for paying the bills for the parties. He further says that only one organisation, namely, "Air India" has taken space of the club about six months back, but this was subsequent to the present reference and hence we are not concerned with the same. We are only to see the conditions as existed at the time of reference.

On behalf of the Union P.W. 1 Shri Gopal Chandra Sarkar says that he worked under the Durgapur Club from 1961 to 1968 as Typist-cum-Clerk. He says that he was dismissed as he was involved in Trade Union activities. But in cross-examination he admits that the Durgapur Club Workers' Union was formed two years before the termination of his service. He admits that he raised a dispute regarding termination of his service and it is pending before the A. L. C. P.W. 1 Shri Sarkar has alleged in his evidence that the club is a registered dealer under Bengal Sales Tax Registration Act, but no document has been produced to prove the same. He says that the club had no trade license previously but afterwards it got a trade license. In cross-examination he says that he came to know from one of the staff of Durgapur Notified Area Authority that the club got a trade license, but he could not give the name of the person from whom he came to know about this alleged trade license. In cross-examination he further says that he cannot say exactly whether the club has or has not any trade license and that his evidence regarding the alleged trade license of the club is only hearsay. So there is no satisfactory evidence to prove that the club holds a trade license and is a registered dealer under the Bengal Sales Tax Registration Act as alleged by the Union. Of course, the club prepares some foods in the kitchen maintained by it and according to the club food is supplied only to the members. P.W. 1 Shri Sarkar says that the Club prepares cake and other kinds of food. He alleges that even non-members can take food with the help of coupons supplied by the club. But in cross-examination he could not state, even roughly, as to how many times the club sold coupons to outsiders as alleged by him. No such outsider has been examined to prove this actual purchase of food from the club.

P.W. 1 Shri Sarkar alleges in his evidence that the club lets out its premises to outsiders, but no such outsider is examined. I have already shown that the present Secretary O.P.W. 1 Shri I. G. Ittyerah has said only six months back the Club let out its space to "Air India". There is no evidence to prove that when the present reference was made before this Tribunal or before that the club had let out its space to any outsider.

P.W. 1 Shri Sarkar is not an independent witness as his service was terminated by the Club and he has raised a dispute over that. The Union did not examine any independent witness in support of the allegations made by it.

The club admits that it has a Bar License, but its positive case is that wines and alcoholic drinks are served only to the members. P.W. 1 Shri Sarkar admits in cross-examination that he has seen Bar License and that in terms of the Bar License the Club can sell wines only to its members. He also says that he has seen that at the entrace of the club there is a Board showing "for members only".

Admittedly the Club has a Kitchen and Catering Departments but it is the specific case of the club both in the written statement and in the evidence that this catering is for members only and not for outsiders.

The club has produced the rules and bye-laws Ext. A and P.W. 1 Shri Sarkar admits that these rules and regulations were all existing while he was working in the club. Rule 2 lays down that the objects of the club are :

(i) to provide facilities for entertainments, dances, sports, games and social amenities, etc.

(ii) to apply such profits as may be made to the promotion of the Club's interests, but not distribute such profits to the Club Members ;

(iii) to provide and distribute food, wines and spirits, tobacco and refreshments amongst members for consumption on or off the Club premises at suitable charges;

(iv) to do all such things as are conducive to these objects.

As regards taking of guests it is stated in Rule 14 that no Temporary or Associate Member may introduce a guest to the Club except with the permission of one Committee Member or the Secretary. It is further stated that any two Members of the Committee may at any time and without assigning any reason request the withdrawal from the Club premises of any person admitted as a guest. Under Rule 16 the Committee reserve the right to close the Club premises or any part thereof to other than Members on occasions which it may deem peculiar to the Club itself. Under Rule 12 of the amended bye-laws members must sign for drinks at the time of ordering and Bar Stewards have orders not to serve drinks to bearers, who do not produce a signed bar chit.

Under the Industrial Disputes Act the word "Industry" has been defined in clause (j) of section 2 as follows :-

> 'industry' means any business, trade, undertaking, manufacture or calling of employers and includes any calling, service, employment, handicraft, or industrial occupation or avocation of workmen."

In the case of Madras Gymkhana Club Employees' Union Vs. The Management of the Gymkhana Club (A. I. R. 1968 Supreme Court 554) it appears that Madras Gymkhana Club was a member's club and the object of it was to provide a venue for sports and games and facilities for recreation and entertainment, and as part of its latter activities it arranged dance, dinner and other parties and ran a Catering Department, which provided food and refreshments not only generally but also for dinners and parties on special occasions. It has been held by the Hon'ble Supreme Court of India that this club was only a member's club and a member's self-serving institution and not an industry. From the facts of the instant case before us we find that the Durgapur Club also carries same sorts of activities as those done by the Madras Gymkhana Club and accordingly it cannot be an industry as laid down in these rulings. The Hon'ble Supreme Court of India has observed in this case :

> "The definition of 'Industry' is in two parts. In its first part it means any business, trade, undertaking, manufacture or calling of employers. This part of the definition determines an industry by reference to occupation of employers in respect of certain activities. ....The second part views the matter from the angle of employees and is designed to include something more in what the term primarily

denotes. By the second part of the definition any calling, service, employment, handicraft or industrial occupation or avocation of workmen is included in the concept of industry. ....But the second part standing alone cannot define 'industry'. ....The principles so far settled come to this. Every human activity in which enters the relationship of employers and employees, is not necessarily creative of an industry. Personal services rendered by domestic and other servants, administrative services of public officials, service in aid of occupations of professional men, such as doctors and lawyers, etc., employment of teachers and so on may result in relationship in which there are employers on the one side and employees on the other but they must be excluded because they do not come within the denotation of the term 'industry'. Primarily, therefore, industrial disputes occur when the operation undertaken rests upon co-operation between employers and employees with a view to production and distribution of material goods, in other words, wealth, but they may arise also in cases where the co-operation is to produce material services. ....It is, therefore, clear that before the work engaged in can be described as an industry, it must bear the definite character of 'trade' or 'business' or 'manufacture' or 'calling' or must be capable of being described as an undertaking in material goods or material services. ....Where the activity is to be considered as an industry, it must not be casual but must be distinctly systematic. ....The Union contends that the club in the present case must also be treated as an industry. In fine the claim is based on the following considerations : (a) that the club is organised as an industry is organised on a vast scale with multifarious activities, (b) that facilities of accommodation, catering, sale of alcoholic and non-alcoholic beverages, games, etc. are provided, (c) that the club runs parties at which guests are freely entertained, and (d) that the club has established reciprocal arrangements with other clubs for its members. In our opinion none of these considerations is sufficient to establish that the club is an industry within the Industrial Disputes Act."

Applying these rulings of the Hon'ble Supreme Court of India to the facts of the instant case before us it is clear that the Durgapur Club cannot be said to be an industry within the meaning of the Industrial Disputes Act. I may also refer to the decision of the case of Cricket Club of India Vs. Bombay Labour Union (A. I. R. 1969 S. C. 276). The facts of that case showed that the Cricket Club of India was a Members' Club and not a proprietary Club though it was incorporated as a Company under the Companies Act. The principal objects of the club were to encourage and promote various sports, particularly the game of cricket in India and elsewhere, and also to finance and assist in financing cricket matches and tournaments. In addition, it provided a venue for sports and games as well as facilities for recreation and entertainment for the Members. It maintained Tennis Courts, Indoor Games and a Swimming Pool. The Club had also provision for residence of members. Members occupying these residential flats and rooms were charged. There was also a Catering Department which provided food and refreshments for the members coming to the Club as well as those residing in the residential portion, and it also made arrangements for dinners and parties for outside agencies on special occasions at the request of members. But such occasions were very few and were not such as to amount to a regular feature. The affairs of the club were managed by an Executive Committee and various honorary office-bearers. Apart from all these, there were a certain number of buildings just outside the Stadium which were let out for use as shops and offices by business concerns. The income that the club earned was primarily from these last mentioned constructions. It was held in that case that Cricket Club of India was not an "industry". It was a self-service club.

The activities of the Durgapur Club as appear from the evidence are in some respect similar to those of Cricket Club of India and hence from the rulings it is clear that the Durgapur Club cannot be an industry. I may also refer to the decision of the Hon'ble Calcutta High Court in the case of Asiatic Society's Employees Union Vs. Asiatic Society and others as reported in Factories and Labour Reports 1970 (20) page 54 where the Hon'ble Court has discussed all the relevant rulings of the Supreme Court of India in this connection and it has observed that the concept of 'industry' postulates partnership between capital and labour but any activity in which there is co-operation between the employer and the employee is not an industry. It will be an industry only if the co-operation is directly and necessarily involved in the production of the goods or in the rendering in the service which is the object of the establishment concerned, and the contribution made by the employer is of capital.

Thus on a careful consideration of all the facts and circumstances and the principle of laws as discussed above I find that the Durgapur Club is not an industry within the meaning of the Industrial Disputes Act and hence the present dispute is not an industrial dispute and as such this Tribunal has no jurisdiction to entertain this dispute.

This is my award.

AWARD

By Labour Department, order No. 3756-I.R./IR/11L-331/69, dated 30th May 1969, the Governor was pleased to refer the instant dispute between Messrs. Purushottam Traders Private Limited, 29 Strand Road, Calcutta-1, and their workmen represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas, and Hooghly, 19/2A Pitambar Ghatak Lane, Calcutta-27, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

Whether refusal of employment to Shri Deo Narayan Rai is justified? To what relief, if any, is he entitled?

On receipt of usual notices the workman filed his written statement on 13th February 1970. The Company did not file any written statement. The case of the workman is that he was a driver of the Company at a salary of Rs. 200 per month. He further says that he went on leave with effect from 1st September 1968. After the expiry of the leave he resumed his duties but he was not given any work. So he wrote to the Company requesting it to allot him duties but the Company did not reply. Then he sent complaint to the Labour Commissioner which culminated in this reference.

Though the Company did not file any written statement at the time of hearing it raises a preliminary point. Its contention is that as the dispute is an individual dispute and the case of the workman is not sponsored by the Union or a large number of workmen of the Company this reference under section 10 of the Industrial Disputes Act is not maintainable. The workman does not challenge the correctness of this contention. As a matter of fact after this reference the workman himself requested the Government to make an appropriate reference in respect of his dispute under section 10 read with section 2A of the Act and in pursuance of his request another reference of the same dispute under section 10 read with section 2A of the Act was made and that reference is pending. In view of the fact that this reference under section 10 of the Act relates to an individual dispute which is not sponsored by the Union or any large number of workmen it is not maintainable.

In view of the above this Tribunal does not enter into the merits of the dispute.

Present :

Present for the Society : Shri A. C. Dhar, Advocate.

Present for the Union : Shri Patit Paban Pathak, an officer of the Union.

By the Government of West Bengal, Labour Department, order No. 4327-I.R./IR/11L-394/67, dated the 2nd September 1967, this industrial dispute between The Marwari Relief Society and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below :

Issue

Whether the dismissal of Shri Ram Bachan Pandey is justified ? To what relief, if any, is he entitled ?

On receipt of notice both the parties made appearance and filed their respective written statements. The facts of the case are as follows:—

Shri Ram Bachan Pandey was employed by The Marwari Relief Society in the capacity of in-charge of the Seva Bibhag and the Arogya Bhawan. Poor students used to be given books free of cost by the Society. Sm. Namita Sen, a teacher of the Marwari Relief Society, wanted a book for her daughter in February 1965, and she approached Ram Bachan for the purpose. As directed by Ram Bachan Pandey she herself purchased the book at a cost of Rs. 25. Ram Bachan said that he would pay only Rs. 15 to Sm. Namita Sen. Ram Bachan Pandey also asked her to produce cash memo. Accordingly Sm. Namita Sen produced a cash memo. On the basis of that cash memo. Ram Bachan Pandey submitted a bill to the Society. The bill was passed by the Society. The allegation was that it was discovered that the cash memo. submitted to the Society by Ram Bachan was originally for Rs. 1.75 P. and that he changed the amount of Rs. 1.75 P. into Rs. 14.75 P. In this way he misappropriated Rs. 13. Accordingly a charge-sheet was issued against Ram Bachan Pandey and another charge-sheet was issued against Sm. Namita Sen. Ram Bachan submitted his explanation to the charge-sheet which was found to be unsatisfactory by the Society. Then an enquiry was ordered by the Society in regard to the charge against Ram Bachan. The enquiry was conducted by Shri Sitaram Kedia. Shri Kedia came to the conclusion after the enquiry that Ram Bachan was guilty of the charge levelled against him. The Society then dismissed Ram Bachan Pandey from service. As a reference was pending before the Tribunal at the relevant time in respect of the Society and its workmen, the Society filed an application under section 33(2) (b) of the Industrial Disputes Act before the Tribunal seeking approval of the action of dismissal that it had taken against Ram Bachan. Approval to the order of dismissal was accorded by the then Presiding Officer of this Tribunal. Thereafter Government was moved by the Union on behalf of Ram Bachan Pandey. Conciliatory attempts by the Labour Directorate having failed the present reference has been made by the Government to this Tribunal.

The first point for determination is whether the enquiry held by Shri Sitaram Kedia was fair and proper, and whether Shri Pandey was given full opportunity of defence by the enquiry officer. Ext. E is the enquiry proceeding. The Union has filed a written statement in this case alleging that the enquiry was neither fair nor proper, that Shri Ram Bachan Pandey was not allowed to put questions and that his statements were not properly recorded by the enquiring officer. Even though the above allegations were made by the Union at the first instance, the Society did not care to examine the enquiring officer in this case. P.W. 1 Shri Ram Bachan Pandey, the concerned workman, says that at the time of enquiry he made protests and that those protests were not noted down by the enquiring officer. The Society did not produce the enquiring officer to deny the allegations of Ram Bachan on solemn affirmation. That being so the allegations of Ram Bachan Pandey on this point cannot but be believed. It has been proved in this case that at the time of enquiry the workman concerned made protests and that those protests were not recorded by the enquiring officer. It is, therefore, clear that the enquiring officer did not give full opportunity to the concerned workman to defend himself. So I find that the enquiry that was held by Shri Sitaram Kedia was not fair and proper, and that he did not follow the rules of natural justice. Reliance cannot be placed on the enquiry proceeding as the enquiring officer did not come forward to say on solemn affirmation that he recorded the enquiry proceedings correctly. Ram Bachan was dismissed from service on the basis of the report submitted by the enquiring officer. But I find that the enquiry was not fair and proper. So in deciding the question as to whether the Society was justified in dismissing Ram Bachan Pandey, the enquiry proceedings should be left out of consideration. The Society, however, led evidence in this case to prove that Ram Bachan was guilty of the charge levelled against him. The Society is legally entitled to adduce evidence before the Tribunal in order to prove that Ram Bachan was guilty of the charge. Ext. A is the charge-sheet in question. According to this charge-sheet Ram Bachan himself purchased the book on 16th

February 1965 at a price of Rs. 1.75 P. At the time of evidence it was admitted by the main witness of the Society that the book was not purchased by Ram Bachan Pandey. O.P.W. 1 Sm. Namita Sen is the main witness of the Society. Her clear evidence is that she herself purchased the book and gave the same to Ram Bachan. So it is clear that the first allegation in the charge-sheet is baseless. It is, however, to be seen as to whether Ram Bachan was guilty of the charge of misappropriation. According to the Society Namita Sen produced a cash memo. for Rs. 1.75 P. to Ram Bachan, that Ram Bachan changed the figure of price in the cash memo. making it Rs. 14.75 P. and thereby misappropriated a sum of Rs. 13. O.P.W. 1 Namita Sen says that the cash memo. that she handed over to Ram Bachan was of Rs. 1.75 P. only. If her evidence is taken to be true, then it may be taken that Ram Bachan Pandey changed the figure of the amount Rs. 1.75 P. to Rs. 14.75 P. The question is whether the evidence of Namita Sen is true or not. Ext. F(2) is the cash memo. in question. This is a cash memo. for Rs. 14.75 P. It seems that the figure '4' of Rs. 14 in the column of 'Rs.' was written by a different pencil. The question is whether this interpolation was made by Ram Bachan after the cash memo. was handed over to him or this interpolation had been there before it was made over to Ram Bachan. It is the evidence of Namita Sen that she purchased the book at the cost of Rs. 25, and that Ram Bachan Pandey promised to pay her Rs. 15 only. So, if Ram Bachan had promised to pay Rs. 15 to Namita Sen, then the former had no reason to ask to produce a cash memo. of the value less than Rs. 15. It may be that Namita Sen purchased the book at a nominal price and that she produced a cash memo. of Rs. 14.75 P. after making the interpolation herself. It may be that Ram Bachan could not detect the interpolation when he received the cash memo. from Namita Sen. It is most probable that Namita Sen made the interpolation in order to obtain money from Ram Bachan Pandey. The case of the Society is that Ram Bachan Pandey purchased the book. But the evidence shows that Ram Bachan did not purchase the book. It was not Ram Bachan Pandey who obtained cash memo. from the shop-keeper. It was Namita Sen who obtained cash memo. from the shop-keeper. Ram Bachan promised to pay Rs. 15 to Namita Sen for purchase of the book. So Ram Bachan had no reason to ask Namita Sen to produce a cash memo. of a lesser amount than Rs. 15. Considering all these facts it is difficult to think that the interpolation in the cash memo. was made by Ram Bachan Pandey. It is more probable that the interpolation was made by Namita Sen. It is therefore probable that in order to conceal her own guilt Sm. Namita Sen deposed falsely. No reliance can be made on the evidence of Namita Sen. O.P.W. 2 Shri Jagannath Prosad Sharma and O.P.W. 3 Shri Bhagabati Prosad Bhagat say that they visited the shop in question from where the cash memo. was issued and that they found that the duplicate cash memo. was for Rs. 1.75 P. only. The duplicate cash memo. has not been produced in this case. So no reliance can be placed on the evidence of these two witnesses. Even if it be taken that these two witnesses have spoken the truth, it cannot be said that Ram Bachan is guilty of misappropriation of the sum of Rs. 13, for, it is clearly proved in this case that the purchase of book was made by Namita Sen, and the cash memo. was obtained by her. The question is whether the evidence of Namita Sen should be believed or not. As I find that it is more probable that Namita Sen made the interpolation in the cash memo. question, it is not possible to rely on her evidence. Thus it has not been proved that Ram Bachan made the interpolation or that he is guilty of misappropriation of the Society's money. It may be that that according to the Society's rule Ram Bachan should have purchased the book. But that question cannot be gone into in this case. The Tribunal is limited to the charge that has been levelled against Ram Bachan Pandey. The Tribunal cannot go beyond the charge. In my opinion it has not been at all proved that Ram Bachan is guilty of the charge in question. On the other hand, the probability is that Namita Sen obtained money by producing forged cash memo.

In my opinion the Society was not at all justified in dismissing Ram Bachan Pandey. He is entitled to reinstatement and back wages.

It is, therefore, directed that the Marwari Relief Society shall reinstate Shri Ram Bachan Pandey in his former post of employment and pay him all back wages within one month from the date of publication of the award in the "Calcutta Gazette".

AWARD

By Labour Department, order No. 5866 I.R./IR/11L-331/69, dated 5th August 1969 the Governor was pleased to refer the instant dispute between Messrs Purushottam Traders Private Limited 29 Strand Road, Calcutta-1 and their workman Shri Deo Narayan Rai represented by Motor Workers' Union, Calcutta, Howrah, 24-Parganas and Hooghly, 19/2A Pitambar Ghatak Lane, Calcutta-27 under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808 I.R./IR/3A-2/57 dated the 11th March 1957, for adjudication, on the following issue :

Issue

Whether termination of service of Shri Deo Narayan Rai by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

On receipt of usual notices the parties appeared. The workman filed his written statement on 26th September 1969 and the Company filed its written statement on 25th November 1969. Preliminary steps having been taken the case was fixed for hearing. On 21st May 1970 the workman examined himself in support of his case and produced certain documents which were marked exhibits. On the prayer of the Company the reference was adjourned to 27th May 1970 on which day one witness was examined on behalf of the Company and the argument was heard.

Admittedly the workman Shri Deo Narayan Rai was a driver of the Company named Purushottam Traders Pvt. Ltd. from 1957. He went on leave for two months from the beginning of September 1968 and was due to resume his duties at the beginning of November. The case of the workman is that after the expiry of his leave he resumed his duties and worked for 15/16 days. Thereafter the vehicle of the Company was kept idle for alleged want of petrol and though he attended office regularly he was not given any work. So on 1st December 1968 he sent a letter to the Company asking it to allot duties to him. As even after this he was not allotted any duty he complained to the Labour Commissioner which culminated in this reference. The workman prays for reinstatement with back wages.

The case of the Company is that the workman did not resume his duties for a long time even after the expiry of his leave. So it was presumed that he abandoned his job and a substitute was appointed. So when after 4 or 5 months the workman approached the Company for permission to resume his duties he could not be taken back.

It is admitted that no charge-sheet was issued against the workman, there was no domestic enquiry against him and no letter of dismissal was served on him. As a matter of fact the Company's case is that the services of the workman were not terminated but he abandoned or relinquished his service. In the decision of N. A. Hakim Vs. Asia Publishing House, Bombay, reported in 1964 F. L. R. (9), 66 it has been laid down that abandonment or relinquishment of service is always a question of intention, and, normally, such an intention cannot be attributed to an employee without adequate evidence in that behalf. In the decision of Buckingham and Carnatic Company Ltd. and Venkatayya and another reported in 1963 (2) L.L.J. 638, the Hon'ble Supreme Court has held that it is true that under common law an inference that an employee has abandoned or relinquished service is not easily drawn unless from the length of absence and from other surrounding circumstances an inference to that effect can be legitimately drawn and it can be assumed that the employee intended to abandon service. So the onus of proving that the employee abandoned or relinquished his service is on the employer. In order to establish that an employee abandoned the service the employer must adduce evidence sufficient to lead to that conclusion. In order to discharge this onus the Company has examined O.P.W. 1 Shri G. D. Khandelwal who is the Sales Manager of the Company. Shri Khandelwal says that the workman did not report for his duty even after the expiry of the period of his leave. In cross-examination Shri Khandelwal admits that 4/5 months later Deo Narayan turned up and wanted to join. But the Company told him that as a driver had already been appointed by the Company Deo Narayan could not be allowed to resume his duties. The case of the Company is that from the long absence of Deo Narayan the Company presumed that the former abandoned or relinquished his service. In answer to the Tribunal's question Shri Khandelwal says that so far as he remembers the substitute of Deo Narayan was appointed in the middle of November 1968. Admittedly Deo Narayan went on leave for two months from the beginning of September 1968. He was due to join at the beginning of November of that year. So according to Shri Khandelwal the Company waited for Deo Narayan to report for 15 days and then appointed a new hand as a driver. It is admitted that Deo Narayan had been serving as a driver of the Company since 1957. It appears from Ext. 4 that he was allowed an increment of Rs. 25 per month with effect from 1st September 1967. It appears, therefore, that not only Deo Narayan had been serving the Company for a long time but he was doing so faithfully to the satisfaction of the Company. In the circumstances the Company should not have come to the conclusion on account of Deo Narayan's absence for about 15 days that the latter abandoned the job of the Company. The circumstances in this case did not justify the Company to draw a presumption that Deo Narayan abandoned his job. It will, however, appear that the Company's case is not true. On 1st December 1968 Deo Narayan sent a letter to the Company complaining that though he had been attending his duties he was not allotted any duty. Shri Khandelwal at first says that the Company did not receive this letter. But in the next breath he says that he is not sure if the Company received this letter. According to Deo Narayan this letter was sent by registered post. Ext. 2 is the postal receipt and Ext. 3 is the acknowledgement. The acknowledgement bears a signature and the seal of the Company. The letter was addressed to 29 Strand Road, Calcutta 1. Shri Khandelwal admits that the Company receives letters addressed to the above address. I am satisfied that the Company received this letter. The Company did not send any reply to it. Shri Khandelwal does not specifically say that the allegations contained in this letter are untrue. But he indirectly says that the allegations are not true because he says that even after the expiry of the leave Deo Narayan did not reports for duty. But Shri Khandelwal has to admit in cross-examination that there is a General Manager of the Company who generally looks after the attendance of other employees. He further admits that the General Manager is a more competent witness to depose regarding the attendance of Deo Narayan after the expiry of the leave. Curiously the General Manager has not been examined and no explanation is forthcoming regarding the failure of the Company to examine its General Manager. The Company has produced its pay register and with reference to it the Company says that this pay register will show that Deo Narayan did not resume his duties after the expiry of the leave. The pay register is a record for payment of salary. Deo Narayan also does not say that he was paid his salary for November 1968. This pay register does not prove anything. Moreover, this pay register shows that even in respect of the month of November 1968 the name of Deo Narayan was entered but subsequently penned through. Deo Narayan on his part says that he resumed his duties after the expiry of the leave and worked for about 15/16 days. Thereafter the vehicle of the Company was kept idle on the alleged plea of non-availability of petrol and though he attended office regularly he was not given any work. He has not broken down in cross-examination. I found a ring of truth in the deposition of Deo Narayan. I am, therefore, satisfied that Deo Narayan reported for duty even after the expiry of the leave. So the Company was not justified in appointing a driver in place of Deo Narayan, on the wrong assumption that Deo Narayan abandoned or relinquished his job. Deo Narayan Rai is, therefore, entitled to reinstatement with back wages. It is admitted that Shri Deo Narayan Rai used to draw a salary of Rs. 200 per month. He is entitled to back wages up to his date of reinstatement. The award must be implemented by the Company within one month from the date of its publication in the "Calcutta Gazette".

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Sri Durga Cotton Spinning and Weaving Mills Ltd., and their workmen representel by (1) Sree Durga Cotton Mills Mazdoor Union and (2) Sree Durga Cotton Spinning and Weaving Mills Workers' Union, to this Tribunal by its order No. 9320 I.R., dated 31st December 1968, under section 10 of the Industrial Disputes Act for adjudication of the matter on the following issue:

Issue

Whether there should be introduced system of rotational shift duty of the workmen in the Sri Durga Cotton Spinning & Weaving Mills Ltd., Konnagar, Hooghly? If so, what relief will the workmen be entitled to for their work in the night shift?

This Tribunal received this reference on 3rd January 1969.

Pursuant to usual notices, all the parties entered appearance and on behalf of the unions, there are two unions, written statements were filed? Sree Durga Cotton Spinning & Weaving Mill Workers' Union filed its written statement on 24th March 1969 and Sree Durga Cotton Mills Mazdoor Union filed its written statement on 8th April 1969. On 4th August 1969 management filed its written statement. Thereafter, documents were filed by the respective parties and I took up hearing of the case on 26th February 1970. Oral as well as documentary evidence was adduced on behalf of all the parties.

Virtually there are two issues rolled up in one. Those two issues are severable. One is whether rotational shift duty system of the workmen of Sree Durga Cotton Spinning and Weaving Mills Workers' Union should be introduced and secondly if it is introduced what relief the workmen would be entitled to for their work in the night shift.

On behalf of the workmen represented by Sree Durga Cotton Spinning and Weaving Mills Workers' Union, represented by Mr. Sriman, it has been stated in its written statement that Sri Durga Cotton Spinning and Weaving Mills Ltd., is a prosperous concern. There are three shifts altogether. Its grievance is as stated in the written statement that the workers working in a particular shift used to work in the same shift continuously without any change of shift. Thus, the workers of the night shift had to work in night shift for years together. It further appears from the written statement that for one year there was a change over of shifts and the period of night shift work was reduced to 7½ hours from 8 hours. Its grievance is due to representation of some of the workmen, the grievance of 224 workmen who wanted rotational system of shifts was overlooked and the Company reverted to its own position keeping the workmen of night shift in a static way without any change or rotation. The matter then went up before the Assistant Labour Commissioner, Chandernagore, for his intervention on 4th May 1965. Several tripartite meetings were held at the intervention of the Labour Directorate. Conciliation proceedings also proved ineffective and as a result, the present reference has been made for adjudication. In paragraph 16 it states that such a fixed night shift tells upon the mental and physical condition of the workmen who are attached to such night shift. Social and family life is greatly impaired. It also enlightens the Tribunal in paragraph 18 that rotational shift duty is in existence in some other departments of the Company and as such there should not be any discrimination in introducing rotational system to Weaving and Spinning and other departments which have no such rotational system. It also enumerates the names of the other concerns which have such rotational system. In paragraph 20 it states that in the interest of justice and on the ground of equity and social justice, rotational system should be introduced and the workmen should be paid compensatory allowance for work in the night shift and it claims that .75 P. to be paid to each workman as night shift allowance per day.

The other Union Sree Durga Cotton Mills Mazdoor Union, represented by Mr. Daschowdhury, who claims to have support of 80 per cent. workmen of the factory takes a somewhat different stand for introduction of rotational system of shift. In paragraph 12 it states that the system of rotation can only be successful if the workmen agree to the same voluntarily and it is kept as optional. In paragraph 17, for the purpose of squaring up of the dispute, it makes some suggestion that night shift allowance at the rate of one rupee per head should be made; that the Company should invite option of the workmen whether they want to work in day or night shift and on the basis of which option, the workmen should be attached either in day shift or in the night shift that the old workers, in the event of resignation or retirement of service in the day shift should be reverted to the day shift from the night shift and those new recruits would be recruited only to work in the night shift, but in case of genuine difficulty of work in the night shift the Company should consider the same and if satisfied he will be transferred from night shift to day shift in consultation with the Union.

On behalf of the Sree Durga Cotton Mills Mazdoor Union, three workmen deposed and they are (1) Ramesh Ch. Dey, P.W. 1, (2) Anil Kr. Bose, P.W. 2, and (3) Haripada Das, P.W. 3. According to the evidence of P.W. 1 only 25 per cent. of the workmen wants that night shift by rotation should be introduced and rest does not want that on the following reasons: Those who are attached to the particular shifts know their time and as such they can earn a little by working elsewhere as pedlar, as tutor and as cultivators and if rotational system is introduced then they will have to abandon those subsidiary little works and it would upset their financial position and another reason is that those night shift workmen who come from distance will have to put up in the boarding house for doing night shift work and it will put further pressure upon their purse. He states that night shift by rotation may be introduced if the management condescends to give some allowance for night shift workers. He states in cross-examination that in some departments, namely, Electric, Sizing, Warping and Winding, shifts rotate and that rotational system is going on for last 6/7 years. Mr. J. Dey appearing on behalf of the management cross-examined only on the point of financial capability of the Company and it appears that payment to the workmen has become irregular—presumably by that it was meant that Company was feeling difficulties to make regular payment for paucity of fund.

P.W. 2 does not want rotation because in the morning he hawks some small articles. He says 'if we get some night shift allowance then the majority who are objecting will condescend to rotation of C shift. Even if the night shift allowance is accorded those who come from a distant place will not agree'. He mentions in his cross-examination that Luxmi Narayan Cotton Mill workers get night shift allowance, but he could not enlighten the Tribunal about the rate.

It appears from the evidence of this witness that there was a system of filling up of a form at the time of the first recruitment and one has to cast his option in which shift he will work and this became a condition of service—the fact, however, has not been pressed by any dependable evidence.

On behalf of the Sree Durga Cotton Spinning & Weaving Mills Workers' Union, several witnesses were examined and they are (1) Debendra Poddar, P.W. 4, (2) Jitendra Nath Das, P.W. 5, (3) Narendra Ch. Nandi, P.W. 6, (4) Golam Mahiuddin, P.W. 7, (5) Ajit Kr. Sen, P.W. 8, and (6) Ranjit Banerjee, P.W. 9. P.W. 4 insists on introduction of rotational system. Amongst other things he proves a document containing signatures of C shift workers demanding introduction of rotational system. I may quote here the relevant clause of the petition marked Ext. 2, "that your petitioners workmen are in favour of introduction of rotational shift working system in the factory along with other consequential relief for working in night shift". He further testifies to the fact that other comparable concerns like Bengal Fine, Basanti Cotton Mill, Luxmi Narayan Cotton Mills, Rampurias have such rotational system and Bengal Fine and Luxmi Narayan Cotton Mills also give allowance for night duties. He further apprises the Tribunal that in Sri Durga Cotton Mills A and B shifts have relay system but not in C shift, and such continuous work affects eyes and bodies.

Mr. Daschowdhury, mainly cross-examined him on the document Ext. 2 which however I accept as trustworthy. To the cross-examination of Mr. J. Dey he says that management introduced for one year rotational shift duty and at that time the workers did not press for night allowance.

Narendra Ch. Nandi, P.W. 6, disputes the fact that there was any such condition at the time of the appointment that one would be attached in the C shift only. He further says that "after hours of duty in C shift neither I have time to do any work nor have I any time for sufficient rest. I have no subsidiary business. P.W. 2 is my nearest neighbour. He works in A shift. He owns no shop. We did not want that we shall be working in C shift for all time. I feel severe difficulty. I live in a block where many other families live side by side. When in day time I come to sleep some other person regardless of my difficulty play on radios and other things with much disturbance to me". He laments his lack of social and family facilities from which he has been deprived of due to works in C shift years in and years out. He is very naive in his expression of his difficulties. It may be mentioned here that he is the Assistant Secretary of the Union and he apprised the Tribunal that many workers have contacted tuberculosis due to night shift work and he asserts that there should be a change of shifts. To the cross-examination of Mr. Daschowdhury he stated "we want rotation with night shift allowance, but for the sake of our health we want rotation even without night shift allowance". Golum Mahuddin, P.W. 7, who is the executive member of B. P. T. U. C. testifies to the fact that in most of the mills of West Bengal there is rotational system and he further deposes before the Tribunal that in that region only Sri Durga Cotton Mills has no rotational system. He further states that some of the mills give Rs. 5 per month as night shift allowance per head but the managements do not give the same as a precedent. P.W. 8 corroborates the fact that in some departments of this concern there is rotational system and that change of shift has been introduced for last 6 years in those departments and in those departments shift changes at an interval of one month. It may be mentioned that Ajit Kumar Sen, P.W. 8, is in the Winding Department and his shift changes and therefore when he says "we do not want rotation without night shift allowance" very little consideration can be given to his statement because he enjoys rotational system. P.W. 9 was subpoenaed by the Workers' Union. He is a workman of Bengal Fine at Konnagar and he is the Secretary of the Union of that concern. He testifies that there has been a system of change of shift in Bengal Fine Spinning and Weaving Mill and he further testifies that those who work in the night shift get night shift allowancee at the rate of Rs. 5 per month and he explains the position by saying that when those workmen work in the night shift they get an extra amount of Rs. 5 per month. He mentioned 2 other concerns who give much more allowance. Mr. J. Dey cross-examines him to show that Bengal Fine is not a comparable concern, but it appears that Bengal Fine is a composite mills which manufactures yarn as well as cloth.

On behalf of the management there is only one witness and he is the officiating Mill Manager, Shri Sudhir Kr. Roy, O.P.W. 1. In his evidence he is very much concerned about the financial condition of the Company and in the concluding portion of his examination-in-chief he states that if the Company pays even one rupee per head per night as demanded by the Union it will cost the Company one lakh per annum, which the Company is unable to bear. In cross-examination by Mr. Srimani he says that the management has no objection to introduce rotational system if both the Unions agree to switchover to rotation. He further says that night shift workers get some benefit at least in the shape of less period of work, because they work 7½ hours instead of 8 hours. Subsequently as per direction, Company produces its profit and loss account and balance-sheets for three consecutive years starting from 1967 ending in 1969 and it appears from the said profit and loss account and balance sheet that there was a profit of Rs. 1,54,000 in 1967, but for the years 1968 and 1969 there was loss.

Now the first question is whether there should be introduced rotational system for the workmen of Sri Durga Cotton Spinning and Weaving Mills Ltd. To my mind, fixed night duty for some of the workmen days in and days out without any prospect of switching over is a precarious condition for the labourers. P.W. 6 who is also the Assistant Secretary of the Union has struck a correct note when he states that it upsets the normal social and family life to force some people to work under such trying condition even on the plea that there is express or implied contract that they should work and if that ground is accepted it would amount to perpetuate an injustice. Mr. Daschowdhury's suggestion cannot be accepted as it is either. It will create some uncertainty without any firm and tangible result or benefit even. There cannot be any two opinions of the fact that night work is deleterious to health. Constant vigil in the night no doubt causes breakdown of health and even if there was no evidence of such breakdown of health of any witness, I could have presumed it. Furthermore, there is evidence that in some departments of the mill such rotational system is in vogue. Although Shri S. Roy, officiating Mill Manager, purported to make light of such a fact by saying that such rotational system in some departments is irregularly worked, but I have got no doubt in my mind by analysing the evidence adduced by the Unions and the management that in some departments such rotational system is there and this discrimination is also unjustified. Besides, there is clear evidence that like concerns in the same region have also rotational system. The difficulties voiced against introduction of such system do not stand to reason nor do I regard all of them as acceptable.

Under the circumstances, I answer the first part of issue No. 1 in the following manner :—

> There should be introduced the system of rotational shift duty of the workmen of the mill.

The next question yet to be answered is what relief the workmen would be entitled to for their work in the night shift ?

Mr. J. Dey, learned Advocate for the management while winding up his argument told me that any night shift allowance awarded by me will be the last straw on the camel's back and the Company would not be able to bear it. He refers to the profit and loss account and states that for the last 2 years the Company has been carrying on business at a loss, but Mr. Daschowdhury and Mr. Srimani drew my attention to the fact that there was enough capital reserve. Whatever it may be, it is true that textile concerns in West Bengal are not having a good time. All the witnesses that deposed before me on behalf of the Union excepting one or two reiterated their demand for night shift allowance. I must make it clear that night shift allowance as a general principle of industrial law is not imperative if a rotational system is introduced, but at the same time I find from the evidence which I have got no reason to disbelieve that in many concerns in the region night shift allowance is awarded and on the face of it if this Company does not allow it to its workmen there is bound to be a simmering discontent. I specially make a note of the evidence adduced by Shri R. Banerjee, P.W. 9, who is a workman from Bengal Fine and Secretary of its Union and Shri Golam Mahiuddin, P.W. 7, who is an executive member of B. P. T. U. C. From the evidence of these two witnesses I find that minimum night allowance as given by some of the concerns is Rs. 5 per month. It is contended on behalf of the management that the night shift workers work for a period which is ½ hour less than the day shift workers. But that is a poor consolation. To work throughout the night with a negligible rest is nothing in comparison with their counterparts working in the day. I propose to allow a night shift allowance at the same flat rate to those who will work in the night shift as a compensatory allowance. Such a night shift allowance will not put such a heavy pressure upon the financial capacity of the management so as to upset its financial balance and at the same time it will give a psychological and also a material fillip to the workmen concerned. Hence, I answer the second part of the issue No. 1 in the following manner :—

> C shift workers while they would be working in the night shift would get an extra allowance to be computed at a flat rate of Rs. 5 per month ; if in any particular month night shift workers do not work for a complete one month, there will be pro-rata reduction of night shift allowance calculating it at a rate of Rs. 5 per month.

Before I conclude, I should make a recommendation and I hope that the management will accept it that the Company would see not to employ any workman whose age is more than 50 to work in the night shift even in the rotational system unless the workman himself volunteers to do so.

The award would come into effect and the management will implement it on and from 1st of July 1970.

This is my award.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Lakshmishree Press and their workman Shri Sital Ch. Roy, represented by Calcutta Press Workers' Union, to this Tribunal by its Order No. 8487-I.R., dated 4th November 1969, for adjudication of the matter under section 10 of the Industrial Disputes Act on the following issue:—

Issue

1. Whether the termination of services of Shri Sital Chandra Roy is justified? What relief, if any, is he entitled to?

This tribunal received the aforesaid reference on 8th November 1969.

Pursuant to usual notices, respective parties entered appearance and filed their written statements. Necessary documents were filed as per directions and hearing of this matter was taken up on 28th May 1970.

On behalf of Calcutta Press Workers' Union representing the workman concerned, Shri Sital Ch. Roy, five witnesses, namely, Shri Monoranjan Mukherjee (P.W. 2), Shri Rabindra Nath Pathak (P.W. 3), Shri Shyama Charan Das (P.W. 4), Shri Janardhan Das (P.W. 5) and Shri Sushil Kr. Aich (P.W. 6), besides Shri Sital Ch. Roy himself deposed. On behalf of the management Shri Dharani Kanta Ghosh (O.P.W. 1), Shri Sudhir Ch. Ghosh (O.P.W. 2) and Shri Panchanan Pal (O.P.W. 3) (all of them are partners) deposed.

The case of the workman concerned is that as he participated in the trade union activities to ameliorate the condition of the workmen, the management bore grudge against him and on 11th January 1969 at about 7 p.m. two partners of the company Shri Panchanan Pal and Shri Sudhir Ch. Ghosh entered the machine room and started beating Shri Sital Ch. Roy on the false allegation that he had stolen some money. Some other workmen, namely, Shri Bâdal Ch. Khamrui, Rabindra Nath Pathak, Monoranjan Mukherjee, Janardhan Das and Shyamapada Das rushed to the spot and saved him. Thereafter two partners dragged him inside the office and started assaulting him mercilessly; it is further alleged that the two partners insisted on his dissociating with trade union activities and forced him to put his signature on a piece of paper and on 13th January 1969 when Sital Roy went to join his duty he was not allowed to join and on the same date he wrote a letter to the management denying the false, baseless and malicious charges brought against him and protesting against the physical assualt on him by two of the partners. His grievance is that no domestic enquiry was held and he was refused to join his duty on 13th January 1969 on a false charge. The matter was then referred to the Labour Commissioner. The company, however, did not attend any of the joint conference, the matter was ultimately referred to this Tribunal. The workman concerned wants to be reinstated and asks for all the past wages with continuity of service.

The management firstly raised a preliminary objection that the order of reference is not maintainable and incompetent as the government failed to apply its mind to the facts and circumstances of the dispute, and on the merits its case is that the allegations made by the workman concerned are baseless. Its main defence is that Sital Ch. Roy voluntarily left the job after tendering his letter of resignation. It further states that it had had no knowledge of Union activities of the workman concerned. The company denies that he was ever coerced to sign any paper but he admitted and confessed his guilt, and on being confronted, he volunteered to resign and resigned, and the said paper was also countersigned by some of his co-workers. After such resignation he never approached the management. The company states that since he resigned, the question of domestic enquiry did not arise. In paragraph 11 of the written statement the company specifically states that his resignation is voluntary and he put his signature in the resignation letter on his own accord. It denies that the company ever dismissed or terminated his job as alleged and it reiterates that it was a case of voluntary resignation.

Mr. J. Banerjee, at the time of opening of the case represented to this tribunal that he would argue on the preliminary objection after evidence would be gone into and he did so. His preliminary objection is that the workman states in his written statements that he was refused employment on and from 13th January 1969 but the issue is termination of service which he argues is quite different from refusal of employment and therefore, the real dispute as agitated by the workman concerned has not been referred to the Tribunal. To this objection I may only state that Mr. Banerjee is rather too technical. The reference is to be construed not so strictly as he argued but rather liberally. If I am to accept his argument then I have to take too narrow a view regarding the construction of the language of the issue under reference and I have to take a very technical view of the whole matter which is against the tenor of the industrial laws. It will be my duty to construe the issue in a way so as to render it sustainable if it is not otherwise absurd or not otherwise it lacks the cohesion and force of a sustainable interpretation.

In the judgment, The State of Madras v. C. P. Sarathy, reported in AIR 1953, page 53, Their Lordships of the Supreme Court were pleased to observe: "Though it is desirable that the Government should, wherever possible, indicate the nature of the dispute in the order of reference, it must be remembered that in making a reference under section 10(1) the Government is doing an administrative act and the fact that it has to form an opinion as to the factual existence of an industrial dispute as a preliminary step to the discharge of its function does not make it any the less administrative in character. In this case whatever the language of the reference may be, there is no doubt that there existed an industrial dispute and that was with regard to the stoppage of service of Shri Sital Ch. Roy. There might be a very technical flaw to frame the reference, which is, according to the workman concerned, refusal of employment, but by and large the reference correctly indicates that it was with regard to non-employment of Sital Ch. Roy, which was virtually a termination of service and as it has been proved in this case by Exhibits which I have discussed later on, that the service of Sital Roy was actually come to an end and the question that was left to me was whether it was a voluntary resignation or a forced one.

Besides, this is a reference referred to by the Government of West Bengal in exercise of the powers conferred by section 10 read with section 2A of the Industrial Disputes Act, 1947. It runs as follows: "Where any employer discharges, dismisses, retrenches or otherwise terminates the services of an individual workman, and dispute or difference ... ... shall be deemed to be an industrial dispute". Therefore, the words "otherwise terminates the services of an individual workman" are wide enough to cover even a case of refusal by the management to allow any workman to work without pay. Considering all the facts I am inclined to reject the preliminary objection and I am inclined to deal with the matter on its merits.

The case of the workman is that he was coerced, forced and/or under threat to sign the letter of resignation marked Exhibit A, dated 11th January 1969. The said letter which has been duly proved when translated in Bengali runs as follows: "I, Shri Sital Ch. Roy, who have been working for long in Lakshmishree Press have tendered resignation voluntarily from today. I am getting all my dues after adjustment of accounts. I have got no further dues and in future I shall have no other claim", and this is witnessed by Shri Rabindra Nath Pathak, Badal Khamrui and Janardan Das, who are the witnesses mentioned hereinbefore.

The workman concerned (P.W. 1) stated in course of his evidence that he was accused by Shri Dharani Kanta Ghosh (O.P.W. 1) of theft of Rs. 50 on the material date. Then Panchanan Pal and Sudhir Ghosh were about to drive him out. Next day was a Sunday and he went to attend office on Monday but he was refused to join his work. On that material day he was forced to sign some papers which he signed under compulsion. He was not paid anything besides the advance which he took 4/5 days before and the amount was Rs. 60. When he was assaulted, there was no witness. On Monday he lodged a diary at 12 noon in the Thana and thereafter he reported the matter to the Union. Before I come to his evidence in cross-examination I must say that his testimony in chief does not corroborate his case as made out in the written statement. In cross-examination he stated that he was not medically treated. He did not file any complaint in the Magistrate Court and that is all what I have so far the case of assault and coercion are concerned. He volunteered to say that he did trade union activities and so the management was cross with him. He further volunteered to say that his letter of resignation might have been signed by his co-workers after he left. His evidence not only renders his case otiose, but completely undermines it. There is no proper case of compulsion, threat in signing the letter of resignation. In the light of the evidence of Shri Sital Ch. Roy, the evidence of his co-workers in this Tribunal becomes unacceptable. They seek to say further which Sital Ch. Roy did not say. I may point out their evidence very briefly. Shri Monoranjan Mukherjee (P.W. 2) states that he saw Sudhir Babu assaulting Sital Ch. Roy (P.W. 1). In cross-examination he states that Manik Babu, another partner, intervened when he was assaulted and said "do not assault him" and he made a new case when he was asked where Sital Roy was assaulted and he stated that Sital was neither assaulted inside or outside the room, but he was assaulted in a hall. He came to corroborate the case of assault on Sital Roy who himself said that there was no witness who saw that he was assaulted. Shri Rabindra Nath Pathak (P.W. 3) stated that when Sital Roy was assaulted some papers were caused to be signed by him; he himself also signed it. He identified his signature which has been marked Exhibit B. He stated that after Sital Roy signed the letter of resignation, he signed it without knowing the contents thereof. Shri Shyama Charan Das (P.W. 4) stated that he was not present there at the relevant time, he was near the tap for washing when assault was committed and therefore he did not know about the assult. Shri Janardhan Das (P.W. 5) went a step further. He stated that he singed the letter of resignation without knowing the contents thereof because the contents were kept concealed by another paper. This is a new case which was not the case of the workman concerned nor of the other witnesses. I do not like to deal with the evidence of Sushil Kr. Aich (P.W. 6) because he does not throw any light on this aspect.

Shri Dharani Kanta Ghosh (O.P.W. 1) denied any assault. He simply said that Sital Roy voluntarily wrote the letter of resignation. His evidence is that the co-worker (P.W. 4) started assaulting him and the partners intervened and suggested that he should be handed over to the police. Then Sital said "do not hand me over to the police, I am resigning". Sudhir Ghosh corroborated the evidence of Dharani Kanta Ghosh. His evidence is that Shyama Charan Das (P.W. 4) boxed his ear. Rabindra Nath Pathak also slapped him and thereafter the workman came to me and said that Sital Roy was voluntarily leaving his service, "let him be spared for police". Then he called Sital and asked him whether he was really leaving the job on his own accord which was answered in affirmative. After that Sital Roy wrote the body of the letter and signed Exhibit A, it was countersigned by all the co-workers whose signatures are also there. He was paid his dues. He said in cross-examination: "I did not hand him over to the police and I bowed to the desire of the workmen". Shri Panchanan Pal more or less corrborated the other witnesses who proceeded him on behalf of the management.

The whole question is whether Exhibit A was written under threat. The tenor of the documents itself rules out any kind of threat and the entire evidence corroborates the fact that there was no threat attempt from the management. Very material in this case is the evidence of Sital Roy himself. Sital signed Exhibit A and stated nothing at all in support of the case of threat. As a matter of fact, he only stated that he was forced to sign some papers which he signed under compulsion, but his evidence is that there was no witness who saw him being assaulted nor was any witness when he signed the papers. It is rather significant that he did not go to the police-station at once but he waited for 48 hours to lodge a complaint to the police-station. The second factor is the letter, dated 13th January 1969 (Exhibit 1), wherein it was written that the partners made him sign on a blank paper which is a veritable lie because he admits that he wrote out Exhibit A in course of his evidence. His specific evidence is that he wrote the body of the letter Exhibit A himself, wherein he goes on to write that he was voluntarily resigning from service. I also want to refer here to Exhibit 2, dated 15th January 1969, which does not state any assult whatsoever but only refers to some false allegation against Sital Roy.

Analysing the entire evidences, I cannot reconcile myself with the case of the workman concerned that the letter of resignation Exhibit A was caused to be signed by him under threat or compulsion. It was a voluntary act and he was paid all his dues which would appear from the salary book and vouchers which have been proved before me. The workman concerned shifted his case from time to time and this Tribunal is bound to come to a conclusion that he did not know what case exactly was to make to suit his purpose. Therefore, the case of forced resignation is not acceptable. Secondly, the testimony of the corroborating witnesses cannot also be reconciled with his case both intrinsically and extrinsically. No management will dare to assault as it is stated by the workman concerned in front of the other workman. As a matter of fact, I am more inclined to accept the version of the management that the workmen themselves were going to assault, which the management resented. The management was going to hand him over to the police and when the workman concerned found that he was found out he voluntarily resigned. Thirdly, the workmen who came to depose in favour of Sital Ch. Roy faltered very miserably. The written documents that have been proved and made exhibits run counter to their statements. Their evidence contains material discrepancies. They made out a case that it was a blank paper but Sital Roy himself was the first witness who let them down. He himself stated that he wrote out the body of the letter of resignation Ext. A. This case of blank paper which was initially the case of the workman concerned has foundered againgst the evidence of Sital Roy himself. The fact of assault by the partners has not been proved; if there was severe assault then one could have expected to go to the police-station on the very day without waiting for 48 hours and before that one would have expected that he would have gone to a doctor.

The tenor of the evidence is against the workman concerned. Exhibit A has been duly proved and I have no reason to believe that it was caused to be signed by force or coercion by the management. No evidence of unfair labour practice has also been proved. Although in the written statement it was stated that Sital Roy was an active member of the Union and so why he was victimised, the evidence in that regard is extremely tenuous, if not nil.

Under the circumstances, I hold that the workman concerned Shri Sital Chandra Roy is not entitled to any relief.

This is my award.

Reasons for the enactment

The Government of West Bengal had set up a high-powered planning body named the Calcutta Metropolitan Planning Organisation. This body in collaboration with the Ford Foundation formulated a detailed Basic Development Plan for the Calcutta Metropolitan District in 1966. This envisaged an investment of Rs.107 crores during first phase of five years. However, the State Government could not take up implementation of this plan in the manner and to the extent proposed in this document. Comparatively small allocations could only be provided for this purpose in the years preceding the Fourth Plan. Even in the Fourth Plan the programme for this area is of the order of Rs.43.0 crores. This was considered inadequate in view of the magnitude of the problems of the area. Keeping these in view a thorough reappraisal was undertaken and it was decided that a massive development and recovery programme may be undertaken. In this context necessary schemes in various sectors were identified. These schemes totalled up to about Rs.146.0 crores. It was realised that for financing the envisaged accelerated programme existing plan provisions are inadequate and therefore additional funds would have to be found. With this end in view it was decided that octroi duty should be levied in the Calcutta Metropolitan Area. A Bill called "the Taxes on Entry of Goods in Calcutta Metropolitan Area Bill, 1970" is already under consideration separately. The Bill envisages a percentage of the tax proceeds to be given by the State Government to an authority for the purpose of financing development programmes and servicing of loans raised for the purpose.

Further, it was considered necessary that additional funds may also be raised by borrowings in the market. Since the Calcutta Metropolitan Area has a large number of municipal and other local authorities it was not considered feasible to let each of these bodies raise loans.

Therefore, it was decided that a high-powered statutory body called the Calcutta Metropolitan Development Authority be set up to raise such loans and to act as the authority envisaged in the aforesaid Bill. In order to secure effective implementation of the Development Plan, it was felt that this authority may also perform the functions of formulation of plans, co-ordination of their execution and supervision of such development projects as are financed by it. The present Bill incorporates these objectives.

The Committee constituted under the proviso to sub-section (2) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1970 (17 of 1970) has been consulted before enactment of this measure as a President's Act.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Scientific Indian Glass Co. Ltd., and their workmen represented by Sigcol Employees' Union to this Tribunal by its order No. 2373-I.R., dated 9th April 1969, under section 10 of the Industrial Disputes Act for adjudication upon the matter on the following issue:—

Issue

Whether the termination of service of Sm. Mahalaxmi is justified? What relief, if any, is he entitled to?

This Tribunal received the aforesaid reference on 18th April 1969.

Pursuant to usual notices served upon the parties both management and Union filed their written statements. After several adjournments that were applied for sometimes by the management, sometimes by the Union on 26th May 1970, both Mr. Pathak appearing for the Union and Mr. Das appearing for the Management apprised this Tribunal that the matter would be settled and the amount of payment for such settlement was also being discussed by and between the parties for coming to a final settlement. Accordingly I adjourned this matter till today.

Mr. Das and Mr. Pathak have filed a joint petition today and the said petition is signed by Mr. Sukhen Gupta, Works Manager of the Company and Mr. Das, Advocate, appearing for the Company as well as by Mr. Pathak appearing for the Union. Sm. Mahalaxmi whose termination of service is the issue is also present before this Tribunal and the petition also contains her signature by way of thumb impression.

I find from the petition that the dispute has been settled and I understand from Mr. Pathak that the sum of Rs. 1,200 has been paid by the management pursuant to the settlement. As such, the dispute between the parties has ceased to exist and I accordingly pass a "no-dispute" award. The petition will be kept in the record.

This is my award.

(b) That the Company is not agreeable, in the circumstances to concede the workman's demand for back wages, but leaves the matter at the discretion of this learned Tribunal, whose decision in this behalf, shall be acceptable to both parties.

(c) That the workman will report for duty on Monday following the date of the learned Tribunal's order in this behalf.

So according to the terms of the joint petition of compromise the workman will be reinstated and the workman will report for duty on Monday following the date of this order. As per term (b) of the joint petition of compromise I am to give a decision whether the workman concerned is entitled to get back wages. In the ruling reported in 1960 (1) L.L.J page 514 their Lordships of the Supreme Court laid down that back wages is a matter of discretion. There can be no doubt that this discretion is a judicial discretion which should be exercised on settled principles and not capriciously. Regarding this discretion an analogy may be found in the Civil Procedure Code in the matter of awarding costs in a suit. Civil Procedure Code lays down that costs are in the discretion of the Court. It has been well settled by judicial decisions that costs shall follow the event unless there is anything against a successful litigant to disallow costs to him. So in the present case I hold that the back wages should follow the event, viz., should go to the successful workman who has been reinstated in this case. There is no evidence in this case against the workman which disentitles him in getting back wages. I, therefore, hold that the workman concerned is entitled to get back wages from the date of his dismissal till the date of his reinstatement. The terms of the joint petition of compromise, dated 19th May 1970, are recorded and they do form part of the award.

This is the award of the Tribunal.

AWARD

By Labour Department, order No. 1838-I.R./IR/11L-481/68, dated the 22nd March 1969, the Governor was pleased to refer the instant dispute between Messrs. Guha Rice Company, 4 Panchanan Mukherjee Road, Calcutta-2 (Head Office 22 Amratola Street, Calcutta-1), and their workman Shri Dhari Das, 241/2C Acharya Prafulla Chandra Road, Calcutta 4, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

Issue

Whether termination of service of Shri Dhari Das by way of refusal of employment to him is justified ? To what relief, if any, is he entitled ?

On receipt of usual notices the workman concerned Shri Dhari Das filed his written statement on 5th July 1969 and the Company filed its written statement on 10th November 1969. After preliminary steps were taken 28th March 1970 was fixed for hearing. On that day the workman was absent but the hearing was adjourned on the petition of Company to 24th April 1970. On 24th April 1970 the Company was present with 4 witnesses but Shri Rabin Majumder, Advocate for the workman, filed a petition for adjournment. The reference was adjourned to 16th May 1970. On 16th May 1970 the workman again filed a petition for adjournment and the reference was adjourned to 11th June 1970. On 11th June 1970 the Company was present but the workman was absent. His representative Shri R. Majumder, Advocate, noted in the order sheet that he had no instruction. So the matter was heard ex parte.

Admittedly the workman concerned Shri Dhari Das was a workman of Guha Rice Company. In his written statement the workman alleged that he became a member of West Bengal Flour Mills Mazdoor Company. When the Company came to know of it he asked him to give up his membership of that Union and to be a member of Guha Rice Roller & Flour Mills Employees' Union which was stooge Union of the Company. On his refusal to do so he was directed not to enter the factory premises. On 10th January 1968 he went to the factory but the management did not allow him to work and asked him not to go on the next day. On the next day, that is, 11th January 1968 he again went to the factory but the management refused to give him any job and directed him to leave the factory premises. On 12th January 1968 he went to the factory for the third time with a letter and handed it over to Shri Binoy Babu who abused him and asked him to leave the factory immediately. Thereafter Shri Dhari Das went to the factory gate everyday till the matter was taken up by Shri R. K. Ghosh, Labour Officer, Government of West Bengal. Conciliation having failed the dispute was referred to this Tribunal.

The Company denied the aforesaid allegations of the workman. According to the Company on 10th January 1968 Shri Dhari Das was caught red-handed by a co-worker Shri B. K. Halder in putting a Hexagonal Nut into the plant shifter machine. Thereafter Shri Halder took him to the Union's Secretary Shri R. N. Biswas. Then the Secretary and other workers took Shri Dhari Das to the Manager of the Company together with the nut which he was trying to insert inside the machine. A charge-sheet was drawn up against Shri Dhari Das but Shri Das was requested by his co-workers to come to the factory on the next day so that they might request the management to deal with him leniently. But since then Shri Dhari Das did not attend the factory. So the question of refusing job to Shri D. Das did not arise at all.

As previously stated, on the date of hearing the workman did not appear and his learned Advocate stated that he had no instruction so the matter had to be heard ex parte. In order to prove its case the Company has examined Shri B. K. Halder and Shri D. C. Ghosh. Shri B. K. Halder says that on 10th January 1968 Shri Dhari Das was about to insert a Hexagonal Nut in the plant shifter machine and Shri Halder caught Shri Dhari Das red-handed. Being called by Shri Halder, Shri D. Biswal and Shri S. Das came to the place of occurrence. These 3 workmen took Shri Dhari Das to the Secretary of the Union Shri R. N. Biswas. Thereafter the Secretary and the aforesaid 3 workmen took Shri Dhari Das to the Manager of the Company together with the nut which he was trying to insert inside the machine. Shri Halder further says that even thereafter they requested Shri Dhari Das to come to the Company on the next day so that they might request the management to retain him. But since then Shri Dhari Das did not attend work. P.W. 2, Shri Ghosh proves a charge-sheet issued against Shri Dhari Das. The charge-sheet was sent to Shri Dhari Das twice to his address at 241/2C Acharya Prafulla Chandra Road, Calcutta-4, under registered post and both the letters came back with endorsement not claimed. Exhibit 4 is the cover of a registered letter sent by Shri Das to Guha Rice Co. In this cover Shri Das gave his address at 241/2C Acharya Prafulla Chandra Road, Calcutta-4. It can, therefore, be presumed that the two registered letters which were correctly addressed were duly tendered to Shri Dhari Das who did not claim them. Exhibits 1, 1(a) and 1(b) are the charge-sheet. They reiterate the case of the Company that on 10th January 1968 Shri Dhari Das tried to insert a Hexagonal Nut in the plant shifter machine. Thereafter a charge-sheet was drawn up against him. It is, therefore, clear that being caught redhanded in his attempt to put a Hexagonal Nut inside the machine in order to make the machine out of order Shri Das stopped attending the factory. The Company, therefore, did not refuse any work him. The Tribunal, therefore, finds that the Company did not terminate the service of Shri Dhari Das by way of refusal of employment to him. The question of justification of such alleged termination does not, therefore, ar'se. Shri Dhari Das is not entitled to any relief.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Central Fisheries Corporation Ltd., and their workman Shri Kamal Das Gupta, represented by Central Fisheries Corporation Employees' Association, to this Tribunal by its order No. 430 I.R., dated 14th January 1970, under section 10 of the Industrial Disputes Act for adjudication of the matter on the following issue :

Issue

Whether the termination of service of Shri Kamal Das Gupta is justified ? What relief, if any, is he entitled to ?

This Tribunal received the aforementioned reference on 21st of January 1970.

Usual notices were issued and the parties concerned entered appearance and filed their respective written statements. In the original written statement itself Messrs. Central Fisheries Corporation Ltd. took a preliminary objection that Shri Kamal Das Gupta, the dismissed employee, had never been a workman within the meaning of section 2(s) of the Industrial Disputes Act, and as such, Government order and the present reference is "misconceived, illegal, without jurisdiction of this Tribunal and a void one". On 9th March 1970, Mr. Ghosh, learned Advocate, appearing for the Central Fisheries Corporation Ltd. (hereinafter referred to as the 'Corporation'), filed another application raising specifically a preliminary objection that Shri Das Gupta was not a workman and as such this Tribunal has no jurisdiction to entertain the above reference. His contention as raised in paragraph 2 of the said application was that Shri Das Gupta was in the temporary managerial and administrative post of Assistant Development Officer and exercised various powers of recruiting certain categories of employees of the Corporation and so he was not a workman. He asked the Tribunal that the preliminary objection should be heard first before going into the merits. Thereafter, documents were filed on the issue of preliminary objection by the respective parties. Evidence was gone into, in the matters raised in the preliminary objection and the arguments of the respective parties were concluded on 6th May 1970.

Shri Kamal Das Gupta deposed. On behalf of the Corporation Shri Anil Kr. Mukherjee, Deputy Divisional Manager and Shri M. Banerjee, Personal Assistant, Directorate of West Bengal, deposed. The former gave evidence with regard to the nature of works seeking to establish the fact that he had no independent function to do anything connected with the official works and the latter two deposed testifying to the fact that he was employed mainly in the managerial or administrative capacity. It is admitted by both the parties that Shri Das Gupta at the relevant time used to receive a salary of Rs. 442.

Mr. Pathak appearing on behalf of the workman, apart from the documentary evidence called Shri Das Gupta to give oral evidence to show that he never exercised any function which could be said to be mainly of a managerial nature and/or administrative nature, nor was he by the nature of his duties attached to the office or by reasons of his powers vested in him to do any work of a managerial nature. On the other hand, Mr. Ghosh appearing on behalf of the Corporation asked me to confine myself to the documents which he rightly said cannot belie themselves and moreover, in order to refute the oral evidence of Shri Das Gupta, produced two responsible persons to corroborate the fact that Shri Das Gupta had to do the works mainly in managerial or administrative capacity and/or by virtue of the nature of the duties attached to the office or by virtue of the powers vested in him exercised functions mainly of a administrative nature.

First of all I shall refer to the documents which are made Exhibits in this case. Mr. Ghosh has strongly relied upon Ext. A9, the schedule of powers delegated to various officers of the Corporation by the Board of Directors. Shri Das Gupta was given power to incur recurring expenditure on his own initiative regarding stationery up to a sum of Rs. 250 per annum ; maintenance and repairs of vehicles up to a sum of Rs. 50 for any single item at a time subject to an overall ceiling of Rs. 300 per vehicle per annum and for purchase of fuels and lubricants, he was given full powers. In various matters he had the same powers like that of Deputy Divisional Manager. So far administrative powers are concerned regarding sanction of increment, he had full powers over staff under him. He had also full powers over staff under him regarding sanction of overtime allowance. He had also the powers to sanction for conveyance charges for short journeys within city limits. He had also full powers to execute contracts, deeds, instruments regarding service agreements and security bonds and the powers mentioned above are some of the more important powers amongst many others which are given to A. D. Os., one of whom Shri Kamal Das Gupta was under the schedule of powers delegated by the Board of Directors.

Mr. Pathak argued on the evidence of Shri Kamal Das Gupta that although he had some managerial and administrative powers he was never given the right to exercise them. Now let me see from those documents whether this Government Undertaking really gave right or authority to Shri Kamal Das Gupta to exercise those powers which have been enumerated in Ext. A-9. I find from Ext. A 13 that Shri Kamal Das Gupta represented the Corporation in an agreement on certain vital matters that is dated 7th May 1968 and this is not a solitary one, there are some other agreements too, i.e., Exts. A-14 and A-15. That he was exercising his right to spend money out of the coffer of the Corporation will be borne out from the letter, dated 28th May 1968 (Ext. A-18). It appears that he was the Depot incharge at Vizag from Ext. A-21. That he was given power to exercise his independent function and chalk out action for and on behalf of the Corporation will also appear from the letter, dated 15th May 1968, written to Shri K. S. Pai of Bangalore (Ext. A-23). He was inviting him in that letter for negotiation about the business of the Corporation and in the concluding lines he says "if you are interested you can come down to Visakhapatnam and see our catches and varieties so that we will be able to talk with you regarding business". Mr. Pathak argued that those letters do not go to show that he was taking all those actions independently because copies of those letters were all forwarded to the Managing Director, but here at this stage I may state that an officer in lower echelon had to comply with certain rules and as a matter of course he has to keep the superior officer informed about the matters and it does not mean by itself that the officers of the lower ladders were always dittoing the superior officers and they are merely the voices of the superior officers. It does not further mean that his action is always fettered by the directives of the superior officers. These letters go to show that Shri Das Gupta was entitled to take decision on the spot and as a mere formality he was forwarding those letters to the Managing Director. It cannot be gainsaid that he was incharge of the office and as a person in charge, he was exercising his own discretion and volition in the matters that he was entrusted with. His functions that are manifest from those letters are administrative and managerial and as the documents show, they are mainly administrative and they are mainly managerial. There are lot of similar letters to mention some of them Exts A 25, 26, 27 and 28 which corroborate the fact that Shri Das Gupta was a person who was dealing with the matters independently, sometimes exercising his own discretion and judgment and sometime implementing that judgment and discretion to action, negotiating with the parties and formulating day to day rules as a Depot Incharge. In Ext. A-30, dated 17th April 1968, the Managing Director of the Corporation writes to the Chief Accountant, State Bank of India, Calcutta, inter-alia "I do hereby authorise Shri Kamal Das Gupta, Assistant Development Officer of Vizag office of the Corporation to operate the Company's account with the State Bank of India" and all steps were taken by the Corporation to implement that. That Shri Das Gupta had administrative capacity will further be borne by the letter, dated 19th September 1967. By that letter written to the D.D.M., Shri Das Gupta amongst other things was pointing out some grave misdeeds of the subordinates. In the third paragraph of the said letter it is stated that Shri B. P. Katariar was always interrupting him in his administration. He further goes on writing that for his nefarious activities he had cancelled the permit of one Jagli Mullah, who he alleges, was being incited by the said Katariar. In the penultimate paragraph he states that it was becoming rather difficult to run the administration properly here at Bahri as his office was getting interrupted from particularly this man instead of proper help. Certain things are clear from this letter that the writer of this letter was conscious of his administration and was quite aware of his administrative powers and he was actively alive to them and he was vindicating his power, and any challenge to that power was resented by him and he wanted it to be removed and remedied. Another confidential letter, dated 17th September 1967 (Ext. A-37), is written in the same tenor. It was against his driver Shri G. C. Garai, for his insubordinating behaviour. He writes that the driver was to abide by the instruction of the station incharge, which presumably he was, as it appears from the tenor of the letter and he resented his insubordination and uncalled for advice. Such letters could not be written by an employee who was only a clerk although Mr. Pathak argued that he was no more than a clerk. The tenor, the contents themselves, the feeling expressed in those letters rule out the fact that he was a mere clerk. They showed that he had administrative functions which he was exercising. There are many other letters which are minor in nature but I have mentioned those which I think very important to show that Shri Das Gupta was an officer incharge of a station having control over his staff and both subjectively and objectively was exercising functions which were in nature mainly managerial and administrative.

Now let me advert to the oral evidence to see whether this fact has undermined by the oral evidence. Shri Kamal Das Gupta in course of his evidence stated that he had to do even manual works. Besides selling fishes, he had to do writing down cash memos., collect cash and to maintain cash book. He denied the fact that the rates of fishes were specified by him. He professed his ignorance in cross-examination that he was officer in-charge at Bahri. Although documents go to show that he was vindicating his right as station incharge in relation to the subordinates working under him, his oral evidence disputing the fact that he was an officer incharge doing administrative functions militates against the documentary evidences which have been proved, even admitted by him. He said agreement Exts. A-13, 14 and 15—draft of the agreement were approved by the Managing Director, presumably seeking to say that he was merely a name lender. He sought to say that he had no independent initiative and control over his work in cross-examination. As there were very frequent visits by the superior officers to this station, he had not to do anything himself. Shri Anil Kr. Mukherjee, O.P.W. 1, stated that an A.D.O. had to take immediate decision over fixation of prices of the fishes considering the market position. He stated that an A.D.O. is to supervise the work relating to fisheries development, exploitation, disposal, marketing and experimental. In most of the matters he had to take independent decision because the place where these units incharges are posted are far away from the headquarters. Some powers have been delegated to the A.D.Os. and in most of the cases they exercised their powers.

Considering the situation, the evidence of Shri Anil Kr. Mukherjee, O.P.W. 1, rings a note which goes to indicate the correct position. An A.D.O. is posted far away from the superior officers and so he had to take immediate decision about the fixation of prices. True, Managing Director was the ultimate authority, but when the situation demands immediate action, an immediate action is taken by the A.D.Os. themselves. In course of cross-examination Shri Anil Kr. Mukherjee, O.P.W. 1, stated "If you ask me what works of him would be considered by me as administrative or managerial, my answer would be, all his works were such".

Mr. Pathak argued that his administrative powers are only in name. They are fiction because Mr. Mukherjee, O.P.W. 1, admits in the last sentence of his cross-examination that he did not remember whether there was any such occasion when Kamal Das Gupta, P.W. 1, was at Bahri that Mr. Mukherjee's instructions were not available to him. Here I should mention that availability of instruction is not the criterion, criterion is whether Kamal Das Gupta was given power to exercise his discrtion whenever occasion demanded. Mr. Banerjee, O.P.W. 2, in course of cross-examination by Mr. Pathak stated that an A.D.O. had to do clerical as well as executive work and he narrated what according to him were the executive works—they were "when the consignment was received, the A.D.O. asked the labourers to keep the fishes in stores and he also directed the assistants to put the fishes in auction in Howrah market. The A.D.O. had to allot duties to the assistants and he had to allot duties to the drivers also". These types of work are surely administrative works and they are mainly administrative work. There might be some clerical works which every officer senior or junior has to do, but that does not delegate him to the position of clerk or junior assistant. Shri Das Gupta purported to say that not only he was a clerk, but he was a sort of maunal labourer. His over anxiety and zeal to make his position as such makes his evidence weak and sometimes incredible.

Mr. Pathak appearing for Shri Das Gupta argued that evidence goes to show that he was a mere clerk, made to work always at the instruction of the superior officers and his main functions were to write cash memos., vouchers and sometimes he had do the work which was not mainly in managerial nature. I am unable to accept his contention after analysing the evidence. He was officer-in-charge of the station signing agreements which fact cannot be made light of by simply saying that those agreements were stereotyped in nature and done under instruction or orders of the superiors. In the official hierarchy every junior officer as I said before in turn has to look at the senior ones and senior to his further superiors, but that does not convert those officers to the rank of mere clerks. Mr. Pathak also strongly relied upon the letter of appointment, Ext. A. He drew my attention to clause 3 of Ext. A. Clause 3 runs as follows :—

"He (Shri Kamal Das Gupta) will be required to work under the supervision of such officer or supervisor as may be directed to from time to time". This overall control of the superior officers is a conventional thing as I said before that every officer in the service hierarchy is subject to the superior officers' control and superintendence, but that does not convert the subordinates to the position of mere clerks or that does not by itself only takes away his managerial or administrative capacity, which is otherwise vested

Therefore, in my view oral and documentary evidence goes to show that Shri Das Gupta was mainly exercising administrative and managerial functions. In analysing the evidence I have to concentrate on the documentary evidence mainly because when such documents were made and when correspondence was passed, there was no list in between the parties, as such they were not coloured by any kind of purpose They did not forestall any litigation or dispute between the parties Therefore, they are fairly sure guidelines for the determination of the present question. Those documents give an adequate reason to believe that Shri Das Gupta was mainly exercising administrative and/or managerial functions. Oral evidence at least in these cases is to be viewed with circumscription, to be seen only whether here was any factor which will go to show that Mr. Das Gupta although he was an A.D.O. was not exercising administrative or managerial function or whether he was kept idle and made to work at a much lower level, manual or clerical. But oral evidence too does not point out that fact on close scrutiny. Considering the exhibits and crutinising the oral evidence I am constrained to hold and I hold that Shri Das Gupta at the materil and relevant time was mainly exercising dministrative and managerial functions. He had o do certain clerical functions, true but in comparison to administrative work those functions were negligible.

Mr. Pathak, however, relied strongly upon certain Supreme Court decisions and contended hat even if he was not a workman within the meaning of section 2(s) of the Industrial Disputes Act, still the Tribunal has jurisdiction to maintain and entertain this reference in view of the provisions laid down under section 2(k) of Industrial Disputes Act. He maintained by citing a judgment reported in AIR 1958 (S.C.) P. 353 that this is a matter which was taken by the Central Fisheries Corporation Employees' Association and this is a matter which involved community of interest and as such this Tribunal has jurisdiction to entertain this reference. In support of that Mr. Pathak also cited other judgments—All India Reserve Bank Employees' Association and Reserve Bank of India and another ; Syndicate Bank Ltd. and its workmen reported in 1966 (II) LLJ. P. 670. Regarding the judgment (Dimakuchi Tea Estate vs. their workmen) reported in AIR 1958 P. 353; the main principle is that there must be a community of interest and if there is community of interest and in spite of the fact that the person concerned was not a workman, his dispute might be an industrial dispute. Such community of interest arises in cases of wages, bonus, scale of pay, but how that commnity of interest can be extended in case of an issue such as the present one—whether termination of service of Shri Kamal Das Gupta is justified ? Termination of service of one cannot be a matter of general interest involving the workman concerned. The judgment of the Supreme Court (Dimakuchi Tea Estate and its workmen) reported in A.I.R. 1958 (S.C.) P. 353 laid down a principle that the person regarding whom the dispute is raised must be one in whose employment, non-employment, terms of employment or conditions of labour, parties to the dispute have a direct or substantial interest. Here in this case the dispute was termination of service of one particular person and that cannot be a matter of general interest to the workmen and as such nor has there been any evidence from which I can come to a finding that there was existing or exists a community of interest of the workmen involved in the matter referred to herein, on the principle laid down in that judgment, this Tribunal cannot entertain this matter. Regarding other judgments, Supreme Court laid down a principle that whether one is a workman is a question of fact to be determined by application of the definition as laid down under section 2(s) of Industrial Disputes Act and on such consideration of fact I hold that Shri Kamal Das Gupta was not a workman within the meaning and context of section 2(s) of the Act.

Shri Kamal Das Gupta might seek remedy elsewhere but this is not the proper forum to which I can give him relief. Under the circumstances, this reference is incompetent. This Tribunal has no jurisdiction to entertain this reference.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in

General concession in age

(1) (a) **For Political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Castes/Tribes candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For displaced persons:** The upper age limit is relaxable up to 45 years for displaced persons who migrated to India from East Pakistan on or after January 1, 1964 and repatriates from Burma and Ceylon who migrated on or after 1st June 1963 and 1st November 1964 respectively. This concession in age to displaced person shall remain in force up to December 31, 1969.

The bona fides of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of pay

(2) (a) **For persons already in permanent service under the Government of West Bengal:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, his/her initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part 1, as the case may be. If however,

such a recruit is prepared to resign his/her appointment under Government, before applying, he/she will be eligible for the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his/her pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale, provided that he/she has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of applications

(3) Applications are to be made in the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply in any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own hand writing.

Those who intend to submit applications personally should do so between 10-30 a.m. and 3-15 p.m. on full working days and between 10-30 a.m. and 12-15 p.m. on Saturdays.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the School Final or equivalent certificate.

In the case of a female candidate whose age is not recorded in the School Final or equivalent certificate, any of the following evidences of the age is accepted by the Commission:

(1) A certificate from the Headmistress of the school, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a Gazetted Officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

(5) Candidates must enclose with their applications a fee of Rs. 5 (Rs. 1.25 for candidates belonging to Scheduled Castes or Scheduled Tribes) in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal".

Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Orders, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal".

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

Except under certain special circumstances, fees paid with the applications are not refunded.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1969.

A candidate claiming such exemption must furnish besides evidence required under paragraph (1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he/she is not in a position to pay the prescribed fee.

For a Gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by the candidate will be refunded afterwards. For a non-Gazetted post such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Castes or Scheduled Tribes must furnish with his/her application a certificate in original from a Gazetted Officer or from a Member of Parliament or State Legislature belonging to the Scheduled Castes or Scheduled Tribes specifying the particular caste or tribe to which the candidate belongs.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from persons interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are submitted through the appointing authority of their posts or service. Candidates serving under Government or a local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not, however, be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

ANNEXURE

In the matter of an industrial dispute between Messrs. Mechanical Handling Equipments (Private) Ltd., 33 Chittaranjan Avenue, Calcutta-12 and their workman Shri Nagendra Lal Roy Chowdhury, 17 Mandalpara Lane, Sinthi, Calcutta-50. (Case No. VIII-210 of 1969.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri R. R. BANERJEE, Judge,
Second Industrial Tribunal.

The industrial dispute between Messrs. Mechanical Handling Equipment (Private) Ltd., and their workman Shri Nagendra Lal Roy Choudhury has been referred to this Tribunal for adjudication by order No. 4001-I.R./IR/10L-237/69, dated 11th June 1969, of the Government of West Bengal, Labour Department, with the following:

Issue

Whether the termination of service of Shri Nagendra Lal Roy Chowdhury is justified? To what relief, if any, is he entitled?

The case of the workman is that he had been working under the Company on a monthly salary of Rs. 360 since 2nd September 1964. He was assigned with the duties of writing out primary books of accounts, such as Cash Books, Ledger, Bill Books. He was also to disburse payment of salaries and wages to the workmen. On or about 23rd September 1968 and 24th September 1968 he took leave on verbal sanction from Shri B. B. Basu, the Managing Director of the Company, on account of his uncle's Sradh ceremony. He fell sick and could not attend to his duties on and from 25th September 1968. On or about 26th September 1968 he wrote a letter to the Company informing them of his illness which was received by the Company on 3rd October 1968

Thereafter he was on medical leave from 25th September 1968 to 24th October 1968 for which he submitted medical certificate from time to time. During his illness he received the letter, dated 14th October 1968, Ext. 1/2, wherein he was informed that the Company had terminated his service. On receiving the letter he rushed to the office of the Company on 24th October 1968 and tried to contract the Managing Director but he could not meet him. Thereafter he again tried to meet the Managing Director but did not succeed. Thereafter he wrote the letter, Ext. 1/3, to the Company on 28th October 1968 requesting the Company to withdraw the letter of termination of his service and to allow him to resume his duties as usual. Thereafter he wrote the letter, Ext. 1/4, to the Company on 12th November 1968 claiming reinstatement with back wages. As these letters, Exts. 1/3 and 1/4, produced no result he referred the matter to the Labour Commissioner, Government of West Bengal, by the letter, Ext. 1/5, which gave rise to the present reference.

The case of the Company is that the workman concerned was also entrusted with the duties of completing the account to enable preparation of balance-sheet and profit and loss accounts within time. The workman neglected his duties and did not complete the accounts which he promised to do by the letter, dated 18th March 1968, Ext. A, for which the audit could not be completed and the Company could not submit the annual return with balance-sheet and profit and loss accounts within the prescribed period to the Registrar of Joint Stock Companies for which the Company was fined Rs. 50 by the Registrar of Joint Stock Companies. Further, his prolong absence for an indefinite length of time caused dislocation of business. For these reasons the Company lost confidence in the workman concerned and terminated his services by way of ordinary discharge by the letter Ext. 1/2.

Appearances of the parties are as follows:—

For the Company: Shri S. K. Mukherjee, Advocate.

For the Workmen: Shri S. R. Ghosh, Advocate.

The question in this case is whether the termination of service of the workman concerned is justified? It is not disputed that before the termination of the service of the workman concerned he was not asked to show cause. Neither the workman was charge-sheeted nor any enquiry was held against him. It is the case of the Company that it was not necessary to ask him to show cause or to issue charge-sheet against him or to hold an enquiry against him as it was a case of discharge simpliciter and not a case of dismissal. In this matter the learned lawyer for the Company relied on the ruling reported in 1969 (2) L.L.J., page 799. This ruling was also relied on by the learned lawyer for the workman. The relevent portion of this ruling of the Supreme Court runs as follows:—

> "No doubt, the fact that the order was couched in the language of a discharge simpliciter is not conclusive, and when such an order gives rise to an industrial dispute, the Tribunal adjudicating such dispute can examine the substance of the matter and decide whether the termination is in fact discharge simpliciter or dismissal though the language of the order is one of simple termination of service".

I have therefore to examine the letter, Ext. 1/2, by which the service of the workman concerned was terminated. The letter Ext. 1/2 runs as follows:—

> "In view of your non-co-operation with the management in the matter of discharging your duties which appears to be due to your inefficiency and thereby causing great damage to the Company inspite of your written commitment, we have been forced to serve you a month's notice terminating your services with the Company with effect from the date you are absenting without proper grant of leave".

The letter, shows that it was not a case of discharge simpliciter. Several charges were levelled against the workman concerned. The first charge is that he non-co-operated with the management in the matter of discharging his duties. Second charge is that he was inefficient. Third charge is that his non-co-operation with the management caused great damage to the Company. The letter, Ext. 1/2, therefore discloses that it was not a case of discharge simpliciter but really it was a case of dismissal. Under the circumstances the facts that the workman concerned was not asked to show cause and was not charge-sheeted and that no enquiry was held against him before terminating his service are quite sufficient to disapprove the termination of service of the workman concerned and order reinstatement.

Assuming that it was a case of discharge simpliciter, it is to be noted that the case of discharge simpliciter comes with the scope of retrenchment as defined in section 2(oo) of the Industrial Disputes Act, 1947, relevant portion of which runs as follows:—

> "retrenchment" means the termination by the employer of the service of a workman for any reason whatsoever, otherwise than as a punishment inflicted by way of disciplinary action,..."

It is quite clear from above that the termination of service of a workman for any reason whatsoever otherwise than as punishment inflicted upon by way of disciplinary action, which is commonly spoken of as discharge simpliciter, is retrenchment as defined in section 2(oo) of the Industrial Disputes Act, 1947. Now the Company has to comply with the provisions of section 25F of the Industrial Disputes Act before retrenching a workman. Section 25F of the Industrial Disputes Act, 1947, lays down condition precedent to the retrenchment of a workmen (vide. 1960-1 L.L.J. 251). The conditions are:—

(i) the workman should be given one month's notice in writing indicating the reasons for retrenchment or wages for the period of notice.

(ii) Workman has been paid at the time of retrenchment compensation which shall be equivalent to 15 days' average pay for every completed year of continuous service or any part thereof in excess of six months;

(iii) Notice under the prescribed form is served on the appropriate Government or on such authority as may be prescribed by the appropriate Government by Notification in the official gazette.

In the present case none of these conditions have been fulfilled. Though in the letter, Ext. 1/2, which is dated 14th October 1968 a month's notice has been spoken of yet the service of the workman has been terminated with retrospective effect from the date from which he was absenting without proper grant of leave, i.e., from 23rd September 1968.

No compensation as laid down in section 25F(b) has been paid to the workman before retrenchment. There is no evidence to show that any notice as mentioned in section 25F(c) has been served on the appropriate Government. As the provisions of section 25F of the Industrial Disputes Act which lays down condition precedent to retrenchment of workman have not been complied with, the retrenchment or discharge simpliciter, of the workman concerned in the present case is void. (vide 1964-11 L.L.J. 271).

The result is that the workman concerned should be reinstated in the service by the Company. The next question is whether he is entitled to get back wages as claimed by him. In the Ruling reported in 1960(1) L.L.J page 514 their Lordships of the Supreme Court laid down that back wages is a matter of discretion. There can be no doubt that this discretion is a judicial discretion which should be exercised on settled principles and not capriciously. Regarding this discretion an analogy may be found in the Civil Procedure Code in the matter of awarding costs in a suit. Civil Procedure Code lays down that costs are in the discretion of the Court. It has been well settled by judicial decisions that costs shall follow the event unless there is anything against the successful litigant to disallow cost to him. Following this, I hold that in the present case back wages should follow the event, namely, should go to the successful workman who has been reinstated in this case. The result is that this case succeeds. The workman Shri Nagendra Lal Roy Chowdhury should be reinstated and he should get back wages from the date of his termination of his service till the date of his reinstatement.

This is the award of the Tribunal.

ANNEXURE

In the matter of an industrial dispute between Messrs. R. D B & Co., 20/1 Lalbazar Street, Calcutta-1, and their workman Shri Mihir Kanti Roy, 72/9 Debi Nibas Road, P. O. Motijheel, Calcutta-28. (Case No. VIII-781/67.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri SUNIL KUMAR GHOSH, Judge,
Fourth Industrial Tribunal.

For the Workman: Shri N. D Sreemani, Advocate.

For the Company: Shri Mohitosh Mazumdar, Advocate.

This industrial dispute between Mihir Kumar Roy on the one hand and Messrs. R. D. B. & Co. (hereinafter referred to as the Company), on the other has been referred to this Tribunal by the Government of West Bengal, Labour Department, notification No. 5421-I.R./IR/11L-496/67, dated the 20th October 1967. The issue as specified in the reference is—Whether the retrenchment of Shri M. K Roy is justified? What relief is he entitled to?

The applicant Mihir Kumar Roy was at the relevant time in 1966, a Stenographer under the opposite party-Company at a salary of Rs. 225 per month. On 25th November 1966 the Company retrenched him with effect from 28th November 1966 and offered to pay notice pay and salary for one month. The applicant workman challenged the said order as illegal and moved the Labour Department, Government of West Bengal, which eventually referred the dispute to this Tribunal for adjudication.

The contention of the Company inter alia is that the application is not maintainable, and that the order of retrenchment is perfectly legal and valid.

It transpires from the records and it is also not disputed by anybody that the applicant workman first joined the Company as a Stenographer in April 1964 and then resigned on grounds of health in December 1964 Thereafter he was again appointed to that post in April 1965. He continued in the said position till 28th November 1968 when the Company retrenched him by a letter, dated 26th November 1968, and asked him to collect his notice pay and salary for one month by 7th December 1968. The workman did not accept the money offered and contended that the order of retrenchment was mala fide and unjustified.

The Company examined R. D. Bansal, one of its partners, to say that it terminated the service of the workman in the above manner because its business was then slack and there was no sufficient work for him. I am unable to place any reliance on this evidence. There is no cogent material to support Shri Bansal.

The Company no doubt exhibited some Balance Sheets and Profit and Loss Accounts to show that the volume of its business was going down every year after 1966 But these documents are not audited and certified by any qualified firm of Accountants, and no explanation is forthcoming for the same. For obvious reasons, these documents do not inspire any confidence in me. Besides, it appears that after discharging the applicant-workman and another Stenographer in 1966 and 1967, the Company appointed two other Stenographers/Typists (Shri Ashit Ghosh and Sm. Kalyani Bose) in their places in 1967, without giving the retrenched Stenographers an opportunity to offer themselves for re-employment. No reasons have been assigned for this. Does it not go to suggest that the story of the slackness of business and insufficiency of work is a myth and that the retrenchment of the applicant is not bona fide ? Shri Bansal no doubt tried to suggest that one of the above two Stenographers/Typists (Sm. Kalyani Bose) was not really an employee but merely an apprentice. This is not corroborated by any cogent material or record in this behalf, and accordingly I reject his testimony on the point. It is thus clear that the Company has failed to show that its business was slack at the material time in 1968 or that there was then no sufficient work for the applicant-workman to do. Consequently the purported retrenchment of the applicant must be held to be mala fide, illegal and unjustified, and I find accordingly. It was not a case of bona fide discharge of surplus labour

There is yet another reason for holding the order of retrenchment illegal. No workman can be retrenched unless he has been paid at the time of retrenchment one month's notice pay plus compensation equivalent to 15 days' average pay for every completed year of service or any part thereof in excess of six months (vide section 25F of the Industrial Disputes Act). Undisputedly, no payment, as indicated above, was made by the Company at the time of purported retrenchment of the applicant who was asked to collect the same at some future day on 7th December 1966. This was illegal and it clearly made the retrenchment order invalid and bad in law.

A preliminary point was taken by the Company that the applicant was a part-time workman under it and as such the present dispute between them could not be treated as an industrial dispute at all. I cannot accept this contention.

The story of part-time workman was nowhere made out in the written statement of the Company. It was introduced for the first time at the time of hearing. I, therefore, reject it as an afterthought in view of the stout denial of the workman. Besides, there is nothing to show that the retrenchment of a part-time employee can never give rise to an industrial dispute.

In the result, I hold that the order of retrenchment of Mihir Kumar Roy is unjustified and illegal It is set aside. The Company is to reinstate him in his post with all back wages during the period of his non-employment within one month of the date of publication of this award in the "Calcutta Gazette" and with notice to him.

The Government of West Bengal, Labour Department, by order No. 2580-I.R./IR/13L-12/67, dated the 15th June 1967, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Ganges Printing Co. Ltd., Shibpur, Howrah (hereinafter referred to as the Company), and their workmen represented by Ganges Printing Mazdoor Congress, 432/1/6 G. T. Road (S), Howrah (hereinafter referred to as the Union), to this Seventh Industrial Tribunal for its adjudication on the issue as under :

Issue

Bonus for the year 1964 and 1965.

After the receipt of the order of reference, notices were issued. Both parties appeared and filed their respective written statements. The case of the Union is that the Company is a highly prosperous printing concern engaged in quality printing job. The Company employs about 250 workmen and is the biggest unit of quality printing in West Bengal. The Company earns huge profit but does not give proper bonus to the workmen. The Company earned huge profit in 1964 and 1965, but they did not pay 20 per cent. bonus to the workmen in spite of the workmen's representation for the same. The Company declared 12.75 per cent. bonus for the year 1964 and 13 per cent. bonus for the year 1965. The Company in collusion with their pet Union named Printing Labour Union entered into an unholy agreement regarding the quantum of bonus at the aforesaid rates in spite of the present Union's protest against the said agreement. The present Union demanded 20 per cent. bonus for both the years. There were several conciliation meetings. The Company maintained their adamant attitude and did not sit in the joint conference with this Union. The conciliation proved abortive. Hence this reference. The Union submits that the workmen are entitled to 20 per cent. bonus for these years less what has been paid to them

The Company, in its written statement, contends that it recognises the Printing Labour Union and has shown the audited balance-sheet and other documents to the officials of the recognised Union. The amount of bonus declared by the Company for the years 1964 and 1965 was just, legal and proper. After a series of discussions with the Printing Labour Union, the Company declared 12.75 per cent. bonus for 1964 although the actual amount payable according to the Bonus Ordinance was 12.73 per cent. The Company also declared 13 per cent. bonus for 1965 and the said quantum was declared according to the terms of a settlement arrived at between the Company and the recognised Union. The bonus that was declared by the Company for the years 1964 and 1965 was just, legal and proper, and the employees are not entitled to any additional bonus.

Section 4 of the Payment of Bonus Act deals with computation of gross profits. In the instant case, gross profits will have to be calculated in the manner specified in the Second Schedule. Section 5 deals with computation of available surplus. The available surplus in respect of any accounting year shall be the gross profits for that year after deduction therefrom the sums referred to in section 6. Section 6 lays down sums deductable from gross profits.

The Company employs about 250 workmen. The financial year of the Company is from January to December. The Company declared 12.75 per cent. bonus for the year 1964 and 13 per cent. bonus for the year 1965. In the written statement, the case of the Union was that the Company had enough surplus to give 20 per cent. bonus each year. The learned representative of the Company has argued that the allocable surplus for the year 1964 was 12.73 per cent., but the Company declared 12.75 per cent. bonus for the year 1964. As regards the bonus for 1965, the contention of the learned representative of the Company is that 13 per cent. bonus for the year 1965 was declared in terms of a settlement arrived at between the Company, and the recognised Union.

The only witness examined on behalf of the Union is Shri Ram Nath Sinha, Secretary of the Union. The only witness examined on behalf of the Company is Shri Himmatmal Surana, a chartered accountant working as an accountant of the Company. The Union has produced two charts (Exts. 1 and 2) for the years 1964 and 1965, respectively. The Company has produced calculations (Exts. C and D) for the years 1964 and 1965, respectively. Exhibits 1 and 2 show that calculations of allocable surplus for the years 1964 and 1965 had not been made in accordance with the provisions of Payment of Bonus Act. No deductions have been made in respect of some of the sums mentioned in section 6 of the Payment of Bonus Act. P.W. 1 Shri Ram Nath Sinha has stated that from the available surplus shown by them, depreciation amount allowed by the income tax authorities would not be deducted and the development rebate and the amount of income tax would not also be deducted. In the circumstances, it is not possible to place any reliance on the documents Exts. 1 and 2, as the calculations therein have not been properly made.

Let us consider the question of bonus for the year 1965. The learned representative of the Company has contended that calculations (Ext. D) in respect of the year 1965 have been made on the basis of the Profit and Loss Account (Ext. B) and in accordance with the provisions of the Payment of Bonus Act. It has been argued that Exts. B and D would show that there was no allocable surplus and the employees were entitled to minimum bonus of 4 per cent. only. The learned representative of the Company has submitted that there was an agreement between the Company and the Printing Labour Union (Ext. M, dated 26th September 1966). According to the terms of the said agreement, the employees were entitled to receive bonus at the rate of 13 per cent. of their wages for the accounting year ended 31st December 1965. It has been argued that in view of the terms of the said agreement, 13 per cent. bonus was paid to the employees. The learned Advocate for the Union at the time of argument submitted that the allocable surplus was less than 13 per cent., and as such, he could not claim any higher bonus. The learned Advocate for the Union conceded that so far as the year 1965 was concerned, the Union had no case for a bonus higher than 13 per cent. The materials on record also justify the contention of the Company in respect of the bonus for the year 1965. In the circumstances, I am of opinion that the workmen are not entitled to get bonus higher than 13 per cent. for the year 1965 and the payment of bonus for the year 1965 at the rate of 13 per cent. was proper.

Let us consider the question regarding the bonus for the year 1964. The Company declared 12.75 per cent. bonus for the year 1964. The learned Advocate for the Union has argued that the allocable surplus would entitle the workmen to claim bonus at a rate higher than 12.75 per cent. The learned representative of the Company has contended that in view of the allocable surplus the workmen were entitled to bonus at the rate of 12.73 per cent., but the Company actually paid bonus at the rate of 12.75 per cent., and the workmen are thus not entitled to claim any higher amount as bonus. Exhibit A is the Balance-sheet and Profit and Loss Account of the Company for the year ended 31st December 1964. The Union has submitted a calculation of allocable surplus (Ext. 1) for the year 1964. The Company has produced computation in respect of year 1964 (Ext. C). As regards Ext. 1, I have already stated that the calculations therein have not been made in accordance with the provisions of the Payment of Bonus Act, and as such, no reliance can be placed upon the same. According to the Company, gross profit for 1964 for the purpose of bonus was Rs. 5,67,432 and the available surplus was Rs. 97,067 (vide Ext. C). Exhibit C shows that the allocable surplus was Rs. 58,240. The contention of the Company is that 4 per cent. of total salaries and wages was Rs. 19,038. The amount of bonus payable in respect of 1964 was Rs. 58,240, but the actual payment made in respect of the year 1964 was Rs. 58,630.

The learned Advocate for the Union has contended that Ext. A shows that the Company spent Rs. 5,65,017 as consumption of raw materials and Rs. 3,85,172 as consumption of stores and spare parts. The total eypenditure under these two heads was Rs. 9,50,189. It has been argued by the learned Advocate for the Union that 2½ per cent. of the said sum of Rs. 9,50,189 would be added back as representing capital expenses and as such the allocable surplus would be more and the workmen would be entitled to claim bonus at a higher rate. In this connection, the learned Advocate for the Union has referred to a decision reported in 1964 (I) LL.J., 370 (Burn & Co. Ltd., and their workmen). It has been held in this decision that no evidence was adduced by the Company to prove that the expenses under the headings, raw and other materials, stores and spare parts consumed, repairs to machineries and to buildings, were all revenue expenditure except the production of the audited Balance-sheet. It has been held further in this decision that the conclusion of the Industrial Tribunal in the circumstances to add back 2½ per cent. of the said four items as representing capital expenses, was justified when the workmen had raised a controversy in this respect. In answer to this contention, the learned representative of the Company has argued that in view of section 23 of the Payment of Bonus Act, which raises presumption about accuracy of Balance-sheet and Profit and Loss Account, it is not necessary for the Company to prove the accuracy of such statements and particulars by filing of an Affidavit or by any other mode. It has been further argued that in view of the provisions of Bonus Act, the decision of Burn & Co. Ltd., is not thus applicable. The learned representative of the Company has further argued that no evidence has been adduced by the Union that any part of consumption of raw materials and stores and spare parts was capital expenditure.

I have considered the contentions of the learned representatives of both sides. According to section 23 of the Payment of Bonus Act the statements and particulars contained in the Balance-sheet and Profit and Loss Account may be presumed to be accurate and it shall not be necessary for the Corporation or the Company to prove the accuracy of such statements and particulars. Section 23(2) of the Payment of Bonus Act entitles the Union to make an application requiring any clarification relating to any item in the Balance-sheet or the Profit and Loss Account. In the instant case, no such application was made by the Union under section 23(2) of the said Bonus Act. Bonus has to be calculated in accordance with the provisions of the Payment of Bonus Act. In the circumstances, the contention of the learned Advocate for the Union that 2½ per cent. expenditure under the headings 'consumption of raw materials and consumptions of stores and spare parts' should be added back cannot be accepted.

Gross profits for the purpose of bonus for the year 1964 was Rs. 5,67,432. The sum of Rs. 4,70,365 has to be deducted from the said amount as shown in Ext. C and the available surplus is Rs. 97,067. The allocable surplus is thus Rs. 58,240. The Company paid bonus of Rs. 58,630 and the rate was 12.75 per cent. In the circumstances, the Union is not entitled to claim bonus at a higher rate. I find that the payment of bonus by the Company for the year 1964 was proper.

On a consideration of the materials on record, I find that the Company declared 12.75 per cent. bonus for the year 1964 and 13 per cent. bonus for the year 1965. The payment of bonus at these rates was proper and having regard to the allocable surplus, the workmen are not entitled to claim bonus at any higher rate.

This is my award. The reference be thus disposed of.

On getting this reference this Tribunal issued notice to both parties and the notice was duly served on them. It appears that the parties have amicably settled the dispute out of Court and that is why they are not keen to proceed with the reference. Hence I pass a "No-dispute" award in this case.

The Government of West Bengal in the Labour Department by order No. 718-I.R./IR/11L-1052/69, dated 21st January 1970 referred under section 10 of the Industrial Disputes Act to this Tribunal an industrial dispute relating to the undermentioned issues existing between Messrs. Issue

(1) Grades and Scales of pay.
(2) Sick leave.
(3) House Rent Allowance.

On receiving this reference this Tribunal issued notice to the parties and the notice was duly served on the Company which appeared on 13th March 1970. The notice sent to the Union was received back unserved with the remark "left" and so the employer was directed to send correct address of the Union by 31st March 1970. The employer was, however absent on 31st March 1970 and so the Deputy Labour Commissioner of Durgapur was directed to supply the present correct address of the Union. The matter was put up on 4th May 1970 by which date this Tribunal received a Memo. No. DLC-D/IR 7(i)/1762/70, dated 23rd April 1970, from the Deputy Labour Commissioner, Durgapur, furnishing the correct address of the Union and accordingly fresh notice was issued to the Union to that address directing the Union to appear by 27th May 1970. This notice was duly served, but the Union failed to appear and take steps on that day and the Company was also absent. This Tribunal then suo motu extended time till 15th June 1970. But on that day also both parties remained absent and none took any step It was ordered that a "no-dispute" award will be passed if the parties would fail to present by 25th June 1970. But on 25th June 1970 also both parties remained absent and did not take any step.

From all these facts and circumstances it seems that the parties have amicably settled the dispute out of Court and that is why they are not keen to proceed with the reference. I do not think any useful purpose will be served by prolonging the proceedings. Hence I pass a "no-dispute" award in this case.

By order No. 670 I.R./IR/10L-35/69, dated the 7th February 1969, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Union Engineering Works, 352 G. T. Road, Sakia, Howrah and their workmen represented by Union Engineering Works Sramik Union, 16/1 Sita Nath Bose Lane, Salkia, Howrah, to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication on the following issue :

Issue

Whether the dismissal of Shri Ganesh Chandra Jana is justified ? What relief, if any, is he entitled to ?

In response to the notices issued by this Tribunal on receipt of the order of reference, the Union and the Company duly entered appearance in the case and thereafter the Union filed its written statement on 9th May 1969. But the Company did never file any written statement in the case, though it took several adjournments for that purpose. So, the case was ultimately taken up on 30th March 1970 for ex parte hearing. On that date after the evidence of the dismissed workman was recorded and certain documents were marked as Exts. on behalf of the Union, a petition was filed by the Union praying for a direction on the Company to produce certain documents. The case was hence adjourned to 26th May 1970 for further evidence. But on that date none appeared for the Union and no steps were also taken on behalf of the Union. So. 28th May 1970 was fixed for dictating an award in the case. But on that date it was noticed by this Tribunal that no order was passed on the Union's prayer made in its petition, dated 30th March 1970 and so the record was directed to be put up on 5th June 1970 in presence of the learned Lawyer for the Union for necessary orders in that matter. That order, dated 28th May 1970, was shown to the learned Lawyer for the Union, but still nobody turned up on behalf of the Union on 5th June 1970 to move its petition, dated 30th March 1970. In the circumstances, this Tribunal has got no other alternative than to dispose of the reference ex parte on the basis of the evidences (oral and documentary) adduced by the Union on 30th March 1970.

Now, the dismissal of the workman concerned has been challenged by the Union on the grounds that the charges levelled against him were false, the domestic enquiry held by the Company into those charges was nothing but an eye-wash and the principles of natural justice were not at all followed therein and that the findings of the enquiry officer in the said enquiry were also perverse. The aforesaid allegations made in the written statement filed by the Union have not, of course, been denied by the Company by filing a written statement. But still there was the heavy onus upon the Union to substantiate those allegations in order to succeed in the case. That onus has not, in my opinion, at all been discharged by the Union. Only three documents have been produced by the Union, viz., the charge-sheet Ext. 1, the workman's written explanation Ext. 2 and the letter of dismissal, Ext. 3. Those documents are undoubtedly insufficient for proving the allegations made by the Union in its written statement challenging the order of dismissal of the workman concerned. In the written explanation, Ext. 2, the workman concerned has, of course, challenged the charges levelled against him as baseless and false. But it being the statement of the workman himself, no reliance can be placed thereon without any corroborative independent evidence. But no such independent evidence has been adduced in the case on behalf of the workman concerned. The other two documents do not speak anything, it is needless to mention, about the falsity of the charges levelled against the workman. On the other hand, it is proved by the evidence of the workman himself (P.W. 1) that the Company held a domestic enquiry against him on three dates and on all those dates he was present before the enquiry officer. Further he has admitted in his deposition that he put his signatures on all the pages of the record of the enquiry proceedings and was given the opportunity to adduce evidence on his behalf during the enquiry, and to cross-examine the witnesses examined for the Company. In the written statement filed by the Union (paragraph 8) it has of course, been contended that the enquiry officer did not submit any report on conclusion of the enquiry. But in the deposition of P.W. 1, it has been admitted that the enquiry officer did submit such a report. The evidence of the P.W. 1 thus goes to prove that a proper and fair domestic enquiry was held against the workman after observing the principles of natural justice and therein he was given the full opportunity to adduce evidence on his behalf and to cross-examine the witnesses examined for the Company. It was admitted by the P.W. 1 at the hearing, as I have already said, that the enquiry officer submitted a report after the conclusion of the enquiry and it is not disputed that in that report he was found guilty of the charges levelled against him. There is nothing on record to show, to repeat again, that the charges levelled against the workman concerned were false and that the findings arrived at by the enquiry officer were perverse. So, I must hold that the Union has failed and failed signally to prove that the dismissal of the workman concerned was unjustified. The issue is hence decided against the Union and the reference is disposed of ex parte accordingly.

This is my award.

AWARD

By order No. 4075-I.R./IR/10L--98/68, dated the 12th May 1970, the Government of West Bengal, Labour Department, referred an industrial dispute existing between Messrs. Harmond Engineering Company, 21/1 Kantapukur 3rd Bye Lane, Kadamtala, Howrah and their workmen represented by Harmond Engineering Co. Mazdoor Union, 177/5 Mahendra Bhattacharjee Road, Santragachi, Howrah, to this Tribunal under section 10 of the Industrial Disputes Act for adjudication on the following issue :

Issue

Whether the closure of the factory is real? What relief, if any, are the workmen entitled to?

On receipt of the order of reference usual notices were issued to the parties by this Tribunal fixing 22nd June 1970 for their appearance. The Company appeared on that date, but not the Union. So the case was adjourned to 26th June 1970 for necessary orders. The parties, however, filed a joint petition on that day (i.e., on 26th June 1970) stating that they were no longer interested in the reference as the matter was amicably settled between them and praying for passing a "no dispute" award in the case. That petition is duly signed by the authorised representative of the Company and by the Secretary for the Union. Hence, I must act upon it and accordingly I dispose of the reference by passing a "no dispute" award.

Most Respectfully Sheweth:

That both the parties under the abovementioned Order of Reference have amicably settled the dispute amongst themselves on the following terms and conditions:—

(a) The closure of the factory will be withdrawn on and from 8th June 1970.

(b) The Union agrees that no wages is payable to and shall, therefore, be claimed by the concerned workmen for the period from 15th September 1969 to 7th June 1970. (c) The Company agrees that the concerned workmen, mentioned in the list annexed to the Order of Reference, shall be given employment and 15 days' time will be allowed to the concerned workmen to join their duties. Those amongst the concerned workmen who are not desirous of working in the Company will be paid an ex gratia amount equivalent to 15 days, wages for every year of service upon their request in writing to the Company to that effect.

(f) The Company agrees to grant to the concerned workmen an increment of Rs. 15 per head per month effective from 1st July 1970, payable from 1st August 1970, in lieu of all the claims of the Union in respect of the recommendations of the Central Wage Board for Engineering Industries and the Statewise Wage Settlement for Engineering Industries concluded at Calcutta in September 1969. The question of further increment will be discussed at bipartite level at a later date.

(g) Annual bonus for the accounting year shall be paid to the concerned workmen at the rate of 4 per cent. of their earned wages within a week from the date the factory starts work, and the outstanding wages up to 13th September 1969, will also be paid within the said period.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. India Foils Limited, Kamarhatty, Calcutta-58 and their workmen represented by Venesta Factory Workers' Union, Kamarhatty, Calcutta-58. (Case No. VIII-571/67.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Appearances:

Present for the Company: Shri J. N. Chatterji, Legal Adviser and Shri D. K. Ghosh, Assistant Legal Adviser of the Indian Engineering Association, assisted and instructed by Shri Ajoy Kumar Sen, the Works Financial Accountant of the Company.

Present for the Union: Shri Ram Sen, a trade-unionist.

By the Government of West Bengal, Labour Department, order No. 3573-I.R./IR/10L 267/67, dated the 28th July 1967, this industrial dispute between Messrs. India Foils Ltd., and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below:

Issue

Bonus for the year ending 31st July 1966.

On receipt of the reference notices were issued to the parties, and they made appearance and filed their respective written statement. The case passed through several adjournments, and ultimately it was taken up for hearing on 7th January 1970 Both the Union and the Company examined one witness each. The hearing was concluded and the award was reserved.

Decision

The dispute is with regard to bonus for the year ending on 31st July 1966. It has been submitted on behalf of the Union that in the previous years bonus had been paid all along at the rate of 20 per cent. and, as such, the workmen are entitled to bonus at that rate for the relevant year also This submission seems to have no force. A history of payment of bonus in the previous years indicates that 20 per cent. bonus was paid to the workmen not by way of custom or as a condition of service but by settlement. Exhibit G is the settlement in respect of payment of bonus for the year ending 31st July 1966.

The preface of the settlement runs as follows:—

"In view of the fact that the bonus calculations under the Payment of Bonus Act, 1965, for the year ended 31st July 1966 will not be ready before the Pujah because of the factory shutdown, bipartite discussions were held between the Company and the Venesta Factory Workers' Union regarding payment of some advance to the employees pending finalisation of bonus calculations."

"The Union requested 20 per cent. as advance against bonus, while the Company could not concede to the request because for various reasons the bonus for the year 1965-66 was likely to be adversely affected."

The terms of settlement regarding bonus are as follows:—

Clause (ii) (a) (b).—"The Company agrees to pay 20 per cent of total basic wages/salary and dearness allowance earned by their employees during the year 1st August 1965-31st July 1966 as advance against the bonus for the financial year ended 31st July 1966. This advance will be adjusted against the bonus payable to the employees in accordance with the Payment of Bonus Act, 1965 After the declaration of actual per cent. of bonus payable, if the Company or the Union decides to refer this issue for adjudication then the adjustment will be made after the final decision of adjudication under the Payment of Bonus Act is available, subject to clause (c) below, if adjudication as per clause (b) above is not finalised."

Clause ii(c)—"If the adjudication as per clause (b) above is not finalised by 31st July 1967 then it is also agreed that out of this 20 per cent. advance, 5 per cent. will be repaid to the Company in seven equal monthly instalments commencing from 1st of August 1967 and the balance 15 per cent. will remain outstanding until the final adjudication."

Clause ii(e)—"If the final decision of the adjudication is known after 1st of August 1967 then the Company will deduct the difference, if any, between the amount then outstanding and per cent. declared after adjudication from salary/wages of its employees is not exceeding 12 equal monthly instalments. If the final per cent. is more than the balance outstanding on the date of final adjudication, then the Company will pay to its employees the difference, if any, immediately."

Thus it appears that it was agreed between the parties that bonus for the year in question would have to be calculated according to provisions of the Payment of Bonus Act. That being so, the question of payment of bonus at the rate of 20 per cent. by way of custom or as a condition of service does not arise at all. Bonus is to be calculated according to the provisions of the Payment of Bonus Act. The computation of bonus for the year ended 31st July 1966 has been filed by the Company with supporting annexures thereto, and it has been marked Ext I.

1. According to the Union the net profit as per balance sheet is Rs. 28,07,461.02, whereas according to the Company the amount is Rs. 18,48.647. The balance-sheet for the year ended 31st July 1966 (Ext. H-1) shows the net profit to be Rs. 28,07,461.02. But according to the Company the amount of loss due to devaluation should be deducted from that amount, and then the net profit will be Rs. 18,48,647. In this connection the evidence of O.P.W. 1 Shri Ajoy Kumar Sen, Works Financial Accountant of the Company, should be referred to. His evidence on this point is as follows:—

"The net profit as per profit and loss account is Rs. 70,11,195.32. This indicates the accumulated unremitted profit up to 31st July 1966. To arrive at the current year's profit I have subtracted from the amount Rs. 74,02,244.29 out of which Rs. 22,39,696.45 was remitted. So the balance Rs. 51,62,547.84 was subtracted from Rs. 70,11, 195. 32 to arrive at the net profit Rs. 18,48.647.48 for the year ended 31st July 1966. Rs. 9,58, 813.54 mainly indicates the difference between Exchange rates Rs. 13.33 and Rs. 21 of unremitted sterling liability as on the date of devaluation in respect of Head Office charges liability remittable to London. The profit of Rs. 18,48, 647.48 has been arrived at after charging this loss of Rs. 9,58,813.54 mainly in respect of the loss arising out of devaluation in respect of unremitted Head Office charges liability outstanding as on the date of devaluation."

The explanation given by the Company seems to be satisfactory. In my opinion the amount of loss due to devaluation should be subtracted as claimed by the Company. I, therefore, find the net profit to be Rs. 18,48,647.

It has been submitted on behalf of the Union that devaluation loss should not be allowed because the Head Office charges were not remitted by the Company earlier. There is no such suggestion on behalf of the Union that the Company deliberately withheld the remittance in the years 1963, 1964 and 1965. The Company was not in a position to know that Indian rupee would be devalued. Moreover, the question of remittance was to arise when permission for remittance was obtained from the Reserve Bank, and the amount of such change was allowed by the Income Tax Authorities as legitimate business expenditure. I am, therefore, of the opinion that the devaluation loss should be allowed.

2. Add back (as per second schedule of the Payment of Bonus Act) provisions for—

(a) Bonus	Rs.	1,40,000
(b) Depreciation	Rs.	11,09,257
(c) Direct tax	Rs.	44,89,284
(d) Development Rebate (as per foot note of the second schedule of the Act)	Rs.	4,98,000
(e) Head Office charges	Rs.	8,43,679
(f) Provision for contingencies	Rs.	2,35,000
	Rs.	73,15,220

With regard to add back provisions there is no dispute or difference between the Company's calculation and the calculation of the Union. Thus the amount of 'Add Back' is Rs. 73,15.220.

But after the adding back the provision, deductions are to be made in accordance with item No. 6 of the schedule.

The Company in its calculation added back the Head Office charges provided in the accounts as per London Debit Note which is Ext N and subtracted proportionate Administrative expenses of the Head Office allocable to Indian business, as per item 6(e) of the schedule. The Union in its purported calculation under item 2(b) has added back another three items. In respect of donations, the Union has accepted the Company's calculation of add back to the extent of Rs. 10,000. In regard to the other two items of add back the Union has added back Rs. 78,209 [item No. 2 of the balance sheet (Ext. H-1), page 13] and Rs. 96,302 (note No. 4 of the balance sheet, page 7). Apart from consideration that these items are not permissible to be added back according to the schedule, the contentions of the Union in respect of add back are wholly misconceived and untenable. The amount of Rs. 78,209 represents the total net debit adjustment in respect of previous years. The amount of Rs. 96,502 representing provision for gratuity in respect of previous years is a debit adjustment, and the amount of Rs. 17,161 representing excess provision for bonus in respect of previous year [as per item 6(f) of the computation] is a credit adjustment. This credit adjustment along with another adjustment of Rs. 1,132 when substracted from Rs. 96,502 will give the total net debit adjustment of Rs. 78,209 as appearing in item No. 2 of the balance sheet (Ext. H-1), page 13. Therefore the amount of Rs. 96,502 cannot be a separate charge in the Accounts. The amount on Rs. 96,502 represents 1/6th of the total liability as on 31st July 1965 ascertained by the Company on account of gratuity payable to employees as per new long-term agreement with the Union (Ext. F). Therefore, the two items of add back, claimed by the Union, are not tenable. In respect of adjustment with regard to previous years the evidence of O.P.W. 1 is as follows :—

"Any adjustment relating to under provision in respect of previous years' expenses should be deducted from the profit of the year when the correct liability is ascertained, and not to be added back, as it is an allowable charge for Income Tax also. It is the universal mercantile practice to deduct this amount from the profit of the year in which the correct liability is ascertained. When the account is maintained on cash basis, no question of provision comes in where actual receipts and payments are incorporated. Hence the question of adjustment relating to previous year does not arise". The item of adjustment in respect of previous years cannot be ignored in mercantile system of accountancy where income and expenditure are not calculated on cash basis but are calculated on accrual basis. The amount of accrued income and liability should be taken into account at the time of closing of the year. But if in the subsequent year it is found that there is difference between the amount estimated for accrued income or liability and the actual amount of accrued income or liability, the question of adjustment will necessarily arise in the subsequent year. Therefore, the only item of add back would be Rs. 10,000.

3. Add back also:

(a) ....Nil.

(b) Donation in excess of the the amount admissible for Income Tax. Rs. 10,000

(c)................................Nil
(d) ....Nil
(e) ....Nil

5. Total of items Nos. 1, 2, 3 and 4 ....Rs. 91,73,867

(b) .... Nil
(c) .... Nil
(d) .... Nil

(e) In case of a foreign concern proportionate administrative (overhead) expenses of Head Office allocable to Indian business [Ext. I(1)].....Rs 8,31,671

The evidence of O.P.W. 1 in respect of Head Office charges is as follows:—

"Every year we have to pay Head Office charges as the Head Office maintains an office for us in London and gives us technical services and does purchase certain materials and machineries for which we make payment afterwards. For any technical problem which we cannot solve here, we send the same to London and get instructions from London. For these services the Head Office charges from us and we pay according to their demands. The Board of Directors sit at London and the annual meeting is held in London. They send us the debit note in sterling and we send payment in rupee value for the equivalent sterling If the value of sterling increases, we have to send much more amount in rupees. The amount of money will depend upon the exchange rate".

Thus, according to this evidence of O.P.W. 1, this Company is a branch of a foreign Company which is incorporated in U.K. with the Board of Directors sitting in London, having the Head Office of the Company in London, and there being no other branch of the Company except in India The office at 4 Mangoe Lane, Calcutta, is the principal office in India. According to section 592(1) of the Indian Companies Act a foreign branch within 30 days of the establishment of the place of business in India shall deliver to the Registrar for registration of full address of the Company in India which is to be deemed to be its principal place of business in India. The Head Office of the Company renders technical and other services to this branch. All administrative (over head) expenses of the Head Office for the year relating to Indian Branch are allocated and charged to Indian Branch by means of a debit note. The value of debit note is in sterling (Ext. N). The branch incorporates this debit note in the branch's accounts by way of debiting profit and loss account under the head 'Charges for United Kingdom Service'. The branch thus incurs this liability in sterling pound and remits this to London with the approval of Reserve Bank, and these are allowed by the Income Tax Authorities as legitimate business expenditure for Tax computation. These Head Office charges can only be remitted when the Company be in a position to do so depending on the availability of the fund in this branch.

The Payment of Bonus Act does not stipulate this add back of Head Office charges. But in order to deduct proportionate Administrative (over head) expenses of the Head Office allocable to Indian business as per second schedule of the Act, the Company considers it reasonable to add back these charges as per debit note Ext. N, and deduct proportionate Administrative (over head) expenses as per the method of calculation stipulated in the foot note 3 of the second schedule. Ext. I(1) shows detailed calculation. The foot note 3 clearly states that proportionate Administrative (over head) expenses of the Head Office allocable to Indian business should be in proportion of Indian gross profit (item No. 7 of the second schedule) to total world gross profit (adjusted as in item No. 2 of the second schedule). This means that the total administrative expenses of the Head Office (i.e., the expenses retained by the Head Office plus the expenses allocated to the Indian business) should be divided by the total world gross profit adjusted as in item No. 2 of the second schedule, and the resultant should be multiplied by Indian Gross Profit as per item No. 7 of the second schedule The evidence of O.P.W. 1 is that the Act provides for the basis of calculation of proportionate administrative expenses in regard to foreign concerns, and the Company has produced the detailed calculation which has been accepted by the Auditors (Ext. I). Page 3 of Ext. I(1) shows the net profit in U. K. transactions only. At page 2 of Ext. I(1) this U. K net profit is added to Indian net profit, and thereafter on this total profit calculation of world gross profit is made in accordance with item No. 2 of the second schedule of the Act as indicated below:

It has been submitted on behalf of the Union that the Company is entitled to deduct that much of depreciation as has been provided for in the accounts. I am unable to agree. The law on this point is well settled. The provision for depreciation according to the Indian Companies Act is entirely different from the deduction of depreciation which should be according to I. T. Act 1961 for the purpose of Bonus. This is the interpretation of the Act by the Supreme Court of India in Metal Box case.

I, therefore, find that the statement showing the computation of available and allocable surplus of the year ended 31st July 1966 filed by the Company is correct. Exhibit I is that statement which is as follows:

Statement showing the computation of available surplus and allocable surplus for the year ended 31st July 1966, in accordance with the Payment of Bonus Act, 1965.

	1,94,97,549	
8.5% on Rs. 1,94,97,549		16,57,292
AVAILABLE SURPLUS		1,86,892

Computation of Allocable Surplus

67% of Available Surplus of Rs. 1,86,892	1,25,218

In this connection it should be mentioned that the rate of 67 per cent. is applicable in the case of this Company, as it is a branch of a Foreign Company, under section 2(4) (a) of the Payment of Bonus Act.

To this amount of available surplus the set off or set on figure of the previous year ended 31st July 1965 should be added or subtracted as per section 15 of the Payment of Bonus Act.

To show the set on figure of the year ended 31st July 1965 the Company has filed one previous computation (Ext. M) and another revised computation (Ext. K). The above two computations were calculated in the same manner, but the difference has arisen only in respect of direct taxes. In Ext. M, Income Tax and Sur Tax rates were taken at 65% and 40% respectively on the basis of which provision for bonus in respect of the year ended 31st July 1965 was made in the accounts. But soon after that the Finance Act was amended. The amended Act became applicable to the Company's accounting year ending 31st July 1965. The Company's accounting year ended on 31st July 1965. Income Tax rate was increased to 70% from 65% and Sur Tax was reduced to 35% from 40%.

Allocable surplus as per previous computation at 65% Income Tax and 40% Sur Tax (Ext. M) was	Rs. 8,37,773	
Less : Bonus paid at 20% on Salaries and Wages of Rs. 33,64,198	Rs. 6,72,839	
Therefore, according to Ext. M the amount of set on was		Rs. 1,64,934

But the set on as per Ext. K which was worked out in accordance with the Finance Act applicable to the relevant year was as follows:—

Allocable surplus as per revised computation at the rate of 70% Income Tax and 35% Sur Tax	Rs. 6,77,915	
Less :		
Bonus Paid	Rs. 6,72,839	
Therefore, the set on as per Ext. K is		Rs. 5,076

So the amount of set on in respect of the year ended 31st July 1965 will be Rs. 5,076 which should be added to the allocable surplus of the year ended 31st July 1966, i.e., the amount of Rs. 5,076 will have to be added with the allocable surplus of Rs. 1,25,218. The total will be Rs. 1,30,294. Salaries and wages for employees eligible under the Act for bonus amounts to Re. 34,93,308 as per Ext. J. The Bonus payable for the year ended 31st July 1966 at the rate of 4 per cent. on Rs. 34,93,308 will be Rs. 1,39,732 which is in excess of Rs. 1,30,294.

I, therefore, find that the workmen are entitled to minimum statutory Bonus at 4 per cent. only, and not more than that.

The reference is disposed of accordingly.

BEFORE ARBITRATOR

Present :

Shri C N CHAKRABORTY, Assistant Labour Commissioner, West Bengal

ARBITRATOR

Government of West Bengal in their Labour Department, order No 7810-I R /IR/10L-187(A)/69, dated 3rd October 1969, published an Arbitration Agreement as shown in the Annexure hereto (Annexure A), under sub-section 3 of section 10(a) of the Industrial Disputes Act, 1947, in respect of the industrial dispute between Messrs India Foils Limited, 1 Sagore Dutta Ghat Road, Kamarhaty, Calcutta-58 (herein referred to as the employer), and their workmen represented by India Foils Employees' Union, Sagore Dutta Ghat Road, Kamarhaty, Calcutta-58 (herein referred to as the workmen), as the said parties agreed to refer the dispute in question to the arbitration of Shri C N Chakraborty, Assistant Labour Commissioner, West Bengal, under sub-section 3 of section 10(a) of the Industrial Disputes Act, 1947

The specific matters of disputes referred to my arbitration is :

> "Whether the suspension of (1) Shri Ramnarayan Seth, (2) Shri Khaderan Passi, (3) Shri Nizamuddin Answari and (4) Shri Shovai Passi by the management is justified ?"

The parties were advised in writing to submit the written statement of their cases on the issues under reference and a number of joint hearings were held

The employer's case as submitted is quoted below :

"On 12th July 1968 a consignment of Tryophane Film arrived at the Factory and these four men, namely Messrs Shovai Passi, Khaderan Passi, Nizamuddin Answari and Ram Narayan Seth refused to carry the materials where it should have been kept As a result of their non-co-operation and non-compliance with the instruction given by the superiors, the materials were unnecessarily kept near the staircase of the General Office and some of the clerks were badly inconvenienced during their entry to the General Office and even their Dhotis were torn in certain cases To facilitate handling of the materials to the upstair gown, the management even, for the convenience of the four mazdoors, arranged pully and chain blocks for easy handling of the materials to the place in question

Persuation was made in this connection by the uperiors but it proved to be of no avail and as a result of that the management had no other alternative but to issue charge-sheets to these four mazdoors on 17th July 1968 advising them to submit written explanation on 19th July 1968 In all such cases explanations are normally received within the stipulated period but these workers prayed to the management on 19th July 1968 requesting them another 15 days' extension to enable them to reply to the charge-sheets without assigning any reason for such prayers of extension The management sympathetically considered the request and granted extension of time till 31st July 1968 The decision of the management was incorporated in their letter, dated 20th July 1968 nd these letters were tendered to the men concerned in the presence of the Secretary of India Foils Employees' Union but the men concerned flatly refused to accept the communications from the management. Hence we had no other option but to send the original letters under registered post with acknowledgement due but unfortunately the concerned men refused to accept these letters even from the postal authorities.

Having failed to obtain an explanation within the stipulated period as mentioned above, the management wrote their letter, dated 27th July 1968 to the workers giving them a further opportunity of defending themselves during a departmental enquiry which was scheduled to be held at 2 p.m. on 2nd August 1968 but we regret to point out that this letter was also refused by the men concerned in the presence of a Senior Staff Assistant of Planning Department though the contents of the letter were explained to them in their mother tongue. Subsequently, the original letter was sent under registered post with acknowledgement due. Once again, the men concerned refused to accept the communication even from the postal authorities.

On 2nd August 1968 at about 11 a m. the management received explanation to the charge-sheet from the men concerned and at the time of receipt of such letter of explanation the management point out repeatedly that the enquiry would be held, as was originally scheduled, at 2 p.m. on 2nd August 1968 and this was reiterated in management's letter, dated 2nd August 1968, which was offered to the men concerned at 2 p.m. on 2nd August 1968 in the presence of a Senior Staff Assistant, a Staff Assistant and a clerk of the Planning Department. This time also we did not forget to explain the contents of the letter in Hindi to these workmen and they were verbally advised to attend the enquiry to be held at 2 p.m. on that afternoon. The men were on "B" shift duty (2.00 p.m. to 10.00 p.m.) on that day and as such they could not have encountered any difficulty in attending the enquiry arranged by the Company to offer them reasonable facilities of defending themselves against the charge-sheets issued to them. Since the acceptance of the letters was refused by the workers. the management sent the original letters to the workers by registered post with acknowledgment due and as usual the acceptance of these letters also was refused by the concerned workmen from the management.

The Enquiry Officer waited from 2 p.m. to 4 p.m. on 2nd August 1968 with the expectation that the charge-sheeted workmen would be turning up for the enquiry but they did not turn up up to 4 p.m. or even afterwards and the Enquiry Officer had no other alternative but to conduct the enquiry ex parte. The fact of holding the enquiry in ex parte, as per usual procedure, was communicated to the charge-sheeted workmen in management's letter, dated 27th July 1968 and 2nd August 1968 and this fact was also explained to them in their mother tongue on each occasion when the letters were tendered to them. Moreover, it may be pointed out here for your reference that the enquiry was conducted in a proper and fair manner and the principles of natural justice were not violated by the Enquiry Officer. The Enquiry Officer's report was submitted to the management in due time Therefore, it is denied that the management has decided to suspend the four workmen without any enquiry as alleged by the Union in their letter under reference. It is also denied that there was any slightest ground for malice in the enquiry and in the enquiry all available information and documents were accepted by the Enquiry Officer.

As a result of the enquiry, these four workmen were issued suspension orders on 2nd September 1968, i.e., a month after the enquiry was conducted. The management did not receive any representation either from the workmen concerned or from the Union after the holding of the enquiry requesting them an opportunity for arranging another enquiry where the workers concerned would participate. In view of the foregoing facts, it is quite apparent that the management did not leave any stone unturned to ensure that the men did participate in the enquiry in the interest of natural justice. Having been deprived of the co-operation of the workers and considering that acts of indiscipline would not be tolerated in the overall interest of the Company, the management did not have any other alternative but to suspend the four workers for 15 days with effect from 3rd September 1968.

The management was very lenient in their decision and on the merit of the case the management would have been fully justified in dismissing the four workers from the services of the Company because all the charges levelled against the charge-sheeted workmen were proved fully and satisfactorily in the enquiry.

The orders of suspension were also not received by the workmen as they refused to accept the same and on the other hand the management sent these orders of suspension by registered post with acknowledgment due and displayed a notice on the Notice Board for the general information of all concerned as envisaged in the Factory's Certified Standing Order.

In view of the foregoing circumstances, the undersigned likes to reiterate here that the action of suspension against these four workmen was quite justified and the suspension order cannot be withdrawn as mentioned by the India Foils Employees' Union in their letter under reference."

The Union's case as submitted is quoted below:

"That on 12th July 1968 when 26 cases of Tryophane Film arrived at the Factory, the concerned workmen were employed to unload the said materials and kept it under the staircase of General Office as per instruction of the Supervisors and they were prepared to carry all the cases to upstair godown where it should have been kept, but instead, they were intimidated to carry all the 26 cases through the narrow staircase to the first floor of the General Office which had been extremely difficult because of the fact of the materials being heavy and there was every possibilities of physical hazard, accident and damage of the materials. Subsequently the said materials were removed from under the staircase of the General Office and not stored in the first floor of General Office. So the alleged non-co-operation, wilfully insubordination and non-compliance were malicious, baseless and vindictive because there was distortion of facts, between the contents of General Works Manager's letter and the charge-sheet. It can easily be conceived that the motive behind this manoeuvre to sabotage the movement of the concerned workmen direct incentive bonus by issuing charge-sheet and suspension order.

That in a democratic country, a person be given every possible facilities to depend himself against any charges for natural justice and it is also provided in Standing Order and as such the charge-sheeted workmen individually applied to Planning Officer on 19th July 1969 requesting him to kindly allow 15 days' time to enable them to submit their explanation. I do not know any such incident that the letters in question were tendered to the person concerned in my presence as alleged in the Company's letter under reference. It was strange to us why the management sent all these letters by registered post with acknowledgement due when persons concerned did not refuse to accept the letters of charge-sheet. If it was so, then the management could have displayed the letters in Notice Board.

That the concerned workmen submitted their explanation on 2nd August 1968 at 11 a.m. in my presence and it was accepted by Planning Officer, then the question of non-receipt of letters of explanation was irrelevant.

That the concerned workmen did not get any letter regarding time and date of the enquiry on 2nd August 1969. It was subsequently reported that the management sent letters by registered post with acknowledgment due on 2nd August 1969 to the persons concerned. How strange it was that before reaching of the letters the enquiry proceedings was conducted by the management particularly on 2nd August 1969 without giving the workmen concerned any scope led us to believe that the management had every intention to punish the concerned workmen.

That it was a fact that the Union took the initiative and held discussion with the management with a view to resolve the disputes. Having failed in their attempt and apprehending suspension of four workmen the Union referred the matter to Assistant Labour Commissioner, Barrackpore, requesting him to call Tripartite Meeting to solve this dispute and accordingly Assistant Labour Commissioner called a Tripartite Meeting on 3rd September 1968.

Lastly, the Union views with grave concern about this type of unfair labour practice and if it is continued and encouraged by the management then the Industrial Relation based on mutual confidence will be at stake."

In reply to the Union's points of dispute the management's comments are as follows :-

> On 12th December 1968 a consignment of Tryophane Film arrived at the Factory which was, for technical reasons, to be stored in an air-conditioned godown and not in the open general godown. That was the reason why the cases of this material on their arrival were to be transported in the first floor of the General Office (which is air-conditioned) where a separate space was made available for its safe keeping

For the purpose of lifting these cases on the first floor the Company made provisions for pulley, chain block and stacker truck in order to avoid carrying it through the staircase. Therefore, it is clear that these workmen refused to carry out the lawful and reasonable instruction of the Supervisor for which they were duly charge-sheeted. It is denied that the management had any ulterior motive in hampering the Union activities of the concerned workmen as stated by the Union in their letter under reference.

In the charge-sheet, dated 17th July 1968, we advised the workmen concerned to submit their written explanation by the 19th of July 1968 giving them 2 days' time to prepare their explanation which is considered adequate as per the Standing Order of the Company. However these workmen wrote to the management on 19th July 1968 requesting for extension of 15 days to enable them to reply to the charge-sheet without assigning any reason for such lengthy extension. The management, however, in good gesture considered the request and granted extension of time for another 4 days, i.e.. up to 23rd July 1968. This decision of the management was conveyed in our letter, dated 20th July 1968 and was tendered to the men concerned in the presence of the Union Secretary but the men concerned refused to accept this communication from the management. Consequently, the management had no alternative but to send the original letter by registered acknowledgement due post which the workmen refused to accept even from the postal authorities.

The workmen concerned failed to submit any explanation on or before 23rd July 1968 as was allowed by the Company vide their letter, dated 20th July 1968. Thereafter, the Company again tendered letter, dated 27th July 1968, to these workmen concerned requesting the workmen to attend the domestic enquiry to be held on 2nd August 1968 at 2 p.m. These letters were also refused by the workers concerned when tendered to them in presence of a Senior Staff Assistant of the Planning Department and we had no alternative but to send the originals by registered post with acknowledgement due to their recorded home addresses.

On 1st August 1968 the workmen concerned gave their replies to the charge-sheets which were received by us on 2nd August 1968 on which date the enquiry was scheduled to be held and the workmen were told to appear for the enquiry at 2 p.m. on 2nd August 1968 as stipulated in our earlier letter, dated 27th July 1968. The workmen concerned also refused to accept these letters, dated 27th July 1968, when tendered to them in presence of two officials and a clerical staff of the Company. We had, therefore, no alternative but to send these letters under registered post with acknowledgement due to their respective home addresses.

The enquiry was carried out on 2nd August 1968 as per notice given to them on 27th July 1968 and also reiterated in our letter of 2nd August 1968. Therefore, it is clear that ample notices and opportunities were given to the workmen to send their explanations, attend the enquiry proceedings and to defend themselves through witnesses and the Union representatives but each time they refused to accept communications when tendered in presence of Company officials as well as through postal authorities. We would like to submit that the allegations made by the Union's letter are completely baseless and the workmen concerned repeatedly refused to accept communications addressed to them either in the presence of Company officials or through postal authorities.

We would also like to mention that the employees were told in our letter of 27th July 1968 that should they fail to appear before the enquiry till 4 p.m. on 2nd August 1968 for the workmen concerned to appear before the proceedings and thereafter conducted the enquiry exparte. We submit that the enquiry was conducted in a proper and fair manner and all available information/documents, etc., were considered by the Enquiry Officer whose report was submitted to the management in due course.

As regards paragraph 6 of Union's letter, we submit that this is a matter of record and we have no comments to make.

Finally, the management would like to point out that all the relevant documents are with us to show that the workmen concerned refused to accept communications when tendered in person and refused to accept letters through postal authorities which we would be glad to submit to you for your examination at a time and date convenient to you."

In the hearings which were attended by both the parties the management contended that for the purpose of arbitration the facts as recorded in the enquiry proceedings should only be considered and no extraneous subjects should be of any relevance to the instant case.

I have, however, considered all the points raised by the parties and have carefully gone through the charge-sheets, proceedings of enquiry and findings of the management. The four workmen, viz., Shri Ram Narayan Seth, Shri Khaderan Passi, Shri Nizamuddin Answari and Shovai Passi were issued with charge-sheets on the charges, namely, wilful insubordination or disobedience, the lawful and reasonable order of the Superior, interferance with the work of other employees, acts subversive of good behaviour or of the discipline of the Company wasting one hour of working time by unnecessarily arguing with the Superior. All the charges were framed under stipulations made in Appendix D(2) of the Certified Standing Orders. A copy of the charge-sheet issued to Shri Nizamuddin Answari is enclosed (Anx. B) which has the same contents as the other charge-sheets issued to three other concerned workmen.

The management issued the charge-sheets and asked the concerned workmen to reply. On the first instance the workmen prayed for extension of 15 days' time to reply. The management granted 4 days' extension and letter containing this decision was tendered to the workmen. As the workmen refused to accept these were sent by registered/acknowledgement due post.

These letters came back with postal remark "refused." The management, thereafter, fixed a date for domestic enquiry on 2nd August 1968 and the letter fixing enquiry was tendered again through registered/acknowledgement due post. The management received the same reply from the workmen denying the charges only on 2nd August 1968, i.e., the date of enquiry. The management in their letter fixing enquiry gave full opportunities to the workmen to defend their cases by witnesses and the Union representatives. These letters were also refused and the management carried out the domestic enquiry on 2nd August 1968 as per their notice. But it was carried out exparte in absence of the workmen. Through the enquiry ex-parte the guilt was proved and the management punished the workmen with suspension of 15 days, viz., from 3rd September 1968 to 19th September 1968 without pay.

I am satisfied that the Company adopted all possible means to issue charge-sheet and intimate the date of enquiry to the accused workmen and adequate scope of defence was offered in the letter fixing domestic enquiry. But I feel that the management could easily give the accused another chance of hearing than on 2nd August 1968 before proceeding ex parte. The management have considered granting time extension for submission to charge-sheet but did not fix any further date of enquiry than once. Giving the accused one more chance for defending their case would have been better in the interest of natural justice in its totality. Under the circumstances I feel that the punishment of suspension of 16 days without pay is too severe and it should be reduced to two days.

This is my award.

ANNEXURE B

Shri Nizamuddin Answari,
Clock Card No. 35,
Yard Gang Mazdoor,

17th July 1968.

Charge-Sheet

It has been reported against you that:

A. 26 Packing Boxes containing Trayophone Film were received by the Company, to be used in the Company's production processes, and since these materials are supposed to be stored in air-conditioned storage space, unlike the other productive materials, Mr. Amiya Ranjan Sen, Sectional-in-charge of Materials Control Section instructed you along with 3 other persons of Yard Gang, named:

1. Shri Ram Narayan Seth, Clock Card No. 764
2. Shri Shovai Passi, Clock Card No. 714
3. Shri Khaderan Passi, Clock Card No. 769

at 11-30 a.m. on Friday, the 12th July 1968, to remove those materials to the first floor of the General Office and to store them in the air-conditioned storage space.

B. Since the materials were heavy, considering the difficulty you could have had encountered, Mr. A. R. Sen also arranged to lift those materials by chain and pulley block so that the job could be done without much of physical hazards and by avoiding the chance of accident.

C. All that you were instructed to do was to carry the materials only 3 yards to take the same out near the staircase of the General Office and to put the same on the staircase and thereafter the materials could have been carried to the site of pulley block by the stacker driver. You were also instructed that these materials would be physically taken up to the upstair floor with the help of pulley chair and at the first floor you were required to carry the materials only 3 yards to store them properly at the airconditioned room.

D. It is further reported that you and your other three colleagues, as mentioned above, flatly refused to carry out the lawful and reasonable order given to you by Mr. A. R. Sen. Subsequently, Mr. A. R. Sen tried to convince you that this job should be made at an early date as otherwise the materials involved, i.e., Trayophone Film would damage if they were not stored immediately at the air-conditioned room. It is further reported that you wasted at least an hour's time arguing with Mr. A. R. Sen and refusing to carry out his instruction and that you ultimately refused to carry out the work.

E. On account of these, the job could not be done and considering that the boxes were stored near the staircase of the General Office it created inconvenience for other employees of the Company who had to go upstair or to avail the Clock Card punching facility, located near the boxes.

The acts as alleged above would, if proved, constitute gross misconduct in accordance with Standing Orders applicable to you.

You are, therefore, called upon the show cause in writing within two days from the receipt of this charge-sheet, why you should not be dismissed or otherwise punished for the following major misdemeanours:

(1) For demonstrating wilful insubordination or disobedience of the lawfull and reasonable order of Mr. A. R. Sen, your superior, in accordance with Appendix D(2) 1 of the Certified Standing Orders.

(2) For not having cleared the Trayophone Film boxes, as stated above, other employees were inconvenienced in recording their attendance on the Clock Cards and also in reaching their place of work in the General Office. This amounts to interferance with the work of other employees, as stipulated in Appendix D(2) 10 of the Certified Standing Orders.

(3) Your refusal to carry out your work, in spite of good deal of persuasion by A. R. Sen amounts to an act of subversive of good behaviour or of the discipline of the Company as stipulated in Appendix D(2) 11 of the Certified Standing Orders.

(4) You wasted at least one hour of your working time on 12th July 1968 by unnecessarily by arguing with Mr. A. R. Sen about the job entrusted to you, as stipulated in Appendix D(2) 12 of the Certified Standing Orders.

Should you fail to submit your explanation as directed, it would be assumed that you have no explanation to offer and the matter will be disposed of ex parte.

K. K Saha,
Planning Officer.

AWARD

The dispute between Messrs. Airserco (hereinafter be called as the Company) and their workman Sk. Hafizuddin, over the termination of service of the latter, has been referred under section 10, read with section 2(a) of the Industrial Disputes Act, 1947, to this Tribunal under the Government Order of Reference No. 3225-I.R./IR/10L-97/69, dated the 14th May 1969, for adjudication of the issue whether the termination of Sk. Hafizuddin is justified and what relief, if any, is he entitled to? The General Workers' Union of Gladstone Lyall and Company Ltd. (hereinafter be called as the Union) espoused the cause of the workman Hafizuddin to the Labour Commissioner as it appears from the reference and got it referred to this Tribunal for adjudication of the issue abovementioned.

Pursuant to the notices served, both parties entered appearances and filed their respective written statements.

The Company has raised a preliminary issue challenging the validity of the reference and thereby the jurisdictions of this Tribunal to adjudicate the point at issue. Their contention is twofold. First, the undertaking of the Company is a shop governed by the Shops and Establishments Act and not an industry so as to bring it within the ambit of the Industrial Disputes Act and secondly the Union who sponsored the cause of the workman concerned to the Labour Commissioner, is not a Union of their Company and the workman concerned was not a member of the Union and the Union was not directly and substantially interested in his cause or had no connection with the Company in which the workman was employed.

Two witnesses have been examined on each side by the parties in support of their respective contentions.

In paragraph 5(a) of the written statement, the Company has averred that the Company is a proprietory firm and undertaken sales, services and repairs of air-conditioners. Shop, as defined in the West Bengal Shops and Establishments Act, means any premises used wholly or in part for the sales or services to customers or for the whosale or retail sale of commodities or articles either in cash or on credit and includes any offices, store rooms, godowns or warehouse, etc. Repair does not fall within the ambit of this definition. Industry has been defined in section 2(j) of the Industrial Disputes Act, 1947, as any business, trade, undertaking, manufacture or calling of employers and includes any calling, service, employment, handicraft or industrial occupation or avocation of workmen. Repair is a manufacturing process as the term manufacture has been defined in section 2(k) of the Factories Act. O.P.W. 2 Indra Mohan Lal Khanna of the Company admits in his cross-examination that repairing, gas welding and soldering of parts of air-conditioners are done by them in the repair section of their establishment. P.W. 2 Ananta Mohan Singh, who used to work in this Company, has stated that 50 per cent. of the manufacturing process is done in the Company. The contentions on the side of the Company is that sales and services of air-conditioners are their main business and that repair is ancillary to it as they have to maintain it in the interest of sales to satisfy their customers and that they render this repair only to their customers to whom they sold air conditioners. In paragraph 5(b) of the written statement, the Company has said that in pursuance of their business, the mechanics and other workers of the Company are from time to time deputed with necessary tours to the residences/office of the clients/customers for service and repairs of the air conditioners installed at the places. It appears thus clear that repairs are rendered by them not only to the customers but also to the outsiders. The Company maintains for repairs a workshop as can be had from their own letters marked Ext. C(2). The workman Hafizuddin was an electrical mechanic attached to the Repair Section of the Company. From the above facts it appears crystal clear that this Repair Section of the Company is a completely different section and that it is an industry as defined in the Industrial Disputes Act, 1947. So the first contention of the Company fails.

The cause of the workman concerned was espoused to the Labour Commissioner by the Union representing him and it is this Union who got the cause referred to this Tribunal for adjudication. It stands undisputed that before the Conciliation Officer, the Company raised objection to the right of the Union to sponsor the cause of the workman to the Labour Commissioner. P.W. 1 Hafizuddin has said in evidence that the Company having raised the objection, he moved himself the Labour Directorate in writing in respect of his cause. P.W. 2 Ananta Mohan Singha has also said that as the Company put up the objection regarding the right of the Union to take up the cause of the workman, Hafizuddin made a separate petition to the Labour Commissioner for conciliation of the dispute over the termination of his service. No documentary evidence has been produced in support of their contentions. How the cause of the workman was taken up to the Labour Commissioner and how the reference has come to this Tribunal for adjudication have been averred by the workman himself in paragraph 10 of his written statement. In it it has been said that the petitioner Union raised a formal dispute before the Labour Commissianer, West Bengal and a number of conciliations took place. But as no settlement could be arrived at, the Labour Directorate was pleased to submit a failure report to the Government and finally this Order of Reference has been made. No mention has been made in it that he himself made a written representation to the Labour Commissioner in respect of the dispute after the objection was taken up by the Company in the conciliation proceeding about the right of the Union to sponsor his cause. The story of personal representation to the Labour Commissioner is clearly thus an afterthought.

It has been held by the Supreme Court in several cases that the individual dispute between the employer and workman over the termination of service shall assume the character of industrial dispute if the cause of the workman was sponsored by a considerable section of the workman of the establishment in which he was employed or a Union representing him. The Unions must be the Union of the establishment in which the workman was employed or to which the workman was a member and if it is an outside agency, it must be directly and substantially interested in the cause of the workman or has connection with the establishment in which the workman was employed. To remove this difficulty the Industrial Disputes Act was amended and section 2A was inserted in which it has been said that an individual workman can now raise industrial disputes in respect of discharge, dismissal or retrenchment.

The workman himself did not raise the dispute to the Labour Commissioner as has already been found above. Under section 36 of the Industrial Disputes Act, 1947, right of representation has been conferred upon the workman. It has been said in the section that a workman who is a party to a dispute shall be entitled to be represented in any proceeding under the Act by an officer of a registered Trade Union of which he is a member and where the worker is not a member of any Trade Union, by an officer of any Trade Union connected with or by any other workman employed in, the industry in which the worker is employed and authorised in such manner as may be prescribed.

There is no dispute to the fact that the Company came into existence on 1st April 1965. The evidence of P.W. 1 and P.W. 2 is that the name of the Company was initially Freders Lyods & Company and that it subsequently changed its name to Loyds Year & Company and then on 1st April 1965 it changed again its name to the present one. But barring their oral statements, there is nothing in writing to substantiate it. P.W. 1 has admitted in evidence that the General Workers' Union is a Union of Gladstone Lyall and Company Ltd., and that Airser Company it different from Messrs. Gladstone Lyall & Co. Ltd., or its subsidiary Companies. So the Union is not the Union of Airser Company in which the workman was employed.

P.W. 1 states that he is a member of this Union and has produced 2 receipts Exts. F and F/1 in support of his contention. Neither the counterfoils of those receipts nor the register of members of this Union has been produced to show the genuineness of those 2 receipts. Ext. A is the constitution of the General Workers Union of Gladstone Lyall & Company Ltd. The object of this Union as has been said in the constitution is to unite the workers employed in different parts of India of Messrs. Gladstone Lyall & Company Ltd., and their subsidiary Companies and to safeguard and promote their social, political and econimic interests. The membership of this Union has been kept confined to the workers of Gladstone Lyall & Company Ltd., and their subsidiary Companies. In paragraph 4(b) of the constitution it has been said that outsiders may also be taken in the Union as the honorary members either as President, Vice-President, General Secretary and/or Executive members. P.W. 1 claims himself to be an ordinary member of this Union and admits that he is not an executive committee member of this Union. So the story of his being a member of the Union fails The Gladstone & Company Ltd., and Airser Company do not do the same type of work. In the circumstances, the Union cannot be said to be either directly and substantially interested in the cause of the workman concerned or connected any way with Airser Company The Union had thus no right to espouse the cause of the workman to the Labour Commissioner and to get it referred to this Tribunal for adjudication

The reference is thus not valid in law and as such, this Tribunal gets no jurisdiction to adjudicate the point at issue

AWARD

By order No. 1250-I.R/IR/10L-34/67, dated the 1st April 1967, the Government of West Bengal, Labour Department, referred to the First Industrial Tribunal, West Bengal, an industrial dispute existing between Messrs. Burn & Company Ltd., Howrah Iron Works, Howrah and their workmen represented by Burn's Employees' Union, 8 Nityadhan Mukherjee Road, Howrah, relative to the matter specified below in the Schedule:

The Schedule

House rent allowance for the Sub-staff, Sarkars and Checkers.

Thereafter by order No. 3649-I.R./IR/10L-34/67, dated the 1st August 1967, the Government of West Bengal, Labour Department, withdrew the proceedings pending before the First Industrial Tribunal in relation to the aforesaid industrial dispute and transferred the same to this Tribunal for disposal.

Usual notices were then issued to the parties by this Tribunal and in response to those notices the Union and the Company duly entered appearance in the case and filed their respective written statements therein on different dates. The Union's case is that the Company is a very old and prosperous Engineering concern and has its employment about 8,200 workmen including clerical and technical staff, of whom some are Sarkars and Checkers, and the members of the Subordinate Staff; that the Company though very prosperous and has got abundant capacity to pay, is very slow to appreciate the genuine grievances of the workmen and does not hesitate to make discriminatory treatment between workmen and workmen without any justification whatsoever; that the Sarkars and Checkers belong to the "Middle Class" and do clerical duties and as such are entitled to the Bengal Chamber of Commerce Scales of D.A. as given to the other clerical staff, but the same is denied to them and they suffer in wages in more than one aspect as compared with the other clerical staff and are, therefore, very much aggrieved; that the claim of the other clerical staff, enjoying the Bengal Chamber of Commerce Scheme of D.A., for house rent allowance was rejected by the Fifth Industrial Tribunal in his award, dated 12th June 1950, on the ground that the house rent was taken into consideration in the matter of allowing their D.A., but that consideration has no application whatsoever in the case of Sarkars and Checkers and, therefore, their problem of housing and/or house rent allowance has assumed added significance particularly when that item is not included in their wages which are very meagre and when the house rent in Calcutta, Howrah and suburbs are abnormally high; that in the case of the subordinate staff also the problem of housing and/or house rent allowance is very great, their wages being too meagre and discriminatory treatment is also made in this regard between one class of subordinate staff and another, some of the subordinate staff such as Chaprashis and Durwans being given housing accommodation and others being denied of the same; that the minimum house rent in or about Howrah which is the most congested Industrial City in India is about Rs. 30 per month for one room and as such a sum of Rs. 30 per month should be allowed to the Sub-staff and Rs. 45 per month to the Sarkars and Checkers as minimum house rent; that the Union raised the industrial dispute relating to "house rent allowance" for the Sub-staff, Sarkars and Checkers with the Company by letter, dated 4th May 1965, but without any effect. Thereafter the Union referred the matter to the Labour Directorate, Government of West Bengal, for intervention and settlement and all conciliation meetings having proved abortive the dispute was referred to this Tribunal for adjudication.

In the written statement filed by the Company it has been stoutly denied that the Company is a prosperous concern or has abundant capacity to pay. Then it has been seriously averred by the Company in its written statement that the Sarkars and Checkers are not clerical staff nor do they do any clerical duty, and it has been denied again that house rent is not included in their wages or that their wages are small. House rent, according to the Company, is one of the matters which is taken into consideration in framing a proper wage structure and there having been revision of wages including D.A. of the workmen concerned by various awards, the claim of the Union on account of house rent allowance cannot stand at all. It is also contended by the Company that none of the Company's workmen at Howrah is allowed any house rent allowance and that the Company does not pursue any discriminatory treatment between workmen and workmen in that regard. The Union's claim has also been assailed as illegal and unjustified and barred by the principles of res judicata or by the principles analogous thereto.

Now, hourse rent allowance is undoubtedly a question which must be related to the employer's capacity to pay In other words, the first and foremost consideration in the determination of the issue under reference must be whether the Company has got the capacity to bear the additional burden arising out of the Union's claim for hourse rent allowance for the Sub-staff, Sarkars and Checkers. In the written statement filed by the Union it is, of course, alleged that the Company is a very prosperous engineering concern and has abundant capacity to pay. But that allegation has been stoutly denied, as already stated, in the written statement filed by the Company, and the Company's version in the matter has been amply proved by the admission of the P.W. 1 (Union's witness) in his cross-examination to the effect that in 1968 the Company sustained a loss to the tune of Rs. 97 lacs and in 1969 it was reduced to Rs 20 lacs. So, there is no denying the fact that the Company sustained a heavy loss in the year 1968 and also in the year 1969, and there is nothing on record to show that the financial position of the Company improved in any way thereafter. On the other hand, we get from the evidence of D.W. 1 that the Company would incur a liability of Rs. 34,000 per month if the claim of the Union for house rent allowance for the Sub-staff, Sarkars and Checkers is allowed That statement of the D.W 1 has not been challenged in any way during his cross-examination or by any evidence to the contrary. That being so, how can this Tribunal allow the Union's claim for house rent allowance for the Sub-staff, Sarkars and Checkers when admittedly the Company suffered a heavy loss in 1968 and also in 1969? The learned

Advocate for the Union has argued that when the Company is actually running at a loss to the tune of some lacs, no prejudice would be caused to it if it is directed to pay the house rent allowance to the Sub-staff, Sarkars and Checkers and thereby raise the quantum of loss. But that argument does not appeal to me at all. It is admitted that house rent allowance was not granted to the Sub-staff, Sarkars and Checkers earlier and that the claim on that head is a new one. So, the Company cannot be asked to shoulder the new liability in view of the admitted fact that it suffered a heavy loss in the years 1968 and 1969. Hence, the Union's claim is liable to be rejected on that ground alone.

Though my aforesaid finding is sufficient for the disposal of this reference, still I want to show that the Union's claim does not stand on other grounds as well. It is admitted in the cross-examination of P.W. 1 that the Sarkars and Checkers work in the factory and altogether 8,200 workmen work in the factory, and that none of those 8.200 workmen (including Sub-staff, Sarkars and Checkers) working in the factory gets any house rent allowance from the Company. Then how can this claim for house rent allowance was disallowed by the then Fifth and Checkers only lie? According to the Union, of course, the Sarkars and Checkers do clerical duties and they do not get D.A. at the Bengal Chamber of Commerce Scheme as given to the other clerical staff and hence their claim for house rent allowance is sustainable. In elaborating that contention it has been argued by the learned Advocate for the Union that the claim of the other clerical staff for house rent allowance was disallowed by the then Fifth Industrial Tribunal in his award, dated 12th June 1950, on the ground that the house rent was taken into consideration in the matter of allowing their D.A., and that being so, the Sarkars and Checkers, who also do clerical duties and who get less D.A. than the other clerks should be granted house rent allowance. But I am unable to accept that contention. If the Sarkars and Checkers do really clerical works and if there is disparity between the D.A. granted to them and the D.A. granted to the other clerical staff, they may prefer a claim for better D.A., i.e., the D.A. under the Bengal Chamber of Commerce Scheme as granted to the other clerical staff. The disparity in the D.A. allowed to the Sarkars and Checkers and the D.A. allowed to the other clerical staff cannot afford any justification for a claim for house rent allowance by the Sarkars and Checkers. Then it is also admitted, as already stated, that none of the members of the Sub-staff gets any house rent allowance. It is true that the Durwans, Malis and some of the Chaprashis have been provided with housing accommodations by the Company. But a claim for house rent allowance for the entire Sub-staff cannot, in my opinion, lie on that ground. It has been explained by D. W. 1 in his examination-in-chief as to why Durwans, Malis and some of the Chaprashis have been provided with such accommodations. He has said that for the protection of the properties of the Company the Durwans are given quarters within the factory premises and also outside and that a house has been rented by the Company for the Chaprasis and some Chaprasis have been accommodated there. Further we get in his deposition that the Chaprasis were given such accommodation since a very long time. So, some reasons have been given by the D.W. 1 for providing such housing accommodations to the Durwans, Malis and some of the Chaprashis, and in the circumstances of the case, those reasonings do not appear to me to be unacceptable. Again, it has been contended on behalf of the Union that since it has been admitted by D. W. 2 that the workmen of the Company's establishment at Ranigunj have been getting house rent allowance, the Union's claim on that head for the Sub-staff, Sarkars and Checkers at the Company's establishment at Howrah should be allowed. But the Company's establishment at Ranigunj is, as we get from the evidence of D.W. 2, a Refractory & Ceramic Industry, whereas it is admitted that the Company's establishment at Howrah is an engineering industry. Then we get from the evidence of the D W. 2 that the wages of the workmen of the aforesaid Refractory & Ceramic Industry at Ranigunj are not covered by any of the awards of either Omnibus Engineering Tribunal, Wage Boards, etc. The wage structure prevailing in the Company's Refractory & Ceramic Industry is also, according to D.W., 2, lower than the wage structure prevalent in the Company's engineering establishment at Howrah. The nature of business carried on in the two different establishments is also different. So, Company's establishment at Ranigunj is not at all a comparable concern in the matter of determination of the issue under reference. On a consideration of all these aspects also, I find that the Union's claim for house rent allowance for the Sub-staff, Sarkars and Checkers at the Company's establishment at Howrah is not at all justified and as such it cannot be allowed. So, the claim of the Union fails on the ground of its unjustifiability and also on the ground of the Company's deplorable financial condition. I may mention here incidentally that it has been argued by the learned Advocate for the Union that there is no evidence to show that the Company's establishment at Howrah is a losing concern, and as such the admission of the P.W. 1 regarding the loss sustained by the Company in the years 1968 and 1969 should not stand in the way of allowing the Union's claim. But in view of the categorical admission of the P.W. 1 in this matter, it was the duty of the Union to show that the loss sustained by the Company was not a loss sustained at its Howrah establishment and that having not been done by the Union, I cannot draw any inference in favour of the Union in the matter. The Union is hence not at all entitled to the claim for house rent allowance made on behalf of the Sub-staff, Sarkars and Checkers and the reference is disposed of accordingly.

This is my award.

N. D. P. NAMBOODIRIPAD,
Jt. Secy. to the Govt. of India.

Reasons for the enactment

For some time past, the question of water-supply, disposal of garbage, improvement of bustees and other slums, easing of transport difficulties and improvement of drainage, sewerage, etc., has posed a great problem affecting the everyday life of Calcutta and its surrounding areas. These serious problems have been engaging the attention of the State Government for sometime but no action could be taken so far on an adequate scale for want of resources. The Corporation of Calcutta and the local bodies in the surrounding areas who are ordinarily required to look after these problems could not also take any concrete steps in this regard for paucity of resources and other reasons.

2. The object of the present Bill is to provide for the levy of taxes on the entry of goods of certain kinds into the Calcutta Metropolitan Area as defined in Calcutta Metropolitan Planning Area (Use and Development of Land) Control Act, 1965, for consumption, use or sale therein from any place outside that Area, at such rate, not exceeding the rate specified in the corresponding entry in column 3 of Schedule to this Bill and also provide for collection of such taxes through such agency as the State Government may, by notification, specify. Out of the proceeds of the taxes, the State Government would give grants to the Municipal and other local bodies in the Calcutta Metropolitan Area, subject to prescribed conditions, to enable them to supplement their revenues and such grant to individual local body will be subject to maximum of 50 per cent. of the amount which bears to the total amount of such proceeds the same proportion as the population in its area bears to the total population of the Calcutta Metropolitan Area. The remaining funds will be handed over by the State Government to a separate Authority proposed to be set up for one or more of the following purposes in the order indicated below:—

(*a*) for repayment of any loan and interest thereon which may be raised by such authority with the approval of the State Government to finance any development project approved by the State Government within the Calcutta Metropolitan Area; and

(*b*) for distribution to the Calcutta Corporation or other local authority within the Calcutta Metropolitan Area or such other authority as the State Government may by notification specify or any Department of the State Government for executing any development project approved by the State Government within the Calcutta Metropolitan Area.

3. Provision has been made in the proposed Act for necessary exemption from tax on goods belonging to Government or goods meant for export, etc. The proposed Act will also provide for exemption from the tax on entry of personal luggage of passengers if the value or the number or quantity thereof does not exceed the prescribed amount or limit under the rules to be framed.

4. The Committee constituted under the proviso to sub-section (*2*) of section 3 of the West Bengal State Legislature (Delegation of Powers) Act, 1970 (17 of 1970), has been consulted before enactment of this measure as a President's Act.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Pioneer Metal Works and their workmen represented by Howrah District Engineering and Metal Workers' Union, to this tribunal by its order No. 7709-IR, dated 29th September 1969, for adjudication upon the matter under section 10 of the Industrial Disputes Act on the following issue:—

Issue

1. Introduction of Gratuity Scheme.

This Tribunal received the aforesaid reference on 10th October 1969.

Usual notices were issued and the parties—Howrah District Engineering and Metal Workers' Union and the management of Messrs. Pioneer Metal Works entered appearance and filed their respective written statements. On 19th February 1970 and 4th March 1970 joint petitions were filed asking for adjournment and on the representation on one of such occasions that the Government of West Bengal had taken up the matter of gratuity and had decided to promulgate a Statewise legislation regarding the same and on the other occasion that the parties had started mutual negotiations between their representatives for settlement and in order to conclude the settlement it would take some time and on such representation adjournments were granted. Presumably nothing happened in between and consequently thereafter the matter was heard. Both the Union and the Management adduced evidence, the former in support of the introduction of the scheme and the latter resisting it.

The case of the Union is that Messrs. Pioneer Metal Works is a prosperous concern which manufactures different types of aluminium utensils. It earns huge profits through its various resources and has expanded its fields of business in other parts of India. The workmen raised a demand for introduction of gratuity scheme in case of some specified categories of termination of service on the eve of retirement of the workmen and also in specified cases of these who deserved retirement after a considerable period of service. Several joint meetings were held but they become infructuous due to unconciliatory attitude of the management and thereafter the matter ultimately was referred to this tribunal. In paragraph 9, the Union suggested some remedies laying down a scheme for gratuity and calls upon this Tribunal to direct the management to implement the same.

The Company in its written statement objects to the said scheme of the Union and it says that it has a very lean capital of about 3.5 lakhs only and it had to take a huge amount of loans and overdrafts to carry on its business. It has no reserve whatsoever for the purpose of meeting any liabilities. Its Government quota is very small and so it has to buy major portion of raw materials for its consumption from the open market at high price and the prices of the raw materials have been rising sharply whereas the prices of products of the utensils are not so high rendering the prospect of the Company very uncertain. It also states that there has been keen competition because there are not only big concerns competing, producing same type of materials but also number of "mushroom" concerns rendering the competition keener. It also states that it has introduced Provident Fund Scheme under Employees' Provident Fund Act, 1952, as far back as 1958 and it also introduced Employees' State Insurance in 1950 under Employees' State Insurance Act, 1948. It also pays considerable amount of bonus to the workmen every year and the quantum is greater than that provided by the Payment of Bonus Act, 1965. In paragraph 18, the Company states that it has offered one week's wages for every completed year of service to eligible workers strictly under certain terms and conditions as briefly stated in its letter dated 28th April 1969 to the Labour Officer, Government of West Bengal, but it has retracted from the same as the settlement really did not take place on such an offer.

Shri Joynath Sukla, P.W. 1, deposed on behalf of the Union. In course of his examination-in-chief he stated "we asked for gratuity and by gratuity I mean that when one becomes old and retires or when one becomes invalid or incapacitated due to physical ground, he should get some amount of money in consideration of his service...........on average, one employee retires or leaves service every year". In cross-examination he mentioned some similar comparable concerns and told this Tribunal that regarding those concerns the issue of gratuity was pending before the Industrial Tribunal.

Shri Dwarka Prosad Gupta, O.P.W. 1, deposed on behalf of the management. He said that it is a partnership concern and he is one of the partners. He conceded that for the last 3 years the management made some profits but the rate of profit is gradually sliding down. He has disputed the fact that Crown Aluminium is a comparable concern because according to him the goodwill of that concern is very high and the price of their products is much higher than the products of Pioneer Metal Works. Regarding competitors he tends to corroborate the Company's written statement. He also says that tools and machinery of Pioneer Metal Works are all old, they have got to be replaced; by that, presumably he meant to say that the management had no fund whatsoever to purchase new machinery, the normal life of which, he says, is 15 years. He says to a question of the Tribunal—"we have no retirement age but this much we can say up to this point of time, we have not discharged anybody on ground of age". "If the gratuity system is introduced the financial burden will be so much as we would not be able to bear". In cross-examination it was suggested to him that there are other concerns which are part of this concern and they have been running in different names for the purpose of showing financial insufficiency of this particular concern in question but Shri D. P. Gupta has disputed the said suggestion. But I must say here that the said contention of the Union is not substantiated from evidence. There might be other concerns wherein some partners may be interested but that does not make those concerns an amalgam of this one in question.

Mr. Bhanja Chowdhury on behalf of the management argued that financial position of the Company does not show any prosperity but presents a picture of despair and as such any scheme by way of double retirement benefit will be disastrous for the company His argument was that the partners are not getting anything as profit, as profit and loss accounts and balance sheets show by way of remuneration and even profits earned by them are not commensurate with their qualifications. In short, his argument was that the picture of profit as shown in the last 3 years' balance sheets, Exts. A, A1, and A2 is not so alluring having regard to the fact that the partners could have earned much more had they invested their capital and talent in some other concerns. He further argued that financial aspect of the Company is the sole criterion under such circumstances, specially in such cases where already some provident fund scheme has been introduced.

It is well-known principle of law that the existence of provident fund scheme does not oust the jurisdiction of the Tribunal to introduce a gratuity scheme, if it is so necessary. But he is right to that extent the financial aspect of the

Company is the major criterion and consideration before a new gratuity scheme is introduced and for that not only financial aspect, which no doubt, is one of the main considertions but also age of the concern and the number of employees and workmen are the factors to consider. Gratuity as a form of double benefit cannot be denied on the ground that it is not prevalent in the region either. Still I may say here that I have evidence before me that there is at least one concern which was conceded by Mr. Gupta too having gratuity scheme, and regarding others, references are pending. But one of the principal questions is as I said the financial capabilities. Is the financial stability of the concern so dismal as sought to be presented by the management? That question is to be answered.

I first of all refer to the balance sheets, Exts. A, A1 and A2, for the last 3 years. They show that the Company was consistently making profits but it cannot be disputed that as per profit and loss account the amount of profit is sliding down and the partners' individual shares of profit have been gradually reduced. I am to see whether introduction of the gratuity scheme will entail upon the Company a heavy financial burden so as to upset the financial stability. Ext. F gives out a chart of the workmen giving their names, categories, designations and the present age. Last one is a very important aspect on this matter for such consideration. I have found that there are only 5 persons who are 50 years of age and they are just in the region of 50, even if I accept the age of retirement at 58, those 5 persons can even work for 7/8 years more and as such there is no chance and possibility of immediate financial burden which has been strenuously argued by Mr. B. Chowdhury. At the same time, the scheme of gratuity is an impetus for the workmen to work harder and more efficiently for the employers; it gives them a psychological confidence and fillip and also a courage generated from a sense of financial security which has got its material aspect too. In every field of life meant for earning livelihood, wherever it is possible, gratuity scheme has been introduced. It has its material and moral aspect. A man should not be thrown to penury without any support or provision in his infirmity generated from old age or derelict health by the concern which he serves for a number of years. Such a prospect of being standard·takes away the joy of his work and fills him with a sense of insecurity resulting in inefficiency and discontent. This Company is not an infant concern, it is carrying on business for more than 20 years. It is high time for introduction of such gratuity scheme by the company. Had I found that the Company is in wabbling condition, had I found that it cannot carry on business save at a loss then certainly, this would not have been opportune time for introduction of such scheme but what I find is that the Company has been making certain profits and that is consistently; the rate of profit may not be so high as expected which could have been higher but when there are profits for the last 3 years and when also it is found that at immediately at present the Company will have no additional financial burden, I find no reason why I should withhold introduction of such a scheme in moderation. Mr. B. Chowdhury further argued that the machinery are all old. These are to be replaced and he referred to Ext. D, but I cannot attach much importance to it; it makes a bald statement that those machines were purchased more then 10 years ago and the depreciated book value is Rs. 32,000 only. As it appears, the prices of those machines given in Ext. D are not so high as that. It can be replaced from time to time.

The gratuity scheme is necessary both on a practical aspect and also on a humane aspect too because disabled employees who, but for such retiring benefits, would continue in employment even though they function inefficiently. In the judgment reported in 1965(I) LLJ. 453 (Burhanpur Tapti Mills Ltd. v. Burhanpur Tapti Mills Mazdoor Sangh). Their lordships of the Supreme Court were pleased to observe—"The voluntary retirement of an inefficient or old or worn out employee on the assurance that he is to get a retiral benefit leads to the avoidance of industrial disputes, promotes contentment among those who look for promotions, draws better kind of employees and improves the tone and morale of the industry; it is beneficial all round. It compensates the employee who, as he grows old, knows that some compensation for the gradual destruction of his wage-earning capacity is being built up".

Whether gratuity scheme is to be introduced, it is to be seen whether financial burden, if capitalised, on actual basis would be very high. In this case it does not appear to me that the burden would be so heavy, as it has been stated by the management. On the other hand the comparative benefit will be much more than the burden in the shape of efficiency and stability and industrial contentment and peace.

It would not be out of place to mention that once a gratuity scheme was agreed to be introduced by the management and it was for one week's wages for every completed year of service to certain eligible workers; but Mr. Gupta, however, hastened to say that the said offer was not accepted by the Union. So ultimately it was revoked by the management. Mr. B. Chowdhury conceded also in course of his argument that such an offer was really made but that was subject to the letter written by the labour officer, dated 28th April 1969, but such a letter has not been produced in evidence. Mr. Ghosal appearing for the Union drew my attention to a petition for adjournment dated 4th March 1970 to which Mr. Gupta O.P.W. 1 was a party being a signatory. A statement was made in the said petition that mutual negotiation between the representatives of the parties was going on because they wanted to work out the scheme and in order to conclude such a statement, adjournment was granted. Mr. Ghosal maintained before me that management was prepared to introduce such a scheme and the said petition only points that out. The stance that was taken by the management later on is not a very helpful one. At one point of time, the management was willing to give 7 days' wages for every completed period of service as gratuity to the eligible workers—he contended. No one of such fact by itself as contended by Mr. Ghoshal is sufficient to make me frame a gratuity scheme outright; they may only throw some light on the attitude of the management in the matter of gratuity. The main factors that I am to look into are the financial position, the immediate liability of the Company, the number of workmen, the age of the Company and the comparative advantages and disadvantages. I find that the Company is carrying on business for a considerable period. There will be no financial strain on the Company which can upset its financial stability if a moderate gratuity scheme is introduced at least—immediately there will be no noticable strain and if it is introduced in moderation, the comparative collective advantages will be much more than the disadvantages suffered by the Company.

Judging all the circumstances, considering the exhibits and the evidence, I hold that a gratuity scheme should be introduced in a modest way. List of the worksrs as given in Ext. D with their particulars does not show that any worker is going to retire immediately, although there is evidence that some feeble and decrepit workers trudging on with their work. Under the circumstances, a modest gratuity scheme will not be beyond the means of the Company nor will it be in appropriate having regard to the financial position disclosed from Exts. A, A1 and A2.

In the premises, I lay down the following Gratuity Scheme:—

(1) For services less than 10 years:	... Nil.
(2) In case of death of an employee / workman while in service or becoming physically or mentally unfit for further service between 10/15 years:	... 10 days' basic wages for every completed year of service.
(3) For voluntary retirement or resignation of an employee / workman between 10/15 years:	... 7 days' basic wages for every completed year of service.
(4) For service between 15 years and upwards, in case of death of employee/ workman while in service or becoming physically or mentally unfit for further service:	... 15 days' basic wages for every completed year of service.
(5) In case of voluntary retirement between 15 years and upwards:	... 12 days' basic wages for every completed year of service.

But in no cases above, the maximum payment to be made shall exceed the equivalent of 12 months' wages.

Basic wages will mean wages exclusive of any allowance. Continuous service means uninterrupted service and includes service which may be interrupted on account of sickness, authorised leave, strike which is not illegal, lock-out or cessation of work which is not due to any fault on the part of the employee/workman.

For proof of incapacity it will be necessary to produce a certificate in proof of physical or mental incapacity from any one of the medical practitioners out of a panel to be jointly drawan by the mangement and the Union.

For counting of length of service fraction of a year exceeding 6 months shall count as one full year and 6 months or less shall be ignored.

Nomination. Each employee/workman within 3 months from the date of publication of this award make a nomination conferring the right to receive the amount of gratuity that may be due to him in the event of his death, before payment has been made.

This scheme of gratuity will come into force within one month of the publication of this award in the official gazette.

This is my award.

AWARD

This is an application under section 33A of the Industrial Disputes Act, 1947, by the applicants who claim to be the employees of Messrs. Victory Iron Works (P) Ltd. in their Bucket Section, relating to a dispute between the said Company and the workmen of the Bucket Section. In respect of other matters, a conciliation proceeding were on from before 2nd September 1968 and the conciliation having failed, a reference was made to this Tribunal of the said dispute by the Government on 29th November 1968 by its Order of Reference No. 8492-I.R./IR/10L-133/68, dated 29th November 1968.

The contention of the applicants are that during the pendency of the conciliation proceeding, their services were terminated by the Company without any notice on and from 2nd September 1968 and that this was done by the Company in contravention of section 33 of the Act, as no approval as required under the Act was obtained.

The learned Lawyer appearing for the Company raised a preliminary issue as to the maintainability of the application under section 33A. His contention is that an application under section 33A is maintainable only when the contravention of the provision of section 33 was made by the employer during the pendency of proceedings before a Labour Court, Tribunal or National Tribunal. But in the instant case the contravention as alleged by the applicants occurred on 2nd September 1968 when no proceeding between the Company and the workmen of the Bucket Section was pending before this Tribunal. He refers me in this connection to the fact that the proceeding which is pending before the Tribunal, originated from a reference made by the Government on 29th November 1968.

Section 33A has been enacted to provide speedy remedy to be workmen concerned in the dispute if there has been a contravention of the provision of section 33 of the Act during the pendency of proceedings before a Labour Court, Tribunal or National Tribunal. It is an enabling section. A workman may elect the remedy as provided under the section or may take the dispute in the ordinary channels. To have the speedy remedy as provided under section 33A. The conditions as laid down must be fulfilled. The condition is that the contravention of the provisions of the section 33 must occur during the pendency of a proceeding before a Labour Court, Tribunal or National Tribunal. Section 33 is applicable even when a conciliation proceeding is pending. But to attract the operation of section 33A, the contravention of the provisions of section 33 must be made by the employer during the pendency of proceeding before a Labour Court or Tribunal. The proceeding on the basis of the Order of Referesce abovesaid, is pending before this Tribunal from 29th November 1968, the date of the order. The alleged contravention took place, as it appears, from the averment of the applicants in their application on 2nd September 1968, i.e., more than 2 months earlier.

In the circumstances, the application under section 33A of the Industrial Disputes Act, preferred by the applicants, is not maintainable and as such, the applicants are not entitled to any relief in this proceeding.

AWARD

The reference is by the Government of West Bengal under section 10 of the Industrial Disputes Act, 1947, by its Order of Reference No. 165-I.R./IR/10L-244/67, dated 11th January 1969, for adjudication of the issue as to whether the dismissal of Shri Anil Kumar Das, a workman of Messrs. Ranjit Engineering Works, 149 Benaras Road, Belgachia, P.O. Dasnagar, Howrah, is justified and what relief, if any, the workman is entitled to.

Pursuant to usual notices served, both parties entered their appearance and submitted their respective written statements.

The first contention of Messrs. Ranjit Engineering Works (hereinafter be referred to as the Company) is that the Tribunal has no jurisdiction to decide the point at issue as the reference is bad in law because the individual dispute, though to be deemed as an industrial dispute under section 2A of the Act inserted by the amendment, was not sponsored to the Labour Department by the workman himself, but it was sponsored by a Union named Howrah Small Factories Workers' Union, which is not a Union of the Company or has any connection with the Company and to which the workman concerned was never a member. It is contended from the side of the Company that the Ranjit Engineering Works Employees' Association, bearing its registration No. 7983, dated 23rd September 1968, is the Union of the Company and that the workman concerned and the other workmen of the Company were and are the members of the said Union. The Ranjit Engineering Works Employees' Association was formed, as it appears from the papers filed, out of a decision of a few workmen of the Company, arrived at a meeting held by them on 1st December 1967. O.PW. 1 Krishna Govinda Paul, an Inspector of Trade Unions, has said in his deposition that the Ranjit Engineering Works Employees' Association was registered on 23rd September 1968 on the basis of an application received for the purpose on 14th May 1968 and that in respect of this application he made an enquiry when he found that out of 75 workmen working in the Company only 21 were the members of the Association. As regards the rest, he could not say whether they were the members of any other Union at that time. P.W. 1 Anil Kumar Das, the workman concerned, contends that from 1966 he is a member of the Howrah Small Factories' Workers' Union and in support of his contention, he has produced the receipts marked Exts. 2 to 2(f). It transpires from the evidence that the Company came into existence long before the formation of the Ranjit Engineering Works Employees' Association. It is a small scale industry. The Howrah Small Factories Workers' Union was formed to protect and safeguard the interest of the workmen of all the small factories working at Howrah. In the circumstances, I find that the Howrah Small Factories Workers' Union has locus standi to represent the workmen concerned in the dispute and that the reference is valid in law. So this contention of the Company fails.

The workman Anil Kumar Das was admittedly on medical leave from 9th December 1967 to 21st December 1967. He was to join on 22nd December 1967 on the expiry of his leave, but he did not join on that date. The workman concerned sent on 22nd December 1967 to the Company a letter by post, copy marked Ext. 1(i) contending that on 22nd December 1967 he came to resume his duties with a fit certificate obtained from the Doctor, but he was not allowed to resume his duties and he was asked to sign a typed English paper and to severe all connections with the Union. In reply to this letter the Company sent on 28th December 1967 a letter Ext. 1(e) to the workman concerned denying all the allegations made by him and asking him to show the cause of his absence from 22nd December 1967 within 48 hours from the time of receipt of the letter. The workman concerned paid no heed to it. On 12th January 1968 the workman concerned was charge-sheeted on 5 grounds and was asked to show cause in writing within 3 days of receipt of the charge-sheet. Ext. 1(b) is the said charge-sheet received by the workman concerned. But as it was in English, Shri Das, the workman concerned, wrote back to the Company by his letter Ext. 1(d) to provide him with a Bengali translation of the charge-sheet, and the Company readily complied with it and Ext. 1(g) is the Bengali translation of the charge-sheet. Ext. 4(a) is the show-cause that the workman submitted against the charge-sheet levelled against him. As it was found unsatisfactory, the Company decided to hold an enquiry in respect of the charges mentioned in the charge-sheet and Shri Das, the workman concerned, was informed by a letter that on 4th March 1968 at 10-30 a.m. the enquiry would be held by Shri Ranjit Kumar Santra and he was to remain present to defend himself at that time. As Shri Das did not turn up on that day, the enquiry was held in his absence and he was dismissed from service as the charges were found to have been duly proved by the evidence produced in the enquiry.

It is now well-established principle of law that the findings of a domestic enquiry cannot be interferred with by the Tribunal unless the domestic enquiry is found to be unfair, mala fide and against the principles of natural justice or its findings are perverse.

The contentions from the side of the Union is that the domestic enquiry was unfair and mala fide as on the alleged date, the workman Shri Anil Kumar Das came to attend the enquiry but he was not allowed entry at the gate. In this connection, a letter addressed by Shri Anil Kumar Das on 4th March 1968 to the Company Ext. 4(b) has been referred to. But there is nothing to show whether this letter was posted and it reached the hand of the Company. Shri Das has said in his evidence that on 4th March 1968 at 10-30 a.m. when he was not allowed entry by the Durwan at the gate, some workmen were present, but none of them has been examined by him as witness. On the other hand, it transpires from the enquiry proceedings that both the gate-men, who were on duty at the gate on 4th March 1968, were examined and they said in unequivocal terms that till 11 a.m. on that day, Shri Das, the workman concerned, did not report himself at the gate.

It is next contended by the learned Lawyer appearing for the Union that the enquiry was against the natural justice as when Anil Kumar Das was found absent in the enquiry, instead of proceeding with the enquiry, an adjournment ought to have been granted providing another opportunity to the workman to defend himself. In the letter communicated to the workman asking him to remain present at the enquiry to defend himself, it was categorically stated that if he failed to remain present, the enquiry would be held in his absence. Further adjournment was thus not warranted. Next point that has been raised by the learned Lawyer on behalf of the Union is that the findings of the enquiring officer are perverse, firstly because the letters and show-cause submitted by the workman Shri Anil Kumar Das, were not produced in the enquiry and considered by the enquiring officer and secondly because some of the charges were not proved by the evidence as adduced, though the order of dismissal is based on the report of the enquiring officer that all the 5 charges were duly proved in the enquiry. Exhibit E is the proceeding of the enquiry It transpires that Ramapada Mondal, the office clerk, produced all the letters and the show-cause of Shri Anil Kumar Das before the enquiring officer and the enquiring officer considered all these letters and show-cause along with the evidence adduced from the side of the Company. Ramapada Mondal and 2 others deposed before the enquiring officer that on 22nd December 1967 Shri Anil Kumar Das did not join his duties after the leave and that his allegation that he came to attend his duties on that day but was refused and was asked to sign a typed English paper and to severe all connections with the Union were false. In the circumstances, the findings of the enquiring officer cannot be said to be perverse. Furthermore, barring the evidence of the workman, there is no other evidence on the side of the Union that on 22nd December 1967, Shri Anil Kumar Das came to attend his duties but was refused and was asked to sign a typed paper and to dissociate himself with the Union.

In the result, the dismissal of Shri Anil Kumar Das is found justified. He is not entitled to any relief.

AWARD

This reference has been made under section 10, read with section 2A of the Industrial Disputes Act, 1947, by the Government of West Bengal under its order of reference No. 7765-I.R./IR/11L-286/69, dated 30th September 1969, for adjudication of the issue as to whether termination of service of Shri Prafulla Kumar Bhowmik by way of refusal of employment to him is justified? To what relief, if any, is he entitled?

Pursuant to the notices, served, both parties appeared and submitted their written statements.

Preliminary objection has been raised by the Company as to the validity of the reference contending that Shri Prafulla Kumar Bhowmik at whose instance the case has been referred to this Tribunal for adjudication, was Assistant Manager of the Company at the time of the alleged dispute and as much, he being not a workman as defined in the Industrial Disputes Act, the dispute is not an industrial dispute and cannot therefore be adjudicated upon by the Tribunal.

The case of Shri Prafulla Kumar Bhowmik as alleged by him in his written statement is as follows:

He got his appointment in the Company on 20th December 1965 as an In-charge of Waste Paper Department at a fixed pay of Rs. 100 per month. The pay was subsequently increased to Rs. 115 in July 1967 and ultimately to Rs. 175 per month in January 1968. He was appointed Assistant Manager of the factory of the Company in February 1968, but as no pay was fixed for the post, he made several representation to the Management verbally and in writing but without any effect. Being disgusted he at last on 1st November 1968, addressed a letter to the Managing Director of the Company requesting him to allow him to work in his previous assignment as In-charge of Waste Paper Department in preference to present post. But the letter remained unreplied. On 9th January 1969 he was served with an order of transfer asking him to join to the Employer's Mill No. 1, at 22 Burra Shibtala Main Road, Calcutta, with effect from 2nd January 1969. Against it he submitted a representation but it remained unresponded. He carried on his duties as usual till 28th February 1969 when he was not allowed to sign his attendance in the attendance register and was refused to resume normal duties. The refusal was without any justification and against all principles of natural justice. He took up therefore his cause to the Labour Commissioner and got it referred to this Tribunal for adjudication.

Industrial dispute as defined in section 2(k) of the Industrial Disputes Act means any dispute or difference between employers and employers or between employers and workmen or between workmen and workmen which is connected with the employment or non-employment or the terms of employment or with the conditions of labour of any person. Workman as defined in section 2(s) of the Act does not include person who is mainly employed in a managerial or administrative capacity. There is no dispute to the fact that at the time of the alleged dispute between Shri Prafulla Kumar Bhowmik and the Management, Shri Bhowmik was holding the post of the Assistant Manager of the Management. He was not thus a workman at the relevant time. As such his dispute is not an industrial dispute to be adjudicated upon by the Tribunal.

In the circumstances, the reference is not valid in law and Shri Prafulla Kumar Bhowmik is not entitled to any relief from this Tribunal.

AWARD

By Labour Department, order No. 9806-I.R./IR/7L-42/69, dated 18th December 1969, the Governor was pleased to refer the instant dispute between Messrs. Indian Jute Industries' Research Association 17 Taratala Road, Calcutta-53 and their workman, Shri Ram Brich Gope, C/o. Shri Kamal Banerjee, 85 Tollygunge Road, Calcutta-33, under section 10 read with section 2A of the Industrial Disputes Act, 1947. to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication on the following issue :

Issue

Whether the termination of service of Shri Ram Brich Gope is justified? To what relief, if any, is he entitled?

On receipt of usual notices the workman Shri Ram Brich Gope filed his written statement on 5th March 1970 and the employer namely, Messrs. Indian Jute Industries' Research Association (hereinafter referred to as the Association) filed its written statement on 30th April 1970. In its written statement the Association raised certain preliminary points regarding the maintainability of the reference and with the consent of parties these preliminary points have been heard before entering into merits of the reference.

This reference under section 10 read with section 2A of the Industrial Disputes Act, 1947, is to determine the justifiability of the alleged termination of service of Shri Ram Brich Gope by the Association and the reliefs to which Shri Gope is entitled in case his termination of service is not justified. The Association contends that this reference is not maintainable. It attacks the maintainability of the reference on 4 grounds, viz., (1) The Association is not an industry and as such any dispute between the Association and Shri Gope does not raise any industrial dispute, (2) Assuming that the Association is an industry, the dispute between it and Shri Gope is not an industrial dispute because before complaining to the Government regarding his alleged termination of service Shri Gope did not demand from the management his reinstatement, (3) As Shri Gope was only a casual employee on 'no work no pay basis' he was not a workman as defined in the Act and (4) The instant reference is not maintainable because of inordinate delay in making it.

The Union refutes all these allegations. According to the Union the Association is an industry; that before running to the Labour Commissioner the workman demanded reinstatement from the management; that even though the workman was a casual worker there was relationship of master and servant between him and the Association which had complete control over the manner of work of the workman and that though there was delay in making the reference this will not defeat his relief in the form of reinstatement because the Industrial Disputes Act does not lay down any limitation for making a reference. The Tribunal shall discuss these points one by one.

Point No. 1.

The Association contends that it is not an "industry" as defined in the Industrial Disputes Act. The workman on the other hand asserts that the Association is an "industry". In order to appreciate properly the contentions of the two parties it will be necessary to quote the definition of "industry" as given in section 2(j) of the Act. The definition is as follows:

> "industry" means any business, trade, undertaking, manufacture or calling of employers and includes any calling, service, employment, handicraft, or industrial occupation of avocation of workmen.

It is argued on behalf of Shri Gope that the Association is an "industry" because it is run in an organised manner like an industry or trade; it conducts researches with the help of its expert employees with a view to enabling its member-mills to make higher profits either by improving their products or reducing the cost of production and thus renders material service to a part of the community, namely the member-mills.

The Association states that its activities consist in essence of the acquisition and dissemination of knowledge likely to be useful to, and the making of discoveries and inventions likely to be useful to manufacturers of Jute textile fabrics who are its members, and the making available of the benefit of such discoveries and inventions to such manufacturers. Such activities according to the Association do not constitute an industry within the meaning of the Industrial Disputes Act, 1947. As the Association caters only to intellectual and educational needs of the society it is not an industry. In support of its case it has filed its memorandum of Association which has been marked Ext. 1. From this memorandum of Association it appears that the Association is a society registered under the West Bengal Societies Registration Act with the following objects:

To promote research and other scientific work connected with the jute trade and industry and trades and industries allied therewith or accessory thereto; to establish and maintain laboratories, workshops and conduct experiments therein; to encourage and foster education of persons engaged in or likely to be engaged in the said trades or industries; to maintain schools and grant scholarships connected with the purpose of the Association and to employ instructors and personnel as may be considered necessary for the said purposes and to pay remuneration to them. To edit, print, publish and exhibit books, papers and periodicals and to undertake literary activities bearing upon scientific matters especially with reference to the said trades or industries or any of them; to collect, compile and publish scientific data and other information relating to the said trades or industrres; to maintain libraries or museums for the said purpose; to employ skilled workers and professional technical advisers to carry out the objects of the Association and to pay therefor such remuneration as may be considered expedient. To encourage discoveries, to examine and publish information regarding the nature and merits of inventions, improvements, materials and designs connected with the said trades or industries or any of them and to take and acquire patents or licences relating to such inventions, improvements or processes and to acquire and register designs and standardization marks. To appoint investigators to study in India or abroad, legal, administrative, economic and other problems pertaining to scientific research undertaken by the Association. It also provides that a Director of Research shall be appointed by the Council who shall be in charge of the general direction and supervision of the research work of the Association. All Councillors and other officers of the Association shall, before taking charge, sign an undertaking to observe strict secrecy regarding all knowledge they may obtain in exercise of their duties regarding the progress and results of research. They shall also undertake not to utilise such information for work other than the work of the Association. Every employee of the Association shall give a written undertaking that in consideration of his employment by the Association he shall assign to the Association all rights, patents and ownerships in any discoveries, inventions, designs, know-hows or other results arising in the course of his employment under the Association. No member of the Association is entitled to ask for information or use any information already known to him except in accordance with Memorandum and the Rules, Regulations. It also provides that the funds of the Association shall consist of admission fees, membership fees including annual subscription from members, grants made by the C.S.I.R., contributions from other sources, income from investments and receipts of the Association from other sources. The memorandum of Association also provides for maintenance and audit of its accounts. P.W. 1 Shri M. N. Maitra is the present Secretary of the Association. He admits in cross-examination that research is conducted by the Association in order to enable the member jute mills to make higher profits. It is evident, therefore, that the Association conducts researches not for enlargement of knowledge of the general public or of those who participate in it, but for enabling its members to make higher profits by improving their products or by reducing the cost of production. The research work of the Association is organised like an industry with the help of its employees and with capital invested by it. The capital is collected by subscription from member jute mills for whose benefit the research is done, from the Council of scientific and Industrial Research (C.S.I.R.) which is run by the Central Government and from other sources. In support of its contention the learned Lawyers for the Association has referred to the decision of Asiatic Society's Employees' Union Vs. Asiatic Society and others reported in A.I.R. 1970 Calcutta, 170. In that case the Calcutta High Court summerised the different decisions on this point. On a consideration of the decisions of the Supreme Court the Calcutta High Court has held in the aforesaid case that an activity will constitute an industry only if it caters to the material needs (as distinguished from intellectual or cultural needs of the society) and that is done as part of trade or business or as analogous to trade or business. The Association in question is run in an organised manner like an industry. It is an undertaking which invests capital carrying on research to enable its member jute mills to make higher profits by improving their product or by cutting the cost of production. The research is done with the help of employees. It maintains its accounts and has also made provisions for audit of the same. It prohibits its employees to take advantage of the invention or and discoveries made by research carried on by them. It also prohibits its members from making use of the result of research except in accordance with Rules and Regulations of the Memorandum. Almost in similar circumstances the Supreme Court has held in the case of Ahmedabad Textile Industry's Research

Association Vs. State of Bombay and others reported in 1960 (II) LLJ., 720 that such an association is an undertaking and falls within the definition of industry as contained in the Industrial Disputes Act. The said decision has laid down that "it is difficult to state definitely or exhaustively the attributes, the presence of which would make an activity and undertaking under section 2(j) of the Industrial Disputes Act but as a working principle it could be said that an activity systematically or habitually undertaken for the production or distribution of goods or for the rendering of material services to the community at large or a part of such community with the help of employees would be an undertaking within the meaning of the Act provided it is carried on in an organized manner like trade or business. Thus the manner in which the activity in question is organized or arranged, the condition of the co-operation between employer and employee necessary for its success and its object to render material service to the community could be regarded as some of the features which would be distinctive activities to which section 2(j) applied.

Applying these principles to the facts of the instant case, it must be held that the activities carried on by the Textile Research Association started for the purpose of carrying on research and other scienfic work in connexion with the textile trade or industry and other trades and industries allied therewith or accessory thereto with a view to help the member-mills to improve methods of production in order to secure greater efficiency, rationalization and reduction of costs, would be an undertaking within the meaning of section 2(j) of the Industrial Disputes Act. It is an activity systematically undertaken; its object is to render material services to a part of the community (namely, member-mills), the material services being the discovery of processes, manufacture, etc., with a view to secure greater efficiency, rationalization and reduction of costs of the member-mills; it is being carried on with the help of employees (namely, technical personnel) who have no rights in the results of the research carried on by them as employees of the Association; it is organized or arranged in a member in which a trade or business is generally organized; it postulates co-operation between employer (namely, the association) and the employees (namely, the technical personnel and others) which is necessary for its success, for the employers provide moneys for carrying on the activities of the Association and its object clearly is to render material service to a part of the community by discovery of processes of manufacture, etc., with a view to secure greater efficiency, rationalization and reduction of costs.

In effect the Association has been established to carry on research with respect to textile industry jointly for the benefit of its members; but for this, each member-mill might have had to establish its own research department which would be a part of its activity. Hence it could not be considered to be a purely educational institution.

It is true that the employees who have raised the industrial dispute in the instant case do not actually contribute to the research which is carried on by the Association, but the manner in which the Association is organized and the fact that the technical personnel who carry on the research are also employees who have no rights in the results of their research show that the undertaking as a whole is in the nature of business and trade organized with the object of discovering ways and means by which the member-mills may obtain larger profits in connexion with their industries". In the said decision it has been held that the provisions of the memorandum of the aforesaid Association make it clear that though the Association was established for purpose of research, the main object of the research was the benefit of the members of the Association by improving the products or by reducing the cost of production. The cost of maintaining the Association was met partly by members and partly by grants from Government and other sources. It was thus, clear that in effect the Association was established to carry on research with respect to textile industry jointly for the benefit of its members; but for this, each member-mill might have had to establish its own Research Department, which would be a part of its activity. In such circumstances it could not be said that the Association was an undertaking which was purely of educational character. The activity of the Association was an activity systematically undertaken; its object was to render material services to a part of the community (namely, member-mills), the material services being the discovery of processes, manufacture, etc., with a view to secure greater efficiency, rationalization and reduction of costs of the member-mills; it was being carried on with the help of employees (namely; technical personnel) who have no right in the results of the research carried on by them as employees of the Association, it was organized or arranged in a manner in which a trade or business of generally organized; it postulates co-operation between employers (namely, the Association) and the employees (namely, the technical personnel and others) which was necessary for its success, for the employers provide moneys for carrying on the activities of the Association and its object clearly was to render material service to a part of the community by discovery of processes or manufacture, etc., with a view to secure greater efficiency, rationalization and reduction of costs. The Supreme Court, therefore, held that the activities of the Association could not be held purely educational and as such it was an undertaking falling within the definition of "industry". The learned Lawyer for the Association has filed before me a plain copy of decision of the Supreme Court in the case of Safdarjung Hospital, New Delhi, T. B. Hospital, New Delhi and Kurji Holy Family Hospital which has not yet been reported. But the learned Lawyer for the workman admits this to be a true copy of the judgment of the Supreme Court in the aforesaid appeal. This decision has held that hospital which are not run with a motive to make profit do not constitute "industry" as the experts engaged there render only individual service or the institutions are run merely for doing research work. The learned Lawyer for the Association draws my pointed attention to the passage in the aforesaid judgment where the meaning of "material service" has been explained. The aforesaid passage runs as follows:

What is meant by "material services" needs some explanation too. Material services are not services which depend wholly or largely upon the contribution of professional knowledge, skill or dexterity for the production of a result. Such services being given individually and by individuals are services no doubt but not material services. Even an establishment where many such operate cannot be said to convert their professional services into material services. Material services involve an activity carried on through co-operation between employers and employees to provide the community with the use of something such as electric power, water, transportation, mail delivery, telephones and the like. In providing these services there may be employment or trained men and even professional men, but the emphasis is not on what these men do but upon the productivity of a service organised as an industry and commercially valuable. Thus the services of professional men involving benefit to individuals according to their needs, such as doctors, teachers, lawyers, solicitors, etc., are easily distinguishable from an activity such as transport service. The latter is of a commercial character in which something is brought into existence quite apart from the benefit to particular individuals. It is the production of this something which is described as the production of material services.

The learned Lawyer for the Association draws my attention to the fact that the services rendered by an Association like Jute Industries' Research Association to its member-mills by inventions and discoveries through research by its employees has not been included in the passage as a material service. But the list of material services complied in the aforesaid passage is not exhaustive as will appear from the use of the terms "and the like". The activity of the Association is of a commercial character in which something is brought into existence quite apart from the benefit to particular individuals. The Association conducts an activity which is systematically undertaken; its object is to render material services to member-mills, the material services being the discovery of processes, manufactures, etc., with a view to securing greater efficiency, improvement of products and reduction of costs of production of the member-mills and thus to help the member mills to make a higher profit. The Association no doubt conducts researches through its employees but the service it renders through its expert employees is not individual service because the employees are prohibited from making use of the inventions, discoveries, etc., and the member-mills are also prohibited from making use of the result of Association research except in accordance with the Rules and Regulations of the Association. The service rendered by the Association cannot but be material service. The Association is, therefore, an undertaking rendering material services to the member-mills which constitute a part of the community. It is, therefore, an "industry".

Point No. 2

The learned Lawyer for the Association next argues that assuming that the Association is an industry this reference is not maintainable as Shri Gope, on his termination of service did not demand employment from the Company and as such he did not raise any dispute with the employer. He ran directly to the Government for relief. That being so, this reference is not maintainable. Shri Gope on the other hand says that before complaining to the Deputy Labour Commissioner he demanded from the then Director of the Association namely, Mr. Subramanium both reinstatement and back wages. It may be stated in this connexion that in his written statement Shri Gope alleged that he complained to the Deputy Labour Commissioner on 21th March 1969. He did not allege there that even before complaining to the Deputy Labour Commissioner he demanded reinstatement and back wages from the Association. The Association also did not allege in the written statement that before running to the Deputy Labour Commissioner Shri Gope did not demand his reinstatement and back wages from it. It may be argued that as the Association did not raise this objection in its written statement it cannot be allowed to do so at the time of hearing. It is well established that the parties before an Industrial Tribunal must be confined to their submissions made in the written statement. In support of this contention the decision of Rashtradut, Jaipur vs. Rajasthan Working Journalist's Union and other, Jaipur, reported in 1970 (I) LLJ., 58 may be referred to. In that case it was argued before the Supreme Court that as the workman concerned there was expelled from his Union and as the Working Journalist's Association was not sponsoring his case the reference was not maintainable. The Supreme Court did not allow the Company to raise this point because that point was not raised in the written statement and did not form the subject-matter of any issue. Moreover, no evidence was led on that aspect of the matter. It may be argued that on the analogy of the said case the Association should not be allowed to make out this point. In the instant reference the Association raised objection in its written statement regarding the maintainability of the present reference. But this ground was not taken up as one for challenging the maintainability of the reference. The reason is not far to seek. As Shri Gope did not make out any case that before complaining to the Deputy Labour Commissioner he complained to the management the Association had practically no occasion to say that before running to the Government Shri Gope did not demand reinstatement from the Association. Secondly, the aforesaid case can be distinguished on another ground. In the reported case the question of maintainability of the reference was raised for the first time in the Supreme Court; but in the instant case the question of maintainability has been raised before the Industrial Tribunal and evidence has been led on this point. Thirdly, in the case of Sindhu Resettlement Corporation vs. Industrial Tribunal of Gujarat reported in A.I.R. 1968 Supreme Court 529 a question regarding the maintainability of the reference was raised before the Supreme Court by the Company. The respondant contended that as the point was being raised for the first time before the Supreme Court the Court should not entertain it. But the Supreme Court entertained the point on the ground that it was raised before the High Court though in a different form. The instant case has a stronger basis because the question of maintainability on the ground mentioned by the Association has been raised before the Industrial Tribunal and as a matter of fact this was raised not at the time of argument but in course of hearing. I, therefore, feel inclined to entertain this point.

Now as to the merits of this point. As has already been pointed out, according to the Association Shri Gope did not demand relief from the management before complaining to the Deputy Labour Commissioner. Shri Gope on the other hand says that before complaining to the Deputy Labour Commissioner he met the then Director of Research of the Association, Mr. Subramanium and asked the latter to reinstate him and to pay his back wages. In support of his case Shri Gope has examined himself. P.W. 1 Shri Maitra says that he does not know if Shri Gope approached the then Director of the Association Mr. Subramanium for his reinstatement and back wages. He, however, denies the suggestion that Shri Gope approached him for reconsideration of his case and for his reinstatement with back wages. It is admitted that Mr. Subramanium is no longer in the employ of the Association. As there was not a whisper about this story of demand by Shri Gope to Mr. Subramanium in the written statement of Shri Gope the Association had no occasion to take steps to examine Mr. Subramanium. It will appear that Shri Gope is not a very truthful man. In this written statement Shri Gope alleged in paragraph 2 that the Association refused work to him on 28th November 1967 and that he applied to the Deputy Labour Commissioner, West Bengal on 24th March 1969 for intervention in the matter. At the time of hearing Shri Gope, however, says that he was dismissed on 9th November 1967. It further appears from Ext. 5(a) that prior to 24th March 1969 Shri Gope complained to the Deputy Labour Commissioner over his termination of service on 1st December 1967. Shri Gope says that on 29th November 1967 and 30th November 1967 he approached Mr. Subramanium for his reinstatement and that on 30th November 1967 he handed over to Mr. Subramanium a letter demanding his reinstatement and back wages but Mr. Subramanium tore it off. He files a letter which has been marked Ext. A and says that this is the copy of the letter which he handed over to Mr. Subramanium on 30th November 1967. Shri Gope has no witness and no document to prove his allegation. It appears from Ext. 5(a) that on 1st December 1967 Shri Gope sent a letter to the Deputy Labour Commissioner complaining that he was discharged by the Association without showing any cause and without giving him any compensation on 10th November 1967. In this letter there is no mention of the fact that only one day earlier, that is, 30th November 1967 he handed over a letter to Mr. Subramanium demanding his reinstatement and back wages. Both in the letter Ext. 5(a), dated 1st December 1967 and in the letter Ext. 6(a), dated 24th March 1969, Shri Gope did not demand his reinstatement even to the Deputy Labour Commissioner. On 22nd May 1970 Shri Gope filed a list of documents on which he would rely. In this list this letter Ext. A was not mentioned. It was filed for the first time on 12th June 1970. I have no doubt that this Ext. A has been subsequently manufactured to bolster up the case of demand for reinstatement made to the management. In the circumstances I do not feel inclined to believe that on 29th November 1967 or on 30th November 1967 Shri Gope met the then Director of Research of the Association Mr. Subramanium and asked the latter to reinstate him and to pay him his back wages. It, therefore, appears that Shri Gope did not raise any dispute with the Association before complaining to the Government. In the decision of Sindhu Resettlement Corporation vs. Industrial Tribunal of Gujarat and others reported in A.I.R. 1963 Supreme Court 529 it has been laid down that if the workman after being dismissed does not raise any dispute with the management any request sent by him to the Government will only be a demand by him and not an industrial dispute between him and his employer. It is well-known that the Government can refer to the Industrial Tribunal only an industrial dispute as defined in the Industrial Disputes Act. It is also well-known that a demand by a workman laid before the Government does not raise any industrial dispute. That being so, as Shri Gope did not demand reinstatement and back wages from the Association his demand merely for payment of compensation to the Deputy Labour Commissioner did not raise any industrial dispute. The reference made by the Government for determination of the justifiability of the termination of service of Shri Gope on his demand for compensation for his illegal dismissal is, therefore, not maintainable.

Point No. 3

The Association alleges that the name of Shri Gope was included in a pannel of drivers maintained by the Association and that he used to be employed on days his service was found necessary. So he was a casual worker on no work no pay basis. It is argued that in such circumstances, Shri Gope is not a workman as defined in the Industrial Disputes Act. The learned Lawyer for Shri Gope admits that his client was a casual worker and he used to be engaged on no work no pay basis and as a result he used to get no salary on Sundays and Holidays and also on days he was not engaged by the Association. But he argues that in spite of that his client falls within the category of "workman" as defined in the Act.

Industrial Disputes Act defines a "workman" as follows:

> "Workman" means any person (including an apprentice) employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward, whether the terms of employment be express or implied, and for the purposes of any proceeding under this Act in relation to an industrial dispute, includes any such person who has been dismissed, discharged or retrenched in connection with, or as a consequence of, that dispute or whose dismissal, discharge or retrenchment has led to that dispute, but does not include any such person—
>
> (i) who is subject to the Army Act, 1950 (XLVI of 1950), or the Air Force Act, 1950 (XLV of 1950) or the Navy (Discipline) Act, 1943* (XXXIV of 1934); or
>
> (ii) who is employed in the police service or as an officer or other employee of a prison; or
>
> (iii) who is employed mainly in a managerial or administrative capacity; or
>
> (iv) who, being employed in a supervisory capacity, draws wages exceeding five hundred rupees per mensem or exercises, either by the nature of the duties attached to the office or by reason of the powers vested in him, functions mainly of a managerial nature.

In D. C. Works Ltd. vs. State of Saurashtra reported in 1957(I) LLJ., 474 the Supreme Court has held that the essential condition of a person being a workman within the terms of definition in the Act is that he should be "employed" to do the work in the industry of his employer, that there should be, in other words, an employment of his by the employer and that there should be the relationship between the employer and him as between master and servant. Unless a person is thus employed there can be no question of his being a workman within the definition of terms as contained in the Act. It should be taken as well established now that the use of the expression "employed" in the definition requires proof that there exists jural relationship of master and servant. If the relationship exists it does not matter whether the employment is part-time. In the case of Shanker Balaji Waje vs. State of Maharashtra reported in 1962(I) LLJ., 119 the Supreme Court has held that if the relationship of master and servant exists a casual or intermittent worker must fall within the definition of workman contained in the Act. It is clear, therefore, that a casual worker will also come within the definition of "workman" if the relationship of master and servant exists between him and his employer. In the instant case Shri Gope was a driver and he was admittedly working under the Association. It is not the case of the Association that Shri Gope was an independant contractor. In the case of Dharangadhara Chemicals Ltd. vs. State of Saurashtra reported in 1957(1) LLJ., 477 the Supreme Court has held that the prima facie test for determining relationship between an employer and employee is the existence of the right in the master to supervise and control the work done by the servant not only in the matter of directing what the servant is to do but also the manner in which we shall do this work. In precise words the proper test is whether or not the hirer has authority to control the manner of the execution of the act in question. It goes without saying that an employer has full control and supervision over the work to be done by a driver. Applying this test I have no hesitation in holding that Shri Gope though a casual worker on no work no pay basis was also a "workman" as defined in the Act.

Point No. 4

The learned Lawyer for the Association contends that this reference is not maintainable because of inordinate delay in making it. In paragraph 2 of his written statement Shri Gope alleged that he was refused job by the Association on 28th November 1967. But at the time of hearing Shri Gope has admitted that he was dismissed on 9th November 1967. The instant reference was made by the Labour Department by its order, dated 18th December 1969. Evidently there was inordinate delay in making the reference. The question is if this inordinate delay will be a ground for throwing it out. The learned Lawyer for Shri Gope admits that there was delay in making the reference but he contends that in spite of delay the reference is maintainable.

The Industrial Disputes Act does not prescribe any period of limitation for making a reference. It is well established that in cases where it is shown that an industrial employee has been improperly dismissed, as a general rule he is entitled to claim reinstatement. In this case the contention of Shri Gope is that he was illegally dismissed by the Association and he prays for reinstatement and back wages. Other things being the same, he is entitled to the reliefs he has prayed for if he can establish that he was improperly dismissed. There might however be cases in which industrial adjudication might take the view that if the case presents certain industrial features, reinstatement might not be granted and compensation might meet the ends of justice. Reinstatement cannot, however, be denied on the mere ground of delay in the proceedings or that the Company has engaged new hands. However, the Tribunal would be justified in refusing the relief of reinstatement in a much delayed reference to avoid dislocation of the industry and that is the correct order to make. In the instant case there was undoubtedly delay but reinstatement cannot be denied merely on that ground. The learned Lawyer for the Association says that reinstatement of Shri Gope may upset the present arrangement made by the Association since on the reinstatement of Shri Gope and the driver engaged in place of Shri Gope may have to be driven away which is likely to give rise another industrial dispute. There is no evidence to prove that since the dismissal of Shri Gope the Association has engaged any driver as a substitute for Shri Gope. Assuming that a substitute for Shri Gope has in the meantime been appointed by the Association in lieu of reinstatement Shri Gope will be entitled to compensation if he can prove that he was illegally dismissed. Without going into evidence and without considering the position threadbare in the light of the evidence to be adduced by both the parties, it cannot be said at this stage that Shri Gope is not entitled to reinstatement. Assuming that it is found that Shri Gope is not entitled to reinstatement in order to avoid serious dislocation in the running of the Association then also he will be entitled to compensation in lieu of reinstatement and that makes the reference maintainable.

In view of the findings recorded above it is apparent that the Association is an industry in the sense that it is an undertaking where research work is conducted by its employees. The research work is systematically conducted in an organised manner on the basis of co-operation between the Association and its employees and the object of the research is to discover or invent new methods or process in order to improve the method of production or to reduce the cost of production so as to enable the member-mills to make higher profits. The service rendered by the Association is not merely cultural or educational but is material in the sense that it produces something which renders benefit to a part of the community, namely, the member-mills. Next it is found that though Shri Gope was a casual worker on no work no pay basis he falls within the definition of "workman" as contained in the Act and that though the reference is a belated one it is maintainable. But as Shri Gope did not raise his dispute over his reinstatement and back wages with the management before complaining to the Government it is not maintainable. This Tribunal, therefore, holds that the reference is not maintainable.

AWARD

The Government of West Bengal, in its Labour Department, order No. 5805-I.R./IR/10L-71/68, dated the 1st August 1968, referred under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Hinduthan Sheet & Metal Co. (P) Ltd., 19 Dakshindari Road, Calcutta-48 (hereinafter referred to as the Company) and their workman Shri P. Bairagi Nayak, 107 Dakshindari Road, Calcutta 48 (hereinafter referred to as the workman), to this Tribunal for adjudication of the issue quoted hereinbelow:

Issue

Whether termination of employment of Shri P. Bairagi Nayak by Company's letter, dated 30th August 1967, is justified? To what relief, if any, is he entitled?

After the service of the notices, both parties appeared and submitted their respective written statements. The case of the workman is that he was an employee of the Company for about 10/12 years and he worked to the entire satisfation of the Management and his superiors. He maintained a good, clean, spotless and meritorious record during the tenure of his service. On 9th August 1967 the workman submitted an application praying leave for one month on the ground of illness of his mother. The Company accepted the prayer of the workman and granted him leave accordingly. During the period of leave, the workman on 6th September 1967 received a letter informing him that his services had been dispensed with and no reason was ascribed for the termination of his services. On 7th September 1967 the workman went to the Management in order to know the reason of the termination of his service and he was told by the Managing Director to resume his duties. Accordingly the workman went to resume his duties on the following day, but he was not given any employment and he was assured that employment would be provided within a day or two. The workman on 11th September 1967 submitted a petition praying for permission to allow him to join his duties, but no reply was given to the workman. On 16th September 1967 the workman sent an application to the Labour Officer praying for his intervention in the matter. The Company submitted its comment on the representation of the workman. Conciliation proceedings were held on 4th December 1967, 18th December 1967, 29th April 1968 and 27th June 1968, but the dispute could not be settled due to the adamant and uncompromising attitude of the Company. Thereafter, the present reference has been made. The workman submits that the termination of his service by the Company is illegal, unjust, and malicious. There cannot be automatic termination of service of an employee without asking him to explain his conduct before a proper authority. The principles of natural justice have been grossly violated in the instant case. The workman prays for an award declaring the termination of service to be illegal and for a direction upon the Company to reinstate him with all back wages.

In the written statement, the Company contends that the workman started absenting himself without leave and without any intimation from 7th August 1967. The Company sent a letter on 17th August 1967 to the workman calling upon him to resume his duties within 7 days from the date of the said letter. The workman concerned failed to reply to the letter and also failed to resume his duties. The Company subsequently informed the workman by letter, dated 30th August 1967, that as he failed to resume his duties, he should be deemed to have left the services of the Company of his own accord since he absented for more than 8 days without permission of the Company and without any intimation to the Company as per Company Standing Orders. There was automatic termination of employment of Shri Bairagi by virtue of continued absence under the Company's standing orders. The matter was taken up by Shri S. Sen, Labour Officer, West Bengal, who by letter, dated 11th March 1968, asked the Company whether the name of the workman concerned had been kept in the badli list after automatic termination of his employment for absence for more than 8 days as provided under the certified standing orders. The Company by its letter, dated 24th June 1968, informed the Labour Officer that the services of Shri Bairagi Nayak stood terminated in terms of clause 17(5) of the certified standing orders of the Company. The said clause does not provide for keeping the name of the workman concerned in the badli list. As the workman was deemed to have left the services, there was no question of termination of employment by the Company. The Company also denied material allegations made by the workman in his written statement. The workman did not submit any application for leave and he was not also granted any leave. He was not given any assurance by the Managing Director and he was not asked by the Managing Director to resume his duties. The automatic termination of employment is legal and valid and the workman is not entitled to any relief.

Shri P. Bairagi Nayak was a workman of Messrs. Hindustan Sheet & Metal Co. (P) Ltd. The contention of the Company is that Shri Bairagi absented himself without leave or intimation from 7th August 1967. According to the Standing Orders of the Company, if any workman absents himself without permission for more than eight calender days, he shall be deemed to have left the services of the Company of his own accord and his services shall stand terminated, unless a satisfactory explanation is given by the workman. The learned representative of the Company contends that in the instant case, after the workman absented himself without permission for more than eight calendar days, an intimation was sent to him on 17th August 1967 asking him to resume his duties within seven days, but the workman concerned failed to do the same.Thereafter, by the letter, dated 30th August 1967, he was informed that he was deemed to have left the services of his own accord and his services stood terminated. The learned Advocate for the workman has argued that the workman had to leave for his native place on account of the illness of his mother, and he submitted an application for leave on 9th August 1967 for one month and went to his native place after he was given oral permission. The contention of the workman further is that he received a letter from the Company on 6th September 1967 and thereafter he came to resume his duties on 7th September 1967, but he was not given any employment. The learned Advocate for the workman has argued that there cannot be automatic termination of services, and the termination of services is bad in law as the workman concerned was not given any opportunity to explain and no enquiry was also held.

Three witnesses have been examined on behalf of the workman. P.W. 1 is Shri P. Bairagi Nayak. P.W. 2 is Shri Bijit Dutta Gupta, a Trade Union worker, who wrote the applications, Exts. 2, 4, 5 and 6 according to the instruction of Shri P. Bairagi Nayak. P.W. 3 Shri Ajit Kumar Saha is an Upper Division Assistant in the office of the Labour Commissioner, Government of West Bengal, and he has produced and proved some documents. Two witnesses have been examined on behalf of the Company. O.P.W. 1 Shri Amalendu Bandhab Ghose is the Works Manager of the Company and O.P.W. 2 Shri Sudhansu Bhusan Sen Gupta is the head clerk in the factory of the Company.

In his evidence, P.W. 1 states that he prayed for one month's leave on 9th August 1967 from the Manager and went to his native place on account of the illness of his mother. P.W. 1 further states that he submitted an application (Ext. 1) for leave to the Manager and the Manager granted him permission to leave. O.P.W. 1 Shri A. B. Ghosh, the Works Manager, however, states that Shri Nayak was absent from 7th August 1967 without leave or permission and he did not file any application for leave prior to his absence. O.P.W. 1 further states that he did not give P.W. 1 oral permission. O.P.W. 2 Shri Sudhansu Bhusan Sen Gupta, the head clerk, has stated that all the applications submitted by the workers comes to him and he did not receive the application (Ext. 1). O.P.W. 2 further states that Shri Nayak did not submit any application for leave. The attendance register (Ext. K) shows that Shri Nayak was marked absent from 7th August 1967. Ext. K thus shows that Shri Nayak did not attend on 7th August 1967. P.W. 1 has stated that one worker named Apna Nayak was present when the Manager granted him permission. Apna Nayak, however, has not been produced as witness. P.W. 1 cannot tell the name of the person who wrote the application (Ext. 1). Evidence shows that O.P.W. 1 submitted the report (Ext. A), dated 14th August 1967, about the absence of Shri Nayak from 7th August 1967 without any information. It is not at all likely that O.P.W. 1, the Works Manager, would submit the report (Ext. A) had he granted permission to the workman concerned to leave. It appears that the Company sent the letter (Ext. B), dated 17th August 1967, to the workman concerned under certificate of posting, informing him that he had been absenting himself without permission or without intimation since 7th August 1967. Ext. B shows that the workman concerned was given an opportunity to resume his duties within seven days from the said date and on his failure to comply, he should be deemed to have left the services of the Company of his own accord. Ext. C is the receipt showing the despatch of the letter to Shri Bairagi on 18th August 1967 under certificate of posting. Ext. E is a copy of the letter, dated 30th August 1967, by which the Company stated that since the workman absented himself for more than eight calender days and failed to resume his duties in spite of having been given an opportunity to do so, he was deemed to have left the services of his own accord and his services stood terminated with effect from 30th August 1967. Evidence shows that the letter was sent to the workman at his home address under registered post, but the said letter came back undelivered. In his evidence, P.W. 1 states that on 6th September he received a letter from the Company terminating his services and he came to the factory on 7th September and saw the Manager. P.W. 1 further states that the Manager asked him to go to the

Head Office, and he went to the Head Office and was told by Ashoke Babu that his services had been terminated. P.W. 1 has further stated that he received only one letter from the Company and he cannot say if the letter he received from the Company bears the date '17th August 1967'. The registered letter sent on 30th August 1967 came back undelivered. It would appear that P.W. 1 received the letter under certificate of posting. He did not resume his duties within the time mentioned in the letter, dated 17th August 1967. The evidence adduced by the workman concerned to show that he submitted an application for leave for one month on 9th August 1967 on account of the illness of his mother and he left after he was granted permission by the Manager, is not at all satisfactory. P.W. 1 states that he came to know about his mother's illness from a letter sent at her instance. The said letter has not been produced. P.W. 1 submitted the application (Ext. 2), dated 11th September 1967. In this application (Ext. 2), it is not mentioned that he went to his native village at Madras on account of his mother's illness after praying for leave for one month. In Ext. 2 there is no mention that he prayed for leave on 9th August 1967 and he was granted the leave. The attendance register shows that P.W. 1 was absent from 7th August 1967.

On a consideration of the materials on records, it appears that Shri P. Bairagi Nayak absented himself without permission for more than eight calender days, and inspite of communication to him he did not resume his duties within the time mentioned and he also failed to submit any explanation satisfactory to the Management, immediately after being notified as above. Clause 17(5) of the certified Standing Orders of the Company (Ext. J) runs as under:—

> "Any workman who:
>
> (a) absents himself without permission for more than eight calender days, or
>
> (b) having been laid off under the rules of the Standing Orders fails to report within eight days of the posting of recall notice or of being otherwise notified,
>
> shall be deemed to have left the service of the Company of his own accord after due communication to workman and his service shall stand terminated provided, however, he fails to submit an explanation satisfactory to the Management immediately after being notified as above."

The learned representative of the Company has argued that in view of the said provisions in the certified Standing Orders, the workman was deemed to have left the services of the Company of his own accord and his services stood terminated as he failed to submit any explanation satisfactory to the Management immediately after being notified as above. The learned Advocate for the workman has argued that according to the Standing Orders of the Company, absence without leave for more than ten days amounts to misconduct and no order of dismissal shall be made unless the workman concerned is notified in writing of the alleged misconduct and he has been given an opportunity to explain the circumstances alleged against him and to adduce evidence, if any, in his favour at the time of enquiry. It has been argued by the learned Advocate for the workman that there cannot be automatic termination of services within the meaning of the Industrial Disputes Act and the termination in the instant case must be considered to be a retrenchment. It has been further argued that the relevant provisions for retrenchment of a workman as laid down in section 25F of the Industrial Disputes Act, have not been followed, and as such the termination of employment is bad in law and the workman is entitled to reinstatement with all back wages. The learned representative of the Company has referred to the decision reported in 1963 (II) LLJ, 638 (Buckingham & Carnatic Co. Ltd., and Vonkatayya and another) and has argued that it is not necessary that the Company should consider the absence without leave as a misconduct when there is an alternative provision for automatic termination of service on that ground. It has been further argued by the learned representative of the Company that this is not a case of retrenchment and the provisions relating to retrenchment are not attracted. In the decision referred to above, it has been held that it is true that under common law an inference that an employee has abandoned or relinquished service is not easily drawn unless from the length of absence and from other surrounding circumstances an inference to that effect can be legitimately drawn and it can be assumed that the employee intended to abandon service. Abdonment or relinquishment of service is always a question of intention, and, normally such an intention cannot be attributed to an employee without adequate evidence in that behalf. But where parties agree upon the terms and conditions of service and they are included in certified Standing Orders, the doctrines of common law or considerations of equity would not be relevant. It is then a matter of construing the relevant term itself. Hence under the first part of the relevant Standing Order an employee remaining absent for eight consecutive days without leave shall be deemed to have terminated his contract of service and thus relinquished or abandoned his employment. The fact that such absence is also made a misconduct under the other Standing Order will not affect this position as it is not incumbent on the management to take recourse to the Standing Order providing for disciplinary proceedings for such absence on the part of any employee.

In the instant case, clause 17(5) of the certified Standing Orders deals with a workman who absents himself without permission for more than eight calendar days. Clause 16 of the Standing Orders deals with disciplinary action for misconduct/misdemeanour. According to clause 16(c)(v) of the Standing Orders, habitual absence without leave or absence without leave for more than ten days, shall be treated as misconduct and provisions have been made in clause 16 of the Standing Orders regarding dismissal on the ground of misconduct.

In view of the decision referred to above, it is not incumbent upon the management to take recourse to the Standing Orders providing for disciplinary proceedings and they are entitled to proceed under clause 17(5). In the case of termination of service in accordance with clause 17(5) of the Standing Orders, there is no question of retrenchment of the workman. Where the termination of employee's services follows automatically either from a contract or from a Standing Orders by virtue of the employee's absence without leave for the specified period, such termination is not the result of any positive act or order on the part of the employer.

On a consideration of the materials on record, I find that the termination of employment of Shri P. Bairagi Nayak by Company's letter, dated 30th August 1967, is justified and he is not entitled to any relief.

This is my award. The reference be thus disposed of.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Shree Krishna Pvt. Ltd., and their workmen represented by Shree Krishna Pvt. Ltd. Employees' Union to this Tribunal by its order No. 4465-I.R., dated 25th June 1969, for adjudication of the matter under section 10 of Industrial Disputes Act on the following issue:

Issue

"Quantum of Bonus for the accounting year 1967-68 payable in 1968".

This Tribunal received the aforesaid reference on 27th June 1969.

Pursuant to usual notices, both the parties—Management and Union entered appearance and filed their respective written statements. Thereafter, several adjournments were sought for, sometimes by the management, sometimes by the Union and sometimes jointly and the adjournments were granted. The matter was ultimately fixed for hearing on 20th June 1970. However, on 19th June 1970 both Mr. K. K. Moitra appearing for the management and Mr. A. L. Roy appearing for the Union informed this Tribunal that the dispute was going to be settled and they were preparing the terms of settlement for compromise. I fixed 26th June 1970 for filing of the compromise-petition and the terms of settlement by the parties.

Today both Mr. Moitra and Mr. Roy filed a joint petition of compromise being signed by them to the effect that the dispute has been compromised between the parties, filing therewith a copy of the said settlement. Clause 17 of the copy of the said settlement runs as follows :—

Clause 17—Quantum of Bonus for 1967-68:

> "The Union and the workmen agree hereby to withdraw the aforesaid demand and to file Joint Petition of Compromise with the Management before the 6th Industrial Tribunal before whom the above issue is pending adjudication in terms of Government Order of Reference No. 4465-I.R./IR/10L-106/69, dated 25th June 1969, for passing a 'No Dispute' Award in terms of the Settlement".

Mr. Moitra and Mr. Roy also apprised this Tribunal orally that the dispute has been settled and a 'no dispute' award be passed accordingly. They also produced before me the original settlement signed by all the respective parties, as it appears in the copy, which has been filed. I find from the original settlement that other matters not relating to this dispute have also been settled. The original settlement has been taken back leaving a copy as aforesaid.

Hearing Mr. Moitra and Mr. Roy I am satisfied that the dispute has been amicably settled between the parties and accordingly I pass a 'no-dispute' award. The petition and copy of the terms of settlement are kept on record.

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 552-I.R./IR/10L-289/69, dated the 16th January 1970, this industrial dispute between Messrs. Atlas Works Pvt. Ltd., and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issue mentioned below:

Issue

Whether termination of services of Shri Ajit Kumar Dhara and Shri Santi Nath Ballav is justified? What relief, if any, are they entitled to ?

Upon service of usual notice both parties appeared on 21st February 1970. The workmen were then directed to file its written statement. After taking two adjournments through its representative the workmen did not appear. The Tribunal therefore suo motu granted time to the workmen to file written statement till 29th June 1970. On which date also neither the workmen nor their representative took any step. The Company was present on 29th June 1970.

In the circumstances, it must be presumed that the workmen are not interested to proceed with the matter and the reference should therefore be disposed of by passing a 'no dispute' award in the instant case.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri R. R. BANERJEE, Judge,
Second Industrial Tribunal.

The industrial dispute between Messrs. S.A.E. (India) Ltd., and their workman Shri Sunil Baran Naha has been referred to this Tribunal for adjudication by order No. 7309-I.R./IR/11L-332/69, dated 18th September 1969, of the Government of West Bengal, Labour Department, with the following issue :

Issue

Whether the termination of services of Shri Sunil Baran Naha is justified ? To what relief, if any, Shri Naha is entitled ?

The facts of the case are as follows—

The workman Shri Sunil Baran Naha was employed by the Company on or about 26th November 1969, as a fitter and in or about 1963 he was promoted to the rank of supervisor. Since then he has been working there in the same capacity. On 17th June 1968, on his way to Andul Workshop of the Company to return the cut pieces of copper wire weighing about 28 kgs. insulator to the Field Officer in-charge of the Company, he was arrested by the G.R.P. at Santragachi under suspicion The material was seized by the police and a police case was started against the workman. On or about 21st June 1968, the workman received a charge-sheet from the Company, Ext. B. The workman replied to the charge-sheet by his letter Ext. C and an enquiry was held against him by O.P.W. 1 George Chatterjee. The workman was asked to attend the enquiry by the Company by its letter Ext. F. The proceedings of the enquiry has been marked Ext. D. The enquiry report has been marked Ext. E. in which the enquiring officer held him guilty of the charge. Thereafter the Company issued the letter of dismissal Ext. F/1 to the workman. The case of the workman is that he never got this letter of dismissal. On 12th October 1968, the workman issued an Advocate's letter, Ext. F/2, to the Company to which the Company replied by its letter Ext. F/3. Thereafter the workman referred the matter to the Government which resulted in the present reference.

Appearances of the parties are as follows—

For the Company : Shri A. K. Sarkar, Labour Adviser.

For the Workman : Shri B. Malkhandi, assisted by Shri Rajendra Singh, Advocate.

At the time of trial it has been urged by the learned representative of the Company that this reference is incompetent inasmuch as there was no industrial dispute in this case. He pointed out that there is no evidence either oral or documentary to show that the workman demanded reinstatement before the employer after he came to know about his dismissal. The question, therefore, in this case is when the workman came to know about his dismissal. His own evidence is that three or four days after the enquiry he enquired of Mr. Signal about the result of the enquiry against him when he came to know that he would get it in the police report. The letter of dismissal, Ext. F/1, did not reach him as we find from the Company's own letter, Ext. F/3, which shows that the letter of dismissal came back to the Company undelivered. The letter, Ext. F/3, reached the workman through his lawyer bcause in paragraph 10 of the written statement of the workman it has been specifically mentioned that the Company replied to his Advocate's letter on 17th October 1968. The letter, Ext. F/3, is the Company's reply to the Advocate's letter, Ext. F/2 issued to the Company by the workman. In Ext. F/3 which is dated 17th October 1968, it has been specifically mentioned that the workman has been issued with an order of dismissal. So the workman came to know about his dismissal sometime after 17th October 1968. There is no evidence either oral or documentary to show that thereafter the workman approached the Company demanding reinstatement. In the ruling reported in 1970 (20) F.L.R. page 343 Delhi High Court following the Supreme Court decision in Sindhu Re-settlement Corporation versus Industrial Tribunal Gujarat—reported in 1968 (16) F.L.R. page 307 has laid down that a demand by the workman must be raised first on the management and rejected by them before an industrial dispute can be said to arise and exist. As in this case there is no evidence to show that the workman after he came to know about his dismissal made any demand on the management for his reinstatement and back wages, it must be held that there has been no industrial dispute in this case which the Government could refer to this Tribunal for adjudication.

The result is that this reference fails.

By Labour Department order No. 9315-I.R./IR/10L-316/68, dated 31st December 1968, the Governor was pleased to refer the instant dispute between Messrs. Sree Krishna Iron & Steel Enterprises, 38 Chowkpara Road, Lillooah, Howrah, and their workman Shri Banamali Pradhan represented by Shree Krishna Iron & Steel Enterprises Workers' Union, 23 Ananda Khan Lane, Calcutta-5, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication on the following issue:

Issue

Whether the termination of service of Shri Banamali Prodhan by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

On receipt of usual notices the Union submitted its written statement on 23rd March 1969 and the Company filed its written statement on 12th August 1969. Thereafter preliminary steps were taken by both the parties and the parties examined one witness each on 7th February 1970. The documents filed by the parties were also marked exhibits. 14th February 1970 was fixed for further hearing of the matter. Thereafter several adjournments were granted for various reasons. On 4th June 1970 the parties informed the Tribunal that a talk of compromise was going on and 19th June 1970 was fixed for compromising the dispute. On 19th June 1970 both the parties stated that the matter had been compromised. But as the compromise involved payment of some money and as the parties wanted that the payment would be made on 22nd June 1970 the reference was adjourned to 23rd June 1970. On 23rd June 1970 the parties did not file any petition of compromise and the matter was adjourned to 29th June 1970 on which day they filed a petition stating that the dispute had been settled outside this Tribunal and requesting the Tribunal to pass a 'no dispute' award. The petition is signed by the workman concerned and the Secretary of the Union representing him as also by the Manager of the Company. From the petition of compromise I am confident that the dispute had been settled outside this Tribunal. The reference is, therefore, disposed of on a 'no dispute' award as prayed for by the parties.

AWARD

The Labour Department, Government of West Bengal, referred an industrial dispute between Messrs. Wellman Incandescent India Ltd., and their workman Shri A. P. Ayyar to this Tribunal by its order No. 5370-I.R., dated 21st July 1969, for adjudication of the matter under section 10 of the Industrial Disputes Act on the following issue:

Issue

> Whether the termination of services of Shri A. P. Ayyar is justified? What relief, if any, is he entitled to?

This Tribunal received the aforesaid reference on 9th September 1969.

Pursuant to usual notices, parties entered appearance and the workman filed his written statement on 12th November 1969 and the management filed its written statement on 19th February 1970. Thereafter, the Company filed its documents on 2nd May 1970 and on 26th May 1970 an application was field on behalf of the management asking the Tribunal to hear and decide first the preliminary objection that was raised by it in its written statement first. I fixed the matter for hearing of such preliminary objection on 24th June 1970. On 22nd June 1970, however, the workman concerned filed his documents.

Today I heard the preliminary objection raised by the management. Mr. D. K. Ghosh argued on behalf of the management. Mr. P. P. Pathak argued on behalf of the Union resisting and/or disputing the maintainability of such preliminary objection. Three documents—(1) appointment letter of Shri A. P. Ayyar marked Ext. A, (2) a letter written by Mr. H. W. Erskine, Resident Engineer, dated 31st August 1966, to Shri A. P. Ayyar marked Ext. B and (3) another letter written by Shri A. P. Ayyar marked Ext. C have been filed today and made such exhibits on admission.

Mr. Ghosh argued that the dispute admittedly is one of retrenchment admitted by both the management as well as workman himself as it is evident from Ext. C and his written statement, but the reference has been made under Second Schedule of Industrial Disputes Act, issue being whether termination of services of Shri A. P. Ayyar is justified. His contention is that the entire reference is misconceived and the Government did not refer correctly the real dispute between the parties and as such, the reference is incompetent.

Mr. Pathak argued that although it was a fact that it was a case of retrenchment, but the language of the issue as it has been couched, covers such retrenchment. He refers to section 2(00) of Industrial Disputes Act and contends that retrenchment means termination and as such the issue as it relates to termination of service of Shri A. P. Ayyar cannot be said to be unsustainable. In support of his argument he refers to a judgment (State of Madras Vs. C. P. Sarathy) reported in 1953(1) LLJ., p. 174. He contended that in referring the matter the Government was not acting as a judicial or quasi-judicial body and therefore, the Tribunal cannot canvass the order of reference closely as it was not a judicial or quasi-judicial Act.

Considering the argument of both Mr. Ghosh and Mr. Pathak and perusing the exhibits, I am rather inclined to uphold the preliminary objection raised by Mr. Ghosh, true, the retrenchment as defined under section 2(00) of Industrial Disputes Act covers termination by the employer of the service of a workman for any reason whatsoever, but retrenchment has been made a separate item altogether in the scheme of the Act itself as would appear from the fact that retrenchment has been provided for in the Third Schedule whereas the discharge or dismissal finds its place in the Second Schedule. Mr. Pathak argued that discharge of the Second Schedule (under which schedule this reference has been made) is a sort of termination of service, but it must be borne in minc that retrenchment has been specially provided for in the Third Schedule of the Industrial Disputes Act. If the retrenchment was to be covered under termination or discharge as argued by Mr. Pathak then in that case a separate case would not have been provided for retrenchment under different schedules altogether that is to say, under the Third Schedule. The order of reference, dated 21st July 1969, was made under Second Schedule of Industrial Disputes Act and the issue was termination of service of Shri A. P. Ayyar. Therefore, reading the order of reference as a whole, it appears that Government had in its mind discharge which is the item No. 3 of the Second Schedule and certainly it cannot come under item No. 6, which contemplates within its ambit all matters other than those specified in the Third Schedule, because retrenchment is a specified item in the Second Schedule itself. Therefore, in my view, retrenchment cannot come under Second Schedule under which this reference has been made and as such the reference is not maintainable. The judgment cited by Mr. Pathak is not applicable in the present case for the reasons following:—

> There an award was already made but here a preliminary objection has been taken at the very outset. Secondly, here the error is patent on the face of the reference itself which can be amended without any prejudice to the parties.

Here in the present case it is admitted that there is a dispute. But real dispute has not been referred to this Tribunal as would appear from the order of reference itself. It is an admitted case of the workman himself that the dispute was relating to retrenchment as would appear from Ext. C as also from his written statement. For such retrenchment the scheme of the Act provides different remedies altogether. In case of termination of service there might not only be compensation or back wages but also reinstatement which is the legitimate right of the workman but in case of retrenchment provisions have been made for compensation under the Act itself. Here in the present case to my mind the real dispute as admitted and the order of reference are irreconciliable.

Considering all these facts, I hold that the reference as it has been made, is not in order and not sustainable, and as such, the reference is incompetent.

This is my award.

AWARD

By Labour Department order No. 8951-I.R./IR/10L-250/68, dated 16th December 1968, the Governor was pleased to refer the instant dispute between Messrs. Gresham & Craven of India (P) Ltd., 22 Gobra Road, Calcutta-14, and their workmen represented by Gresham & Craven Mazdoor Union, 13A Creek Lane, Calcutta-14, under section 10 of the

Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue:

Issue

> What should be the quantum of Bonus payable to the workmen for the accounting year that ended on 30th June 1967? If the quantum of bonus is found to be different from the quantum paid as an advance against bonus for the above year, what should be the mode of adjustment?

On receipt of usual notices the Union filed its written statement on 15th May 1969 and the Company filed its written statement on 7th June 1969. Witnesses were examined and documents were marked exhibits on 4th June 1970 and argument was heard on 30th June 1970

The genesis of this reference is that by an agreement, dated 1st July 1965, between the Company and the Union the Company had been paying bonus to its employees not according to the formula contained in the Payment of Bonus Act of 1965 but according to that contained in the agreement. Roughly speeking by the aforesaid agreement the Company agreed to pay bonus varying between 15 per cent. and 18 per cent. on the profits made by it. But in the year July 1966 to June 1967 the Company could not make any profit and agreed to pay only 4 per cent. as bonus which has been fixed by section 10 of the Act. The employees refused to accept 4 per cent. as bonus and there was a dispute between the Company and the Union over the payment of bonus for the year 1966-67. Ultimately by an agreement, dated 2nd September 1967, the Company agreed to pay 16 per cent. of the wages as advance against bonus to the workers. It was also agreed by the aforesaid agreement that the question of bonus would be taken up in November 1967 when the balance-sheet of the Company would be ready and the matter would be discussed before the conciliation officer. Failing settlement the matter would be referred to Tribunal for adjudication. As the parties failed to come to an agreement regarding payment of bonus for the aforesaid year by conciliation the dispute was referred to this Tribunal for adjudication according to the terms of the agreement, dated 2nd September 1967.

The Company's case is that in the year starting from 1st July 1966 and ending with 30th June 1967 it suffered a loss of Rs. 10,49,766.26 paise and as such under the terms of the aforesaid agreement, dated 1st July 1965, it is not liable to pay any bonus to its workers. But under the provisions of section 34(3) of the Act it is liable to pay the minimum bonus of 4 per cent. as provided by section 10 of the Act. It, therefore, prays that the excess amount paid as advance against bonus be adjusted against the wages of the workman in 4 (four) equal monthly instalments

The Union on the other hand says that by the agreement, dated 1st July 1965, the Company is liable to pay the minimum bonus of 15 per cent. irrespective of whether the Company makes any profit or loss in that particular year. It further says that the Company exercised its discretion as per terms of the said agreement to pay bonus at the rate of 16 per cent. for 1966-67 and as such no excess payment was made and no question of adjustment, therefore, arises. The main question, therefore, is whether the Company is liable to pay bonus varying between 15 per cent. and 18 per cent. irrespective of whether it makes any profit or not in any particular year.

The Company asserts that in 1966-67 it suffered a loss of Rs. 10,49,766.26 paise. This is not denied by the Union. The audited balance-sheet for the year 1966-67 has been marked Ext. 1. It also proves that in the year ending with 30th June 1967 the Company suffered a loss of the aforesaid amount. The onus of proving the incorrectness of the audited balance-sheet is on the party who challenges the correctness of the same. The Union has not challenged the correctness of the audited balance-sheet and as such it has not adduced any evidence to prove that in the year in question the Company did not suffer loss to the extent of Rs. 10,49,766.26 paise or any loss. Section 34(3) provides that the provisions of the Bonus Act will not preclude the employees employed in any establishment from entering into agreement with their employer for granting them an amount of bonus under a formula which is different from that under the Act. It has, however, been provided that any such agreement whereby the employees relinquish their right to receive the minimum bonus under section 10 shall be null and void in so far as it purports to deprive them of such right. So the agreement, dated 1st July 1965, by which the Company and its employees agreed that the employees will be paid annual bonus varying between 15 per cent. and 18 per cent. at the sole discretion of the Management on the profits of the Company as borne out by their audited Manufacturing and Trading and Profits and Loss Account of the financial year, i.e., profits before appropriation, after adding back the amount of annual bonus paid during that accounting year in respect of the previous accounting year is legally valid. Now the question is whether the Company is liable to pay bonus varying between 15 per cent. and 18 per cent. irrespective of whether it makes any profit or not in the year in question, as canvassed by the Union or whether the Company is liable to pay bonus at the above rate only in case it makes any profit in that year. It is admitted by the Company that even if it does not make any profit it is liable to pay the minimum bonus of 4 per cent. as provided by section 10 of the Act. In order to appropriate the liability of the Company to pay bonus at the rate fixed by the agreement, dated 1st July 1965, it is necessary to quote the relevant portion of the agreement itself. "The basis of payment shall be an amount equal to a minimum of fifteen per cent. and up to a maximum of eighteen per cent. at the sole discretion of the Management on the profits of the Company as borne out by their audited Manufacturing and Trading and Profit and Loss Account of the said financial year, i.e., profits before appropriation, after adding back the amount of annual bonus paid during the accounting year in respect of the previous accounting year." It must be admitted that the aforesaid agreement does not contain any specific provision that the Company will be liable to pay only the minimum bonus of 4 per cent. as provided by section 10 of the Act in years in which it sustains loss. There is also no specific provision that the Company will be liable to pay bonus at the rate fixed by the agreement irrespective of whether it makes any profit or not. It is, therefore, necessary to decide the point on the interpretation of the paragraph 1 of the said agreement quoted above. The aforesaid paragraph 1 provides that the basis of payment shall be an amount equal to minimum of 15 per cent. and up to a maximum of 18 per cent. at the sole discretion of the Management on the profits of the Company. It is, therefore, clear that the payment of bonus as agreed by the aforesaid agreement is co-related to profits. In other words, the Company undertook to pay bonus at the aforesaid rates provided it makes a profit. The profit may not be sufficient to declare such a rate of bonus. Even if the profit made by the Company justifies payment of bonus at a much lower rate the Company will be liable to pay bonus at the rate fixed by the aforesaid agreement. The learned representative for the Union argues that the Company is liable to pay bonus at the rate fixed by the aforesaid agreement irrespective of whether it makes any profit or not. In support of his argument he points out that though the Act provides a maximum bonus of 20 per cent. by the agreement the employees agreed to accept 18 per cent. as the maximum bonus. He adds that the employees agreed to sacrifice 2 per cent. from their due bonus in exchange of the minimum of 15 per cent. fixed by the agreement. This argument has some gloss. But this gloss is only skin deep and the slightest scrapping will bring out the straw within. The Company undertook to pay bonus between 15 per cent. and 18 per cent. even in years in which it makes profit, but the profit is not sufficient to declare 15 per cent. as bonus. Secondly, the bonus will be varying between 15 per cent. and 18 per cent. not of allocable surplus, but on the profits of the Company as borne out by the audited Manufacturing and Trading and Profit and Loss Account, i.e., profits before appropriation, after adding back the amount of annual bonus paid during that accounting year in respect of the previous accounting year. It is obvious that the amount that will be available for declaring the bonus will be much more than the allocable surplus calculated according to the formula of the Act itself. It is clear, therefore, that the employees agreed to sacrifice 2 per cent. from the maximum bonus because thereby they acquired the prospect of higher bonus. After giving my most anxious consideration to paragraph 1 of the agreement, dated 1st July 1965, quoted above I am of opinion that the Company is liable to pay bonus varying between 15 per cent. and 18 per cent. at its sole discretion in case it makes any profit in the relevant year. The Union's case is that the Company is liable to pay bonus at the above rates irrespective of whether it makes any profit or not cannot be sustained.

Admittedly in the year 1966-67 the Company made an advance of 16 per cent. of the wages of the employees against bonus. The Company was liable to pay only 4 per cent. of the wages as bonus. So it has paid 12 per cent. in excess of the amount due by it to the employees. The Company is, therefore, entitled to adjust the excess payment against the wages of the employees.

The Company wants to adjust the excess payment against the wages of the employees in 4 (four) equal monthly instalments. In my opinion if the adjustment is made by 4 (four) monthly equal instalments it will be a hardship for the employees. The Company will adjust the excess amount paid in 6 (six) monthly instalments starting from August 1970. But in October, i.e., during the pujas there would be no adjustment.

AWARD

By Labour Department, order No. 6005-I.R./IR/11L-97/68, dated 13th August 1968, the Governor was pleased to refer the instant dispute between Messrs. R. V. Briggs & Co. Pvt. Ltd., 9 Bentinck Street, Calcutta and their workmen, represented by R. V. Briggs & Co. Employees' Union, 49/1 Circular Garden Reach Road, Calcutta-23, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issues:

Issues

(1) Revision of grade and scales of pay.

(2) Dearness Allowance.

(3) Medical facilities.

(4) Outstation Allowance.

(5) Wages for the period of strike from 19th April 1968 to 15th May 1968.

On receipt of usual notices the Union and the Company filed written statements on 21st September 1968 and 15th November 1968 respectively. Both the parties took preliminary steps. The Union examined its witnesses on 28th July 1969, 14th November 1969 and 6th December 1969. The Company examined only one witness, namely, Shri Amaresh Chandra Biswas who is one of its Directors. He was examined in chief on 9th January 1970 and cross-examined on 3rd February 1970 and 5th March 1970. Argument was heard on 18th April 1970, 20th April 1970, 22nd April 1970, 25th April 1970 and 29th April 1970. As the Tribunal required some clarifications regarding certain points raised by the Union further argument was heard on 27th June 1970 and 30th June 1970.

This reference is the outcome of an agreement between the parties, dated 15th May 1968. By that agreement the parties to this reference agreed to refer the 5 issues in this reference to an Industrial Tribunal for adjudication.

Admittedly the Company is a very old and reputed firm of analytical chemists. Its head office is at 9 Bentinck Street. It has another office at 4 Lyons Range, a depot at 20 Coal Berth, Kidderpore and branches outside West Bengal as well. The main work of the Company is to analyse minerals, metals, fertilisers, shellac, soil and oil, etc. and to grant certificate after analysis of different metals and articles. It is also admitted that without a certificate from this Cimpany or similar other concerns export of minerals, metals, fertilisers, oils, etc., outside India is not permissible. Lastly it is admitted that the Company has 46 members of staff and 55 members of subordinate staff.

Now, according to the Union the financial position of the Company is sound but the grades and scales of both the staff and the sub-staff were fixed is 1949. Though there have been some adjustments to those grades and scales the members of the staff and subordinate staff get wage, that is, salary and D.A. which is below the need based minimum wage. By Government order No. 3934-I.R./IR/11L-1/62, dated 16th September 1963, two issues, namely, (i) Profit bonus for the year 1960-61 and (ii) revision of wages of the subordinate staff were referred to Third Industrial Tribunal which passed its award on 9th December 1965 and the same was published in "Calcutta Gazette", Dated 30th January 1966. By that award the subordinate staff was given a scale of Rs. 35—1—40—2—60—3—72 and a D.A. of Rs. 55 per month. With the rise of price index this award failed to satisfy the subordinate staff and due to their agitation the management increased their D.A. by stages to Rs. 72 per month. The members of the staff also started agitation and their D.A. was also increased. At present the members of the staff get D.A. at the rate of 80 per cent. for the first Rs. 100 and 40 per cent. for the balance plus a lumpsum of Rs. 18 per month. The staff are divided into 5 grades namely, AA, A. B. C & D. The members of the staff are also not satisfied with their present wage which includes both salary and D.A. and they also started agitation. There were strikes and minor adjustments in the emoluments. The members of the staff and sub-staff were not satisfied with the medical facilities that they were then getting from the Company and outstation allowances granted to them. The members of the staff and sub-staff were on strike from 19th April 1968 to 15th May 1968. For this period of strike they were not paid their salaries, D.A. and other allowances. They also laid claim for wage for the aforesaid period. Ultimately by agreement, dated 15th May 1968 the Union representing the workmen of the Company and the Company agreed to refer the aforesaid 5 Industrial Disputes to an Industrial Tribunal. By order No. 6005-I.R./IR/11L-97/68, Government referred the aforesaid disputes on 13th August 1968 to this Tribunal.

The defence of the Company is that the present wage of the members of the staff and subordinate staff is above the need based minimum wage and that the Company has not the financial capacity to pay higher wage to its workmen. The Company further says that so far as medical facilities are concerned the workmen are enjoying unlimited medical benefit the entire cost of which is borne by the Company. So far as outstation allowance is concerned the Company says that the present outstation allowance of the members of the staff of AA Grade is Rs. 20 per day and that of other members of the staff is Rs. 15 per day. The electric mistries and drivers are at present getting daily outstation allowance of Rs. 7 and other members of the subordinate staff are getting outstation allowance of Rs. 3 per day. The above rates of outstation allowances are fair and reasonable and the Company has no financial capacity to pay more. As regards the wages for the strike period from 19th April 1968 to 16th May 1968 the Company's case is that as the workmen resorted to strike when conciliation regarding the disputes was pending before the conciliation officer and as the strike was started without proper notice the strike was wholly illegal and the workmen are not entitled to wages for the strike period.

The issues will be taken up one by one. But the issues 1 and 2, namely, revisions of grades and scales and D.A. will be taken up together for the simple reason that the Union wants upward revision of the grades and scales and D.A. of the workmen on the ground that their present wage is below the need based minimum wage and according to section 2(rr) of the Industrial Disputes Act "wages" means all remuneration payable to a workman. In other words wage includes both salary and D.A., etc. While discussing the different issues, further facts having bearing on those issues will be mentioned and discussed.

Issues 1 and 2:

This Tribunal, therefore, takes up together the issues of the grades and scales of the staff and subordinate staff as also their D.A. At the time of hearing the Union changes the ground of claim of upward revision of wages and urges that the present wage of the workmen is below the bare or subsistence minimum. The first question that arises is what is meant by wage. Section 2(rr) of the Industrial Disputes Act defines wage as follows: "Wages" means all remuneration capable of being expressed in terms of money which would, if the terms of employment, express or implied, were fulfilled, be payable to a workman in respect of his employment or of work done in such employment, and includes—

(i) such allowances (including dearness allowance) as the workman is for the time being entitled to;

(ii) the value of any house accommodation, or of supply of light, water, medical attendance or other amenity or of any service or of any concessional supply of foodgrains or other articles;

(iii) any travelling concession; but does not include—

(a) any bonus;

(b) any contribution paid or payable by the employer to any pension fund or provident fund or for the benefit of the workman under any law for the time being in force;

(c) any gratuity payable on the termination of his service.

It is, therefore, clear that wage includes salary as well as D.A. So in deciding whether the workmen concerned get emoluments less than the bare or subsistence minimum their salary as well as their D.A. should be taken into consideration. Other amenities such as free medical attendance, free residential accommodation, free supply of light and water, supply of rain-coat for dock bearers and umbrellas to other peons, free supply of ropes, etc., should also be taken into consideration. It appears from the award of the learned Third Industrial Tribunal published in the "Calcutta Gazette", dated 13th January 1966, that the sub-staff are given free supply of ropes, free residential accommodation with light and water, supply of rain-coat for the dock bearers and umbrellas to other peons. This is not denied by the Company in course of hearing of this reference. It also appears that all the members of the staff are entitled to free medical attendance and outstation allowance at varying rates. These amenities should also be taken into account in deciding the grades and scales as well as the D.A. of the workmen.

In order that the grades and scales and the D.A. that should be fixed for both the staff and sub-staff can be assessed it is necessary to have a picture of the present grades and scales as well as those demanded by the Union.

The learned Third Industrial Tribunal by its award, dated 9th December 1965 and published in "Calcutta Gazette", dated 13th January 1966, fixed the scale of the subordinate staff at Rs. 35—1—40—2—60—3—72 and D.A. at the rate of Rs. 55 per month. It is admitted that since then the D.A. of the subordinate staff has been increased to Rs. 72. The Union has subdivided the sub-staff into two categories. The first category consists of sweepers, durwans and bearers and the second category consists of electricians and drivers. For the first category the Union has demanded a grade of Rs. 50—5—100 and for the second category it has claimed a grade of Rs. 110—10—210. The lower grade amongst the staff has been described as grade D. The scale of this category is Rs. 70—4—110—E.B.—5—160. The next higher category is category C. The scale of this category is Rs. 90—5—130—E.B.—8—210—10/2—230—promotion to grade AA at the discretion of the management. Another category of workmen has been named as grade B. They enjoy a scale of Rs. 85—5—135 transfer to A grade after putting in maximum 10 years' service or earlier at the discretion of the management. The scale for grade A is Rs. 110—10—210—E.B.—promotion to AA Grade at the discretion of the management. The highest grade is the AA grade and the scale is Rs. 200—20—360. From Rs. 361 the workmen of this category are entitled to increment at the discretion of the management and the highest point of the scale is Rs. 600. All the categories of the staff except AA grade are entitled to D.A. at the rate of 80 per cent. for the first Rs. 100 and 40 per cent. for the balance plus ad hoc Rs. 18 per cent. per month. AA grade employees draw consolidated salary. The Union has claimed the following grades:

Class D—Rs. 110—10—210.
Class C—Rs. 150—10—250.
Class B—Rs. 110—10—210.
Class A—Rs. 150—15—300—E.B.—promotion to AA Grade.
Class AA—Rs. 500—50—1,000.

The case of the Union is that the present scales of both the sub-staff and the staff do not provide for the bare minimum or subsistence wage and the Union prays that the scales for the sub-staff as well as staff may be so fixed that they get the bare minimum or subsistence wages. The Company on the other hand says that the present wage of both the sub-staff and the staff is not below the bare minimum or subsistence wages and that in any case the Company is unable to pay higher wage in view of its present financial position. In this respect the Supreme Court in the case of Express News Papers (P) Ltd. and Union of India reported in 1961 (I) LLJ. 339

has laid down certain principles. In this decision wages have been classified into three categories viz., (1) Living wage, (2) fair wage and (3) the minimum wage. In this case we are not concerned with living wage or fair wage because according to the Union the wage paid to the workmen of the Company is below minimum wage. We are, therefore, concerned with what is meant by minimum wage. According to this decision there is a distinction between a bare subsistence or minimum wage and a statutory minimum wage. The former is a wage which should be sufficient to cover the physical needs of a worker and his family, and that is, a rate which has got to be paid to the worker irrespective of the capacity of the industry to pay. If the industry is unable to pay to its workman at least a bare minimum wage, it has no right to exist. Even the minimum wage is something more than the bare minimum or subsistence wage which would be sufficient to cover the physical needs of the worker and his family, a wage which would provide also for the preservation of the efficiency of the worker and some measure of education, medical requirements and amenities. It must, however, be remembered that whereas the bare minimum subsistence wage would have to be fixed irrespective of the capacity of the industry to pay, the minimum wage thus contemplated postulates the capacity for the industry to pay and no fixation of wages which ignores this essential factor of the capacity of the industry to pay to the staff can be supported. In this case, as has already been pointed out, the case of the Union is that the wage paid to the workmen concerned is below the bare minimum or subsistence wage. If it is found that the wage now being paid by the Company to its workmen is below the bare minimum or subsistence wage then the Company has got to pay the bare minimum wage to the workmen irrespective of whether it has financial capacity to pay it. If the Company cannot pay the bare minimum or subsistence wage to its workmen it has no right to exist.

In order to give an idea as to what is the bare minimum or subsistence wage for a workman Shri Ram Sen representing the Union has referred to the case of Caltex Employees' Union reported in 1952, Labour Appeal Cases 402. In that case it has been held on the analysis of Dr. Akroyd that a manual workman would require on subsistence level an amount between Rs. 5 and Rs. 6 per consumption unit at the living cost index of Rs. 100. The mean of these two figures was adopted and Rs. 5.50 paise was assessed as the amount required by a manual workman for his subsistence. On that basis the subsistence allowance for three consumption units of a manual workman's family was assessed that Rs. 16.50 paise per month. 40 per cent. of that amount was added for house rent etc., and Rs. 27.50 paise was found to be the subsistence wage for a manual workman. At the time of calculation by Dr. Akroyd the living cost index was 180 and therefore, Dr. Akroyd assessed Rs. 49.50 paise to be the then minimum subsistence wage for a manual workman. "Calcutta Gazette", dated 5th February 1970 published consumer price index numbers for industrial workers. On the basis of the base year of 1939 as 100 the consumer price index for November 1969 was 755. Taking 49.50 paise to the bare minimum subsistence wage for a manual workman on the basis of price index of 100 for 1939 the bare minimum subsistence wage for a manual workman in 1969 will be roughly about Rs. 175 per month. The Union claims that the lowest wage that a sub-staff is now entitled to draw per month is Rs. 35 as salary plus Rs. 72 as D.A., that is, Rs. 107 in all. This is certainly below the bare minimum or subsistence wage that comes on calculation on the principle enunciated by Dr. Akroyd and accepted in the decision reported in 1953 LAC 402. As has already been pointed out, the Union had divided sub-staff into two categories viz., sweepers, durwans and bearers in one category and electrician and driver in another category. For sweepers, durwans and bearers the Union has claimed a scale of Rs. 50—5—100. The Union has also claimed D.A. at the Bengal Chamber of Commerce rate. This Tribunal is told that the rate of D.A. paid by Companies who are members of Bengal Chamber of Commerce is 200 per cent. for the first Rs. 100 and 100 per cent. for the second Rs. 100. If sweepers, durwans and bearers are granted a scale of Rs. 50—5—100 and D.A. of 200 per cent. for the first Rs. 100 then their minimum total wage will be Rs. 150. But R. V. Briggs & Co. is not a member of Bengal Chamber of Commerce. Secondly, though it has been well-settled that an industry must pay to its workmen a wage which should be sufficient to cover the bare physical needs of them and their families irrespective of the capacity of the industry to pay the burden of the Company should not be increased in such a manner as to drive the employer out of the business. It will be suicidal to kill the goose that lays the golden egg. The pay burden should not be increased in such a manner as to compel the Company stop its business. Considering everything this Tribunal is of opinion that the sweepers, durwans and bearers should get minimum wage of Rs. 125 per month. They should be granted a scale of Rs. 50—2—60—3—75 and D.A. of Rs. 75 per month.

Next come the electricians and drivers. Admittedly there are some electricians and drivers in the employ of the Company. The Union has claimed a scale of Rs. 110—10—210 plus D.A. at the Bengal Chamber of Commerce rate for electricians and drivers. Exhibit E filed by the Company is a list of subordinate staff with their basic pay and D.A. But the salaries of drivers have not been mentioned in this exhibit O.P.W. 1, Shri Biswas has admitted that the Company pays Rs. 175 per month for payment to the drivers of Mr. K. K. Agarwal though that driver is not an employee of the Company. Shri Biswas cannot also deny that the Company pays to its driver Dil Mahammad a total emolument of Rs. 268 per month. The Tribunal can take notice of the fact that in these days of high prices no driver is available at a salary below Rs. 175 per month. This Tribunal, therefore, holds that drivers are entitled to a minimum wage of Rs. 175 per month. This Tribunal, therefore, feels inclined to grant them a scale of Rs. 100—5—150—7—185 plus a D.A. of Rs. 75 per month.

Electricians like drivers are also skilled workers and in the opinion of this Tribunal they are also entitled to the scale granted to drivers. This Tribunal, therefore, fixes a scale of Rs. 100—5—150—7—185 plus a D.A. of Rs. 75 per month for them.

Having disposed of the question of fixation of the scale and D.A. of the sub-staff this Tribunal will take up the scale and D.A. of the staff. For the sake of convenience this Tribunal will take up the case of D category staff first because they are at the lowest rung. The present scale of D category staff is Rs. 70—4—110—EB—5—160 plus D.A. of 80 per cent. for the first Rs. 100 and 40 per cent. for the rest plus a lump-sum of Rs. 18 per month. The Union has claimed a grade of Rs. 110—10—210 plus D.A. at the Bengal Chamber of Commerce rate. For the reason which weighed with this Tribunal in fixing the D.A. of the sub-staff the D category staff connot be allowed D.A. at Bengal Chamber of Commerce rate. This Tribunal feels inclined that their D.A. should be increased to 110 per cent. for the first Rs. 100 and 55 per cent. for the rest. It appears that the present scale was given effect to by an agreement between the parties on 1st June 1967. Considering the circumstances this Tribunal feels inclined to fix scale of Rs. 90—5—115—10—165.

Next comes the question of fixation of the scale of C Grade staff. The present scale of this grade is Rs. 90—5—130—EB—8—210—10/2—230—promotion to AA Grade at the discretion of the management. Like other members of the staff the employees of this grade also get D.A. at the rate of 80 per cent. for the first Rs. 100 and 40 per cent. for the balance plus a lump sum of Rs. 18 per month. The Union has claimed a scale of Rs. 150—10—250 plus D.A. at the Bengal Chamber of Commerce rate. For reasons already discussed this Tribunal does not feel inclined to grant D.A. at the Bengal Chamber rate, but fixes a D.A. of 110 per cent. for the first Rs. 100 and 55 per cent. for the balance. It appears from Ext. F4 that none in grade C at present draws a salary below Rs. 110. This Tribunal. therefore, fixes a scale of Rs. 110—7—145—10—195 and then a promotion to Grade AA on merit-cum-seniority basis whenever any vacancy will arise at AA Grade.

The present scale of B Grade staff is Rs. 85—5—135 transfer to A Grade after 10 years or earlier at the discretion of the management. They also get D.A. at 80 per cent. for the first Rs. 100 and 40 per cent. for the balance plus a lump sum of Rs. 18 per month. The Union has claimed a scale of Rs. 110—10—210 plus DA. at the Bengal Chamber of Commerce rate. For reasons already mentioned in respect of grades D and C this Tribunal fixes D.A. for this grade also at 110 per cent. for the first Rs. 100 and 55 per cent. for the balance. From Ext. F4 it appears that there are altogether 5 employees in this grade. One amongst them used to draw a basic pay of Rs. 100 and 4 others used to draw a basic pay of Rs. 95 per month on 2nd July 1969, the day on which Ext. F4 was prepared. So none in this grade at present draws a basic salary of less then Rs. 100 per month. This Tribunal, therefore, fixes a scale of Rs. 100—7—135—10—185 and then promotion to AA Grade on merit-cum-seniority basis when any vacancy in AA Grade arises.

The present scale of A Grade is Rs. 110—10—210—EB—promotion to AA Grade at the discretion of the management. They also get a D.A. of 80 per cent. for the first Rs. 100 and 40 per cent. for the balance plus an ad hoc amount of Rs. 18 per month as D.A. The Union has claimed a scale of Rs. 150—15—300—EB—promotion to AA Grade plus D.A. at the Bengal Chamber of Commerce rate. For reasons already mentioned this Tribunal feels that the employees of A Grade will also get D.A. at the rate of 110 per cent. for the first Rs. 100 and 55 per cent. for the balance. From Ext. F4 it appears that there are altogether 7 employees in this grade and none of them draws a basic pay below Rs. 110. In view of the fact that the pay scale of C Grade workmen has been fixed at Rs. 110—7—145—10—195 this Tribunal feels inclined to fix the scale of A Grade employees at the rate of Rs. 120—10—170—15—245. They will also be entitled to promotion to AA Grade on merit-cum-seniority basis provided any vacancy in the AA Grade arises. In granting promotion the workmen of A Grade will get preference over the workmen of grades B and C.

Lastly comes AA Grade. The present scale of this grade is Rs. 200—20—360. From Rs. 361 increment is granted at the discretion of the management up to Rs. 600. These workmen draw consolidated pay and are not given any D.A. This Tribunal does not see any reason as to why these employees will not get any D.A. They will also get D.A. at the rate of 110 per cent. for the first Rs. 100 and 55 per cent. for the balance. Their present grade of Rs. 200—20—360 is retained. After Rs. 360 they will get an annual increment of Rs. 50 per month raising their salary to Rs. 610. This increment will not depend on the discretion of the management.

In fixing the wage of the staff, sub-staff this Tribunal has taken into consideration the other benefits and amenities enjoyed by them. In Ext. E(1) the Company has furnished a list of such benefits. These are as follows: Outstation allowance at the rates mentioned, mutual benefit fund in which Company's contribution is 8⅓ per cent. of the basic salary, pension at the rate of 50 per cent. of the average basic salary during 3 years preceding retirement after rendering 30 years' service and increased pro rata for longer service, unlimited medical benefits, one month's gross salary as bonus, free accommodation in the Dalhousie Square Area to the sub-staff and house rent at the rate of Rs. 17.24 paise for sub-staff engaged in Kidderpore Docks, free electricity. Summer clothes are supplied to subordinate staff and rain-coats are provided for dock bearers. Umbrellas are supplied to Peons on every alternate year. One woollen zersy is supplied to each member of the subordinate staff and a pair of woollen trousers for dock bearers and night watchmen. Tea is supplied free twice a day to every member of the subordinate staff during duty hours. A stock of woollen blankets is maintained for use by outdoor workers. The Union does not deny that these amenities are provided for the workmen.

It is laid down that by this award nobody will suffer any pecuniary loss. If on calculation it is found the new scale of wages, that is, basic salary and D.A. falls short of the actual emoluments one draws he will continue to draw his present wage till the shortfall is wiped out by annual increments and corresponding increase in D.A. Thereafter he will start getting usual increments. No body of the staff will get D.A. below Rs. 110 per month.

The Union has prayed for point to point adjustment in the new scale. In otherwords it wants that the salary of a workman should be fixed in the new scale after giving him as many increments as the number of years he has served in that scale. This will amount to giving the award a retrospective effect from a remote past. This will mean that a very heavy financial burden will fall on the management and upset the administration to a point of collapse. This Tribunal, therefore, awards that where the present pay of an employee is less than the minimum of the scales fixed it will be pulled up to the minimum point. Where the present pay is above the minimum of the scales it will be pulled up to the next higher pay point and then increments will follow. The grades and scales fixed will take effect from October 1969 and the arrear pay will be paid to the workmen in 6 (six) equal monthly instalments starting from September 1970.

The Company resists the claim of the Union for upward revision of both scales of pay and D.A. on the ground of its absence of ability to bear the burden of higher wages to the workmen. In this case the Union has claimed upward revision of wage on the ground that the wage at present drawn by the workmen is below the bare minimum or subsistence wage. It has also been found that the wage at present paid to the workmen is really below the bare minimum or subsistence wage. In the Express Newspapers Case mentioned before it has been held that if an industry is unable to pay its workmen at least a bare minimum wage it has no right to exist and that an employer must pay to its workmen the bare minimum or subsistence wage irrespective of its capacity to pay. In the same decision it has also been held that the proper measure for gauging the capacity of the industry to pay the Tribunal should take into account the elasticity of demand for the product, the possibility of tightening up the organisation so that the industry can pay higher wages without difficulty and the possibility of increase in the efficiency of the lowest paid workers resulting in the increase in the production considered in conjunction with the elasticity of demand for the product. In this case it is admitted that the Company concerned is an old and reputed firm of analytical chemists. Without a certificate from this Company or a similar concern export of minerals, metals, chemicals, fertilisers, oil, soil etc., is not possible. In view of the drive of the Government of India to increase the export of the above materials to different countries the volume of business of this Company is very likely to increase. The demand for the services of analytical chemists will increase with the increase in export of the above materials. The increase in the wage of the workmen who are at present really paid very low is sure to increase their efficiency. It further appears from the balance-sheets filed by the Company that after some loss in previous years the Company made a net profit of Rs. 58,296 for the year ending 30th September 1968. Shri Biswas admits that the Company pays Rs. 3,000 per month to Shri R. K. Agarwal and brothers for the establishment charge of the Company's office at 4 Lyons Range. He further admits that all the Company's works relating to its business are done from the Company's office at 9 Bentinck Street. Only the Secretary of the Company sits at 4 Lyons Range. Shri R. K. Agarwal is one of the two Agarwal brothers who are the major share-holders of the Company which is a Private Limited Company. The reason for spending a huge amount of Rs. 3,000 per month for providing the sitting accommodation of the Secretary of the Company is apparent and does not require the probe by any expert. The Company can easily save this amount by abolishing this office. Next the allegation of the Union is that the Company makes huge profit by sale of surplus metals, minerals, etc., taken as samples for analysis. Shri Biswas says that every year some excess samples of minerals, metals, etc., accumulate in the hands of the Company. But the Company does not sell this surplus sample: it distributes the said surplus amongst its clients gratis. Assuming that the Company really distributes the excess samples to its clients gratis it can make some profit by stopping this gratis distribution and by selling the same. It appears from the award of the learned Third Industrial Tribunal published in the "Calcutta Gazette" on 13th January 1966 that in 1959-60 the Company received an amount of Rs. 7,760 by sale of surplus manganese and shellac and this amount was credited to the business account of the Company. Shri Biswas deposed before the learned Third Industrial Tribunal that prior to 1959-60 the sale proceeds of the surplus samples used to be given to the Directors wives instead of being credited to the business accounts of the Company. Since 1959-60 the price of minerals, metals, shellac, oils, etc., have increased several times. It cannot be believed that though there was prospect of making higher profits by selling surplus samples the Company adopted the practice of distributing the same gratis. This Tribunal is convinced that the Company makes huge profit by selling surplus samples of metals, minerals, etc., but conceals this profit. Thirdly, it appears from the balance-sheet ending with the end of September 1968 that in that year the Company spent as much as Rs. 22,075 towards motor car expenses. This expense appears to be disproportionately high in view of the size of the establishment. By tightening the administration this amount can be brought down to a reasonable sum. Lastly, it appears from the balance-sheet of that year that an amount of Rs. 44,730.95 paise has been written off as bad debt. Shri Biswas has admitted that the entire amount is not time barred and that correspondence is going on between the Company and the debtors for realisation of the amount. At least a portion of it will be realised and that will strengthen the financial position of the Company in future. Lastly, with the rise of expenditure consequent on the upward revision of the pay scales and D.A. the amount of income-tax will proportionately be reduced. So considering everything this Tribunal is of opinion that the Company is in a position to bear the financial burden of the upward revision of the pay scales and the D.A. granted by this award.

Issue No. 3.

The Union alleges in paragraph 25(a) of its written statement that there is no proper arrangement for treatment of the workmen under any qualified doctor and in fact the first aid facilities are insufficient. It also alleges that in many establishments medical expenses for employees on duty and on leave are paid by the Company. The Company on the other hand states that it extends unlimited medical benefit to the staff and subordinate staff. P.W. 1 Shri Amalendu Banerjee admits in examination in chief that at present the workmen get all medical benefits. They are examined by a medical pactitioner free of charges and they get supply of all medicines require free of cost. He says that the workmen require the services of an M.B.B.S., and provision for first aid in the office. But he admits that even when they have to take medical help during the period of leave the Company meets the medical expenses. So the only demand of the Union is that they should be examined by an M.B.B.S., doctor and that arrangement for first aid should be made in the office In cross-examination he admits that in the head office there is a first aid box but there is no arrangement to render first aid. It, therefore, appears that there is a first aid box in the head office: only arrangement to render first aid is lacking. He also admits that the present Medical Officer of the Company is a Medical Officer of Cooper and Company and has been in service for the last 10 years. It is not alleged that the said medical officer of Cooper & Co. is not an M.B.B.S. The workmen may themselves learn how to render first aid and the Company may help them in learning the art of rendering first aid. So on this point the Union has practically no case. The demand for further medical facilities is rejected.

Issue 4:

At present the Company pays outstation allowance at the rate of Rs. 20 per day to the staff belonging to grade AA scale. The outstation allowance for other members of the staff is Rs. 15 per day; that for mistries and drivers is Rs. 7 per day and that for other members of the sub-staff is Rs. 3 per day. The Union claims outstation allowance at the rate of Rs 25 per day for staff and Rs. 7 per day for the sub-staff. In the opinion of this Tribunal outstation allowance at the rate of Rs. 20 per day for AA grade staff and at the rate of Rs. 15 per day for other members of the staff are reasonable. The rate of outstation allowance for drivers and electric mistries at the rate of Rs. 7 per day fits in with the claim of the Union. The other members of the sub-staff are paid at the rate of Rs. 3 per day as outstation allowance. In the opinion of this Tribunal this should be raised to Rs. 5 per day.

Issue 5:

Admittedly the workmen struck work between 19th April 1968 and 15th May 1968. The Union has claimed wage for the strike period. The Company says that the strike was illegal and as such the workmen are not entitled to any wages for the above strike period. Exhibit 13 is the notice given by the Union regarding the proposed strike. This notice shows that the Union proposed to strike work with effect from 21st March 1968. Exhibit 14 is a letter issued by Assistant Labour Commissioner, to the Secretary of the Union notifying that a joint conference with the representatives of the Union and the Company was fixed on 23rd March 1968. The Union started strike on 19th April 1968. No notice of this strike was served and from Ext. 15 it appears that even on 19th April 1968 the conciliation proceeding was pending. So it is clear that the Company resorted to strike when conciliation proceeding was pending. Section 23 of the Industrial Disputes Act prohibits strikes during the pendency of conciliation proceedings. The strike on 19th April 1968 when conciliation proceeding was pending before the Assistant Labour Commissioner is illegal. That being so, the workmen are not entitled to any wage for the strike period.

AWARD

By the Government of West Bengal, Labour Department, order No. 4386-I.R./IR/13L-10/69, dated the 21st June 1969, an industrial dispute existing between Messrs. Nely's Printing Works, 2 Barretto Lane, Calcutta, and their workman, Shri Deonarayan Singh represented by Press Employees' Union, 249/B Bepin Behari Ganguly Street, Calcutta-12, was referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

> Whether the refusal of employment to Shri Deonarayan Singh is justified ? To what relief, if any, is he entitled ?

After receipt of the reference, usual notices were issued to the parties for their appearance. The parties appeared and filed their written statement and the case was ultimately fixed on 23rd June 1970 for hearing. The parties, however, appeared on 4th June 1970 and filed a joint petition of compromise. I have heard both the parties and have carefully looked into the terms of settlement as embodied in the said joint petition of compromise. The terms of settlement are considered as being lawful, fair and reasonable. I find no conceivable reason to disallow the said petition of compromise. I, therefore, pass an award as per the said joint petition of compromise. The joint petition of compromise do form part of the award. This disposes of the instant reference.

The industrial dispute between Messrs. The Pioneer Motor and Electric Co., 227 Acharya Prafulla Chandra Road, Calcutta-4 and their workman Shri Nitya Ranjan Bhowmick, has been referred to this Tribunal for adjudication by order No. 7545-I.R./IR/11L-692/69, dated 24th September 1969, of the Government of West Bengal, Labour Department, with the following issue:

Issue

Whether the termination of services of Shri Nitya Ranjan Bhowmick by way of refusal of employment to him was justified? To what relief, if any, is he entitled?

After the case was registered notices were issued to the parties. The workman received the notice by putting his dated signature on the acknowledgement due on 18th November 1969. Notice on the Company was also served. The Company appeared on 18th November 1969 but the workman did not appear at all in this case up to 25th June 1970, on which date none of the parties appeared. Under Rule 22 of the Industrial Disputes Rules, 1958, when the parties fail to appear before the Tribunal, the Tribunal is to submit an award to the State Government on the footing that the industrial dispute under reference is no longer in existence. Accordingly this case is disposed by passing a 'no dispute' award.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

AWARD

By Labour Department order No. 887-I R./IR/7L-13(A)/69, dated 30th January 1970, the Governor was pleased to refer the instant dispute between Messrs. Angus Jute Works, P. O. Angus, district Hooghly, and their workmen Shri Kripal Singh and Shri Jamaluddin, represented by Bengal Chatkal Mazdoor Union, Champdani Branch, 189 G. T. Road, Baidyabati, Hooghly, under section 10 of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1947, for adjudication, on the following issue :

Issue

Whether Shri Kripal Singh and Shri Jamaluddin are entitled to gratuity on the basis of last pay drawn by them ?

On receipt of the reference usual notices were issued on both the parties asking them to appear before this Tribunal on 11th April 1970 to take necessary directions for filing written statement. On 11th April 1970 it appeared from service returns that the notices were duly served on both the parties. The Company returned the duplicate copy of the notice on 20th March 1970. The Union did not take any steps. The reference was adjourned to 30th April 1970. On 13th April 1970 the Company filed a letter of authority authorising Messrs. Orr Dignam & Company to represent it in this case. The Union was absent on 30th April 1970 and the reference was adjourned to 19th May 1970, for the appearance of the Union. On 19th May 1970 the Company was at first absent but latter it appeared. The Union was absent. 28th June 1970 was fixed for disposal of the reference and the Union was informed by a notice. Though the notice so issued was duly received by the Union, the Union did not appear on 19th May 1970. The Company was also absent. The above facts raise a presumption that the parties are no longer interested in the dispute either because they settled the dispute outside this Tribunal or that the claim of the Union is so preposterous that it has no courage to support it. In the circumstances the reference is disposed of on a 'no dispute" award.

It was also ordered that if he did not appear on the date the matter would be disposed of in his absence. Though the workman duly received the notice issued on 9th April 1970 ! was absent even on 22nd May 1970. It was decided suo-moto to wait till 20th June 1970 for the disposal of the reference according to the law if the workman did not appear by that date. The workman was warned by a notice issued on 25th May 1970 but on 20th June 1970 also neither of the parties appeared. It can therefore be presumed from above circumstances that the parties are no longer interested in the dispute involved in the reference. Probably the dispute has been settled outside this Tribunal. The Tribunal has therefore no alternative but the dispose of this reference on "No Dispute Award".

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Pioneer Plastic Works (P) Ltd., 26 B. L. Saha Road, Calcutta-53 and their workmen represented by Pioneer Plastic Employees' Union, 19/2 Russa Road, South 3rd Lane, Calcutta-33. (Case No. VIII-340/68.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Fifth Industrial Tribunal.

AWARD

By the Government of West Bengal, Labour Department, order No. 6244-I.R./IR/11L-184/68, dated the 23rd August 1968, this industrial dispute between Messrs. Pioneer Plastic Works (P) Ltd., and their workmen was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication upon the issues mentioned below:

Issues

1. What should be the minimum consolidated wages for different categories of workmen as on 1st January 1968.
2. Whether there should be a guaranteed consolidated minimum wage for piece-rated workmen?
3. Festival holidays.
4. Casual leave.
5. Night shift allowance.
6. Medical facilities.
7. Annual increment to different categories of workmen.

On receipt of notices both parties made apperance and filed their respective written statements.

The facts of the case are as follows:—

The workers of Messrs. Pioneer Plastic Works (P) Ltd. sumitted a charge-sheet to the Management on 5th April 1968. After some negotiations the parties entered into an agreement and on the basis of that agreement the dispute was referred to the Government for adjudication. Eventually the Government referred the matter to this Tribunal.

First of all I shall deal with the issue Nos. 1 and 7.

The main question is:—What should be the minimum consolidated wages for different categories of workmen as on 1st January 1968. Admittedly, there are four categories of workmen in this Company. Ext. B contains the names of the workmen working in this Company. O.P.W. 5 Shri N. Jagannath is the acting Manager of the Company. He gives in his evidence the names of the persons who are considered as unskilled workers, who are considered as semi-skilled workers, who are considered as skilled workers and who are considered as highly skilled workers. Admittedly the workmen are paid consolidated wages; that is, there is no provision for payment of D.A. separately. The Union representing the workmen relies on Ext. 2 and says that the minimum consolidated wages should be fixed at Rs. 192 per month. Ext. 2 is the recommendation made by the National Nutrition Advisory Committee. But from this recommendation alone minimum consolidated wages cannot be fixed. There must be proper evidence on this point. I find that the Union has not adduced proper evidence on this point. The Union has examined P.W. 10 Shri Ram Trit Pandey, a worker of EMCO Plastic Works to show that the workers of that Company get better wages than those working in this Company. But the evidence of this witness does not show what wages the workers of EMCO used to get on or before 1st January 1968. Moreover, his evidence does not help the Union in any way. His evidence is that the minimum pay of the worker is Rs. 4 per day and maximum pay of the unskilled worker is Rs. 5 per day. Then he says in his cross-examination that new entrant gets Rs. 2.25 per day and that after completion of 3 months he gets Rs. 2.50 per day. The claim of the Union is that, that the unskilled workers should get Rs. 192 per month, that the semi-skilled workers should get Rs. 282 per month, that the skilled workers should get Rs. 384 per month and that the highly skilled workers should get Rs. 576 per month. But the evidence of P.W. 10 Ram Trit Pandey proves that the workers of EMCO get much less. Consolidated minimum wages cannot be fixed on the basis of his evidence. The Company has examined workers of different Companies. O.P.W. 2, Shri Kishorilal Sharma is the Manager of B. K. Plastic Industries. O.P.W. 3 Ramswarup Bhowsinka is an employee of Mahabir Plastic Industries and O.P.W. 4 Kanailal Karar is the Manager of Hind Plastic Company. Their evidence shows that their workers are getting lesser wages than the workers of this Company. The grades and scales of pay of comparable Companies have to be considered in fixing grades and scales of pay of a particular Company but in this case the Tribunal has not been asked to fix grades and scales of pay of different categories of the workmen. The Tribunal has been asked merely to fix the minimum consolidated wages of the different categories of workers as on 1st January 1968. No proper evidence has been adduced by either parties to enable me to fix minimum consolidated wages. The Company's case is that it is unable to pay higher wages to the workers as it is now a losing concern. Ext. B series are the Balance Sheet of the Company. Ext. B(3) is the Balance Sheet of the year ending 1967. It shows that the Company was incurring loss. It appears from the Balance Sheet that the substantial amount of about 16 lacs had been invested in the business during the years from 1964 to 1968. Admittedly the Company granted an ad hoc increment of Rs. 15 to all the workmen with effect from 1st April 1968 and then further increment of Rs. 12 was granted with effect from 1st April 1969. It is further admitted that the Company granted further ad hoc increment of Rs. 30 to the workmen with effect from 1st January 1970 as per Ext. D(1). Thus it cannot be said that the Company's financial position is really bad. However, in absence of the proper evidence I am not in a position to fix the minimum consolidated wages in this case. But one thing is clear that ad hoc increments were granted to the workmen by the Company from time to time. Ext. I is the agreement by which ad hoc increments of Rs. 15 and Rs. 12 were granted. Ext. D(1) is the agreement by which ad hoc increment of Rs. 30 was granted to the workmen from 1st January 1970. In my opinion, these increments should not be disturbed. It is to be taken that the Company actually increased the wages of all the workmen by Rs. 15 with effect from 1st April 1968, by Rs. 12 with effect from 1st April 1969 and that the Company further increased the wages of all the workmen by Rs. 30 with effect from 1st January 1970. So the amount already paid by the Company to the workmen by way of increment should not be adjusted. It is to be taken that the workers got increased amount as the Company agreed to pay such amount. The Company is, therefore. directed to pay wages to the workmen as they have been drawing now. The Company is also directed to grant yearly increment Rs. 8 to the unskilled workers, Rs. 10 to the semi-skilled workers, Rs. 12 to skilled workers and Rs. 15 to the highly skilled workers. The first yearly increment will fall due on 1st January 1970. This is my award with regard to the Issue Nos. 1 and 7.

Issue No. 2

P.W. 4 Arun Kr. Bhattacharyya is a piece-rated worker. He gets Rs. 3.16 per day. P.W. 5 Sm. Bimala Pandit is another piece-rated worker. She also gets Rs. 3.16 per day. It is submitted on behalf of the Union that occasion arises when the piece-rated workers do not get sufficient work from the Company and that as a result their monthly income is too meagre. O.P.W. 5 N. Jagannath, the acting Manager of the Company says that if there is no job for the piece-rated workers then those workers are converted into time-raters. His evidence on this point practically goes unchallenged. So it cannot be said that the piece-raters do not get sufficient work from the Company. However, it is proper that there should be guaranteed consolidated minimum wages for piece-rated workers. Now the question is :—What should be the guaranteed consolidated wages for piece-rated workers. There is no proper evidence on this point. However, I think that the piece-rated workers should get at least Rs. 100 per month. That amount should be guaranteed consolidated minimum wages for piece-rated workers. The Company is, therefore, directed to pay an amount of Rs. 100 to each piece-rated worker per month. But if any piece-rated worker refused to do the work provided by the Management the Company will not be liable to pay Rs. 100 to him as consolidated minimum wages.

Issue No. 3

Ext. A is the Charter of Demand. It appears that the Union wants that the Management should give 14 festival holidays in a calendar year. At the time when the Charter of Demand was made the Company used to give 11 festival holidays in a calendar year. Now the Company gives 12 festival holidays in a calendar year. I think this is sufficient. The Company should continue to give 12 festival holidays in a calendar year.

Issue No. 4

Admittedly the Company grants 3 days as Casual Leave to the workers in a calendar year. The workers want that should be at least 5 days' Casual Leave in a calendar year. I think the claim of the workers is just and reasonable. The Company is directed to grant 5 days as Casual Leave to all workers in a calendar year with full pay.

The Union demands that workers who give night shift duty should be paid an extra allowance of Re. 1 per night shift. It is admitted fact that there are 3 shifts in this Company and that workers work there in rotation. There is no evidence to indicate that the workers are put to unusual hardship for their work in the night shift. As the workers perform night shift duty by rotation, I am not inclined to grant extra allowance on that account.

Issue No. 6

It is admitted that the workers of this Company are getting the benifits of ESI Scheme. So the question of granting further medical facilities does not arise.

The reference is disposed of accordingly.

AWARD

By the Government of West Bengal, Labour Department, order No. 4612-I.R./IR/13L-30/69, dated the 30th June 1969, an industrial dispute existing between Messrs. The Jugabani, 28 Kabir Road, Calcutta-26, and their workman Shri N. K. Nag, C/o. P. C. Nag, 39-C M. C. Lahiri Street, Serampore, Hooghly, was referred to this Court under section 10, read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication, in respect of the following issue :

Issue

Whether the termination of service of Shri N. K. Nag is justified ? To what relief, if any, is he entitled ?

On receipt of the reference, usual notices were issued to the parties fixing 22nd August 1969 for their appearance. On 22nd August 1969, the workman appeared but the Company was found absent and 5th September 1969 was fixed for filing written statement by the workman and for further orders. On 5th September 1969, the workman appeared and filed his written statement in triplicate. But the Company was found absent. Also on the subsequent dates fixed i.e., 25th September 1969 and 28th October 1969, the Company was found absent though the notice had been duly served upon the Company. In such circumstances, the reference has been heard ex-parte in the absence of the Company.

The workman has examined himself as P. W. 1 and has exhibited a number of documents (Exts. 1 to 6).

The case of the workman Shri N. K. Nag in brief is as follows :

The workman was appointed as the Accountant of the Proprietorship concerned The Jugabani, a Bengali weekly by a letter, dated 30th December 1966, by the Proprietress Priti Barman initially on a monthly salary of Rs. 125 which was subsequently raised to Rs. 150 with effect from 1st April 1967 (Ext. 5). Also by this self-same letter of appointment, the employer agreed to pay to the workman one month's notice or salary in lieu thereof in case of termination of his service. But the employer all on a sudden and without showing any reason and without giving any notice whatsoever abruptly terminated the service of the workman with effect from 31st October 1968 by a letter, dated 22nd October 1968 (Ext. 1). This abrupt termination of the workman's service without reason and without any notice is illegal and unjust. Upon these grounds, the workman has claimed in his written statement his dues and also reinstatement. The workman P.W. 1 has clearly proved his above case that he was appointed the Accountant and that his service has been abruptly terminated without notice as alleged. Also the documents exhibited by the workman (Exts. 1 to 6) clearly support the workman P.W. 1 who has not been cross-examined and whom I do not find any reason to disbelieve. The workman's case is therefore proved beyond any manner of doubt. It is accordingly held that the termination of workman's service is illegal and unjust. Thus, the first part of the issue is answered in favour of the workman.

Now, with regard to the reliefs to which the workman is entitled, the workman has in his written statement claimed compensation and other dues and also reinstatement. But the workman as P.W. 1 has clearly stated that he only claims the amounts to which he is entitled and that he does not claim reinstatement. Accordingly, there should not be any award for reinstatement. The letter of appointment (Ext. 5) clearly provides that the workman is entitled to get one month's notice or salary in lieu thereof in case of his termination of service. In this case, no such one month's notice has been served upon the workman. The workman says that he has not been paid any pay in lieu of such notice. The workman is, therefore, well entitled to Rs. 150 as prayed in lieu of one month's notice. Also, the workman has not been paid his salary for the month of October 1968. The workman therefore is also entitled to a sum of Rs. 150 as his arrear pay for the month of October 1968. Thus, the workman is entitled to a total sum of Rs. 300 representing Rs. 150 as his arrear pay for October 1968 and one month's pay in lieu of one month's notice from the Company. This is my award. This disposes of the second part of the issue.

Issue

Whether termination of service of Shri Lall Mahammad is justified ? To what relief, if any, is he entitled ?

On receipt of usual notices the Union filed its written statement on 28th August 1969 and the Company filed its written statement on 19th November 1969. Thereafter preliminary steps were taken by both the parties and 27th February 1970 was fixed for hearing. Several adjournments were given on the prayer of either parties, later the parties initiated talks of compromise. Ultimately 11th July 1970 was fixed for compromise. But on 4th July 1970 the parties filed a joint petition stating that the dispute had been compromised outside this Tribunal and praying for passing a "no dispute" award. In view of the categorical statement of the parties made in the aforesaid petition which has been signed by representatives of both the parties and their learned Lawyers also I am satisfied that there is no longer any dispute between the parties. The reference is, therefore, disposed of on a 'no dispute' award.

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Belliss & Marcom (India) Ltd., P.O.

Bhadreswar, district Hooghly and their workmen represented by Belliss & Marcom Employees' Union, 2 G. T. Road, Bhadreswar, district Hooghly, to this Court by its order No. 5972-I.R./IR/11L-47/67, dated 16th November 1967, under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue :

Issue

Whether the suspension of Shri A. K. Mukherjee for two days is justified? To what relief, if any, is he entitled?

The case of the Union is that Shri A. K. Mukherjee is a workman at the Stores Section of the Company at Bhadreswar, that in the month of January 1967 the workman concerned did overtime work for about 35 hours, that he did not receive overtime wages for the same in the month of February 1967, that he, therefore, approached Shri B. N. Ghosh who is in-charge of the department for payment, that Shri B. N. Ghosh assured him that the payment would be made soon, that no payment was received even in the first week of March 1967, that the workman concerned on 8th March 1967 applied to the General Manager through Shri B. N. Ghosh for payment of the overtime wages for the overtime work done in January 1967, that no reply was received from the General Manager and as such he sent reminders to him on 20th April 1967 and 27th April 1967 directly to the General Manager, that on 29th April 1967 the workman concerned received an intimation from the Manager informing him that they had not received his application, dated 8th March 1967, regarding overtime work done by him, that in the said letter it was also intimated to him by the Management that they were unaware of the date and time of the overtime work done by him, that on receipt of the said letter the workman concerned approached Shri B. N. Ghosh for ascertaining the reason for not forwarding the overtime statement to the proper authority, that he also wanted to know the reason for not forwarding to the General Manager his application, dated 8th March 1967, that the workman concerned demanded that Shri B. N. Ghosh should immediately make arrangement for the payment of his overtime wages, that this infuriated Shri B. N. Ghosh and he threatened the workman concerned with dire consequences, that on 16th May 1967 the workman concerned was served with a charge-sheet, that the allegations in the said charge-sheet were false, that on 15th June 1967 an enquiry was held against him by the Management and on 20th June 1967 the Management suspended him for 2 days on 21st June 1967 and 22nd June 1967 and punished him accordingly, that such punishment inflicted on him by the Management has been illegal, that the Assistant Labour Commissioner, Chandernagore, started a conciliation proceeding in the matter, that his conciliation effort did not bring any fruitful result, that accordingly he submitted a report to the proper authority and the Government thereafter has issued this reference to this Court for adjudication, and that they pray that the Company may be directed to rescind the suspension order passed on the workman concerned.

The case of the Company is that the present reference is bad, that the workman concerned is their employee and is working as a clerk in stores of the Company with effect from 21st October 1967, that on 4th May 1967 he approached Shri B. N. Ghosh, Departmental-in-charge, in a very agitated and objectionable manner regarding the payment of overtime wages, that he misbehaved with him by shouting at the top of his voice and threatened him with dire consequences in case his demands were not met, that Shri B. N. Ghosh asked him not to be agitated and to behave in a proper manner but he did not, that the workman concerned was issued with a charge-sheet, that he submitted an explanation, that the explanation submitted by him was not satisfactory and as such a departmental enquiry was held against him, that the enquiry was scheduled to be held on 5th June 1967, that it was held on 15th June 1967, that at the enquiry the workman concerned was given all opportunities to cross-examine the witnesses and defend himself, that the enquiry was done fairly and properly, that the enquiring officer found him guilty of the charges against him, that the Management accepted the finding of the enquiring officer and punished him suspending him for 2 days on 21st June 1967 and 22nd June 1967, that nothing illegal has been done and that the workman is not entitled to any relief in this case.

The charge-sheet which was issued to the workman concerned is Ext. C in this case. From the said charge-sheet it is found that there are 2 charges against the workman concerned. The first charge is that on 4th May 1967 at about 8-15 a.m. he approached Mr. B. N. Ghosh in a very agitated and objectionable manner and demanded an explanation from him as to why overtime wages were not paid to him and on being asked to calm down and speak of his grievance in a decent manner befitting a member of their staff, he shouted at Shri B. N. Ghosh at the top of his voice and threatened him with dire consequences in case the overtime wages due to him were not paid. The second charge is that for the last few days he has been despatching GRNs to Head Office in an incomplete manner and without bringing it to the notice of anyone.

It may be mentioned here that in the written statement filed by the Company one of the charges was only mentioned in it. But the said written statement was subsequently amended and both the charges were introduced in the written statement. In this connection order No. 16, dated 8th January 1970, may be referred to.

On the side of the Union the workman concerned alone has been examined. On the side of the Company Shri Priyabrata Sen who is the Personnel Officer of the Company and held the departmental enquiry against the workman concerned has been examined. The workman concerned in his evidence says that in the domestic enquiry he was asked questions about GRN (goods receiving note), that he replied that it was not his duty to prepare GRN and not to send the same to the Head Office, that he was not entrusted to send the same to the Head Office, that the enquiry proceedings were not shown to him, that he was not shown what was written in the said proceedings, that he also did not want to see the same. In cross-examination he says that each paper of the enquiry proceedings is signed by him, that without going through the papers he signed the papers of enquiry proceedings, that Shri B. N. Ghosh made a statement in the enquiry in his presence, that he also made statement at that time, that the enquiring officer

Shri P Sen recorded the statement, but he does not know what he recorded, that at first Shri B N. Ghosh made the statement, that he was not asked to cross-examine Shri B. N. Ghosh nor did he cross-examine him, that after Shri B. N. Ghosh made his statement he made his statement, that 5 copies of GRN are prepared, that 1 copy is sent to the supplier and 1 copy to the Head Office, that Shri B. N. Ghosh used to sign the copies of GRN which were sent to the supplier and Head Office. He denies that it was his duty to get GRN signed by Shri B N. Ghosh and to send the same to the Head Office.

As already stated above the second charge against the workman concerned is that for a few days he despatched GRN to Head Office in an incomplete manner and without bringing it to the notice of any one. The explanation submitted by the workman concerned is Ext. D. In that explanation it is stated that in future he will lay all the GRNs on the table of Shri B. N. Ghose to make his decision and then he will inform the workman concerned if GRNs will go to Head Office. At the enquiry Shri B. N. Ghosh was examined. He said that GRNs were always sent under the signature, that on enquiry from the workman concerned he stated that it was sent to Head Office by mistake, that GRNs were sent to Head Office without inspection signature, that this caused a lot of confusion in the Head Office and brought a bad reputation to the stores. The workman concerned also made statement at the time of enquiry. In his statement he admits of having sent GRN to Head Office without bringing it to the notice of anyone and this was done by mistake. From all these it will be found that this charge against the workman concerned is true. It is true that in the charge-sheet vide Ext. C it has not been stated the specific dates of GRNs which were sent to the Head Office in an incomplete manner. But non-mention of the dates has not caused any prejudice to the workman concerned in the facts and circumstances of the present case. It will also not mean that this charge against the workman concerned is not true.

Now the other charge against the workman concerned as stated above is that he shouted at Shri B. N. Ghosh at the top of his voice and threatened him with dire consequences in case the overtime wages due to him were not paid.

In the explanation submitted by the workman concerned vide Ext. D it is stated that he submitted his overtime sheet for the months of January, March and April 1967 and he has not received any intimation for payment, that he submitted an application on 8th March 1967 to the General Works Manager through Shri B. N. Ghosh, that Shri B. N. Ghosh assured him that he would get his payment for overtime work, that after some days he was surprised to know that his application was not forwarded to the General Works Manager for the reason of delaying payment or for avoiding sanction of payment, that he pressed for payment, that Shri B. N. Ghosh gave him every assurance that he would get payment, that he heard that no action was taken in the matter and that the administration was not informed of the matter. He pressed for payment and told Shri B. N. Ghosh that he was responsible for all these, that he did not shout at the top of his voice, that he just asked Shri B. N. Ghosh in an annoyed manner and asked him to make payment somehow, but he did not co-operate with him and no payment was made to him.

I have already said that Shri B. N. Ghosh was examined at the time of enquiry. In his statement at the time of enquiry he says that on 4th May 1967 at about 8-15 or 8-20 a.m. the workman concerned approached him and enquired about payment of his overtime wages, that he was told that the matter had been forwarded to the Management and sanction was awaited from them, that the workman concerned suddenly flared up, lost his temper and threatened him and told him that as he was responsible for payment of overtime wages he should pay the same to him (workman concerned) from his own pocket, that he also stated that if he did not pay the said overtime wages, he (Shri B. N. Ghosh) would have to face the consequence thereof, that all the time the workman concerned was shouting at the top of his voice, that his behaviour was very disturbing and objectionable, that he did not tell that the overtime wages should not be paid to him.

The workman concerned in his statement has said that he did not speak in any manner that would annoy Shri B. N. Ghosh. The workman concerned in his deposition before this Court has denied that on 4th May 1967 he shouted at Shri B. N. Ghosh and threatened him with dire consequences in connection with his overtime wages.

It is true that the workman concerned had some grievance for non-payment of his overtime wages. But that would not mean that he was justified in behaving in the manner in which he did. From the materials placed before me, I have reasons to believe that this charges against the workman concerned is also true.

The evidence of the workman concerned to show that he was not guilty of the charges, I find, is not at all reliable. On the other hand the evidence adduced on the side of the Company to prove the charges against the workman concerned, I find, is reliable. The evidence of the workman concerned is discrepant and he has made statements differently at different places. In the explanation he admits to have sent the GRNs in an incomplete manner. But subsequently in his deposition he has said that it was not his duty to get the same signed by Shri B. N. Ghosh and to send the same to the Head Office and that it was not also his duty to see that the GRNs were sent to the Head Office after they were signed by Shri B. N. Ghosh and that he was not entrusted to send the same to the Head Office.

Now let us see whether technical or procedural defects in the matter of holding the enquiry against the workman concerned. The workman concerned says that he was not asked to cross-examine Shri B. N. Ghosh. It may be mentioned here that Shri B. N. Ghosh was the only witness. He was examined on the side of the Company at the time of enquiry. From his deposition at the time of enquiry it is found that the workman concerned cross-examined the said witness. So there is no substance in the contention of the workman concerned that he was not asked to cross examine Shri B. N. Ghosh and that he did not cross-examine him. It was also contended by the workman concerned that the statements recorded at the time of enquiry were not read over and explained to him by the enquiring officer. On the side of the Company the enquiring officer has been examined. He says that he read over and explained to the workman concerned what was written at the time of enquiry. The workman concerned also says that the enquiring officer recorded the statements but he does not know what he recorded. The contention of the workman concerned that the statements recorded at the time of enquiry were not read over and explained to him does not appear to me to be correct. It is true that there is no endorsement by the enquiring officer that he read over and explained the statements recorded by him at the time of enquiry to the workman concerned. But that does not mean that those were not read over and explained to the workman concerned. The papers of enquiry proceedings as admitted by the workman concerned are signed by him. The evidence on the side of the Company that the statements recorded at the time of enquiry were read over and explained to the workman concerned I find, reliable.

I find no technical or procedural defects in the matter of holding an enquiry against the workman concerned.

It is not argued before me by the workman concerned that out of grudge a false charge-sheet was issued to him. In the present case the workman concerned was found guilty of the charges and he was suspended for 2 days by way of punishment. The said punishment inflicted on the workman concerned has been in accordance with the provisions of the Standing Order vide Ext. F. In the present facts and circumstances of the case I find that the Company was justified in inflicting such punishment on him for the charges for which he was found guilty.

In such circumstances I find that the workman concerned has no reason for any grievance and the Company was quite justified in inflicting punishment against the workman concerned. So the workman concerned is not entitled to any relief in this case.

This is my award.

The Government of West Bengal, Labour Department, by order No. 3062-I.R./IR/10L-16/67, dated 6th July 1967, referred an industrial dispute between Messrs. Bell's Asbestos & Engineering (India) Pvt. Ltd., 2 Transport Depot Road, Calcutta-27 (Head Office: 24 Chittaranjan Avenue, Calcutta (hereinafter referred to as the Company), and their workmen represented by the Kidderpore Engineering Sramik Union, 129A Circular Garden Reach Road, Calcutta 23 (hereinafter called the Union), to this Tribunal for adjudication. The issue framed in this case is as follows :

The Schedule

Whether the dismissal of Sarvashri Ajit Kumar Paramanik, Ramchandra Singh, Rambahal Varma, Goby Jeswara, Ramkumar Varma, Hiralal Gowala, Aviraj Jadav and Nanku Pandey is justified? To what relief, if any, are they entitled?

After the receipt of the order of reference, notices were issued. The Union and the Company filed their respective written statements.

The case of the Union is that Messrs. Bell's Asbestos & Engineering (India) Pvt. Ltd., is a manufacturing unit having its factory at 2 Transport Depot Road, Calcutta-27 and its Head Office at 24 Chittaranjan Avenue, Calcutta. The workmen concerned are all permanent employees of the Company at Transport Depot Road Factory. Among the workmen mentioned in the order of reference, serial Nos. 2 to 8 were suspended on 3rd March 1965 without any notice or charge-sheet. A back-dated charge-sheet was sent to them which reached them about a month thereafter. Serial No. 1 Shri A. K. Paramanik was given a charge-sheet and suspended from 15th April 1965 by Company's letter, dated 10th April 1965. Seven workmen submitted their replies on 13th April 1965 denying the charges and Shri Paramanik submitted his reply on 17th April 1965. A police case was instituted at the instance of the management over the alleged incident referred to in the charge-sheet and the case ended in the acquittal of all of them. The Company held domestic enquiry and thereafter dismissed the workmen under reference by their letter, dated 24th May 1965 and 15th June 1965. The enquiry was neither fair nor proper and the workmen concerned were victimised as they were taking leading part in the Union activities. The workmen and the Union tried to reason with the management, but in vain and the matter was ultimately referred to the Labour Directorate and thereafter the present refernce has been made. The Union submits that the workmen concerned were not guilty of any misconduct and the action of the management in dismissing them is highly unjust, illegal, arbitrary and against all principles of natural justice. The workmen were dismissed for their Trade Union activities. The Union prays for an award directing the Company to reinstate all the 8 workmen mentioned in the order of reference with full compensation for the period of forced unemployment.

In its written statement, the Company contends that the alleged dispute referred to the Tribunal is not an industrial dispute and the Union under reference is a stranger, general Union unconnected with the employer-industry and the said Union has no backing from and sympathy of majority of the workmen employed in the Company. The stranger Union's taking up the cause of the dismissed workers who had been admittedly dismissed in the month of May/June 1965, cannot convert the said dispute to an industrial dispute. The reference is thus bad in law. The Company contends that the domestic enquiry held against the workmen was fair and proper and was conducted in accordance with the principles of natural justice and there was no violation of the rules and principles. The workmen have not been victimised for their Trade Union activities. The workmen were guilty of the charges complained of and the Company acted bona fide. and was justified in dismissing them. In its written statement, the Company also denied the other allegations made by the Union.

The Company raised preliminary objection that the dispute was not an industrial dispute and the Union was a stranger Union having no locus-standi to represent the workmen. The said preliminary objection was taken up for hearing. On 19th December 1969 the preliminary objection was heard in part and thereafter both sides prayed for time for the purpose of adducing evidence. On 31st December 1969 the Company filed an additional written statement alleging that neither the Union nor the workmen mentioned in the Schedule to the order of reference did raise any dispute with the Company for reinstatement and/or compensation and the reference is, therefore, incompetent and bad in law.

The case was fixed for hearing on 24th February 1970 regarding preliminary objection, but it was adjourned on the prayer of the Company to 26th March 1970. Thereafter the learned senior Advocate of the Company died and the case could not be heard on 26th March 1970. The case was fixed for hearing on 12th June 1970. The Union did not appear on that day and no step was taken. To give a chance to the Union, the hearing was adjourned to 3rd July 1970. The Union did not appear on that day and no step was taken by the Union. No cause was also shown for its absence. The Company was ready for the hearing and the preliminary objection was taken up for hearing in the absence of the Union. The Company examined P.W. 1, Shri R. Eswanth as the witness. In his evidence, P.W. 1 stated that there is no Union named Kidderpore Engineering Shramik Union and the employees of the Company were not members of this Union. P.W. 1 has further stated that this Union or any workman did not raise any dispute with the Company regarding the dismissal of the workmen in question and no demand was made by anyone for their reinstatement and/or compensation. Evidence of P.W. 1 is that on receipt of the letter from the Conciliation Officer, they came to know about the matter. Thereafter they attended the conciliation proceedings. The learned Advocate for the Company has argued that the workers of the Company were not members of the Union and as such the dispute is not an industrial dispute. It has been further argued that the dismissals took place in May and June 1965. The learned Advocate for the Company has argued that section 2A of the Industrial Disputes Act came into effect on 1st December 1965, and the present reference has not also been made in accordance with the provisions of section 2A of the said Act. Section 2A of the Industrial Disputes Act will have thus no application. The learned Advocate for the Company has referred to the decisions reported in 1963 (I) LLJ., 163 (Gobordhan Das Jeeramblhai and Sixth Industrial Tribunal and others) and 1965 (I) LLJ., 95 (Nellai Cotton Mills and Labour Court, Madurai). In Gobardhan's case, it has been held that when a Union unconnected with the employer-industry concerned takes up the cause of a dissatisfied workman, the dispute does not automatically transform itself from an individual dispute to an industrial dispute. The real test is whether a stranger Union has the backing, sympathy or collaboration of the majority or a large section of the workmen employed in the particular industry and such workmen feel themselves concerned in the dispute. If the stranger Union takes up the cause of the individual workman, the onus is on the Union to prove that it has the backing, sympathy or collaboration of a substantial number of workmen employed in the industry. In the other case referred to above, it has been held that the fact that a substantial number of workmen from the establishment in which the concerned workman was employed were also members of the Union would not by itself be sufficient to convert the individual dispute into an industrial dispute. It must further be shown that they participated in or acted together and arrived at an understanding by a resolution or by other means and collectively supported on the date of reference the demand or cause of the individual worker. In the instant case, the issue is whether the dismissal of the 8 workmen mentioned in the order of reference is justified and to what relief, if any, are they entitled. The question is whether there was an industrial dispute between the Company and the workmen represented by the Union. The evidence of P.W. 1 shows that the Union is a stranger Union and none of the workers of the Company is a member of the Union. The Union did not appear on the date of hearing to adduce evidence to show that it was competent to represent the workmen. In the instant case, there is no satisfactory evidence to show that the individual disputes in respect of these workmen had the backing or support of an appreciable number of fellow workmen. The reference of the dispute in question is thus invalid.

The learned Advocate for the Company has referred to the decision reported in 16 Factories and Labour Reports, page 307 (S.R. Corporation Ltd. and Industrial Tribunal of Gujrat and others) and has argued that workmen did not raise any dispute with the management before approaching the Government, and as such, there is no industrial dispute. In this evidence P.W. 1 has stated that the Union or any workman did not raise any dispute with the Company regarding the dismissal of the workmen in question and no demand was made by anyone for their reinstatement and/or compensation. It has been held in S. R. Corporation's case that if no dispute at all was raised by the employees concerned with the management, any request sent by them to the Government would only be a demand by them and not an industrial dispute between them and their employer. A mere demand to the Government without a dispute being raised by the workmen with their employer, cannot become an industrial dispute. It thus appears that the reference is also bad on this ground. The preliminary objection raised by the Company succeeds. The reference be rejected.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Khadi Prathistan, Sodepore, 24-Parganas, and their workman Shri Ratipal Kurmi, C/o. Mahabir Laha, Nilganj Road, P.O. Sodepore, 24-Parganas, to this Court by its order No. 8082-I.R./IR/11L-705/69, dated 13th October 1969, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue :

Issue

Whether termination of services by way of refusal of employment to Shri Ratipal Kurmi is justified? To what relief, if any, is he entitled?

The case of the workman is that he was serving in the factory of the Company from 1949, honestly sincerely an efficiently as a Durwan, that at the time when he was appointed his monthly salary was Rs. 30, that his monthly salary was Rs. 75 when he was refused employment in the Company, that he took leave for 2 months with effect from 14th June 1968, that before that he took leave in 1966, that on or about 13th August 1968 he reported for duties in their Company at 15 College Square, Calcutta, that the Secretary of the Company asked him to see her at her residence at Alipore on 14th August 1968, that he went there, that he was asked to seek employment elsewhere, that thereafter on 20th August 1968 he wrote a letter to the Company requesting them to reinstate him in service, that before he wrote the said letter he also made personal representation to the Company for reinstating him in service, that inspite of that he was not given any employment there, that thereafter he referred the matter to the Labour Commissioner, Government of West Bengal, for his intervention into the matter, that the conciliation officer tried to bring about a settlement in the matter, but no settlement could be arrived at, that the refusal of employment to him has been illegal, that there was no guilt on his part, that he was not asked to show cause and there was no reason for termination of his service, that no enquiry was also held before his service was terminated and that in the circumstances he is entitled to be reinstated in service with full back wages.

It appears from order No. 2, dated 2nd December 1969, that notices issued to the parties were served on them and the workman appeared on that date and the Company did not. After the workman appeared in this case, 30th December 1969 was fixed for filing written statement by him. On 30th December 1969 the workman took time for filing written statement and 22nd January 1970 was fixed for filing written statement by him. On 30th December 1969 the Company was absent. On 22nd January 1970 the workman filed his written statement and 20th February 1970 was fixed for filing written statement by the Company. On 20th February 1970 the Company did not file written statement and 16th March 1970 was fixed for filing written statement by the Company. The Company was absent on 16th March 1970 and 16th April 1970 was fixed for orders. On 16th April 1970 the Company was absent and 11th May 1970 was fixed for orders. On 11th May 1970 the Company was absent and 30th June 1970 was fixed for hearing. On 30th June 1970 the Company was absent and the case was heard ex parte. On the side of the workman he alone has been exemined. He says that he was serving in the factory of the Company from 1949 as a Durwan, that he took leave for 2 months from 14th June 1968, that on the expiry of his leave he wanted to resume his duties but he was refused employment, that the Secretary of the Company asked him to see her at her residence at Alipore on 14th August 1968, that accordingly he met her on 14th August 1968 at Alipore and he was asked to seek employment elsewhere, that thereafter on 20th August 1968 he wrote a letter to the Company requesting them to reinstate him in service, that before he wrote that letter he went to the Company several times for employment but the Company did not give him any employment, that thereafter he wrote to the Labour Commissioner, that the office of the Labour Commissioner failed to conciliate the matter, that no charge-sheet was issued to him and no enquiry was also held before employment was refused to him.

From the evidence of the workman concerned I find that the Company was not justified in refusing employment to him. The workman was in service with effect from 1949 and he went on leave for 2 months with effect from 14th June 1968 and thereafter when he wanted to resume his duties he was told by the Secretary on 14th August 1968 to seek employment elsewhere. No charge-sheet was issued to him and no domestic enquiry was also held before employment was refused to him. Accordingly it is found that termination of the service of the workman by refusal of employment to him by the Company has not been justified. So he is entitled to be reinstated in service and is also entitled to recover back wages.

The Company is, therefore, directed to reinstate the workman concerned in service and to pay him full back wages within 30 days from the date of publication of this award in the "Calcutta Gazette".

This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri R. R. BANERJEE, Judge,
Second Industrial Tribunal.

The industrial dispute between Messrs. N. K. Industries and their workmen, represented by Howrah District Engineering and Metal Workers' Union has been referred to this Tribunal for adjudication by order No. 1299-I.R./IR/10L-271/69, dated 11th February 1970, of the Government of West Bengal, Labour Department, with the following issue :

Issue

"(1) Whether lock-out of the Company with effect from 23rd October 1969 is justified ? What relief, if any, are the workmen entitled to ?"

After the case was registered on 16th February 1970, notices were issued to the parties who appeared. 4th July 1970 was the date fixed for hearing on preliminary point. On this date the parties filed a joint petition of compromise.

I have gone through the terms of the petition of compromise. They are not opposed to any provisions of law or to morality or public policy and are legal within the meaning of the Indian Contract Act. I learned representative for the Union has also admitted, to repeat again, that those were actually the duties which Shri Banerji used to perform before his service was terminated. If we analyse those duties, as Shri Banerji used to perform, closely we would find undoubtedly that they partake the character of being supervisory mainly and as such I must hold that Shri Banerji was employed in a supervisory capacity under the Company. The duties of Shri Banerji as enumerated in the written statement filed by the Company and as proved by the oral testimony of the P.W. 1 and the documentary evidences on record, are indeed, in my opinion, mainly of supervisory character and when it is admitted from the side of the Union that Shri Banerji used to perform those duties in his employment under the Company, there cannot be any escape from the conclusion, as already arrived at, that he was employed in a supervisory capacity. Then it is also not disputed that Shri Banerji used to draw more than Rs. 500 as his wages per mensem. That fact has also been proved by the testimony of the P.W. 2 and by the document, marked Ext. 10 which shows that the total income of Shri Banerji was Rs. 600 and odd. So, he is excluded from the category of 'workmen' within the meaning of section 2(s) of the Industrial Disputes Act. That being so, the issue regarding the discharge of Shri Banerji from service (or the termination of his service) cannot be an industrial dispute within the meaning of the above Act, and the reference is hence not maintainable at all.

This is my award.

AWARD

The Government of West Bengal, Labour Department, has referred an industrial dispute between Messrs. Asian Sales Corporation, 118 Karnani Mansion, Post Box No. 9107, Calcutta 16, and their workman Shri K. H. Karna, 37/2 Bose Pukur Road, opposite Bose Pukur Post Office, Calcutta-42, to this Court by its order No. 6042-I.R./IR/11L-266/69, dated the 11th August 1969, under section 10 read with section 2A of the Industrial Disputes Act, 1947 (XIV of 1947), for adjudication on the following issue:

Issue

Whether the termination of service of Shri K. H. Karna is justified? What relief, if any, is he entitled to?

The case of the workman is that he was appointed by the Company as a General Assistant on 15th October 1966 at the monthly salary of Rs. 250 on probation for a period of one month on assurance that his service would be confirmed on satisfactory service, after one month, that he was serving there satisfactorily and on 8th November 1966 before the expiry of his probationary period his service was terminated without any notice, that the termination of his service before the expiry of the probationary period has been illegal, that he approached the Company for reinstating him in the service on several occasions, but the Company did not reinstate him, that thereafter the matter was referred to the Labour Commissioner for his intervention, that due to adamant attitude of the Company the conciliation proceeding in the office of the Labour Commissioner failed, that thereafter the dispute has been referred to this Court for adjudication, that the termination of his service has been illegal and that as such he prays for reinstatement in service with full back wages.

Notices were served on both parties and both parties appeared on 6th October 1969. Seventh November 1969 was fixed for filing written statement by the workman. On that date he filed written statement and 13th December 1969 was fixed for filing written statement by the Company. On 13th December 1969 the Company did not file written statement. The Company also did not file written statement on 4 subsequent dates namely, 5th January 1970, 29th January 1970, 19th February 1970 and 18th March 1970. As the Company was absent on 18th March 1970, 3rd April 1970 was fixed for orders. On 3rd April 1970 the Company was absent and 28th April 1970 was fixed for fixing a date of hearing of this case. On 28th April 1970 the Company was absent and the workman was present and 10th June 1970 was fixed for hearing. On 10th June 1970 the workman prayed for time for hearing of the case and his prayer was allowed and 9th July 1970 was fixed for hearing. On 9th July 1970 the workman was present and the Company was absent. In such circumstances the case has been heard ex parte.

On the side of the workman he alone has been examined. He says that he was appointed by the Company on probation for one month with effect from 15th October 1966, that his service was terminated on 8th November 1966, that no chargesheet was issued to him before his service was terminated.

It is contended on behalf of the workman that in the present case the termination of service of the workman has been illegal as his service was terminated before the expiry of the period of probation and in support of this contention my attention has been drawn to a case reported in 1964 Vol. 1 L.L.J. (S.C.) page 10. In this case it has been observed, "It appears clear to us that without anything more an appointment on probation for 6 months gives the employer no right to terminate the service of an employee before 6 months had expired except on the ground of misconduct or other sufficient reasons in which case even the services of a permanent employee could be terminated.........".

From the evidence and materials on record I find that the termination of the service of the workman in this case has been illegal. So he is entitled to reinstatement in service with full back wages.

The Company is, therefore, directed to reinstate the workman in service and to pay him full back wages within one month from the date of publication of this award in the "Calcutta Gazette".

This is my award.

AWARD

By the Government of West Bengal, Labour Department, order No. 1016-I.R./IR/10L-466/67, dated the 20th February 1969, referred an industrial dispute between Messrs. Sur Industries Private Limited, 165 Lower Circular Road, Calcutta-14 and their workmen employed in the Company's three Works—Works No. 1, Works No. 2 and Works No. 3 situated respectively at 163 Lower Circular Road, Calcutta-14, 8 Canal Street, Calcutta-14 and 6 Pagladanga Road, Calcutta-10, represented by Sur Industries Workers' Union, 124-C Dharmatala Street, Calcutta-13, to me as the Fifth Industrial Tribunal, for adjudication under section 10 of the Industrial Disputes Act, 1947, upon the issue mentioned below:

Issue

Whether the closure of the factories with effect from 22nd July 1967 is real?

Whether the termination of services of the workmen is justified?

What relief, if any, are they entitled to?

On receipt of notice both the parties made appearance and filed their respective written statements. Company raised a preliminary objection in its written statement as to the maintainability of the reference which was heard and order was passed on 11th July 1969 holding that the reference was maintainable. The case was then fixed for hearing on 18th August 1969. Against the order passed on 11th July 1969 the Company moved the High Court and obtained a rule. Thereafter the parties came to terms and filed a joint petition of compromise on 8th May 1970 enclosing the Memorandum of Settlement, dated 7th May 1970, signed before the Additional Labour Commissioner.

I have perused the joint petition and the terms of settlement which appear to be fair, reasonable and lawful and I give effect to them.

Accordingly I pass a 'no dispute' award in this case and dispose of the reference. The joint petition of compromise and the terms of settlement do form part of the award as Annexure.

Short recital of the Case

Dispute arose regarding justification of closure of three factories of Sur Industries Private Limited situated at 163 Lower Circular Road, 8 Canal Street and 6 Pagladanga Road, Calcutta and compensation for such closure of Sur Industries Private Limited. A reference to the Fifth Industrial Tribunal regarding those issues were referred for adjudication by the Government. An appeal is pending before the High Court against the decision on preliminary issues given by the Fifth Industrial Tribunal. Negotiations started between the parties and a settlement has been arrived at on the following terms and conditions :

Terms of Settlement

1. It is agreed between the parties and accepted by the workmen and their Union that the closure at that time (on July 22, 1967) was justified and the workmen would be entitled to compensation according to Industrial Disputes Act, 1947.

2. It is hereby agreed that those workmen who have already accepted compensation and/or other dues consequent upon closure up to 30th April 1970, shall not raise any dispute in the matter relating to the closure and compensation. Their cases are also hereby settled and finally closed for any further negotiation.

3. It is agreed that 156 workmen (list attached herewith with date of appointment) have not withdrawn their legal dues from the Company up to April 30th, 1970 consequent upon closure and that only those who are entitled to notice pay and compensation for closure according to Industrial Disputes Act of 1947 will be paid additional six days' pay per year of service as ex-gratia payment as a special case, without creating any precedent for future. This payment to those workmen shall finally settle all future disputes regarding closure, compensation and any other allied issues in this connection for all workmen. If any workman has any dispute in regard to the amount payable according to Industrial Disputes Act, 1947, and length of service, the Company shall settle such dispute mutually.

4. It is hereby agreed that joint petition will be filed by the parties before Fifth Industrial Tribunal, West Bengal, praying for an Award as per this settlement and the management will also withdraw the case pending before the High Court.

5. This settlement fully resolves and finally settles all disputes in connection with closure of three factories of Sur Industries Private Limited, compensation and any other allied issues in this connection for all workmen.

6. Payment of compensation and other dues according to the settlement will be made on 18th May 1970 after a joint petition has been filed by the parties before the Fifth Industrial Tribunal. If any person does not accept the compensation under this settlement within the year 1970, the Company shall have no responsibility whatsoever in the matter and such non-acceptance of compensation shall not prejudice this settlement nor render it null and void.

AWARD

The Government of West Bengal, in its Labour Department, order No. 2258-I.R./IR/4L-47/68, dated the 3rd April 1969, referred, under the section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Smt. Kamala Rani Bose, Proprietress, Basanti Motor Service, P.O. Maynaguri, district Jalpaiguri (hereinafter referred to as the Company), and their workmen represented by North Bengal Motor Karmi Sangha, P.O. Maynaguri, district Jalpaiguri (hereinafter be called as the Union), to this Tribunal for adjudication on the following issue :

Issue

Whether termination of services of Shri Ahindra Bhusan Dutta by way of refusal of employment to him is justified? What relief, if any, is he entitled to?

On receipt of the Order of Reference from the Government, usual notices were served upon the parties directing them to appear before this Tribunal.

Both the parties entered appearance and duly filed their respective written statements.

After taking some adjournments, both the parties have ultimately filed a joint petition of compromise stating that they had amicably settled their dispute and also praying for passing an award according to the above compromise to give effect to the terms of settlement which settles finally all the disputes pending between the parties.

The petition of compromise disposes of the issue covered by the reference before this Tribunal. I have carefully considered the terms of settlement and find that the terms are lawful, reasonable and fair. The compromise is thus accepted and an award, in terms of the compromise containing the terms of settlement, is passed. The petition of compromise do form a part of the award.

Shri R. R. BANERJEE, Judge,
Second Industrial Tribunal.

This case arises out of complaint referred by Shri K. M. Upadhyay, under section 33A of the Industrial Disputes Act, on the following allegations. The complaint took up the selling agency of the opposite party No. 1 of sewing machines, electric fans and its accessories in the year 1963 and the same has not been terminated in law. During January 1968, and during the pendency of proceedings before this Tribunal in pursuance of G.O. No. 4702-IR, dated 6th December 1966, between the opposite party No. 1 and its workmen, the opposite party No. 1 being instigated by false and malicious reports and representations of the opposite parties Nos. 2 to 7 who had colluded with each other for wrongful gains applied for the first time certain rules and regulations to the complainant which brought about colossal changes in the condition of service of the employees and in particular of the complainant. The complainant alleges that he never agreed or contracted to be bound by the said rules and regulations. Since January 1968, the complainant has been kept in illegal and wrongful suspension without any pay. Hence this complaint.

O.P.W. 1 is the Jay Engineering Works Ltd., O.P.W. 2 to O.P.W. 7 are connected with the management of the Company and O.P.W. 8 is the Managing Director of the Company.

The Company entered appearance and filed written statement. The complainant went on taking adjournments after adjournments till 10th July, 1970 on which date the complainant did not appear at all. The Company, however, appeared on this date and pressed for cost. In the circumstances this case is dismissed for default with costs to the contesting opposite party-Company. The cost is assessed at Rs. 32.

This is the award of the Tribunal.

AWARD

By the Government of West Bengal, Labour Department, order No. 7754-I.R./IR/11L-293/68, dated the 30th September 1969, this industrial dispute between Messrs. Bata Shoe Co. (Pvt.) Ltd., and their workman Shri Sudhir Ranjan Das was referred to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act for adjudication upon the issue mentioned below:

Issue

> Whether the termination of service of Shri Sudhir Ranjan Das is justified? To what relief, if any, is he entitled?

On receipt of notices both parties made appearance and filed their respective written statement. The facts on the case are as follows:—Shri Sudhir Ranjan Das, the concerned workman, had been suffering from various ailments and had been on leave from 15th February 1967 on the ground of protracted illness. The leave was extended by the Company up to 5th June 1967. On 8th June 1967 Shri Das, the concerned workman sent another letter to the Company with a medical certificate attached thereto. On 14th June 1967 the Company asked Shri Das to appear before the Chief Medical Officer personally if he was not confined to bed. The Company did not grant extension of his leave. On 21st June 1967 Shri Das wrote another letter to the Company seeking leave for one month with effect from 19th June 1967. On that very date the Company wrote a letter to Shri Das informing him that his services were liable to terminate according to the rules. On 29th June 1967 the Company served a letter on Shri Das intimating that his services had been terminated with effect from 29th June 1967 on the ground that he had been absenting himself from his duty from 6th June 1967. Shri Das then raised a dispute and ultimately the matter has been referred to this Tribunal by the Government for adjudication.

The point for decision is whether the Company was justified in terminating the services of Shri Das. Admittedly Shri Das was on leave from 15th February 1967 till 5th June 1967. According to the Company Shri Das absented himself from his duty from 6th June 1967 and as such the Management was pleased to terminate the services of Shri Das as per Rule 15(h) of the Standing Orders. Rule 17(h) of the Standing Orders runs as follows: "A workman who absents himself without leave for seven consequtive working days or more will be deemed to have left the service of the Company without notice and in as such case the employment is automatically terminated." The question arises as to whether the Company was justified in drawing the conclusion from the facts of this case that Shri Das left the services of the Company without notice. There is no doubt that Shri Das absented himself from his duty from 6th June 1967 and that he absented himself from his duty for more than seven days from that date. But it appears that on 8th June 1967 Shri Das sent a letter to the Company with a medical certificate attached thereto. Ext. H is the letter and Ext. H(1) is the medical certificate attached thereto. It appears that the medical certificate is dated 8th July 1967 but it is evident that the doctor put the date 8th July 1967 in place of 8th June 1967 through oversight. The medical certificate itself was sent to the Company with the letter, dated 8th June 1967. So it cannot be said that the medical certificate was granted on 8th July 1967. It must be taken that it was granted on 8th June 1967.

In fact the learned Lawyer representing the Company does not dispute this fact. It has been conceded by him that the medical certificate was granted on 8th June 1967 even though the date 8th July 1967 has been written therein. Now it appears that the Company treated the letter of Shri Das, dated 8th June 1967, as an application for extension of leave. Ext. I is the letter written by the Company on receipt letter of Shri Das, dated 8th June 1967. The very first paragraph of the letter is as follows:—"We acknowledge receipt of your application, dated 8th June 1967, along with a medical certificate for extension of your leave." Thus it is clear that the Company treated letter of Shri Das as an application for extension of leave. Thus it cannot be said that Shri Das was absenting himself from his duties without notice. He made a formal application for extension of time. The letter of the Company Ext. I does not show that the prayer for extension of leave was rejected. The Company by its letter, dated 14th June 1967, directed Shri Das to appear before the Chief Medical Officer if he was not confined to bed. The leave was not refused by this letter. So it cannot be said that Shri Das was absenting himself from his duty from 6th June 1967 without leave. It is true that Shri Das did not appear before the medical officer though he was directed to do so by the Company by a letter, dated 14th June 1967. But it must also to be said that the Company did not give any firm direction to Shri Das to do so. He was to appear before the Chief Medical Officer only if he was not confined to bed.

Moreover, even after 14th June 1967 the Company did not inform Shri Das that his prayer for leave had been rejected. It appears that on 21st June 1967 the Company wrote a letter to Shri Das. According to the Company Ext. K is the true copy of that letter. By this letter Shri Das was informed that his services were liable to be terminated according to rules. According to the Company the second paragraph of this letter was deleted before it was sent to Shri Das. But it is clear that the second paragraph of the original letter was not deleted by the Company as alleged. Ext. 9 is the original letter, dated 21st June 1967, sent by the Company to Shri Das. It shows that the second paragraph of the letter was not deleted at all. Thus by this letter the Company asked Shri Das to show cause why his services should not be terminated under clause 15(h) of the Standing Orders. That being so, the Company was bound to wait till Shri Das showed cause. No date was fixed in this show cause letter.

application is not maintainable because though the Reference No. 3625-IR, dated 29th August 1963, was pending on 1st October 1963 on which date these 22 workmen were allegedly refused work no permission of the First Industrial Tribunal before which the said reference was pending on that date was necessary as these 22 workmen were not concerned in the reference that was then pending. That being so, the Company contends, the refusal of work to these 22 workmen did not amount to contravention of the provisions of section 33(2)(b) of the Act and as such this application under section 33A is not maintainable.

The Union on the other hand says that these 22 workmen were concerned in the industrial dispute then pending before the First Industrial Tribunal having been referred to it under order No. 3625 IR, dated 29th August 1963.

The main question is whether these 22 workmen were concerned in the Reference No. 3625 IR, dated 29th August 1963.

Section 33A entitles a workmen to file a petition under the said section if an employer contravenes the provisions of section 33 during the pendency of a proceeding before a Labour Court, Tribunal or National Tribunal provided he is aggrieved by such contravention. Here the case of the 22 applicants is that the employer, that is, Bharat Woolen Mills refused work to them during the pendency of Reference No. 3625-IR, dated 29th August 1963, before the First Industrial Tribunal but did not file an application to that Tribunal for approval of its action and that by this refusal of work the applicants feel aggrieved. Section 33(2)(b) runs as follows: "During the pendency of any such proceeding in respect of an industrial dispute, the employer may, in accordance with the Standing Orders applicable to a workman concerned in such dispute or where there are no such Standing Orders, in accordance with the terms of the contract, whether express or implied between him and the workmen.....................for any misconduct not connected with the dispute, discharge or punish, whether by dismissal or otherwise that workmen" provided the employer files to the authority before which the earlier proceeding is pending an application for approval of its action. On a perusal of the aforesaid section 3(2)(b) of the Act it appears that before giving any relief to by aggrieved employee under section 33A of the Act, the Tribunal is first to find out that the employer's act fell within one of the banket prohibitions of section 33. Therefore, a contravention of the provisions of section 33 is the foundation for the exercise of the power to adjudicate upon a dispute under section 33A of the Act. If there is no such contravention nothing can be done by the Tribunal under section 33A of the Act. In other words, an application under section 33A without proof of contravention of section 33 would be incompetent. Contravention of the provisions of section 33, for the purpose of section 33A, takes place, where during the pendency of an industrial dispute before a Labour Court, Industrial Tribunal or National Tribunal, the employer alters the conditions of service of a workman in contravention of section 33(1)(a) or alters the conditions of service of a protected workman in contravention of section 33(3)(a) or discharges or punishes a workman by dismissal or otherwise, for a misconduct connected with the pending dispute, without obtaining prior express permission of the appropriate authority as required by section 33(1)(b) or discharges or punishes a protected workman, by dismissal or otherwise, for a misconduct even not connected with the pending dispute, without obtaining prior permission of the authority as required by section 33(3)(b) read with section 33(1)(b) or discharges or punishes a workman, by dismissal or otherwise, for a misconduct not connected with the pending dispute, without complying with the requirements of the proviso to section 33(2)(b). In order to avail himself of the right of individual adjudication conferred by section 33A by making complaint, the workman concerned should answer the following requirements:

(i) he should be a workman within the definition of workman under section 2(s) of the Act;

(ii) he should be a workman concerned in the pending dispute; and

(iii) he should be aggrieved by the alleged contravention of section 33 by the employer.

It is admitted that the 22 applicants before this Tribunal are workmen. It is also admitted that as they have been refused work they are aggrieved. But the Company contends that they are not workmen concerned in the Reference No. 3625-IR, dated 29th August 1963, which was pending on 1st October 1963, the date on which they were allegedly refused work. We are, therefore, called upon to decide the implication of the expression 'workman concerned in such dispute'. According to the Company these 22 applicants were not concerned in the dispute involved in the Reference No. 3625, dated 29th August 1963. The Union on the other hand argues that these applicants were also concerned in the dispute involved in the aforesaid reference. The workmen 'concerned in an industrial dispute' obviously constitute a group which might be less comprehensive in its scope than all the workmen employed in a particular industry or even in one establishment of that industry. Every workman need not necessarily be a workman concerned in the pending industrial dispute. Previously some of the High Courts put a narrow meaning to the words 'workman concerned in such dispute'' and other High Courts gave them a wider meaning. But the conflict was ultimately resolved by the Supreme Court in New India Motor Private Ltd. Vs. K. T. Morris reported in 1960 (1)LL.J. 551 where Gajendragadkar, J. observed that the expression 'workmen concerned in such dispute' cannot be limited only to such of the workmen who are directly concerned with the dispute in question but includes all workmen on whose behalf the dispute has been raised as well as those who would be bound by the award which may be made in the said dispute. This decision, however, did not clearly indicate as to whether there should be any common feature in the nature of the dispute in the two classes of cases. But in a later decision of Digwadih Colliery Vs. Ramji Singh reported in 1964 (2)LL.J. 143, Gajendragadkar, J. had clarified the position, by observing that unless it is known as to what was the nature of the dispute pending in the said reference, it would plainly be impossible to decide whether the respondent is a workman concerned within the meaning of section 33(2). If these 2 decisions of New India Motors and Digwadih Colliery be read together the effect is that there must be some common feature in the nature of the dispute in two cases which should serve as a connecting link thereby rendering the workmen in the latter case also 'workman concerned in the dispute' in the earlier case. In other words, the mere fact that the same Union has taken up the cause of the workmen in both the cases or that by virtue of section 18(3)(d) of the Act all workmen may be bound by the award in the earlier dispute, may not suffice unless there is some other common feature in the two disputes. We have already seen that the issues in Reference No. 3625-IR, were as follows:—

1. Whether the closure of the factory is real and bona fide?
2. Whether the closure is beyond the control of the management and in the circumstances justified? and
3. To what relief, if any, are the workmen mentioned in the enclosed list entitled?

It is admitted that the closure in issue in the aforesaid reference related to the handloom section of Bharat Woolen Mills at 4 Cossipore Road, which was closed and the workmen involved in that reference were 38 number and were mentioned in the list annexed to the reference. The present applicants were workmen of the factory No. 2 at Shyama Prasad Mukherjee Road, Belghoria. They were not affected by the closure of the Handloom Section at Cossipore Road. The issues involved in this application under section 33A are—(a) Whether the applicants were illegally refused work, (b) Whether they were refused work in contravention of the provisions of section 33(2)(b) and (c) To what relief, if any, are they entitled?

There is no common feature in the nature of the dispute in these 2 cases and that being so, it cannot be said that these 22 applicants were also workmen concerned in Reference No. 3625, dated 29th August 1963. The learned Lawyer for the Union points out that the factory at 4 Shyama Prasad Mukherjee Road, Belghoria and the Handloom Section at 4 Cossipore Road are two Units of Bharat Woolen Mills Ltd., and they are subject to the same administration. He also points out that the causes of the workmen were/are being sponsored by the same Union of which they were/are members. In Tata Iron & Steel Co. Ltd. Vs. Singh reported in 1965 (2)LL.J. 122 it has been held that the mere fact that the same Union has taken up the cause of the workmen or that by virtue of section 18(3)(b) of the Act all workmen may be bound by the award in the earlier dispute, may not suffice unless there is some other common feature in the two disputes. The learned Lawyer for the Union lastly contends that the workman of factory No. 2 at 4 Shyama Prasad Mukherjee Road were interested in the closure of the Hand loom Section at 4 Cossipore Road in the sense that the closure of the Handloom Section is likely to have adverse effect on the number of workmen required in the factory No. 2. He points out that the Handloom Section manufactures blankets for which this section uses woolen yarns manufactured in factory No. 2. The blankets manufactured in the Handloom Section are finished in factory No. 2 at 4 Shyama Prasad Mukherjee Road. If the Handloom Section is closed the demand for woolen yarns manufactured in factory No. 2 will decrease and as a result lesser number of workmen will be required in the factory No. 2. So the workmen of factory No. 2 were concerned in the closure of the Handloom Section. This may be true but the effect is so far fetched that I am not satisfied that the workmen of factory No. 2 were interested in the working or closure of the Handloom Section at 4 Cossipore Road.

On a consideration of the facts and the law on this point I am of opinion that the 22 applicants before this Tribunal are not workmen who were concerned in Reference No. 3625-IR, dated 29th August 1963. That being so, by refusal of work to these workmen on 1st October 1963 without the approval of the Tribunal before which the aforesaid Reference No. 3625-IR, dated 29th August 1963, was then pending the management, viz., Bharat Woolen Mills Ltd., did not contravene the provisions of section 33(2)(b) of the Act. This application is, therefore, not maintainable.

AWARD

By Labour Department, order No. 7177-I.R./IR/11L-479/69 dated 15th September 1969, the Governor was pleased to refer the instant dispute between Messrs. E.M.T. Electrical Industries, 1 Lindsay Street, Calcutta-16 and their workman, Shri Anil Kumar Mitra, 141 Ananda Palit Road, P.O. Entally, Calcutta-14, under section 10 read with section 2A of the Industrial Disputes Act, 1947, to the First Industrial Tribunal constituted under notification No. 808-IR/IR/3A-2/57, dated the 11th March 1957, for adjudication, on the following issue :

Issue

Whether termination of service of Shri Anil Kumar Mitra with effect from 1st April 1969 is justified ? To what relief, is he entitled ?

On receipt of the reference the workman filed his written statement on 5th November 1969 and the Company filed its written statement on 5th January 1970. Preliminary steps having been taken 6th February 1970 was fixed for hearing. On that day a petition was filed by the Company praying that the preliminary point regarding the maintainability of the reference might be heard first. Preliminary point was heard on 20th April 1970 and by order No. 13, dated 21st April 1970, it was held that the reference was maintainable. After several adjournments the case was fixed for hearing on merits on 13th July 1970. On that day both the parties were present. The petitioner Shri A. K. Mitra examined himself as P. W. 1. and produced certain documents which were marked Exts. 1 to 4. He was cross-examined by the Company which did not, however, examine any witness.

Admittedly the workman concerned Shri A. K. Mitra was appointed as Electrician-cum-Salesman on 5th October 1966 at a total salary of Rs. 150 per month. He was allowed 3 increments of Rs. 25, 20 and 20, up to November 1968. Then by a letter, dated 28th March 1969, he was dismissed. But before dismissal no charge-sheet was drawn up against him and no domestic enquiry was held. The workman concerned says that his dismissal is illegal and he prays for reinstatement with back wages or in the alternative for compensation.

The Company contests the reference. Its case is that the workman concerned was appointed for Calcutta Unit and that the said unit was closed with effect from 30th March 1970.

Shri Mitra has examined himself and has produced his letter of appointment, two letters of increment, the letter of dismissal and another letter offering him salary for April 1969, leave wages for 28 days and conveyance allowance for April 1969. In the written statement the Company admitted that Shri Mitra was at first allowed an increment of Rs. 25 per month. The letter Ext. 4 by which Shri Mitra Was offered money shows that at the time of dismissal Shri Mitra's salary was Rs. 215 per month and in addition to this he used to draw a conveyance allowance of Rs. 30 per month.

Shri Mitra says that before dismissal no charge-sheet was drawn and no domestic enquiry was held against him. The Company does not deny this allegation. The letter, Ext. 3, by which Shri Mitra was dismissed shows that the ground for his dismissal was alleged unsatisfactory performance of duty by him. Assuming that Shri Mitra's service was unsatisfactory he could not be dismissed without any charge-sheet being drawn against him and without any domestic enquiry being held against him. So his dismissal is illegal.

Generally when the dismissal of workman is found illegal he is entitled to reinstatement and back wages. But in special circumstances instead of reinstatement compensation can be granted. In this case Shri Mitra admits that he was appointed for the Calcutta Unit of the Company and that the said Calcutta Unit was closed with effect from 30th March 1970. So any order for reinstatement will be useless. Shri Mitra is also conscious of this position and he says that in the alternative he may be granted compensation. In cross-examination he admits that he will be satisfied if he is paid a compensation of Rs. 3,000 in all. The Company does not say that the compensation claimed is excessive. It appears from Ext. 4 that at the time of dismissal Shri Mitra was drawing a salary of Rs. 215 per month and a conveyance allowance of Rs. 30 per month. He was dismissed with the expiry of March 1969 and the Calcutta Unit of the Company was closed towards the end of March 1970. In the circumstances I award a compensation of Rs. 3,000 to Shri Mitra.

The Company must implement the award within one month from the date of its publication in the "Calcutta Gazette".

(16) (i) A ballot paper shall be rejected—

(a) if it bears any mark by which the member, who voted, can be identified; or

(b) if it does not bear the seal of the society; or

(c) if the mark indicating the vote thereon is placed in such manner as to make it doubtful to which particular candidate the vote has been cast.

(ii) The presiding officer shall be the authority competent to reject a ballot paper.

(17) (i) Soon after the counting of votes is over, the presiding officer shall prepare and certify a return setting forth—

(a) total number of ballot papers issued;

(b) the number of valid votes given to each candidate; and

(c) the number of ballot papers declared to be invalid or rejected.

(ii) On the basis of this return, the candidates who have secured the largest number of valid votes shall be declared elected at the general meeting and their names shall be immediately published on the notice board of the society under the signature of the presiding officer; and in case of equality of votes polled by two or more candidates lots shall be drawn in such manner as the presiding officer may fix, to determine the names of the successful candidate or candidates.

(19) The results of the election shall be immediately recorded in the minute book of the society and attested by the presiding officer.

(20) The Registrar may, in respect of any society, either on an application from the Managing Committee of such society or from one-third of the total number of its members or fifty, whichever is less, or on his own motion after an enquiry into the affairs of the society under section 84 or on an inspection under section 82, by an order in writing recording reasons thereon, appoint any person as an Election Officer to conduct the election if, in the opinion of the Registrar, such a course is necessary for the proper conduct of the election. (21) (i) The election of Chairman, Vice-Chairman, Secretary, Treasurer and other necessary office bearers of the committee shall also be conducted by the presiding officer or by the Election Officer, as the case may be, at a meeting to be called by him within the period prescribed under rule 28(3) and in the manner as may be laid down in the bye-laws of a society, if any or as may be decided by the Presiding Officer or the Election Officer:

Provided that the Presiding Officer or the Election Officer shall, before calling the meeting, ascertain from the authority concerned if it would appoint any additional director under rule 28(1) (b), if applicable:

Provided further that not less than seven clear days' notice in writing shall be given by registered post with acknowledgement due to the members of the newly constituted Managing Committee for such a meeting.

(ii) As soon as the election is over, the result shall be immediately declared in the meeting, published in the notice board of the society and recorded in the minute book of the Managing Committee under the attestation of the Presiding Officer.
